Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Palm Beach County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Performs other duties as assigned.</p>

Vision of Academic Success for All

Hebert,
Olivia

School
Counselor

1. Designs and implements a data driven, comprehensive school counseling program for all students to address barriers to student learning and to close the achievement/ opportunity gap.
2. Provides direct services for students including, but not limited to, school counseling core curriculum, individual counseling and student planning, large and small group counseling, and preventative and responsive services.
3. Provides indirect services on behalf of students including, but not limited to, referrals for additional assistance and consultation/collaboration with parents, teachers, administrators, and other key stakeholders to create learning environments that promote educational equity, access and success for every student.
4. Delivers programs that promote students' development of essential mindsets and behavior standards including, but not limited to, learning skills, social skills, self-management skills, and college/career readiness skills.
5. Deepens understanding of standards and engages faculty, students, parents, and community members to understand the standards and the vision of academic success aligned to college/career readiness.
6. Advocates for student equity and access to a world-class education that leads to high school graduation and fosters post-graduate success.
7. Uses the skills of leadership, advocacy and collaboration to create systemic change to improve the academic, social/ emotional, and post-graduate success for all students.
8. Supports school staff in analysis of student performance data, rigorous goal-setting and the sub-group levels, and development of effective action plans for improving academic, social/ emotional, and post-graduate outcomes for all students.

Name	Position Title	Job Duties and Responsibilities
		<p>Promoting Positive School Climate</p> <p>9. Acts as a systems change agent to ensure a safe and supportive school climate that promotes the social/emotional and academic development and success of all students.</p> <p>10. Fosters parent and community partnerships to support the social/emotional and academic development of all students.</p> <p>11. Infuses cultural competence and ethical and professional competencies in planning, organizing, implementing and evaluating the comprehensive school counseling program.</p> <p>12. Supports a comprehensive 'Single School Culture' that addresses the social/emotional development and wellbeing of all students.</p> <p>13. Aids in the development and implementation of a multitiered system of supports (MTSS) including, but not limited to, response to intervention (Rtl) and School-Wide Positive Behavior Support (SwPBS).</p> <p>14. Builds a school-wide culture of pride, trust and respect, including the development of preventative approaches against all forms of mistreatment and bullying.</p> <p>15. Provides counseling for students during times of transition, separation, heightened stress and critical change.</p> <p>16. Uses appropriate responses and a variety of intervention strategies to meet the needs of the individual, group or school community before, during and after crisis response.</p> <p>17. Supports the continuum of mental health services, including prevention and intervention strategies, and identifies best practices for collaborating with both school-based and community mental health providers to enhance student success.</p> <p>People, Data, and Processes</p> <p>18. Develops and communicates a school counseling mission statement that is specific, concise, clear and comprehensive, describing a school counseling program's purpose and vision of the program's benefits for every student and alignment with the school, District and state missions.</p> <p>19. Uses student data to demonstrate a need for systemic change in areas such as course enrollment patterns; equity and access; and achievement, opportunity and/or information gaps.</p> <p>20. Reviews and disaggregates student achievement, attendance, and behavior data to identify and implement interventions as needed.</p> <p>21. Uses school data to identify and assist individual students who do not perform at grade level and do not</p>

Name	Position Title	Job Duties and Responsibilities
		<p>have opportunities and resources to be successful in school.</p> <p>22. Creates a yearly, data-driven Student Development Plan (SDP) that advances student outcomes in areas of academic, social/emotional, and college/career development as a result of the comprehensive school counseling program.</p> <p>23. Analyzes and reports outcomes of the school counseling program, which are presented in the context of the overall school and District performance.</p> <p>24. Utilizes technology effectively and efficiently to plan, organize, implement and evaluate the comprehensive school counseling program.</p> <p>25. Uses legal and ethical decision-making based on standards and principles of the school counseling profession and educational systems, including District and building policies.</p> <p>Performance Effectiveness Criteria: In addition to the employee being responsible for each of the performance responsibilities listed herein, annual progress will be assessed with respect to support and achievement of the District Strategic Plan and associated applicable scorecards.</p> <p>Additional Job Functions:</p> <ol style="list-style-type: none"> 1. Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

When looking at the data from FY21 to FY22, in both ELA and math, increases were seen throughout. In ELA, learning gains increased from 66% to 70%. Our lowest 25% maintained at 53% and overall ELA scores for 3rd through 5th increased from 72% to 73%. In math, our learning gains made significant improvement from 46% to 64%. Our lowest 25% went up from 24% to 53% and overall our math scores improved seven percentage points across the board. The one score that went down was science, from 59% to 56%. To summarize, our data was significantly positive in both ELA and math. Science is the one subject where we lost 3 percentage points from last school year. The one subgroup that showed a large deficiency was students with disabilities (SWD) was at 41% for both math and ELA. The contributing factors were and increased enrollment, tardies and filling teacher vacancies.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

When looking at our grade level data, our school had a 3% decline in science from 59% to 56%. Students with disabilities were at a 41% proficiency which is below the 50% mark. Looking at the data more specifically, SWD in ELA was 34% proficient and math was 35%. This subgroup is significantly lower than the other subgroups and is our greatest need for improvement. Our lowest 25% did not show any improvement in ELA from last year to this year (53%).

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors to this need for improvement included providing extra instruction for our students with disabilities, teacher vacancies, teachers absent with COVID and split classes due to absences. The new actions needed to be taken to address this need is to increase teacher recruitment, maintain morale so teachers are absent less, help maintain smaller class size and specifically targeting student needs in the SWD subgroup. Also, a comprehensive review of IEP during School Based Team and Child Study Team meetings. Addressing specific student needs as far as social emotional learning so students feel safe and comfortable to accelerate the learning achievement goals.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

According to the 2022 state assessments, Discovery Key students improved the most in math, specifically the learning gains went from 46% to 64% and the lowest 25% went from 24% to 53%. This dramatic improvement led to the overall gains in math increasing from 61% to 68%.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Discovery Key Elementary has always demonstrated high levels of proficiency in ELA and Math. We have effective and highly effective teachers who utilize research based best practices to ensure all students are consistently learning. Contributing factors to improvement in student achievement are a commitment to standards-based instruction, differentiated instruction, technology integration, and strong school/family partnerships. Highly dedicated teachers engaged students in after school tutoring both on campus.

What strategies will need to be implemented in order to accelerate learning?

We will continue to focus on standards-based instruction during planning sessions, PLC's, and data chats with teachers and students. Resources and strategies will be aligned to grade-level standards and scaffolds will be put in place to support students who are not yet performing at their grade level. Our goal is to consistently work on and improve strategies/initiatives developed in FY22.

1. Students are identified using data to determine placement into high achieving and Accelerated Mathematics Plan (AMP) courses.
2. Teachers are disaggregating data during PLC's to opportunities for improvement, create targeted lessons, and provide small-group direct instruction to close the achievement gap.
3. Increased consistency in iReady usage will be monitored by administration and teachers
4. Fairgame Science Benchmarks will be taught in all grade levels and integrated into Fine Arts lessons
5. Continue to participate in district SEL Cohort

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

1. Data analysis components are included in yearlong professional development opportunities.
2. In FY23 K5 selected teacher from each team will participate in monthly Literacy Cadres to understand the implementation of the newly adopted Literacy Series.
3. In FY22 K-5 selected teacher from each team will participate in monthly Math Cadres to understand the implementation of the math standards and the blending of the BEST standards.
4. During PLCs all teachers have the opportunity to learn from each other through collaboration to ensure successful implementation of small group differentiated instruction.
5. Teachers are supported by the district resources, iReady contacts and Google Classroom resources and support, and the Blender information.
6. ESE, ELL support schedules creatively realigned to provide students maximum access to personnel support.
6. SEL resources and support is provided as needed.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

At Discovery Key, we focus on student achievement, student learning gains, and overall social emotional growth. To ensure sustainability of improvement we will continue to focus on standards-based instruction during planning sessions, PLC's and data chats with teachers and students. Resources and strategies will be aligned to grade level standards and scaffolds will be put in place to support students who are not yet performing at their grade level. We believe that if we dedicate time to the following priorities we will ensure an equitable opportunity for all our students.

1. Improve achievement percentage levels for SWD students in ELA and Math- will be supported and reinforced through small groups and stations to provide hands on critical thinking as well as professional development and PLC's.
2. Continue Social Emotional Learning (SEL) - Morning Meetings have been implemented and SEL is being infused in all content areas to support students with the social, emotional support needed for academic success.
3. Utilize IReady Reading and Math to ensure all students have equitable opportunities to learn through technology.
4. Teachers are arriving to PLC's knowing their data, in order to effectively push beyond the "data" and lean into the "what" and "how" of teaching standards.
5. PLC's will identify opportunities for improvement, create targeted lessons, and provide small-group direct instruction to close the achievement gap.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus

Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on this data, the focus at Discovery Key Elementary will be to increase student proficiency and learning gains of our SWD' by focusing on foundational skills, while scaffolding instruction to meet the needs of our students. We will specifically focus on these students who will receive strategic, targeted support through small group instruction, tutorials, data chats and student monitoring. We will align our professional development to support our teachers and support personnel in order to assist these students in achieving their learning goals for the year.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve.

This should be a data based, objective outcome.

Based on subgroup data analysis of students with disabilities (proficiency in ELA: 34%, Math 35%), our school goal is to increase students with disabilities proficiency by 5% in both ELA (to 39%) and Math (to 40%).

Monitoring: Describe how this Area of Focus will be monitored for the desired outcome.

Administration will monitor SWD instruction through observations, classroom walkthroughs, attending PLC's and data chats. Teachers will adhere to the district calendar of Benchmark Unit Assessments, FSQ and USA administration to ensure frequent monitoring of student achievement is in place. Teachers and administration will analyze data through PLC and data chats to identify student academic strengths and opportunities for improvement. iReady diagnostic data will be analyzed to monitor K-5 academic progress.

Person responsible for monitoring outcome:

Julie Walker (julie.walker@palmbeachschools.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Administration will monitor unit assessments, diagnostics, classwork, homework, observations and data chats with teachers. Teachers will analyze various data, homework, observations and SBT data and state assessments. Students not showing growth will be monitored in PLC discussions, data chats and SBT. Teachers and administration will monitor monthly usage of iReady to ensure students are getting the minimum of 45 minutes a week. ESE teachers realigned their schedules to provide longer blocks of time 3 times a week and shorter blocks 2 times a week in order to accomplish tasks from beginning to end in the classroom.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy.
Describe the resources/ criteria used for selecting this strategy.

Administration will monitor data through observations, assessments, reading programs (Reading Counts), SBT and PLCS. They will work closely with the teachers in aligning instruction to student needs and increase teacher capacity which correlates directly to student achievement. Teachers will use various forms of data to effectively make small groups, to make sure students show growth and get the support they need to improve their academic achievement. iReady is a proven online support program that will help students reach their years growth as well as provide tools for instruction and ample forms of data for the teacher and parent. Tutorials will help students get the extra support they need in class.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Administration Monitoring Assessment Data and PLC
 - a. Administration will request in preschool week as a requirement that PLC Lead teachers submit their PLC agendas and notes by the next day after PLC is held.
 - b. Administration will pull assessment data biweekly. Any assessments in regards to iReady or diagnostics will be reviewed once that window has been completed.
 - c. Teacher data chats will be scheduled to review data. Should there be a pattern of concern, teachers will be called to discuss their data with administration and create a plan of action.
 - d. If teachers are behind in their assessments, an email will be sent with a "must be completed by" date. If not done, documentation will be completed.
2. Small group Instruction- teachers will analyze ongoing data to determine areas of specific need for each student.

Person Responsible Matthew Payner (matthew.payner@palmbeachschools.org)

2. Small group Instruction- teachers will analyze ongoing data to determine areas of specific need for each student.
 - a. Teachers will review and analyze data using various summative and formative assessments. This will be done independently as well as in a PLC as a team.
 - b. Teachers will review data with ESE or ELL teachers that support their students by joining their grade level PLC's and by communicating with one another after assessments.
 - c. Small groups will be formed by the teachers based on the need.
 - d. Small group data will be used to monitor progress and mastery of the standard/target area.

Person Responsible Matthew Payner (matthew.payner@palmbeachschools.org)

3. iReady
 - a. Teachers will ensure their students are completing their weekly iReady minutes.
 - b. Teachers will use iReady data in order to pull resources that align with the students' need via the math program online.
 - c. iReady placement will be monitored for growth by administration. If there is questionable data with a student, that teacher will be asked to let us know the reason and how they plan on supporting the student,
 - d. Administration will support the teacher by also providing ideas and resources to support the student.
 - e. If needed, a growth check could be assigned to monitor the students progress prior to the next diagnostic.

**Person
Responsible**

Matthew Payner (matthew.payner@palmbeachschools.org)

#2. Positive Culture and Environment specifically relating to Social Emotional Learning**Area of Focus****Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to our FLDOE Discipline Data, our SWD's accounted for 67% of students who received one Out of School suspension and 100% of all students receiving More than one Out of School Suspension. In response to this data, we will focus on the Social-Emotional needs of this subgroup by intervening with positive supports, behavior plans, and interventions to decrease the number of discipline referrals these students receive.

Measurable**Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Based upon FY 22 Discipline referral data, our school goal is the decrease the percentage of SWD student discipline referrals by 10% by addressing this subgroup's social-emotional needs.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

1. Administration and the school counselor will monitor SEL instruction. Teachers use Harmony SEL curriculum and Blender support via the district.
2. The counseling team will provide extra activities that align with SEL lessons.
3. Administration and the school counselor will observe morning meetings for use of fidelity and quality and support teachers as needed.
4. When students are in need of behavioral support, staff will rely upon SEL strategies and lessons to help reteach expectations.
5. Teachers will be provided support and professional development throughout the year based on their needs as monitored by administration and the counselor.
6. Administration will work closely with the ESE Team to assist with monitoring the fidelity in meeting the needs of our SWD's.

Person responsible for monitoring outcome:

Olivia Hebert (olivia.hebert@palmbeachschools.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Social-Emotional Learning- Morning Meetings held at the onset of the school day at 8:00 am to motivate students to come to school on time, improve relationships with other peers and adults, including teachers, and make better choices during the day if they are in conflict.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria

SEL plays an integral part in improving school climate and culture, which in turn can reduce the amount of discipline referrals for students at our school.

used for selecting
this strategy.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Begin a SEL Committee consisting of teachers, counseling team members, administration and other interested staff to implement SEL initiatives to have a positive and lasting affect on our school climate.

Person Responsible Olivia Hebert (olivia.hebert@palmbeachschools.org)

2. Training for SEL for teachers and staff. Ms. James (Ms. Hebert) will ensure the teachers receive their SEL training by working with the district. She will schedule the trainings and/or provide them herself if the need arises. She will provide sign in sheets to track teacher attendance.

Person Responsible Olivia Hebert (olivia.hebert@palmbeachschools.org)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

NA

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

NA

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

NA

Grades 3-5: Measureable Outcome(s)

NA

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

NA

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

NA

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

NA

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step

Person Responsible for Monitoring

NA

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Every morning teachers and students partake in Morning Meeting since we adopted using SEL. In our school-wide positive behavior support system we have created a discipline flow chart and use Corrective Behavior Intervention forms, along with multiple support systems now established such as a crisis response teacher to teach students behavior management and emotional regulation using Zones of Regulations, modeling, and Social Stories.

The SWPBS team met quickly and worked together to update the matrix . We also updated the Universal Guidelines, "Respectful, Responsible, Safe, and Being a Learner" to reflect the digital world. It was important that once the matrix and guidelines were final, that we share this information with faculty and staff. Teach the rules and expectations, provide examples and non-examples, and make sure they know the

matrix and the universal guidelines and how they have been adjusted to reflect online learning. The faculty emailed any suggestions that needed to be added to the matrix or guidelines. In addition, the staff guidelines and expectations of teaching the rules and expectations via modeling and having an appropriate space around them when going live, online etiquette when writing emails and messaging students or parents, were taught to the staff and faculty knowing that teachers need to have expectations, too.

Teachers were expected to review the expectations daily and follow the flow chart when an issue arises. After our new matrix and guidelines were put in place in the classrooms, administration asked the counselor, the Behavioral Health Professional (BHP), and the Crisis Intervention Teacher (CIT) continue in supporting students as well as help the teachers in continuing the positive trend in teacher-student relationships that our Social-Emotional Learning initiative has helped us with thus far. This called for a

The students and staff were provided various resources on communication (listening and speaking), being kind online, coping strategies, mindfulness, and last but not least Conflict/Resolution. Every classroom included our Solution Circle video made on campus using the Solution Circle mural in solving peer issues. We truly believe in the teaching model and it is reflected in all of our classrooms, our teachers and the way they speak now in regards to behavior, and in the data. Our SWPBS carries into Character Counts once a month and positive behavior rewards in the cafeteria for following our Universal Guidelines.

The video club has earned quite a few awards at the Jim Harbin Media Festival for student-made videos. We have many clubs such as Drama, Chorus and Gymnastics.

Finally, we have begun a Student of the Week recognition program, where a different student is chosen each week to be recognized for exemplary or improved behavior and/or academic performance.

Discovery Key is committed to representing and valuing diversity within the student body and community through the incorporation of monthly Heritage Themes. In alignment with the District's Strategic Plan and with the goal to increase the academic instruction for all, students are immersed in rigorous tasks encompassing the full intent of the Florida State Standards, including the content required by Florida State Statue 1003.42 continuing to develop a Single School Culture of excellence in academics, behavior, and climate with an appreciation of multicultural diversity in alignment to S.B. policy 2.09 with a focus on the instruction of the:

- * History of the Holocaust
- * History of African Americans,
- * Study of contributions of Hispanics and Women to the US, and
- * Sacrifices of Veterans in serving our country.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Teachers having a positive rapport with their students, parents, and each other has really helped improve the culture and environment on campus. Teachers also have support and connect with one another during PLC's, team building activities, and the sunshine committee. Administration also has an open door policy. We also have a Behavior Health Professional which helps provide student support via counseling connecting them to outside resources and conducting 1-1 student sessions. We have also secured a co-located therapist. With all these supports, teachers were able to use a procedural method for handling student behavior in class and making sure that they are getting the support they need prior to getting disciplinary action at the school level. We have several business partners which provide donations to the school to enhance student access to materials and resources and teacher appreciation week. The staff and faculty at Discovery Key support and promote a positive culture and environment through the implementation and communication of the SWPBS program and the school and district mission, vision, and equity statement and policy. SEL and diverse representation is incorporated into instructional practices.
