School Board Approval

This plan is pending approval by the Orange County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

For the 2021-2022 school year Ocoee reported 144 points higher than the previous year which earned us a "B" for the first time in school history. We saw an 18% increase in Math Achievement, 27% increase in Math Learning Gains, a 22 % increase in Math Learning gains for the Lower 25%, a 23% increase in College and Career Readiness, a 19% increase in Biology Achievement and a 23% increase in Social Studies Achievement.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Based off of baseline data analysis for the 2022-2023 school year, the area of ELA and Math proficiency demonstrate the greatest need for improvement for the upcoming school year.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Historical student assessment data in both ELA and Math and the 2022-2023 school year will be a baseline year for the new B.E.S.T standards in ELA and Math. In an effort to maintain and grow we need to implement lessons and strategies that align to the new standards.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

We saw an 18% increase in Math Achievement, 27% increase in Math Learning Gains, a 22 % increase in Math Learning gains for the Lower 25%, a 23% increase in College and Career Readiness, a 19% increase in Biology Achievement and a 23% increase in Social Studies Achievement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Data driven instruction, strong PLC structures, effective lesson planning as well as professional development in scaffolding and instruction over the course of the 2021-2022 school year were the factors that most contributed to this improvement.

What strategies will need to be implemented in order to accelerate learning?

The use of B.E.S.T standards aligned instruction, collaborative activities and interactive notebooks to increase literacy and processing skills across all content areas are the strategies needed to accelerate learning.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

For the 2022-2023 school year, teachers will receive professional development opportunities on the new B.E.S.T standards, SMART goals, tracking student progress and interactive notebooks. New teachers will receive differentiated PD and select teacher will be supported through coaching cycles with our instructional coaches

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

We will provide coaching support in the areas of Reading, US History, Math and Biology to support instruction. Additional support facilitating will be available to support our ESE students. We have aligned our support facilitator schedules to common planning times across content areas . Additionally we have hand scheduled ESE and ELL students to maximize in class instructional supports.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.	<p>Out of the six school grade components, ELA stands as the 2nd lowest component with assessment data showing students at a 39% proficiency level in ELA.</p> <p>Our overarching goal is to improve student readiness for the public postsecondary level based on an annual analysis of the postsecondary feedback report data.</p>
--	--

Measurable Outcome:**State the specific**

measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By the end of the year students will show increased proficiency on the new state B.E.S.T Writing and Reading assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Students in English Language Arts (ELA) classes will increase their literacy skills through the use of B.E.S.T standards aligned instruction, collaborative activities and interactive notes. The ELA teams will measure student progress through F.A.S.T. benchmark assessments, the use of district CRMs and utilizing student tracking protocols.

Person responsible for monitoring outcome:

Amanda Jenkins (amanda.jenkins@ocps.net)

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence-based strategies being implemented for this area of focus are Marzano elements 2: Tracking Student Progress, 13: Helping Students Examine Their Reasoning and 15: Helping Students Revise Knowledge. These elements directly correlate to our goals of increasing student literacy skills across content areas.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

This strategy supports the OCPS 2025 strategic plan objectives of setting high expectations for student learning and creating a dedicated and high-quality team at Ocoee High School through:

- Teacher professional development programs and coaching supports
- The facilitation of tracking student progress

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Teachers will be provided professional development on implementing lesson plans aligned to the new B.E.S.T standards and other district and state resources to guide their planning.
2. The leadership team will conduct observations, provide teachers feedback as it relates to learning goals to ensure lessons reach the level of rigor required by the new standards.
3. Instructional coaches will work with teachers through coaching supports and targeted professional development. Teachers will have opportunities to participate in peer observations and whole school curriculum walks.
4. General and special education teachers will use regularly scheduled collaborative planning time to plan effective instruction and assessment for all students.
5. PLCs will review data after each district culminating task, PMAs, F.A.S.T and /or STAR assessments to inform and adjust instruction over the course of the year.
6. Teachers, coaches, AP, and mentors will conduct data chats throughout the school year for teachers and students.

#2. Instructional Practice specifically relating to Math**Area of Focus
Description and****Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Out of the six school grade components, Math stands as the lowest component with assessment data showing students at a 25% proficiency level in Math.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By the end of the year students will show increased proficiency on the new state B.E.S.T Algebra 1 and Geometry EOC assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Students in Algebra 1 and Geometry classes will increase their math literacy skills through the use of B.E.S.T standards aligned instruction, collaborative activities and interactive notes. The Math teams will measure student progress through IXL and STAR benchmark assessments utilizing student tracking protocols.

Person responsible for monitoring outcome:

Erin Verhelst-Wagner (erin.verhelst-wagner@ocps.net)

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence-based strategies being implemented for this area of focus are Marzano elements 2: Tracking Student Progress, 13: Helping Students Examine Their Reasoning and 14: Helping Students Practice Skills, Strategies and Processes. These elements directly correlate to our goals of increasing student literacy skills across content areas.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

This strategy supports the OCPS 2025 strategic plan objectives of setting high expectations for student learning and creating a dedicated and high-quality team at Ocoee High School through:

- Teacher professional development programs and coaching supports
- The facilitation of tracking student progress

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Teachers will be provided professional development on implementing lesson plans aligned to the new B.E.S.T standards and district/state resources to guide their planning.
2. The leadership team will conduct observations, provide teachers feedback as it relates to learning goals to ensure lessons reach the level of rigor required by the new standards.
3. Instructional coaches will work with teachers through coaching supports and targeted professional development. Teachers will have opportunities to participate in peer observations and whole school curriculum walks.
4. General and special education teachers will use regularly scheduled collaborative planning time to plan effective instruction and assessment for all students.
5. PLCs will review data after each district culminating task, PMAs, F.A.S.T and /or STAR assessments to inform and adjust instruction over the course of the year.

6. Teachers, coaches, AP, and mentors will conduct data chats throughout the school year for teachers and students.

Person Responsible Erin Verhelst-Wagner (erin.verhelst-wagner@ocps.net)

#3. ESSA Subgroup specifically relating to English Language Learners**Area of Focus
Description and****Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

We have seen a rise in the number of students at Ocoee High School that receive ELL support services. At the end of the 2021-2022 school year, Ocoee's ELL students ranked 9th out of 22 high schools in the district.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We will score above 41% on the Federal Percent of Points Index and maintain or exceed last year's ranking of 9th amongst district high schools.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This area of focus will be monitored for the desired outcome through instructional classroom observations by Instructional Coaches, Assistant Principals and supporting leadership team member. PLCs will hold weekly meeting where they will monitor data and adjust lessons for the needs of students based on formative and summative assignments. Teacher have also developed class specific student tracking procedures and student will also track their progress weekly.

Person responsible for monitoring outcome:

Erin Verhelst-Wagner (erin.verhelst-wagner@ocps.net)

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence-based strategies being implemented for this area of focus are Marzano elements 2: Tracking Student Progress, 25: Asking Questions of Low Expectancy Students and 14: Helping Students Practice Skills, Strategies and Processes. These elements directly correlate to our goals of increasing student literacy skills across content areas.

Rationale for Evidence-based Strategy: Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

This strategy supports the OCPS 2025 strategic plan objectives of setting high expectations for student learning and creating a dedicated and high-quality team at Ocoee High School through:

- Teacher professional development programs and coaching supports
- We are an Multilingual support school and our teachers will receive PD from OCPS Multilingual Service
- The facilitation of tracking student progress

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. LY students have been hand scheduled for and will receive additional supports in their DLA course and in-class supports from ESOL paraprofessionals in other courses.
2. Our paraprofessionals schedules are aligned to enable them to attend common planning meeting.
3. Teachers will be provided professional development on implementing lesson plans aligned to the new B.E.S.T standards and other district and state resources to guide their planning.
4. Instructional coaches will provide coaching supports and targeted PD on ESOL strategies and best practices.
5. PLCs will review data after each district culminating task, PMAs, F.A.S.T and /or STAR assessments to inform and adjust instruction over the course of the year.

6. Teachers, coaches, AP, and mentors will conduct data chats throughout the school year for teachers and students.

Person Responsible

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Opportunities will be provided for teachers to feel empowered through targeted and differentiated professional development as well as continuous coaching support . A faculty focus group with administration will continue this year to ensure that all voices are heard. More attempts to energize staff by creating an environment where people enjoy coming to work, such as Friday Fellowships, creative games, friendly competition with prizes and monthly team building events.

The administrative team will make deliberate attempts to recognize students and staff who are exemplifying the characteristics associated with social emotional learning with tokens of recognition. Each administrator has to take the charge and go over the top with school spirit as it starts with leadership.

To maintain this positive school culture, administration will collect feedback on the efforts to know what needs to be enhanced or changed. PLCs will continue to take the lead to communicate shared concerns with administration and faculty. Administration will continue to include all stakeholders (both tested and non-tested areas) in student achievement and results analysis, and continue to make data-driven decisions collaboratively.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Admin : Oversee school stakeholders to support the development of structures and supports which create a positive culture and environment at Ocoee High School.

Dr. Lisa Karcinski

Amanda Jenkins

Erin Verhelst-Wagner

Thomas O'Brien

Deans: Supporting and overseeing the school discipline matrix, procedures, adherence to rules and consequences to ensure a safe and supportive school environment for all students, staff and the community.

Monique Morris

Carl Holden

Pernell Croskey

Willie Anderson

SAFE Coordinator and Mental Health Counseling: Provides supports to students who are

demonstrating emotional issues or life events that interfere with their academic functioning.

Cathy Edwards-Lee
Mental Health Counselor
LaShawn McNeil

Media Specialist: Oversees our library collections, a number of online databases and research tools and supports the digital needs of students at Ocoee High School in support of students academic success.

Brenda Obelar

Testing Coordinator : Testing Department is available to support students in meeting their testing requirements needed to earn a high school diploma and testing to creating postsecondary credit which can be transferred as part of a degree in higher education.

Jennifer Grow

Athletic Director - Support students, coaches and families in athletic activities which grow school spirit and promote a positive culture and environment. Also supporting the physical and social emotional wellbeing of our athletes.

Billy Alderman

Student Services Lead & College and Career Offices : The Student Services Department works to support students in earning their high school diploma and creating post-secondary plans

Rima Rabieh
College and Career Coaches
Shasaree Hendricks
Erin Wolfgramm

Instructional Coaches : Plan and host Friday Fellowships monthly to create a culture of belonging and built strong collegial relationships campus-wide.

Angela (Xan) Kahn
Nicole Deluca
Victoria McDonald
Catrece Hadley

SELL Team: Responsible for the creation of SELL student and staff events calendar.
Responsible for ensuring that positive relationships are cultivated between students and staff.

Emily Jackson
Haley Hostetter
Garett Kelly
Angela (Xan) Kahn
