2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TSI

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Orange County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Data Analysis
 Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The subject area of ELA have less than 20% of our students showing proficiency on the 21-22 state assessments in 5th and 7th grades. The subject area of Math has less than 20% of our students showing proficiency on the 21-22 state assessments in grades 5 through 8. In addition, our subgroup areas of Students With Disabilities, English Language Learners & Black/African American students show less than 41% of those students showing proficiency in all subject areas and grade levels of the 21-22 state assessments.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Based on the 2022 state assessments the following areas demonstrate the greatest area of need:

- *5th Grade ELA 19% Proficient
- *5th Grade Math 10% Proficient
- *5th Grade Science 11% Proficient
- *6th Grade Math 16% Proficient
- *7th Grade ELA 16% Proficient
- *7th Grade Math 15% Proficient
- *8th Grade Math 12% Proficient
- *Students with Disabilities subgroup: 3% proficient in ELA & Math

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Factors that contributed to these areas of improvement include: students reading below grade level, insufficient parental support, low reading comprehension and insufficient math fact fluency.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

The following 2022 state assessment data components showed the most improvement:

- *ELA Learning Gains (+7%)
- *ELA Lowest 25% (+8%)
- *Math Learning Gains (+24%)
- *Math Lowest 25% (+31%)
- *Social Studies Achievement (+20%)

What were the contributing factors to this improvement? What new actions did your school take in this area?

The following factors & new actions contributed to these improvements:

- *before- & after-school tutoring opportunities
- *additional adults in all classrooms serving as tutors
- *additional certified teachers serving as Tier 1 support in all grade levels
- *UCF Boots on the Ground volunteers
- *intensive ELA courses for 6-8 students
- *intensive Math courses for 6-8 students
- *center rotations in all ELA & Math classrooms K-8
- *weekly common planning sessions with school based academic coaches
- *weekly data meetings analyzing newest data points & making instructional changes based on data

What strategies will need to be implemented in order to accelerate learning?

The following strategies will be implemented to accelerate learning:

- *3rd Grade UCF Mentor Program
- *campus walks by leadership team to determine grade-level/school-wide trends
- *After-school Extended Learning Opportunities for grades 3 through 8 in all content areas will occur two days a week beginning in September 2022
- *Group students in the lowest 25% category together for intensive instruction
- *Weekly data meetings to monitor individual student progress monitoring data points

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

The following professional development opportunities will be provided to support teachers and leaders:

- *utilization and strategies to use additional adults in classrooms effectively
- *small group instruction and practices
- *analyzing data and instructional decisions based on data analysis
- *academic discourse
- *student monitoring
- *classroom management

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

To ensure sustainability of improvement, professional development opportunities will be offered multiple times per month to all teachers and leaders. A focus on analyzing data and using that analysis to make instructional decisions will increase teacher capacity. The consistent use of additional adults in the classroom will help to maintain improvement in the future.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Multiple grade levels and subject areas show that the SWD subgroups have 0% of students performing at proficiency level, which identifies this as an area of critical need.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

To achieve a school grade of "B" for the 2022-2023 school year the following outcomes will be achieved: ELA proficiency 38% & Math proficiency 38%.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

This Area of Focus will be monitored through the analysis of the following data points for the students within the SWD subgroup:
 *iReady Diagnostics
 *FAST Assessments
 *OCPS Common Assessments
 *Oral Reading Fluency
 *Math Fact Fluency

Person responsible for monitoring outcome:

Seth Daub (seth.daub@ocps.net)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Build up our system of interpretation and communication of assessment information that is shared between stakeholders to collaboratively design and implement educational programs.

Rationale for Evidence-based Strategy:
Explain the rationale for

Teachers interpret assessment information for stakeholders (i.e., other professionals, families, students) and involve them in the assessment, goal development and goal implementation process. Special educators must understand each assessment's purpose, help key stakeholders understand how culture and language influence interpretation of data, and use data to collaboratively develop and implement individualized education and transition plans. These plans will include goals that are

selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

standards-based, appropriate accommodations and modifications, and fair grading practices and transition goals that are aligned with student needs.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Students in the lowest 25% will be grouped into cohort classes together.

Person Responsible Seth Daub (seth.daub@ocps.net)

Content area coaches will be assigned to each grade level to facilitate common planning. Facilitators and administrators will attend PLC meetings to assist in standards-based planning and analyzing data to differentiate targeted needs students.

Person Responsible Seth Daub (seth.daub@ocps.net)

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
 Include a rationale that explains how it was identified as a critical need from the data reviewed.

On the 2022 ELA FSA, data indicates that 77% of students scored below proficiency.

Measurable Outcome:
 State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The 2023 FAST ELA assessment will show an increase of 15%, from 23% proficient to 38% proficient.

Monitoring:
 Describe how this Area of Focus will be monitored for the desired outcome.

This Area of Focus will be monitored using the following data points:
 *iReady Diagnostics
 *FAST Progress Monitoring
 *Classroom Walkthroughs
 *District Standards Based Unit Assessments

Person responsible for monitoring outcome:

Seth Daub (seth.daub@ocps.net)

Evidence-based Strategy:
 Describe the evidence-based strategy being implemented for this Area of Focus.

Teach students to decode words, analyze word parts, and write and recognize words.

Rationale for Evidence-based Strategy:
 Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

This selected instructional practice has a strong level of evidence, as noted in the IES Guide for Foundational Skills to Support Reading for Understanding.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Strengthen the common planning process by using the district-created Common Planning Resources to guide the agenda and discussions.

Person Responsible

Mia Lycett (mia.lycett@ocps.net)

Classroom walkthroughs are conducted regularly and ELA feedback is provided with needed adjustments being addressed in common planning.

Person Responsible

Seth Daub (seth.daub@ocps.net)

Ensure the 90-minute reading block contains the following requirements:

- *6 components of Reading
- *Daily inclusion of on-level whole group instruction and differentiated small group instruction

Person Responsible

Mia Lycett (mia.lycett@ocps.net)

Standards Based Unit Assessment Data is used to plan small group instruction and differentiation opportunities.

Person Responsible

Mia Lycett (mia.lycett@ocps.net)

#3. Instructional Practice specifically relating to Math

Area of Focus Description and

Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

On the 2022 Math FSA, data indicates that 79% of students scored below proficiency.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The 2023 FAST Math assessment will show an increase of at least 17 percentage points from 21% proficient to 38% proficient.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This Area of Focus will be monitored using the following data points:

- *iReady Diagnostics
- *FAST Progress Monitoring
- *Classroom Walkthroughs
- *District Standards Based Unit Assessments

Person responsible for monitoring outcome:

Seth Daub (seth.daub@ocps.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Fact & Computational Fluency

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Fact & Computational Fluency is an evidence-based strategy shown when students are able to display computational fluency, show flexibility in their methods and are able to explain their thoughts & processes.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Strengthen the common planning process by using the district created Common Planning Resources to guide the agenda and discussions.

Person Responsible

Abby Collins (abby.collins@ocps.net)

Classroom walkthroughs are conducted regularly and Math feedback is provided with needed adjustments being addressed in common planning.

Person Responsible

Seth Daub (seth.daub@ocps.net)

Standards Based Unit Assessment Data is used to plan small group instruction and differentiation opportunities.

Person Responsible

Abby Collins (abby.collins@ocps.net)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

On the 21-22 ELA EOY iReady Diagnostic data indicates the following:

- *28% of students in Kindergarten were performing one grade level below.
- *71% of students in 1st grade were performing one or more grade levels below.
- *79% of students in 2nd grade were performing one or more grade levels below.

On the 22-23 ELA BOY iReady Diagnostic data indicates the following:

- *88% of students in Kindergarten are performing one grade level below.
- *89% of students in 1st grade performing one or more grade levels below.
- *93% of students in 2nd grade are performing one or more grade levels below.

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

On the 2022 ELA FSA data indicates the following:

- *77% of students in grades 3rd-5th scored below a level 3.
- *78% of students in 3rd grade scored below a level 3.
- *76% of students in 4th grade scored below a level 3.
- *81% of students in 5th grade scored below a level 3.

On the 22-23 ELA BOY iReady Diagnostic data indicates the following:

- *85% of students in 3rd grade are performing one or more grade levels below.
- *84% of students in 4th grade are performing one or more grade levels below.
- *93% of students in 5th grade are performing one or more grade levels below.

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

On the 2023 FAST ELA EOY assessment the data will show:

- *75% of students in Kindergarten will perform on grade level.
- *50% of students in 1st grade will perform on grade level.
- *50% of students in 2nd grade will perform on grade level.

Grades 3-5: Measureable Outcome(s)

On the 2023 FAST ELA EOY assessment the data will show:

- *40% of students in 3rd grade will perform on grade level.
- *40% of students in 4th grade will perform on grade level.
- *25% of students in 5th grade will perform on grade level.

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

This Area of Focus will be monitored using the following data points:

- *iReady Diagnostics
- *FAST Progress Monitoring
- *Classroom Walkthroughs
- *District Standards Based Unit Assessments

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Daub, Seth, seth.daub@ocps.net

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

OCPS ACE will utilize the following practices/programs to support our areas of focus:

*SIPPS

*iReady

*LLI

*Common planning supported by reading coaches

*MTSS

*90 minute ELA block

*Weekly feedback to all teachers based upon classroom walthroughs

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

Each chosen practice and program show evidence of success.

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step	Person Responsible for Monitoring
Strengthen the common planning process by using the district created Common Planning Resources to guide the agenda and discussions.	Lycett, Mia, mia.lycett@ocps.net
Classroom walkthroughs are conducted regularly and ELA feedback is provided with needed adjustments being addressed in common planning.	Daub, Seth, seth.daub@ocps.net
Ensure the 90 minutes reading block contains the following requirements: *6 components of Reading *Daily inclusion of on-level whole group instruction and differentiated small group instruction.	Lycett, Mia, mia.lycett@ocps.net
Ensure multiple data points is used to organize students for intervention support and Tier II & III services	Gibson , Tiffany , tiffany.gibson@ocps.net

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

In order to establish a positive school culture and climate, all schools engage in ongoing, district-wide professional learning on leveraging social and emotional learning as well as leadership for student success. Through a distributive leadership model, schools use social and emotional learning to strengthen team dynamics and collaboration in order to build academic expertise in all students. Through this professional learning, schools across the district use the CASEL Core Competencies as a common language to support a positive culture of social and emotional learning and connect cognitive and conative strategies to support student success. A core team of teachers and administrators from each school, which includes a mental health designee, attend this district-wide professional learning throughout the year. The core team works with a broader school team and is charged with personalizing and implementing professional learning for staff and families, based on school and community needs. School leadership teams collaborate with students, staff, and families, through processes such as the School Advisory Council, to reflect on implementation and determine next steps. Development of positive culture and environment is further enhanced through school-based and district-wide opportunities focused on building capacity in families to support continuous school improvement and student success. Schools strategically utilize staff to bridge the community and school, connect families with resources, and build a culture for authentic family engagement in school staff.

Identify the stakeholders and their role in promoting a positive school culture and environment.
