School Board Approval

This plan is pending approval by the Putnam County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

In analyzing the data, the trends noted is with the following subgroups. The subgroups below the 40% achievement level in ELA are: SWD, ELL, BLK,HSP, MUL, WHT, as well as FRL. On the FSA all levels

have dropped from prior year, strong instructional practices must be planned and implemented daily in all core classes to ensure high levels of achievement for all students in literacy.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Based upon the data components, all subgroups are in need of improvement. The subgroups need continuous improvement in all tested areas of ELA, Math, Science, and Social Studies.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Based upon the data, the leadership team of Crescent City Jr.-Sr. High School believe the contributing factors to this need of improvement are with the lack of accountability from the administration, the lack of professional development for teachers/staff, as well as overall attendance for faculty/staff/students.

New actions:

1. Providing continual professional development towards Academic Teaming and how to engage students.
2. Professional Development in teaching teachers how to break down the benchmarks / standards, how to create a student task that is truly aligned to the target of the standard, which is known as target/task alignment.
3. Continue to provide professional development on how to create a true Success Criteria that students can use to determine their own understanding of mastery of the standard with the support of the teachers.
4. Scaffolding our coaching to support the above mentioned pieces but then also getting our teachers to understand the difference between monitoring and verifying student learning and truly tracking student progress based upon the benchmark / standard through the Success Criteria.
5. Observe through class visits (seeking if classrooms, teachers, and students have positive learning environment conditions for student success).
6. Completing Quick Visits and Walkthroughs to determine trends of quality instruction that leads to student improvement through Progress Monitoring tools and other formative and summative assessments.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Based upon the 2022 data, our ELL and HSP students showed the improvement towards ELA achievement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors to this improvement was with a focus on ELA and Math core instruction, grade levels meet as a professional learning community to evaluate data, analyze instruction and plan for next lesson in the core subjects.

What strategies will need to be implemented in order to accelerate learning?

The following strategies are being implemented to accelerate learning. They are:

1. Teacher professional development towards Academic Teaming, to actively and purposefully engage our students within the core instructional day in all content areas.
2. Teacher professional development in breaking down the benchmarks / standards and aligning the teaching target, to the student task.

3. Teacher PLC's with a focus on instructional practices and analyzing data of students completed task to determine next steps in planning instruction.
4. Administration conducting quick visits to increase visibility to give an one way feedback on content/ context, strategy, on how instruction is impacting the environmental conditions within the class and determining the effectiveness of the teaching and learning takin place.
5. Administration completing Walkthroughs, which provide coaching support towards next steps based upon observed instructional practices.
6. Administration conducts Formal and Informal Observations to verbalize teacher's planning, instruction, classroom learning conditions and professional responsibilities, the vision for the school, to communicate expectations, praise, and concerns about performance.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

1. Teacher professional development towards Academic Teaming and Questioning, to actively and purposefully engage our students within the core instructional day in all content areas.
2. Teacher professional development in breaking down the benchmarks / standards and aligning the teaching target, to the student task.
3. Teacher PLC's with a focus on understanding the benchmarks / standards, the instructional practices and analyzing data of students to determine next steps.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

1. We will continue to provide support towards Academic Teaming, Target/Task alignment, how to build Success Criteria per standard to help teachers and students understand mastery.
2. The instructional coach and planned professional development days (early release) will focus on explicit teaching, as well as how to use engaging strategies to master identify critical content.
3. Core teachers will continue to participate in district led professional learning communities in all core academic content areas.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to Student Engagement

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

An area of focus is specifically related to student engagement for all students in all subgroups within all content areas. Our ESSA Subgroups are: SWD; ELL; Hispanic; and African American. These specific subgroups are an area of focus through the use of specific instructional practices that relate to student engagement. Our focus is developing the whole student with engaging students in listening, reading, writing, and conversations related to rigorous instruction and rigorous student tasks. This is a critical need based upon our 2021-2022 data. Our ELA Achievement data was at 32%; our Math Achievement data was at 25%; our Science Achievement Data was at 21%; and our Social Studies data was at 53%. Our gains and bottom quartile data was as follows: ELA learning gains: 36%, ELA bottom quartile: 31% Math learning gains: 37%, and Math bottom quartile: 40%

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Measurable outcomes based upon FSA Achievement for the 2022 school year are:
 ELA Achievement: 38%, ELA Growth: 44%, ELA Bottom Quartile: 40%, Math Achievement: 28%, Math Growth: 35%, Math Bottom Quartile: 45%, Science: 30%, Social Studies: 50%, and Middle School Acceleration: 60%

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

If our school (engage student with on grade learn content/context), then by (time we take state assessments), students will (be expected to increase to proficiency).

The area of focus will be monitored through:

1. School and District Led PLC's.
2. Administrative Quick Visits, Walkthroughs, Informal, and Formal Observations
3. Formative/Summative Assessments in the classroom
5. ALEKS Data
6. FAST Assessments

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence based strategies being implemented for our Area of Focus are with Academic Teaming professional development to ignite student engagement within our core instruction. Our subgroups that are an area of focus are: SWD, ELL, HSP, and BLK.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the

This specific instructional strategy of engaging students will help to develop the whole student both in academic core instruction as well as soft skills that students can use in every day life structures. Our ESSA subgroups of focus are: SWD, ELL,

resources/criteria used for selecting this strategy.

HSP, and BLK. The resources/criteria used for selecting this strategy is based upon our test data as well as through the support of professional development through our District and school site instructional coach.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Schoolwide expectations and a common language has been developed and will be implemented by all teachers.

Teachers will develop plans, instruct students, and analyze artifacts for next steps while following the district pacing guide.

Administration will monitor the learning environment and observe instruction for needed support to enhance or improve teacher's pedagogy for student achievement.

#2. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups**Area of Focus****Description and****Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Students in the ESSA subgroups, Students With Disabilities, English Language Learners, Black/African American Students, and Multiracial Students scored below the 41% threshold and therefore, this is a need for the school to increase achievement levels.

Measurable**Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we implement teacher professional development towards Academic Teaming and breaking down the benchmarks / standards and aligning the teaching target, to the student task, PLC's with a focus on instructional practices and analyzing data of students completed task to determine next steps in planning instruction, and administration conducting quick visits, Walkthroughs, and formal and informal observations, then by Spring 2023, we will increase the achievement levels in all areas tested.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Standards-based unit common assessments are analyzed through the SchoolCity platform. Data meetings will review the implementation of action steps and performance data.

Evidence-based**Strategy:**

Describe the evidence-based strategy being implemented for this Area of Focus.

Class teacher using state adopted materials will differentiate instruction and provide appropriate scaffolds to meet the need of ESSA groups students.

Rationale for**Evidence-based****Strategy:**

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

By providing students with effective instructional strategies, maintaining high standards for all students, and utilizing a guaranteed and viable standards based curriculum, students within our subgroups will make gains.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Students will receive grade level instruction. The work will be scaffolded to meet their needs and will be supported by the resource ESE teacher.
2. Sheltered classes for students enrolled in Algebra 1, Biology, and US History with the support of an ELL paras
3. ELA teachers will support all language learners with ELL strategies
4. Students in our lowest quartile or ESE subgroup who are demonstrating a need in either math or reading are placed in intervention class for purposeful academic support.

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Crescent City Jr.-Sr. High School addressed building a positive school culture and environment through the following opportunities. As a school:

- we conduct multiple Parent/Family Involvement Events to inform and support parents with their child's individual educational needs.
- we recognize student success and achievement through academic, social, and athletic achievements.
- we celebrate and recognize a teacher or staff and student (Jr. & Sr.) of the week for being Raider "ALL IN".
- we announce student and faculty/staff birthdays as a way to promote a positive school culture and environment.
- we celebrate our Teacher of the Year/Support Person of the Year.
- every month with a 23rd we will celebrate and encourage the class of 2023 in a student friendly safe way.
- we celebrate academic achievement through Honor Roll each quarter and a Principal's List for Straight A's.

Identify the stakeholders and their role in promoting a positive school culture and environment.

All stakeholders are responsible for promoting the positive culture at CCJSHS. CCJSHS stakeholders lead by example in community service projects and supporting school events.
