Demographics

Principal: Dustin Robinson

Start Date for this Principal: 8/2/2022

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School PK-8
Primary Service Type (per MSID File)	K-12 General Education
2021-22 Title I School	No
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	32%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2021-22: No Grade 2020-21: No Grade 2018-19: No Grade 2017-18: No Grade
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

At Dorothy C. York Innovation Academy, we will navigate global waters by providing rigorous instruction that engages students to reach their highest potential as knowledgeable, caring, and collaborative thinkers.

Provide the school's vision statement.

Admirals will emerge as principled and innovative life-long learners who will create a culturally compassionate world.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Lennard, Catherine	Principal	As principal of Dorothy C. York Innovation Academy, Missy Lennard serves as the instructional leader. She is responsible for the management of the school. She oversees the faculty and staff, and ensures a safe, caring, and orderly environment where student can learn and teachers can teach.
Rappleyea, Amy	SAC Member	Amy Rappleyea is responsible for coordinating our School Advisory Council and the School Improvement Plan.
Villafane-Montanez, Jeshilma	Assistant Principal	Mrs. Villafane serves as the assistant principal for curriculum at York K-8. As APC, she is responsible for the master schedule and testing. She also coordinates the Extended Learning Program.
Turner, Jerry	Magnet Coordinator	He is a STEM resource that integrates Science, Technology Engineering and Math into core instruction. He is also a resource for activities before, during and after school that involve technology, robotics and various types of engineering.
Whalen, Brooke	Magnet Coordinator	York is a technology-rich site that takes an inquiry stance to learning, therefor the Lead Teacher supports the staff as they integrate STEM and International Studies themes while also providing curricular/assessment support to enhance student achievement. The Lead teacher serves as a liaison between the administration, faculty, community, and district offices.

Demographic Information

Principal start date

Tuesday 8/2/2022, Dustin Robinson

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

71

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

10

Total number of teacher positions allocated to the school

81

Total number of students enrolled at the school

1,258

Identify the number of instructional staff who left the school during the 2021-22 school year.

0

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Grades 1, 2, 3 and 7 have a significant amount of students who do not have any data as students are coming into York from private/charter/homeschool environments without exposure to state/district assessments. In grade 1 31% of students are coming to York without test scores; in grade 2, 32% of students are without scores; in grade 3, 29% are without scores; grade 7 has 20% without scores.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Based on the data available from last year reading across all grade levels demonstrates the greatest need for improvement. Third, sixth and seventh grade demonstrate a need for improvement in Math. In grade 3, 34% of students are below the proficiency level; grade 6 has 34% below proficiency level; grade 7 has 40% below proficiency level. Seventh grade discipline is also an area of concern.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Students are coming to York from various public, private, and charter schools. Consistent team planning across the grade levels will help identify solutions to the various instructional gaps with incoming students, along with data analysis of the current school year's progress monitoring assessments.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

York is a new school site without previous data.

What were the contributing factors to this improvement? What new actions did your school take in this area?

York is a new school site without previous data.

What strategies will need to be implemented in order to accelerate learning?

Faculty professional development to support the IB "Program of Inquiry" model as well as supporting the development of IB learner profiles will accelerate transdisciplinary learning. Classroom introductions of student-owned strategies to enhance metacognition will also push instructional levels.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Teams of teachers will attend the FL IBS conventions those teachers will teach their subject areas the learned techniques and models. The Lead Teacher will attend FLIBS quarterly meetings to participate in round-table discussions to gain new insight to share with the faculty. The Lead Teacher and STEM Coordinator, along with Subject Area Leaders, will provide OTL (opportunity to Learn) sessions during the additional Monday early release hours. Modeling and coaching support will also occur with the Lead Teacher and STEM Coordinator.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Data analysis session will take place by grade/content level to evaluate results of FAST Progress Monitoring after each assessment period to determine implications on instruction/planning.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to Math

Area of Focus Description and

Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Current data reflects a need for focused instruction on Math in all grade levels.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By the end of the 2022 - 2023 school year, the number of students reading at or above grade level will increase by 3%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration and subject area leaders will conduct walk-throughs, all members of the faculty will participate in PLC's, and the leadership team and subject areas will share data from performance measuring assessments.

Person responsible for monitoring outcome:

Catherine Lennard (catherine.lennard@hcps.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

N/A

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

N/A

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

N/A

Grades 3-5: Measureable Outcome(s)

N/A

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

N/A

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Rappleyea, Amy, amy.rappleyea@hcps.net

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

N/A

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

N/A

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step**Person Responsible for Monitoring**

N/A

Rappleyea, Amy, amy.rappleyea@hcps.net

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

At York, we will incorporate the characteristics of an International Baccalaureate student through a variety of opportunities for engagement and leadership. At York, we encourage all stakeholders to become involved in creating a positive culture. Teachers can award students Anchor Tickets for good behavior and decision making. Students are encouraged to join clubs, participate in intramural sports and student government. Sunshine Committee works hard to strengthen staff morale. Our business partners hold spirit nights to build community. Teachers and students receive recognition from administration. Monthly character lessons are included on the morning show. Students participate in team building and engagement activities in the classroom as part of the SEL curriculum.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Mrs. Lennard establishes and sets the tone of the school. Mrs. Lennard keeps stakeholders involved and informed through weekly ParentLinks in which she encourages others to be actively engaged within the school. Our Steering Committee, Instructional Leadership Team, Team Leaders, and SAC all provide feedback on what is working and assist in promoting the positive culture.
