2019-20 School Improvement (SI) Information*	
SI Region	Southwest
Regional Executive Director	
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Collier County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE’s school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To create a collaborative learning community that inspires success through high-quality, data-driven instruction, purposeful learning, and amazingly positive experiences for all stakeholders.

Provide the school's vision statement.

To foster a learning community where students will engage in experiences that develop self-confidence and a love of learning resulting in respectful and responsible citizens.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Zwack, Kelly	Principal	<ol style="list-style-type: none"> 1. Implement the District's philosophy of education and instructional program in accordance with District policies and administrative guidelines, Florida Department of Education requirements, and provisions of State and Federal law. 2. Directs all school administrative operations. 3. Provides instructional leadership for all school programs. 4. Provides leadership for all school operations consistent with existing collective bargaining contracts, school law, Board Policies, and Administrative Procedures. 5. Provides leadership in developing, coordinating, implementing, and evaluating school instructional and extra-curricular programs. 6. Ensures there is a data driven focus on student achievement. 7. Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Over the past three testing years FY19, FY21, and FY22, we have seen our ELA proficiency decrease or remain stagnate. We have seen that our SWD subgroups decreased in ELA and Math gains from FY21 to FY22.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

The data components that are in the greatest need for improvement include science achievement scores, learning gains in our lowest 25% in both ELA and Math. Another area for improvement are our overall reading gains.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The contributing factors are the FY21 FSA scores and quarterly benchmarks. One new action made was an adjustment to the master schedule to maximize ESE and ELL supports within the classroom. We also made departmentalization adjustments in fifth grade. Weekly grade level collaboration meetings are focusing on discussing specific best practice strategies to ensure students are proficient within each benchmark. Students will also be taking a weekly common assessment in both Math and ELA to track their progress and make instructional adjustments as needed.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Our third grade math FSA showed the most improvement and our overall math gains from FY21 to FY22.

What were the contributing factors to this improvement? What new actions did your school take in this area?

We began the Principal Club where students demonstrated their mastery of grade level math benchmarks. The lowest performing students and students close to proficiency, based on the quarterly benchmarks, were invited to an after-school math program. We held this program twice a year. In fourth and fifth grade, teachers implemented an additional math intervention time two times per week. This year we created a specific departmentalized schedule in fifth grade to best support students needs. We also adjusted the master schedule to maximize ESE and ELL teacher support within classrooms.

What strategies will need to be implemented in order to accelerate learning?

The use of weekly exit tickets in ELA and Math will be implemented. Teachers will be able to use this data to adjust their teaching to differentiate to their student's needs.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

We will provide professional development with a focus on ELL strategies to support the needs of our growing population of ELL students. We will also provide additional professional development on differentiation to meet the needs of our SWD students in our classroom to master the grade level benchmarks.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

We will continue to review our student performance data and make the necessary adjustments to instruction to ensure our students are moving towards proficiency in ELA, Math, and Science. We will structure our professional learning sessions and PLC meetings based off of the data that is collected from our formative and summative assessments.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to Differentiation**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Since FY18, we have historically decreased in our overall ELA proficiency from 77% to currently at 73% proficient. In FY22, our 3rd graders maintained a 73% proficiency from FY21. Our 4th graders, decreased proficiency levels by 3% and our 5th graders decreased by 2%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If teachers individualize literacy instruction during their intervention block, they will meet the needs of each of their students lowest performing domain, our ELA proficiency on the 2023 State ELA Assessment will increase by 5% from 73% to 78%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

We will monitor the progress of student achievement through our culminating end of module assessments, iReady diagnostic data, weekly formative assessments, and monthly PLCs.

Person responsible for monitoring outcome:

Rachel Callahan (callar1@collierschools.com)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Teachers will use the evidence-based strategy of differentiation during their intervention block for literacy.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The strategy of differentiation allows teachers to meet the students where they are and can receive individualized instruction to become proficient.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will provide students with a weekly progress monitoring tool (3-5 questions) based on the standards that were taught during the week, utilizing the HMH resources to create their weekly assessments. Teachers will use the weekly data to differentiate their literacy instruction during the intervention block.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Intervention Block, with differentiated small group intervention based on the weekly progress monitoring tool.

Person Responsible

Rebecca McCosh (mccosr@collierschools.com)

Grade level teams will conduct monthly PLC meetings to discuss student data. Teachers will discuss student concerns based on data and the team will discuss and provide strategies to help support the student. We will also discuss the implementation tier 2 SSPs if necessary.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Students will track their progress on their iReady lesson pass rates in their leadership notebooks.

Person Responsible

Rebecca McCosh (mccosr@collierschools.com)

Teachers will participate in weekly collaborative planning to discuss how they are address each benchmark during their instruction to meet the needs of all students.

Person Responsible

Rebecca McCosh (mccosr@collierschools.com)

#2. Instructional Practice specifically relating to Science

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

SY22 student performance in fifth grade science indicated a significant decrease from SY21 by 11%. Additionally, our 4th grade cohort's ELA proficiency in FY22 was 67% which is a 6% decrease from FY21. Walkthrough data indicates a need for explicit and intentional instruction aligned to the intended learning of the benchmark.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

When teachers deliver standards-based instruction that utilizes the 5E model and District resources, our fifth-grade science proficiency on the 2023 State Science Assessment will increase by 11% from 66% to 77%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The area of focus will be monitored through the following tools:

- Professional Development sign-in sheets
- Classroom observations
- Weekly common assessments
- Quarterly Benchmarks

Person responsible for monitoring outcome:

Rachel Callahan (callar1@collierschools.com)

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

Ensure daily science instruction is being taught through the 5E model utilizing grade-appropriate assignments that align to the standard.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The 5E Instructional Model is a research-based approach to designing instructional sequences within a unit where each phase (engage, explore, explain, elaborate, and evaluate) is used as the basis for one or more lessons.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

All fifth grade teachers will participate in professional development on the 5E model for high quality, standards-aligned science instruction.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Students will complete daily exit tickets to assist teachers on making instructional adjustments.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Teachers will engage in standards-aligned, collaborative planning that incorporates the 5E model.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Teachers will implement weekly lesson plans with fidelity.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

Students will take a weekly 5 question common assessment to track proficiency in each standard being addressed during instruction.

Person Responsible

Rachel Callahan (callar1@collierschools.com)

#3. Instructional Practice specifically relating to Math

Area of Focus

Description and

Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Since FY19, we have historically decreased in our overall Math proficiency from 81% to currently at 76% proficient. In FY22 our 3rd graders increased 8% from FY21 68% to FY22 76% proficiency. Our 4th graders decreased proficiency levels by 1% FY21 76% to 75% and our 5th graders decreased by 11% from FY21 81% to 70% proficient.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If the teacher deliver standards-based instruction that utilizes formative assessments to differentiate instruction to meet the needs of all students, our math proficiency on the 2023 state math assessment will increase by 4% from 76% to 80%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

We will monitor the progress of student achievement through our end of unit assessments, weekly formative assessments, quarterly benchmark data, and monthly PLCs.

Person responsible for monitoring outcome:

Kelly Zwack (zwackk@collierschools.com)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Teachers will use the evidence-based strategy of number talks during their math instruction.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Number talks builds numbers sense, fluency, and automaticity within the students to be successful with more complex mathematical tasks.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will receive on-going professional development on the BEST standards.

Person Responsible

Kelly Zwack (zwackk@collierschools.com)

Students will complete a weekly five question common formative assessment to track mastery on each benchmark.

Person Responsible

Kelly Zwack (zwackk@collierschools.com)

Students will track their progress on each common formative assessments in their leadership notebooks.

Person Responsible

Kelly Zwack (zwackk@collierschools.com)

Weekly Collaborative Planning focusing in how the teachers are addressing the benchmarks in their instruction.

Person Responsible Kelly Zwack (zwackk@collierschools.com)

Teachers will participate in a number talks professional learning session.

Person Responsible Kelly Zwack (zwackk@collierschools.com)

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

CES builds a positive school culture through promoting our schoolwide positive behavior systems. We have a token economy system, Corky Cash, for students to earn by demonstrating positive behavior and leadership. Classes can earn up to four paws each day during lunch, recess, related arts, and a outside compliment by demonstrating leadership skills and following the rules. These paws are collected on a paw chart and once the class has earned 5 charts, they receive a reward from administration. There are also several rewards students can earn by displaying positive behavior such as positive referrals, leader of the week, habit leader of the month, and excellence awards. The positive referrals can be written by any staff member or student within our CES family to any student that goes above and beyond to show positive leadership. The leader of the week is chosen by the class and/or classroom teacher for positive behavior within the classroom. The habit leader of the month is chosen by the classroom teacher for a student that is displaying behavior to match the habit of the month (example being proactive, Habit #1). This award is given out at our monthly and the students are showcased at our quarterly assemblies. The leader of excellence award is given to two students per quarter that have gone above and beyond to demonstrate their positive leadership skills.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Our school administration, leadership team, and PBiS action team work diligently to ensure that all students and staff have a voice in choosing rewards for positive behavior. We value their input on the systems we have put in place to ensure everyone is able to be successful.
