* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Coral Springs High School is to prepare students to meet the challenges of education, work, and life as we foster equal opportunities for success and celebration, in a safe environment of mutual respect that honors the diversity of the school community.

Provide the school's vision statement.

At Coral Springs High School, we prepare our students to be academically competitive, culturally appreciative, and technologically proficient. We foster a love of learning and regularly engage in professional collaboration. We support a safe and positive environment of mutual respect that honors the diversity of the school community. We practice the careful analysis of student assessments to increase student achievement in preparation for college and career readiness. We value the partnership that exists between our school and the community and the part it plays in radiating our tradition of excellence.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Suarez, Vivian	Principal	<p>INSTRUCTIONAL LEADERSHIP:</p> <ol style="list-style-type: none"> 1. Exercise proactive leadership in promoting the vision and mission of the District's Strategic Plan. 2. Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

The data shows that our students who are classified a male, minority and/or economically disadvantaged disproportionately represent the lowest quartile in reading and in math. These students generally lag behind others from the beginning of their educational experiences and will usually struggle to close the achievement gap for the rest of their academic lives. Our students continue to struggle with main idea and finding the author’s purpose using evidence-based responses which directly correlates to students who are unable to provide written explanations for their math answers. Thus, it is imperative that educators set high expectations and hold all students to the same standards for success so that the gap is not widened beyond restoration while focusing on the trends that continue to emerge yearly.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

According to the data, students who were labeled English Language Learners and those were traditionally in the lowest quartile showed the most improvement especially in math. It's important to note that students who are very low initially will often show significant gains as well as need the most improvement. Also, it's important to recognize that students are finally in a position to be in school for face-to-face instruction on a regular basis which may also account for the significant growth academically among the lowest quartile.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

One of the major contributing factors to poor student performance can be directly linked to a cycle of low expectations and access to suitable academic and human resources especially since the vast majority of our student population participated in online schooling. Nonetheless, the instructional practices of educators are predicated on accepting lower academic standards as the norm, pedagogically students are effectively denied access to high-quality education. Students who are held to lower academic standards will inevitably perform based on the expectations educators have placed on them. If students are not properly prepared for college, a career or life, then students will face their professional and/or personal lives with a self-perpetuating norm of low expectations. The cycle has to be broken. Below are ways to address this need for improvement.

- The academic communication with students should explicitly communicate expectations for learning
- The quality of questions/probing should exhibit depth of knowledge
- Instructional materials/resources, activities and assignments should be designed to actively engage students
- Assessments, student feedback and monitoring of progress should be aligned to standards and demonstrate rigor
- Student to student academic interactions should cultivate mutual learning and growth
- Student engagement should be focal point of instruction, etc.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

According to the data, students who were labeled English Language Learners and those were traditionally in the lowest quartile showed the most improvement, though students who are very low initially will often show significant gains as well as need the most improvement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Our Literacy Coach worked in tandem with our ESE Specialist and special area teachers to develop a plan of action to model lessons, conduct Push-Ins and Pull-Outs in order to influence their academic performance. The availability of human resources, physical resources, and the adequacy of classroom instruction and remediation were key contributing factors to student improvement. We also had a Math ESSER Coach for the 2021-2022 school year.

The new actions we are implementing this year is pairing English and Reading teachers together to ensure that there is a continuum of strategies and skills being taught between the classes. Also, English and Reading teachers are working together to conduct Pull-Outs with our struggling students to ensure we can continue to work towards bridging the gap. In addition, all content areas are providing remediation an enrichment sessions for our struggling students using formative assessment data to monitor academic progress. We also had after school tutoring as well as Saturday camps.

What strategies will need to be implemented in order to accelerate learning?

English and Reading: Literacy Coach /Interventionist support the rollout and administration of Pretest for Into Literature/ Read180/ System 44; Push In with Literacy Coach/Support based on HMH pretest data; Monthly standard focus for students; Pull out for B.E.S.T practices

Social Studies and Science: Newsela, DBQs, historical documents, Science World, PSAT passage practice x2 per month

School-wide Literacy and Cross-Curricular Instruction: Morning Announcements: Pre-taped vocabulary, grammar type messages. Incentives for participation; writing project once a month in the media center with English teachers and speakers; monthly Meet Ups with English classes; battle of the Books, etc.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional Development at Coral Springs High School is an on-going and integral part for the teaching community. Every teacher is part of a Professional Learning Community (PLC) that meets regularly to review and analyze student achievement data, share best practices as it relates to Florida Standards and monitor student learning. Ultimately, the aim is to better our practice and to provide our students with a rigorous, relevant learning environment. We also have four (4) designated Professional Study Days which provides time for teachers to evaluate problematic areas in the curriculum and to engage in an ongoing cycle of professional growth to maximize student achievement that may not be possible otherwise. We also have Teacher Planning Days and Early Release days which also allows for additional ongoing professional development.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

This year the federal government has allotted Elementary and Secondary School Emergency Relief (ESSER) Federal Funding which allows us to have access to additional human and physical capital to ensure the sustainability of our improvements. During our pull-out sessions per content area (based on school-wide literacy initiative), measurement of success will be determined by students' abilities to properly utilize strategies on formative assessments to show growth in areas of weakness. Success on formative assessments will be 70% or above. Students who do not score 70% or above will be remediated with a specific target on deficit standards. Students' ultimate measure of success will be determine a pass rate (3 or higher) on the state mandated standardized test (FSA/B.E.S.T/EOC/AP/ AICE exams).

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA

Area of Focus

Description and Rationale: The ability to read and comprehend is the crux of all academic success as reading is absolutely involved in everything students encounter throughout their day. Comprehension is crucial for basic academic success and regardless of what subject students may falter in, it can all be traced back to a lack of reading comprehension. For example, in science, students must read and understand facts about animals, plants, the scientific method, etc.; in math, students are given word problems; in history, students must be able to read The Constitution; in music, students must have a form of literacy to read sheet music. Reading and comprehending which involves thinking about the words being read and deriving a meaning for just those words and the text as a whole across all content areas is what will cause our students to maximize their academic success.

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Measurable Outcome: State the specific measurable outcome the school plans to achieve.

By June of 2023, students will increase proficiency in Reading by 2% or more on the F.A.S.T.

This should be a data based, objective outcome.

Monitoring: Describe how this Area of Focus will be monitored for the desired outcome.

This Area of Focus will be monitored by progress monitoring of formative and summative assessments to illustrate levels of mastery and remediation needs.

Person responsible for monitoring outcome:

Tameka King (tameka.king@browardschools.com)

Evidence-based Strategy: Describe the evidence-based strategy being

The evidenced-based strategies being implemented for this Area of Focus are common assessments based on critical thinking skills; data-driven instruction and remediation; content-based vocabulary instruction/practice; school-wide literacy and common language; transference skills cross curricular; READ180.

implemented for this Area of Focus.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

The rationale for selecting these strategies is based on researched based needs of effective instruction which includes assessment, integration, and extension of relevant background knowledge and the use of relatable texts. There is considerable evidence that students ability to comprehend and acquire fluency which directly impacts their ability to activate, infer, monitor-clarify, question, search-select, summarize, and visualize-organize. All of those components are essential for reading comprehension.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

- Interventionist support the rollout and administration of Pretest for Into Literature/ Read180
- Push In with Support based on outcomes of HMM pretest data and FAST PM #1, etc.
- Pull Out with Support based on Reading & Phonics Inventory results

Person Responsible Tameka King (tameka.king@browardschools.com)

#2. Instructional Practice specifically relating to Collaborative Planning

Area of Focus
Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Our data shows that the area of greatest needed improvement is academic literacy. Academic literacy is necessary in all areas of academia and research shows that having common language and reinforcement of learned skills throughout the day will have a significant impact on student achievement.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 2023, English and Social Studies will work in tandem on developing common academic language and Math and Science will work in tandem on developing common academic language and each department will see a 3% growth in proficiency on their statewide assessments.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Literacy/content-specific academic language infused in all subject-areas and noticeably transferable across content areas.
 Shared data and constructive PLC Meetings.
 Classroom Walk-Throughs and student assignments
 Teachers will open their classroom doors and provide feedback
 Department Head/PLC Meetings and Administrative walk-throughs

Person responsible for monitoring outcome:

Tameka King (tameka.king@browardschools.com)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Develop common assessments/ language
 Professional Development for teachers to learn Project –Based learning
 Development of literacy plans for content-areas
 Develop cross-curricular teams and revamp PLC to focus on needed areas of concentration to show measured growth on FAST/EOC/AICE/AP exams. For example, reading teachers are leading the 9th and 10th grade PLCs to ensure reading strategies are being properly implemented

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The rationale for selecting these strategies is based on researched based needs of effective instruction which includes assessment, integration, and extension of relevant background knowledge and the use of relatable texts. There is considerable evidence that students ability to comprehend and acquire fluency which directly impacts their ability to activate, infer, monitor-clarify, question, search-select, summarize, and visualize-organize. All of those components are essential for reading comprehension across the content areas.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Bi-weekly meetings, Leadership Challenges, Teacher Opening Doors, Cross-Curricular project-based learning

**Person
Responsible**

Tameka King (tameka.king@browardschools.com)

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Our earnest endeavor is to build a sustainable, safe and supportive school culture that allows the entire school community to have a strong, and visible sense of belonging while deliberately fostering high levels of self-efficacy, academic and social success. In order to accomplish this we continuously do a needs assessment and monitor school-wide/district-wide changes; we create teams to oversee and monitor our established processes; we develop sustainable action plans by soliciting the engagement and support at all leadership levels; we promote structural changes within our school to align operations to our school-wide mission and vision. Therefore, our school's culture and shared values can be concentrated in one word: Excellence. We pride ourselves on creating equitable opportunities for our entire school community to succeed in whatever endeavors they choose to pursue. Some of our strengths include, principal orchestrated conversations with stakeholders via Colt Café, conversations with students via Snack Chat, and conversations with teacher and staff via Colt Conversation. Our school has various other modes of celebrating staff such as Shout Outs or Colts of Character. We have several communication modes: website, parent links, Canvas announcements, newsletters, weekly bulletin, Remind, Twitter, Instagram, Youtube channel, comment box (including barcode scanner) etc. Our school works hard to provide opportunities for staff to show off their gifts and talent whether it's in our Colt Idol (a version of American Idol) or trivia game, etc. We also bring in professionals to provide acts of self-care. We practice an open-door policy so faculty and staff can always have access to us. We have monthly and bi-weekly PLC and Department Head meeting. We have four (4) mentorship type clubs (PASL, LIA, MTL, and WOT). We have over 20 clubs/activities several of which that are designed to give unique students a voice such as: Black Student Union, Jewish Student Union, Human Relations Counsel, Best Buddies, Gay/Straight Alliance, Kindness Matters, etc. We have over 30 sports—something for everyone. We have three Innovative Programs: Cambridge, Career and Technical Education, and Dual Enrollment. Guidance counselors meet with at-risk or low achieving students quarterly or as often as necessary. We have something for every student at our school. We communicate a "Culture of Care," with our faculty/staff during Opening Week activities; with our school community at-large via Back to School Newsletter; with our students during Grade-Level Assemblies. Our mantra is Everybody, Everywhere, Every day in Every way... We are #ColtsUnited and we stand by that. We Build the Dream.

Identify the stakeholders and their role in promoting a positive school culture and environment.

School Administration, including Behavior Specialist, ESE Specialist, Guidance Counselors, Social Workers, Campus Security Manager Campus Monitors and School Resource Officers (SROs); Business Partners; Clerical; Faculty; School Advisory Council (SAC) which is comprised of parents, students and faculty and staff; School Advisory Forum (SAF); Parent Teacher and Student Organization (PTSO); Faculty Council; School Literacy Team; Athletic Coaches and Club Sponsors; Professional Learning Community Leaders; Department Heads. Each of these entities have a common interest which is to ensure that our school is safe and the school environment is conducive for learning/academic growth and social growth to guarantee that all of its continents are college, career and life-ready. Each faction works in tandem to monitor the aspects of our School Improvement Plan which deals with every aspect of our school climate, including working and learning conditions.
