Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission at Margate Elementary is to to educate all students to the highest levels of academic achievement, to enable them to reach and expand their potential, and to prepare them to become productive, responsible, ethical, creative and compassionate members of society.

Provide the school's vision statement.

Our vision at Margate Elementary School is to create a nurturing environment so that our students will become independent, successful, life long learners by providing a high quality, differentiated and innovative curriculum based on the B.E.S.T and Florida State Standards.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Schroeder, Thomas	Principal	<p>The Principal will be responsible for the following areas:</p> <ol style="list-style-type: none"> 1. budget – have total control of the school budget, including final approval of expenditures within board approved guidelines – review the budget with the staff and the advisory before May 1 of each year 2. audits – meet audit requirements in the use of all funds 3. facilities: <ul style="list-style-type: none"> initiate minor capital repairs up to \$1,000 work with project manager/architect for renovations oversee on-going maintenance ensure adherence to good safety procedures 4. Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Students in grades 3-5 had a steady increase in learning gains on the ELA FSA between the 2018-2019 (from 54%) and 2021-2022 (to 69%) school years. These same students either maintained or demonstrated an increase on the Math FSA these same years (from 77% to 78%). Overall proficiency in ELA had a slight decline from (55% to 50%) and Math we saw more of a decline from 67% to 53%. Students in fifth grade had a slight decline in the Science FCAT proficiency between the 2018- 2019 and 2021-2022 school years (53% to 39%)
Our ESE, ELL and Black subgroups averaged lower than our White subgroup across subject areas each year. Hispanic students' averages were also lower than White students in most areas, with the exception on ELA Learning Gains.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

School City data indicated that reading was the area of greatest need for improvement. Anticipated growth analyzed from the BOY to MOY for 3rd through 5th grades was minimal with students performing below grade level at 42%, while students more than a year below grade level decreased some, from 25% at the start of the year to 20% at the middle of the year. Although our third through fifth graders had a slight decline in reading proficiency, there was a in reading learning gains of 13% percentage points on the 2022 ELA FSA.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Factors that contributed to this need for improvement are some students in these grade levels were reading two or more years below grade level based on School City Assessment data. Data the year prior indicated the need to target math. There was a large focus on math remediation for these grade levels which decreased the allotted time for enrichment for ELA. Funding for after-school tutorials were limited and primarily focused on math remediation. Students also has to be reoriented to coming back to school after the pandemic.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Students in grades three and five had a significant increase in ELA and Math learning gains on the 2022 the FSA We increased 23 percentage points in math learning gains and 30 percentage points in the lowest quartile learning in ELA.

What were the contributing factors to this improvement? What new actions did your school take in this area?

We targeted math in for our push-in and after-school tutorials. Teachers also meet weekly to discuss Math lessons and Small group reteach lessons. Teachers also discussed Math interventions and emphasized the use of manipulatives. The math coach shared weekly strategies and resources to support classroom teachers. We also had weekly Professional Learning Community Meeting to discuss Strategies and share lesson plans. Additionally, we have continued our partnership with the University of Florida and the UFLI program. All of our teachers have been trained in Foundations and are utilizing it in their classrooms.

What strategies will need to be implemented in order to accelerate learning?

Our teachers have received and will be utilizing the new materials that are aligned with the B.E.S.T. standards. Differentiated small group instruction will be utilized to meet the varying needs of students. The University of Florida Literacy Initiative (UFLI) will be incorporated to improve phonemic awareness, comprehension, vocabulary and writing skills.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

We also have partnered with the University of Florida, who is supporting our school with their UFLI program, which focuses on struggling readers. Teachers receive support through PLCs, modeling, classroom visits and one-on-one mentorships. There will be a focus on effective small group instruction throughout our school.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

The University of Florida coaches are mentoring our school-based coaches and gradually release the support as the year goes on. Our school-based coaches are also supporting classroom teachers with B.E.S.T. standards implementation and small group strategies. Teachers will continue to receive support through PLCs, modeling, and classroom visits from our leadership team

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Reading directly impacts all the other content areas. If students cannot comprehend the questions, they cannot effectively demonstrate their understanding.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 2023, 62% of our third-fifth grade students will score at or above a level 3 on the 2023 FAST Assessment.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Professional Learning Communities and Lesson Study

Person responsible for monitoring outcome:

Patricia Moore
 (patricia.moore@browardschools.com)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Implementation of the University of Florida Literacy Initiative (UFLI) for all grade levels impacting all students including those in all subgroups. In primary grades, balanced literacy instructional strategies, as well as Fountas and Pinnell Phonics, Spelling, and Word Study lessons will be the core instructional strategies for the whole group and small group guided reading. The UFLI ELA instructional strategies will be utilized during the one-hour intervention block school-wide. In the intermediate grades, standards-based instruction for the whole group will be taught using the District Scope and Sequence for standards and Document-Based Questioning resources (DBQ). Primary teachers will utilize the UFLI lesson framework for small group instruction and intermediate teachers will use the framework for intervention.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Implementation of the University of Florida Literacy Initiative (UFLI) for all grade levels impacting all students including those in all subgroups. In primary grades, balanced literacy instructional strategies, as well as Fountas and Pinnell Phonics, Spelling, and Word Study lessons will be the core instructional strategies for the whole group and small group guided reading. The UFLI ELA instructional strategies will be utilized during the one-hour intervention block school-wide. In the intermediate grades, standards-based instruction for the whole group will be taught using the District Scope and Sequence for standards and Document-Based Questioning resources (DBQ).

Primary teachers will utilize the UFLI lesson framework for small group instruction and intermediate teachers will use the framework for intervention.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Yearlong professional learning communities to monitor student reading progress
2. UFLI Coach and Literacy Coach will meet with teachers as needed
3. Data will be monitored and growth measured at the end of each unit cycle using School City standardsbased assessments.
4. BAS assessments will be given and analyzed for teaching targets based on the District guidelines or more frequent as needed.

Person Responsible

Patricia Moore
(patricia.moore@browardschools.com)

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

The area of focus is mathematics. Instruction in the content area of math at the elementary level is foundational and impacts future student learning in mathematics as they progress to the secondary level.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 2023, 62% of grades 3-5 students will score at or above a level 3 on the 2023 FAST PM 3.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Professional Learning Communities and Lesson Study

Person responsible for monitoring outcome:

Shannon Mills
 (shannon.mills@browardschools.com)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Utilize the Elementary Learning District Focus Calendar, Lesson Plans, and Assessments in conjunction with the 60-minute standards-based effective math block.

We will also add 30 minutes to the Math block to address learning gaps.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Teachers need support in planning standards focused lessons at the level of rigor needed for students to acquire the knowledge and understanding of mathematical concepts in order to apply the math skills to problem solve.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Introduce the District Scope and Sequence, lesson plans, and assessments to team leaders

Person Responsible

Shannon Mills
 (shannon.mills@browardschools.com)

2. Roll out the focus calendar and lesson plans to the staff.

Person Responsible

Shannon Mills
 (shannon.mills@browardschools.com)

3. Provide professional development review of the 60-minute standards-based effective math block for new staff.

Person Responsible

Shannon Mills
 (shannon.mills@browardschools.com)

4. Implement the Topic Assessments and Cumulative Assessments for Math.

Person Responsible

Shannon Mills
 (shannon.mills@browardschools.com)

5. Implement a lesson study/data monitoring focused Professional Learning Community for all grade levels

Person Responsible

Shannon Mills
(shannon.mills@browardschools.com)

6. Provide District training for higher-order questioning, Standards-based instruction, and use of manipulatives for instruction

Person Responsible

Shannon Mills
(shannon.mills@browardschools.com)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

According to our Spring 2022 End of the Year Reading Assessment Data (Benchmark Assessment System), an average of 49% of our K-2 students were on track to attain proficiency. The grade-level breakdown for Kindergarten is that 56% of students met the target of a level D, 49% of first grade met the target of a level J and 71% of our second grade students met the target of a level M. Based on the data generated, our school is implementing the University of Florida's Foundation Phonics-Based Curriculum to implement Tier One instructional practices. This includes an in-depth lesson study and data analysis review of quarter data utilizing the DIBELS progress monitoring system.

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

Overall, 50% of our grades 3-5 students demonstrated proficiency as measured by the 2022 ELA FSA Assessment. The grade level breakdown included: 53% of third grade; 46% of fourth grade and 51% of fifth grade. As a result, we have implemented a push-in inclusive model targeting foundations of reading along with comprehension/standards-based instruction. Each class has a push-in support personnel to help bridge the gap for our students not at proficiency.

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

By June 2023, 55% of our K-2 students will demonstrate proficiency as measured by the Spring DIBELS Assessment (targeting the ORF sub-test).

Grades 3-5: Measureable Outcome(s)

By June 2023, 55% of our 3-5 students will demonstrate proficiency on the Spring FAST ELA Assessment.

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

Our school will be utilizing the following progress monitoring instruments to determine effectiveness on a quarterly basis: DIBELS, BAS, FAST PM 2, Benchmark Cumulative Assessments and Common Formative ELA Assessments. Quarterly data will be reviewed by the literacy leadership team to drive the next's quarter instructional plans.

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Moore, Patricia, patricia.moore@browardschools.com

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

We are utilizing the UFLI Foundations program for our k-2 students along with the UFLI small group instructional model for our K-5 small group instruction. These programs/models align to the BEST

Standards and are included in the K-12 Comprehensive Reading Plan. Additionally, our school has adopted the Benchmark Advanced Curriculum to implement across classrooms.

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

The evidence-based programs are providing a TIER One instructional gap for our school in the area of decoding, phonics and phonemic awareness for our primary students. Additionally, the small group model developed by the University of Florida provides support in all areas of reading development.

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step	Person Responsible for Monitoring
1. Yearlong professional learning communities to monitor student reading progress	Moore, Patricia, patricia.moore@browardschools.com
2. UFLI Coach and Literacy Coach will meet with teachers as needed	Moore, Patricia, patricia.moore@browardschools.com
3. Data will be monitored and growth measured at the end of each unit cycle using Benchmark Advanced standards-based assessments.	Moore, Patricia, patricia.moore@browardschools.com
4. BAS assessments will be given and analyzed for teaching targets based on the District guidelines or more frequent as needed.	Moore, Patricia, patricia.moore@browardschools.com

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Margate Elementary believes in the power of building positive relationships which will, in turn, create a fulfilling environment where students feel safe, valued, and respected. With this optimum environment, students will have the opportunity to succeed in their social-emotional and academic learning.

To achieve this positive culture, Margate Elementary's plan is based on our mission statement: Our mission at Margate Elementary is to create a nurturing environment so that our students will become independent, successful life-long learners by providing a high quality differentiated and innovative curriculum based on the B.E.S.T standards and and the Florida State Standards.

First, our students' social-emotional learning begins in the classroom with lessons on regulating emotions and behavior through the use of breathing techniques, yoga, exercise, and Zones of Regulation. In addition, our Guidance Counselor and social worker are available to our students and families on a regular basis. Our guidance counselors provide Counseling Conversations specials to all of our students or one on one basis.

Our school has a School-wide positive behavior program including a positive rewards system, where students can earn tokens for positive behavior, class participation, and academic achievement. Students may also receive positive recognition by participating in the Principal's Lunch bunch and Student of the Month. We utilize the acronym, ROAR (Ready to Learn, Own my Behavior, Act Responsibly and Respect Others) We honor the ROAR students of the week on a weekly basis.

Students may participate in extracurricular activities both within the school day and beyond the regular school day through our varied menu of clubs including the following: Debate Club, Student Government, Music Club, Safety Patrol. Students and their families also have opportunities to participate in the many Parent family nights including Sunday Storytime. Margate Elementary knows the importance of keeping the lines of communication open and we do this through our various social media platforms (Facebook, Twitter, Parent Links and, Website), as well as providing and supporting Virtual Parent Informational Zoom meetings, Parent Academies, School Advisory Council/Forum meetings, School Advisory Forum meetings, and the Parent-Teacher Association.

The administration also nurtures the positive culture among staff through incentive programs such as preferred teacher appreciation, and voluntary "Principal Chats" with the administration team.

Finally, Margate Elementary continues to build partnerships with local businesses and the local city government and public safety groups by encouraging participation in Margate's school parent/ community groups, Family School Nights, Celebrations, as well as classroom speakers and guest presenters.

Identify the stakeholders and their role in promoting a positive school culture and environment.

The Principal and the Assistant Principal as well as the entire Margate staff are responsible for promoting a positive culture and environment at Margate Elementary.

Part V: Budget
