## School Board Approval

This plan is pending approval by the Broward County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part III: Planning for Improvement

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

Historically, students in 3rd-5th grade in the SWD subgroup do not perform well on progress monitoring assessments and the FSA. These students also tend to perform lower in content areas like science (measured by SSA) and social studies.

#### What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

The areas in greatest need of improvement based on the 2021-22 FSA are ELA achievement and ELA lowest quartile learning gains, and Science Achievement.

#### What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Some contributing factors that contribute to the need for improvement include student attendance and parent involvement. To address these needs, we are developing interventions to address the alterable barriers such as implementing attendance incentive programs and implementing our Parent & Family Engagement Plan.

#### What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

The areas that showed the most improvement on the 2021-22 assessments include Math learning gains.

#### What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors include conceptual-based instruction using manipulatives and students response boards. Our school facilitator various professional development opportunities to effectively implement these changes in instruction.

#### What strategies will need to be implemented in order to accelerate learning?

In order to accelerate learning, teachers will address unfinished learning due to the pandemic. In addition, teachers need to continue providing effective instruction and differentiating to meet students' individual needs.

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

Some professional development opportunities that will provided include FAST-based writing PD, using response boards to provide immediate and specific feedback, and effective standard-based instructional strategies.

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

In addition to professioanl development, the instructional coaches will be modeling and provding support for all K-5 teachers, as well as facilitating PLC's

### **Areas of Focus**

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

**#1. ESSA Subgroup specifically relating to Students with Disabilities**

**Area of Focus Description and Rationale:**  
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on 2021-2022 FSA data in ELA our ESSA subgroup that performed the lowest were students with disabilities. These subgroup scored lower than the federal index of 44%.

**Measurable Outcome:**  
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 2023, all subgroups in grades 3-5 will increase their reading proficiency gains more than 44%, as measured by the FAST.

**Monitoring:**  
Describe how this Area of Focus will be monitored for the desired outcome.

To monitor this area of focus, we will use Benchmark Advance Unit Assessments and FAST Progress Monitoring 1-3.

**Person responsible for monitoring outcome:**

Stephanie Futscher  
(stephanie.futscher@browardschools.com)

**Evidence-based Strategy:**  
Describe the evidence-based strategy being implemented for this Area of Focus.

Students needing a tier 2 interventions, teachers will implement LLI. Students needing a tier 3 interventions, teachers will implement Elevate.

**Rationale for Evidence-based Strategy:**  
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The early intervention strategies begin with cycles of Class Reviews following BAS and digging deeper assessments to determine which students are reading below grade level. From the assessment data, the collaborative problem-solving team and literacy team meet with individual teachers to identify students' reading levels, as well as areas of concern in order to place students in the appropriate intervention with the targeted reading strategy. Interim BAS is used to progress monitor students in interventions, in addition to the intervention probes to determine if the intervention provided is successful. In addition to intervention, students receive differentiated TIER 1 instruction and independent tasks to meet their needs and scaffold grade level standards.

**Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

**#2. Instructional Practice specifically relating to ELA**

<b>Area of Focus Description and Rationale:</b> Include a rationale that explains how it was identified as a critical need from the data reviewed.	Based on 2021-2022 FSA data in 3rd-5th Grade ELA Proficiency was 35%. This could be attributed to lack of interventions to assist with closing the achievement gap for students with learning deficits.
<b>Measurable Outcome:</b> State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.	At the end of 2022-2023 school year, 3rd-5th grade proficiency will increase to above 50% as measured by the ELA FAST.
<b>Monitoring:</b> Describe how this Area of Focus will be monitored for the desired outcome.	To monitor this area of focus, we will use the FAST Progress Monitoring 3 times throughout the year. In addition, we will use Benchmark Interim Assessments to monitor students' progress.
<b>Person responsible for monitoring outcome:</b>	Stephanie Futscher (stephanie.futscher@browardschools.com)
<b>Evidence-based Strategy:</b> Describe the evidence-based strategy being implemented for this Area of Focus.	Students needing tier 2 interventions, teachers will implement LLI. Students needing tier 3 interventions, teachers will implement Reading Horizons.  The early intervention strategies begin with cycles of Class Reviews following BAS and digging deeper assessments to determine which students are reading below grade level. From the assessment data, the collaborative problem-solving team and literacy team meet with individual teachers to identify students' reading levels, as well as areas of concern in order to place students in the appropriate intervention with the targeted reading strategy. ## RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

**Area of Focus Description and Rationale**

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

**Grades K-2: Instructional Practice specifically relating to Reading/ELA**

Based on 2021-2022 Primary End of Year Assessment and BAS data, more than 50 percent of students are not on track to score a Level 3 or above on the statewide assessment.

**Grades 3-5: Instructional Practice specifically relating to Reading/ELA**

Based on 2021-2022 FSA ELA assessment, more than 50 percent of students scored below a Level 3.

**Measurable Outcomes:**

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

**Grades K-2: Measureable Outcome(s)**

Based on 2022-2023 FAST Progress Monitoring 3, more than 50 percent of students will be on track to score a Level 3 or above on the statewide assessment.

**Grades 3-5: Measureable Outcome(s)**

Based on 2022-2023 FAST Progress Monitoring 3, more than 50 percent of students will be on track to score a Level 3 or above on the statewide assessment.

**Monitoring:**

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

In order to monitor students in ELA students will take the FAST Progress Monitoring. In between, students will take interim assessments provided through Benchmark Advance. Interim BAS is used to progress monitor students in interventions, in addition to the intervention probes to determine if the intervention provided is successful.

**Person responsible for monitoring outcome:**

Select the person responsible for monitoring this outcome.

Machin, Vanessa, [vanessa.machin@browardschools.com](mailto:vanessa.machin@browardschools.com)

**Evidence-based Practices/Programs:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

Currently state adopted curriculum (Benchmark Advance) is being utilized in the classroom. This curriculum provides instruction and assessments for ELA. Assessment data will be used to progress monitor students progress. This curriculum aligns with the district's K-12 Comprehensive Evidance Reading Plan and align to BEST Standards.

**Rationale for Evidence-based Practices/Programs:**

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

Benchmark Advance provides rigorous- standard based instruction in ELA. Curriculum has a proven record of effectiveness for students.

**Action Steps to Implement:**

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

### Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

#### Describe how the school addresses building a positive school culture and environment.

Stephen Foster Elementary builds a positive school culture and environment through our implementation of our SPBP. This positive system focuses on positive behaviors rather than negative. We use our SPBP Lessons schoolwide, to minimize behavior incidents both in and out of the classroom. We develop our SPBP with various stakeholders and share at a School Advisory Meetings. We also work with the aftercare program to maximize positive behaviors for our students who attend the program on-site.

#### Identify the stakeholders and their role in promoting a positive school culture and environment.

The stakeholders primarily responsible for promoting a positive culture and environment at our school are our school staff. On a day-to-day basis, our school staff implements the components of our SPBP. This

helps

to promote a positive school culture and minimize behavior incidents in and out of the classroom. In addition to our school staff, the parents and community partners are also a part of promoting a positive school culture, as they are a part of SAC and SAF Mettings, as well as family events at the school.
