Demographics

Principal: Adrienne Vos

Start Date for this Principal: 11/1/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2021-22 Title I School	Yes
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students* Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2021-22: C (52%) 2018-19: B (60%) 2017-18: D (35%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	ATSI

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Manatee County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Blackburn Elementary is to provide an inclusive highly-engaged environment aimed to build our learners towards success: academically, emotionally, and socially.

Provide the school's vision statement.

The vision of Blackburn Elementary is to ensure all students become resourceful, independent thinkers who set goals, challenge themselves to be problem solvers, and become positive and productive citizens. This commitment will ensure both social and academic confidence, promote risk-taking, encourage initiative, and meet the unique needs of all students.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Delk, Danielle	Principal	*Teacher Evaluation School Improvement Lead Office and Support Staff Evaluator ILT/Data Team chair/5th Grade Data/Instructional Coaching Discipline Community Outreach/United Way Facilities FTE Administrator Lesson Plans MTSS Member Roster Verification SAC Facilitator/Member
Baker, Bryan	Assistant Principal	Teacher Evaluation Paraprofessional Supervision and Evaluation Chair of Safe & Orderly Schools Committee Discipline ILT/Data Team member/4th grade Professional Development Coordinator Data/Instructional Coaching Roster Verification(Back-up) Testing Administrator (FAST, District Benchmark Assess, ESOL-Coordinator With ESOL Resource Teacher Lesson Plans Report Cards/Progress Reports Textbook Administrator
Linton, Lisa	Reading Coach	*MTSS coordinator (Tier 2 and Tier 3 interventions) *Coordinator of teacher professional learning materials *ILT / 2nd Grade *Coordinator of Extended hour K-5 *Modeling and coaching of all instructional practices (Gen Ed and ESE) *Curriculum resources (Benchmark Advance, small group instruction, electronic resources, etc) *Data Team Member across Content Areas *L25 / Bubble Small Group Instruction *Literacy Committee Chair *AICE representative 1st grade
Matazinski, Lillian	Dean	*Discipline *Classroom CHAMPS Coaching *PBIS Chair and Coordinator *MTSS B *ILT *Data Team Member *ESE Liaison

Name	Position Title	Job Duties and Responsibilities
		*Bullying Contact Testing Coordinator: • FAST • District Benchmark Assess • STAR * Title I Crate * Student of the Month- Lifeskills *School Mentor
Haun, Sarah	Curriculum Resource Teacher	*K-2 Interventions, Instructional Support *National School Holidays *ILT K and 1st grade *Student Assemblies Coordinator *Push in support for K-2 *Reading Pals / Learning Pals Coordinator (United Way) *Kindergarten Transition Meetings
Jefferson, Theresa	School Counselor	*Individual and Group Counseling *Coordinator of Monthly Character Ed *504 Coordinator *Gifted Liaison *PBS Team Member *Check In Check Out Coordinator * ILT * MTSS Chair *Liaison for: Project Heart, Family Resources, Tidewell, and Hospice

Demographic Information

Principal start date

Sunday 11/1/2020, Adrienne Vos

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

8

Total number of teacher positions allocated to the school

50

Total number of students enrolled at the school

548

Identify the number of instructional staff who left the school during the 2021-22 school year.

4

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

While growth has occurred over the past few years, ELA continues to be an area of difficulty for students, including SWD. Based on FSA data, ELA proficiency was 40% while students with disabilities performed at 31% satisfactory. Students with disabilities are also underperforming their peers in the area of math.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Based on 2022 state assessments, ELA proficiency was 40% when the target was 50%. In the learning gains category, Blackburn earned 51% with the target being 62%. ELA lowest quartile was 44% when the goal was to meet 65%. Based on these three components of ELA areas not met, ELA is the greatest area of need.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors include lack of foundational skills and vocabulary needed to support reading comprehension.

In order to address the need for improvement, focus need to be strong foundational skills in primary grades to build the skills needed for student achievement in intermediate grades in the area of vocabulary and comprehension.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Based on 2022 state assessments Math continuous to show the most improvement and strength to the school. Student achievement was 64% and learning and lowest quartile gains were 67% and 56%, respectively.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Contributing factors to continuous math improvement include strong Acaletics block implemented with fidelity and remediation groups are implemented as needed for any student not meeting proficiency.

What strategies will need to be implemented in order to accelerate learning?

In order to accelerate learning in the area of Math, students are grouped into Accelerated Acaletics math groups as well as Acceleration for core instruction in grades 3 and 4. In the area of ELA, the main instructional focus will be targeted small group instruction.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional Development opportunities will be provided to the staff based on their specific areas of need in addition to facilitated PD by the reading coach and District Instructional Specialists to target small group instruction needs.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

In order to ensure sustainability of improvement, Blackburn maintains a low staff turnover over the past few years which builds teacher capacity. In addition, Blackburn's AICE program develops the skills of research, analysis, evaluation, reflection, collaboration and communication to strength knowledge in the core content areas.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on standardized scores, students were lacking foundational and comprehension skills needed in ELA to meet proficiency. In order to close the achievement gap and increase proficiency, teachers will create instructional groups and strategically pull small groups to focus on deficits and areas of need.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May of 2023, 50% or more of students will meet proficiency in ELA as evidenced on the FAST Assessment.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Student data will be continuously monitored using: Data analysis based on each FAST assessment, both by individual teachers and grade level teams
 Teachers will also analyze student work samples during collaborative planning to norm expectations throughout grade levels to close deficits. Analyze running records to determine miscues and next steps instructionally.

Person responsible for monitoring outcome:

Danielle Delk (delkd@manateeschools.net)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Utilizing small group instruction with targeted interventions (Tier 2 and Tier 3) including Benchmark Advance Intervention Kits for Tier 3 (Response to Intervention)
 Integrating Prior Knowledge to help comprehend complex texts
 Transfer of Knowledge (applying what you have learned to new text)

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

All three strategies are high yield strategies for instruction. Based in student data, focused, small group instruction is needed to close the achievement gap specifically students with disabilities.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Yearlong professional development and coaching support from Instructional Specialists for delivery practices for small group instruction. Yearlong grade level collaborative data meetings and instructional planning facilitated by an Instructional Leadership Team member to plan for responsive teaching.

Person Responsible

Danielle Delk (delkd@manateeschools.net)

#2. Instructional Practice specifically relating to Standards-aligned Instruction

**Area of Focus
Description and
Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Critical needs based on prior school student data include a lack of student comprehensive understanding of academic math and science vocabulary.

**Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.**

By May of 2023, students will score 67% proficient in math and 45% in Science.

Walkthroughs with administration and Reading Coach to monitor use of evidence of preplanned turn and talk higher order thinking questions focused on content specific math and science vocabulary acquisition, as well as write pair share responses using key vocabulary recorded in weekly lesson plans. Walk throughs will focus on monitoring implementation of math best standards.

**Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.**

We will monitor student performance on summative and formative assessments including Acaletics as well as all district and state assessments.

Acaletics walk throughs, regrouping of students, support from Acaletics personnel, and coaching cycles for instructors of Acaletics.

Administration and instructional coach will conduct science based instructional walk throughs focused on the science instructional framework in fifth grade.

Person responsible for monitoring outcome:

Danielle Delk (delkd@manateeschools.net)

**Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.**

Evidence based strategies include summarizing, DBQ and Inquiry text in acceleration program, teacher clarity through year long collaborative planning and professional development facilitated by instructional specialists and instructional leadership team members.

**Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.**

All three evidence based strategies are high yield strategies to support students with academic vocabulary growth in the areas of math and science.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Professional Development and support from Instructional Specialists focused on content specific vocabulary in both math and science.
2. Collaboration with Instructional Specialist to focus on grade level, rigorous instruction to meet Science standards including content vocabulary using the science instructional framework.
3. Grade level collaborative data meetings facilitated by an Instructional Leadership Team member to plan for responsive teaching.

Person Responsible Danielle Delk (delkd@manateeschools.net)

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and

Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Looking at our ESSA subgroup of students with disabilities, our students scored below the 41% benchmark, scoring 40% this instructional practices for SWD to increase proficiency.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May 2023, SWD will Increase of proficiency in all content areas including 10% in ELA, 7% in Math and 5% in Science.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

SWD data will be monitored through the following:
 Intervention data (Tier 2 and Tier 3)
 Benchmark Advanced Unit Assessment
 Running Records
 FAST

Person responsible for monitoring outcome:

Danielle Delk (delkd@manateeschools.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Blackburn will focus on Response to Intervention during extended hours will all SWD students.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Based on Hattie's High Yield Strategies, Response to Intervention has the highest high yield effect size. This will allow for targeted instruction for all students K-5 to close academic deficits and increase achievement.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Professional Development with follow up coaching support from ESE Instructional Specialists as well as school Reading Coach.

Person Responsible

Danielle Delk (delkd@manateeschools.net)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Students in grades K-2 will receive direct and explicit instruction on the B.E.S.T. standards of all areas of reading and writing aligned to the benchmarks of expected student outcomes for their grade level. Additional opportunities for targeted small group instruction and tiered support interventions will be provided based on progress monitoring and running records data. Teachers will integrate writing across all content areas to strengthen early literacy development.

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

Students in grades 3-5 will receive instruction on the B.E.S.T. standards for all areas of literacy in reading and writing aligned to benchmarks of expected student outcomes for their grade level. Opportunities for targeted small group instruction and tiered support interventions will be provided based on progress monitoring data. Teachers will integrate writing across all content areas to ensure students' abilities to fully express ideas through reasoning, citing evidence, and problem solving.

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

By May 2023, at least 50% of students in K-2 will score proficiency in ELA as measured by state progress monitoring assessment aligned to B.E.S.T.

Grades 3-5: Measureable Outcome(s)

By May 2023, at least 50% of students in 3-5 will score proficiency in ELA as measured by state progress monitoring assessment aligned to B.E.S.T.

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

Instructional practices will be monitored through the review of collaborative planning notes, lesson plans, and grade level alignment of standards, tasks, and formative assessments in reading and writing. A yearlong calendar of Data Chats and PD will support implementation of B.E.S.T. and new Benchmark Advance. MTSS is the systemic evaluation of instructional efficacy across all Tiers. Regularly scheduled walkthroughs will promote feedback practices and build teacher capacity for standards-based instruction and effective use of instructional materials.

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Delk, Danielle, delkd@manateeschools.net

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

Grade-level teams will plan collaboratively using a consistent planning protocol that supports instructional alignment. Teachers will use district-provided materials of Benchmark Advance for CORE reading and writing instruction aligned to B.E.S.T. Tiered intervention support will be provided using guided reading materials, and additional programs will be used to provide direct and explicit systematic instruction for more intense interventions. All learning will be progress-monitored through DIBELS for tier 2 and tier 3 interventions, and CORE instruction will be monitored through writing formative assessments and unit assessments aligned to the grade level benchmarks.

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

The purpose of planning, implementing, and monitoring responsive instruction is to ensure the progression of student learning and increase grade-level literacy proficiency. Effectively delivered intervention instruction will support Tier I literacy learning toward grade level mastery. The Decision-Trees from the Comprehensive Evidenced-based Reading Plan ensure that practices/programs address the identified need.

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step	Person Responsible for Monitoring
-------------	-----------------------------------

All action steps for the B.E.S.T ELA implementation Area of Focus also apply to the RAISE Area of Focus: Implement grade-level collaborative planning and provide professional development for Benchmark Advance, MTSS - A, FAST, running records, and the new writing rubrics. Provide ongoing coaching based upon student data, classroom observations, and teacher evaluation. School leadership will ensure the implementation of district curriculum/pacing guides and assessment calendars. Participate in and implement the professional development provided by the State Regional Literacy Directors to improve early literacy instruction. Implement the Decision-Trees from the Comprehensive Evidenced-based Reading Plan for reading intervention instruction. The instructional coach will participate in the monthly coaches' academy for ongoing PD on coaching for impact.

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

A positive school culture and environment focuses on the students, staff, families, and our community. Our staff strives to create a welcoming and positive environment for all. Our staff respond to the needs of the students wherever they are to improve their achievement. Our staff focuses on creating positive relationships with families using dojo and parent phone calls. Blackburn has a passionate staff with stakeholders willing to be flexible to meet all of the needs of our students. We have developed business and community partnerships to not only support our students but our staff as well. This year we have incorporated CHAMPS and Spark throughout the disciplines to ensure the focus is not only on the learning environment but throughout the campus as well. Our Instructional Leadership Team has created goals to ensure that our mission and vision is established and supported throughout the school year.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Our attendance liason Mrs. Sanches takes an active daily role in supporting student attendance. Mrs. Sanches is also our business partnership leader that brings supports together from throughout the community. Mrs. Matazinski supports our CHAMP's initiative that supports students being in the classroom to meet their educational needs with supports in place for the classroom environment. Dr. Jefferson our guidance Counselor, Mrs. Gangi another counselor and Mrs. Linton our reading coach take active roles in supporting a positive culture throughout the campus and community. Mr. Baker supports all students in staff with a priority on helping everyone grow into stronger students educationally and life skills wise. Mrs. Delk our principal guides our foundation of having a caring and supporting family environment here at Blackburn Elementary.
