School Board Approval

This plan was approved by the Columbia County School Board on 10/25/2022.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Student achievement in all subject areas is still below pre-quarantine levels on ELA, Math, and subject area tests. High absenteeism and a lack of ability to fill all teaching positions are still reducing potential growth.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

According to the 2021-22 Federal Percent of Points Index, English Language Arts demonstrate the greatest need for improvement. Following that; Math scores, while beginning to recover to 2019 levels, need attention to ensure gains continue. CTE achievement remains below state levels, closing subgroup gaps may result in higher index scores. Lastly, community involvement, in general, has been declining.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Low student attendance, changing standards, inability to fill critical positions and high staff turnover have all contributed to losses in English Language Arts and Math. Substantial support is needed among all subgroups to maintain gains and close gaps.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Math scores have shown the highest margin gains based on a comparison from last year.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Highly effective veteran teachers employed effective strategies and provided their colleagues support in the form of best practices and mentorship. Turnover has so far been low in the most senior math positions.

What strategies will need to be implemented in order to accelerate learning?

Accelerated learning can only be achieved by stability. Factors outside the control of the school are most likely going to provide the biggest barriers to continuing learning gains.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

The district has hosted collaboration opportunities. Further professional development opportunities are being discussed as needed.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Algebra 1 boot camp will be held in the summer.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Transformational Leadership specifically relating to Specific Teacher Feedback/Walkthroughs

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

The school leadership team will provide feedback to teachers every quarter to ensure that best practices are being followed to maximize the effect of strategies listed in the Areas of Focus listed in the SIP. Leadership will assume ultimate responsibility for the performance of school staff.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Scores in all areas will improve in both state assessments and district progress monitoring. Outcomes in this Area of Focus will align with others identified below.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

The leadership team will review data at least once every quarter to ensure that progress monitoring and student achievement align with other Areas of Focus.

Person responsible for monitoring outcome:

Keith Couey (coueyk1@columbiak12.com)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

District-based progress monitoring is designed to predict outcomes of state assessments.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

This is a traditional and effective method.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#2. ESSA Subgroup specifically relating to English Language Learners**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-22 Federal Percent of Points Index published by the Florida Department of Education, English Language Learners have been identified as a being a subgroup that fell below 41% achievement on state assessments during that school year. According to the report ELL students achieved a score of 30%

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the Progress Monitoring 1, 2, and 3 (PM) assessments given in the 2022-23 school year 75% of English Language Learners will show a growth in achievement scores.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Teachers, Administrators, and District personnel will review the results and provide the necessary support to students to ensure goals are met. Specifically, all stakeholders will monitor students' scores and identify those who did not show growth between PM1 and PM2 assessments.

Person responsible for monitoring outcome:

Keith Couey (coueyk1@columbiak12.com)

Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.

The state-administered PM1, PM2, and PM3 tests will be compared with classroom grades and district assessments to ensure that they align with state standards.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Using data acquired from PM1, PM2, and PM3 assessments, teachers and administrators will be able to predict student outcomes. Further student growth can then be tailored for both general and individual student achievement.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-22 Federal Percent of Points Index published by the Florida Department of Education, Students with Disabilities have been identified as a being a subgroup that fell below 41% achievement on state assessments during that school year. According to the report, SwD students achieved a score of 32%

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the Progress Monitoring 1, 2, and 3 (PM) assessments given in the 2022-23 school year 75% of Students with Disabilities will show a growth in achievement scores.

Monitoring:

No action steps were entered for this area of focus

#4. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-22 Federal Percent of Points Index published by the Florida Department of Education, English Language Arts achievement for the last school year stood at 50%. Only 43% of students made gains and of that only 23% of the lowest quartile made gains.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the Progress Monitoring 1, 2, and 3 (PM) assessments given in the 2022-23 school year 75% of students will show a growth in achievement scores.

Monitoring:

#5. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-22 Federal Percent of Points Index published by the Florida Department of Education, English Language Arts achievement for the last school year stood at 52%. Only 53% of students made gains and of that only 46% of the lowest quartile made gains.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the Progress Monitoring 1, 2, and 3 (PM) assessments given in the 2022-23 school year 75% of students will show a growth in achievement scores.

Monitoring:

#6. Instructional Practice specifically relating to Career & Technical Education**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

The gap between subgroups enrolled in AP classes, and the achievement on industry certification tests is still below the state average based on information available on edudata.fldoe.org

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the AP exam scores, dual-enrollment grades, and CAPE certifications given in the 2022-23 school year 75% of students will achieve one of the following:

*a score of 3, 4, or 5 on a College Board Advanced Placement (AP) examination

*a C- or better in an approved dual enrollment course

*a CAPE industry certification or a CAPE acceleration industry certification identified in the Industry Certification Funding List

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Guidance personnel will ensure that students are enrolled in classes in which they can earn AP, dual-enrollment, or industry certification credit. Teachers, Administrators, and District personnel will review the results and provide the necessary support to students to ensure goals are met.

Person responsible for monitoring outcome:

Keith Couey (coueyk1@columbiak12.com)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Ensure that students are enrolled in at least one AP, dual-enrollment, or CAPE industry certification class a year.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Increasing the number of opportunities for students to attain success in AP, dual-enrollment, and industrial certification classes will increase the likelihood that they will complete school having attained successful completion of one of the previously mentioned programs.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#7. Positive Culture and Environment specifically relating to Parent and Community Involvement.

Area of Focus Description and Rationale:
 Include a rationale that explains how it was identified as a critical need from the data reviewed.

Although not a Title I school, since the 2019/20 school year there has been a noticeable reduction in parent involvement in non-sports activities. Increasing participation from the community will increase student achievement.

Measurable Outcome:
 State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

After administering a parent participation survey, 51% or more respondents will report attending a non-sports school function during the 2022/23 school year.

Monitoring:
 Describe how this Area of Focus will be monitored for the desired outcome.

Attendance will be recorded at school functions.

Person responsible for monitoring outcome:

Keith Couey (coueyk1@columbiak12.com)

Evidence-based Strategy:
 Describe the evidence-based strategy being implemented for this Area of Focus.

Community events: CCE Job fair, community partners' presentations, fine arts performances, Open House, ED Fair, Awards ceremonies.

Rationale for Evidence-based Strategy:
 Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

To increase parental and community involvement, specifically at FWHS, we will provide a venue for community and school events.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#8. ESSA Subgroup specifically relating to Multi-Racial

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-22 Federal Percent of Points Index published on the Florida Department of Education, Multi-Racial students have been identified as a being a subgroup that fell below 41% achievement on state assessments during that school year. According to the report Milti-Racial students achieved a score of 37%

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Using the Progress Monitoring 1, 2, and 3 (PM) assessments given in the 2022-23 school year 75% of Multi-Racial students will show growth.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Teachers, Administrators, and District personnel will review the results and provide the necessary support to students to ensure goals are met. Specifically, all stakeholders will monitor students' scores and identify those who did not show growth between PM1 and PM2 assessments.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

The state-administered PM1, PM2, and PM3 tests will be compared with classroom grades and district assessments to ensure that they align with state standards.

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Just as in all secondary schools, parent involvement continues to be an issue. FWHS has events such as Open House, ED Fair, and Career Day which allows parents opportunities to become involved in their child's education. Teachers have increased the frequency with that they make contact with parents. FOCUS allows for student documentation and the administration has asked for teachers to document parent contact throughout the year.

Identify the stakeholders and their role in promoting a positive school culture and environment.

- Administrators: Provide leadership in the implementation of the school mission. Model community involvement in all areas of the school.
- Teachers: Be the primary coordinator in the implementation of the school mission. Maintain contact among all parties involved
- Support Staff: Assist students and parents based on their job function.
- Parents: Communicate with other stakeholders and advocate on the students' behalf.
- Community Leaders: Provide support for students outside the school. Provide guidance to students at school via activities at school
- Students: Approach all problems with the students in mind. Communicate needs to all other stakeholders.
