Demographics

Principal: Barbara Sanchez

Start Date for this Principal: 8/20/2015

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 9-12
Primary Service Type (per MSID File)	K-12 General Education
2021-22 Title I School	Yes
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	0%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	English Language Learners Hispanic Students Economically Disadvantaged Students
School Grades History	2021-22: A (69%) 2018-19: A (68%) 2017-18: I (%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Charter High School of the Americas is to provide a challenging curriculum in which academic excellence, character development and individual growth are nurtured in a safe and positive environment that includes the active participation of students, teachers, parents and community stakeholders.

Provide the school's vision statement.

At Charter High School of the Americas we believe that the quality of any nation, state, city, community and family must be judged by the preparation and advancement of the individuals who comprise them.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Sanchez, Barbara	Principal	
Diaz, Marilyn	Assistant Principal	
Forjans, Licety	ELL Compliance Specialist	
Ruiz, Yindira	School Counselor	

Demographic Information

Principal start date

Thursday 8/20/2015, Barbara Sanchez

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

6

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

1

Total number of teacher positions allocated to the school

17

Total number of students enrolled at the school

160

Identify the number of instructional staff who left the school during the 2021-22 school year.

0

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

There is a general improvement across all grade levels and subjects from the 2020 - 2021 to 2021 - 2022 school year.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

There is always a need for improvement in ELA, as most of our students are from the ESOL population or just recently arrived in the country.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

As all of our students are mostly ESOL, this is why this area is targeted with the use of ESOL services and tutoring.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Math has shown the most improvement based on the 2022 data.

What were the contributing factors to this improvement? What new actions did your school take in this area?

As math is a universal language, it is easier for that ESOL population to get higher scores in Math than in ELA.

What strategies will need to be implemented in order to accelerate learning?

Tutoring and Intensive math classes will be offered to make sure this data does not decrease.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Teachers will be trained in classroom management and ESOL strategies to meet all their students needs.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

This year we will continue with our tutoring camps to help make sure that the students keep progressing overall.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

After analyzing the data, the lowest area of concern is in ELA. This is due to the fact that many of our students are ESOL or have just arrived in the country.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By the end of the school year, the students scores will increase by 10% from the previous school year to this one.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

This progression will be done with the use of Progress Monitoring throughout the school year.

Person responsible for monitoring outcome:

Marilyn Diaz (945279@dadeschools.net)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

The evidence being used is all the data collected per student by the teachers per testing window.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

By giving Progress Monitoring diagnostics, we can track the students progress and make changes to their program as needed.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Data from the students' will be analyzed by the teacher after every testing window. Tutoring and other supplemental books, can be implemented along the way as needed by the student.

Person Responsible

Marilyn Diaz (945279@dadeschools.net)

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Charter High School of the Americas mission is to provide the best quality education and instill in our students values that will make them better citizens, better workers and better human beings.

The school strongly believes that the main factor on promoting academic success is by consistently having ongoing communication with all stakeholders when it comes to school-wide data and school improvement

strategies. Our utmost goal is to ensure all students are provided with a challenging education which will prepare them to be successful in the real world.

Since our school is a Title I school we conduct physical and/or remotely parent / student workshops on a monthly basis focusing on important topics including but not limited to: Accessing the electronic grade book portal, Code of Student conduct, statewide assessments, Reading strategies, Truancy, migrant resources etc.

Identify the stakeholders and their role in promoting a positive school culture and environment.

The leadership team comprised of school principal, assistant principal, counselor and lead teachers will focus on maintaining and enhancing a positive school culture. Our utmost goal is to provide a safe, nurturing and encouraging atmosphere while exposing all students to a rigorous academic curriculum. Students in our school are cognizant that they aren't just a 'number' and know that each of us part of the leadership team have an open door policy for our students. Maintaining ongoing parent communication is vital, thus the school's data (both academically and incident wise) during the last 5 school years reflect that the school has high expectations from every student as the school has earned various recognitions based on statewide data. Including being a high performing school and being part of the Florida Tax Watch school leadership recognition for the 2019-2020 school year
