Last Modified: 4/29/2024 https://www.floridacims.org Page 3 of 20

# **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

# Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

# **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

# **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

# **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

Our mission is to provide a challenging educational curriculum which promotes critical thinking skills and individual artistic expression through a balance of tradition and innovation.

#### Provide the school's vision statement.

Our vision is to provide a structured, creative environment that enables students to ask questions, solve problems, and take risks as they gain the knowledge, skills, and attitudes necessary for meaningful and productive lives as artists, designers, and citizens of the world. iMater is a collaborative teaching and learning environment that encourages students to develop meaningful interactions across the visual & performing arts and other disciplines.

- •Support curriculum integration where students use appropriate, real world technologies that foster high achievement, independent problem solving and global participation.
- •Support on-going, timely professional development where staff learns to integrate technology into the curriculum, manage data technologies, and explore new technologies as they affect teaching and learning.
- •Engage the community in technology partnerships through increased communication with stake holders, shared resources, and work with institutions of high education, libraries and businesses.
- •Support an infrastructure that includes up to date hardware, software and modern peripherals so that the curriculum can be easily integrated.
- •Provide support systems such as personnel, operations, management, and other systems that support teaching and learning.

#### School Leadership Team

#### Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Santalo, Teresa	Principal	The Principal's job is to lead teachers and staff, set goals, and ensure students meet their learning objectives.
Reyes, Esther	Assistant Principal	The Assistant Principal's job is to assist the school principal in the overall administration of instructional programs and campus-level operations.
Pino, Jennifer	Assistant Principal	The Assistant Principal's job is to assist the school principal in the overall administration of instructional programs and campus-level operations.
Miguelez, Alicia	Assistant Principal	The Assistant Principal's job is to assist the school principal in the overall administration of instructional programs and campus-level operations.
Valentine, Hazel	School Counselor	The Guidance Counselor's job responsibilities are to assist and advise students about academic and/or social emotional decisions.
Castrillon, Cindy	Teacher, K-12	The role of the Athletics Director/Teacher is to supervise and coordinate athletic events and oversee all aspects of the athletic program.
Sanchez, Elisa	Teacher, K-12	The role of the Activities Director/Teacher is to design, implement and supervise extra-curricular programs and activities within the school.
Novoa, Stephanie	Teacher, K-12	The role of the English Language Arts Department Chair is to assist in the research and implementation of best practices in the English Language Arts curriculum and instruction and work collaboratively with his/her members of the department.
Carter, Angel	Teacher, K-12	The role of our Reading Department Chair/Teacher is to assist in the research and implementation of best practices in the Reading curriculum and instruction and work collaboratively with his/her members of the department.
Torres, Jaime	Teacher, K-12	The role of our Mathematics Department Chair/Teacher is to assist in the research and implementation of best practices in the Mathematics curriculum and instruction and work collaboratively with his/her members of the department.
Salazar, Monique	Teacher, K-12	The role of our Science Department Chair/Teacher is to assist in the research and implementation of best practices in the Science curriculum and instruction and work collaboratively with his/her members of the department.
Robinson, Patricia	Teacher, K-12	The role of our Social Science Department Chair/Teacher is to assist in the research and implementation of best practices in the Social Science

Name	Position Title	Job Duties and Responsibilities
		curriculum and instruction and work collaboratively with his/her members of the department.
Valdes, Carmen	Teacher, K-12	The role of our Elective Department Chair/Teacher is to assist in the research and implementation of best practices in the special areas curriculum and instruction and work collaboratively with his/her members of the department.
Garcia, Densie	Instructional Coach	The role of the Instructional Coach/Teacher is to bring evidenced-based practices into classrooms by working with and supporting teachers and administration with the goal of increasing student engagement and improving student achievement.

# Part III: Planning for Improvement

# **Data Analysis**

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### What trends emerge across grade levels, subgroups and core content areas?

Across grade levels/content areas we identified that our Algebra 1 students are consistently scoring low. Across grade levels/content areas we identified that our Biology students are consistently scoring low. Across subgroups we identified that our SWD population did not perform as well as the other subgroups.

# What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Our data shows that our Algebra! students show the greatest need for improvement.

# What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Contributing factors are attributed to teacher burnout and lack of differentiated instruction. To address this need teachers are meeting periodically to plan together based on pacing guides and required benchmarks. Teachers are identifying students by ability and implementing differentiated instruction to meet their individual needs.

# What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Our data shows that our 10th grade ELA students showed the most improvement.

# What were the contributing factors to this improvement? What new actions did your school take in this area?

Contributing factors are attributed to an experienced teacher and differentiated instruction. Students were placed in small groups based on ability. Instruction was geared towards their needs.

#### What strategies will need to be implemented in order to accelerate learning?

To accelerate learning teachers must create more complex and meaningful problems and projects. Teachers need to prioritize high-level skills and content and create learning pathways for the students.

# Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Based on the contributing factors and strategies identified to accelerate learning, we will offer several professional development opportunities at the school to support our teachers and leaders.

We will divide our teachers up into groups based on grade level and/or content area to provide specific and meaningful opportunities for growth.

Topics will be based on skills that feed into our school's overall educational goals.

Teachers will be tasked to use out-of-the-box thinking to create dynamic learning experiences for their students.

# Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Additional services that will be implemented to ensure sustainability of improvement in the next year and beyond include Professional Learning Communities where teachers meet to discuss and collaborate. After school and Saturday tutoring will be offered to remediate basic skills, as well as accelerate learning.

#### Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

# #1. Transformational Leadership specifically relating to Specific Teacher Feedback/Walkthroughs

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

This is an area of focus identified as a critical need. Our leadership team has determined that immediate and timely feedback is necessary to assist teachers in need of additional support.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By monitoring teachers and providing timely feedback scores on the PM1 and PM2 should show student growth, and eventual progress on the FAST spring assessments.

**Monitoring:** 

Describe how this Area of Focus will be monitored for the desired outcome.

Data chats teachers will be held after each assessment to discuss student progress and identify areas needing additional support.

Person responsible for monitoring

outcome:

**Evidence-based Strategy:** Describe the evidence-based strategy being implemented for this Area of Focus.

Esther Reyes (ereyes@imater.org)

Lesson alignment is an evidence-based strategy being implemented. Here teachers will be meeting by grade level/ content area to develop lessons together, share best practices, and ensure common pacing.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

By conducting periodic walkthroughs the leadership team will be able to monitor teachers are collaborating and working at the same pace, on the same skills.

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

# #2. Instructional Practice specifically relating to Differentiation

Area of Focus
Description and
Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on the data review, iMater Preparatory Academy High School will implement Targeted Differentiation. By implementing differentiating instruction, each students' needs will be met across all subject areas including Mathematics, English Language Arts, Science, and Social Sciences to make make learning gains and move towards proficiency.

Measurable Outcome:

State the specific

measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By successfully implementing strategies for Differentiating Instruction, students in ELA and Mathematics will show improvement as their progress in monitored throughout the school year.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Using PM1 and PM2, student progress will be monitored. Data Chats with teachers will be held after each assessment to discuss student progress and identify areas needing additional support.

Person responsible for monitoring outcome:

Esther Reyes (ereyes@imater.org)

**Evidence-based Strategy:** 

Describe the evidencebased strategy being implemented for this Area of Focus. Lesson alignment is an evidenced-based strategy being implemented. Here teachers will be meeting by grade level/content to develop lessons together, share best practices, and ensure common pacing.

Rationale for Evidencebased Strategy: Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Differentiating instruction allows students to learn in in their own ways, at their own pace. Student engagement is increased and, students are able to meet their individual goals.

## **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

# **RAISE**

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

## Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment.
   Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

# Grades K-2: Instructional Practice specifically relating to Reading/ELA

N/A

## Grades 3-5: Instructional Practice specifically relating to Reading/ELA

N/A

#### Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

# **Grades K-2: Measureable Outcome(s)**

N/A

#### **Grades 3-5: Measureable Outcome(s)**

N/A

#### **Monitoring:**

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

N/A

## Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

## **Evidence-based Practices/Programs:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. §7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidencebased Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

N/A

# Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

N/A

#### **Action Steps to Implement:**

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

**Action Step**

# **Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

# Describe how the school addresses building a positive school culture and environment.

iMater Academy Preparatory Academy High School addresses building a positive school culture and environment through student, parent, community, teacher/staff involvement. At iMater, we strive to ensure that all students feel happy and secure. Through many events and activities, a positive school culture is created amongst all the stakeholders.

# Identify the stakeholders and their role in promoting a positive school culture and environment.

iMater Preparatory Academy High School encourages parents/guardians to take an active role in their child's education. We encourage parents/guardians to attend events like Open House and EESAC Meetings to stay informed about the school's policies. We recognize that parents/guardians who are well-informed assist in creating a positive school culture.

iMater Preparatory Academy High School encourages teachers to take part in the a shared vision. Teachers opinions and suggestions are valued and an open door policy is maintained by the Administration. In addition, teachers are provided with professional development on topics ranging from academics to social emotional learning.

iMater Preparatory Academy High School has clear policies and procedures in place for its students. These school and classroom expectations set the tone for a safe and welcoming learning environment.
