School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Everglades Preparatory High School is to provide students with a well-rounded college preparatory and career exploration high school education, through a challenging academic program supported by technology, on-site learning experiences via local businesses and the opportunity to tie classroom learning with the real world of work.

Provide the school's vision statement.

The vision of Everglades Preparatory Academy High School is to provide students with a challenging and rigorous curriculum enabling students to be well prepared for postsecondary education and life through adherence to an unwavering mission, shared purpose and clearly articulated goals and opportunities to participate in advanced programs.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Marrero, Aida	Principal	<p>The role of a principal is to provide strategic direction in the school system. Principals develop standardized curricula, assess teaching methods, monitor student achievement, encourage parent involvement, revise policies and procedures, administer the budget, hire and evaluate staff and oversee facilities. Other important duties entail developing safety protocols and emergency response procedures.</p> <p>Work often includes attending school functions after hours, such as basketball games, concerts, plays, parent conferences, and school board meetings. Having a visible presence shows interest and dedication to students.</p> <p>Often problems arise which need immediate attention, such as a student disciplinary issue or a call from a worried parent whose child is struggling in the classroom.</p>
Escobar, Danella	Assistant Principal	<p>The Assistant Principal assists the building principal in organizing and fostering a positive, safe environment that is conducive to best meeting the needs of all students, staff and parents.</p> <p>This includes such responsibilities as:</p> <ul style="list-style-type: none"> leading, directing, and supervising a variety of personnel and programs; creating effective parent, teacher, and child communications; supporting, encouraging, mentoring, and evaluating staff; fostering teamwork between teachers and among staff and parents; and managing budget items. <p>The assistant principal acts in the capacity of the principal during the principal's absence from the school.</p>
Baquero, Miguel	Dean	<ul style="list-style-type: none"> -Assist the principal in interviewing and evaluating instructional and non-instructional staff. -Supervise instructional and non-instructional staff. -Help create school-wide goals including those related to student learning and student behavior. -Manage student behavioral issues including those in the cafeteria along with those referred by teachers and bus drivers. -Supervise or arrange for supervision of student activities both during and after school hours including school assemblies, athletic activities, and music and drama productions. -Share responsibility for setting and meeting the school's budget. -Set up the academic schedule for teachers and students. -Keep track of all activities on the school calendar. -Conduct staff meetings.
Felix, Jameelah	Dean	<ul style="list-style-type: none"> -Assist the principal in interviewing and evaluating instructional and non-instructional staff. -Supervise instructional and non-instructional staff. -Help create school-wide goals including those related to student learning and student behavior. -Manage student behavioral issues including those in the cafeteria

Name	Position Title	Job Duties and Responsibilities
		<p>along with those referred by teachers and bus drivers.</p> <ul style="list-style-type: none"> -Supervise or arrange for supervision of student activities both during and after school hours including school assemblies, athletic activities, and music and drama productions. -Share responsibility for setting and meeting the school's budget. -Set up the academic schedule for teachers and students. -Keep track of all activities on the school calendar. -Conduct staff meetings.
Moore, Theola	Reading Coach	<p>An instructional coach supports teachers and professors by providing ongoing professional development, building their teaching skills, and assisting them in applying new knowledge.</p> <p>Essential Duties and Responsibilities of an Instructional Coach</p> <ul style="list-style-type: none"> •Supports the philosophy and vision of the school system in which he or she is employed. •Facilitates the professional and intellectual development of teachers and aides. •Helps to build positive relationships between teachers and administrators. •Communicates, implements, and demonstrates practices in instruction that are known to improve teaching and education in general. •Communicates information between students, teachers, administrators and the community in general. •Reacts to changes within the school system or facility professionally. •Supports the value of education within society as a whole. •Works with teachers to find effective ways to deal with behavioral issues in the classroom. •Puts various tutoring programs into place and recruits teachers to host them.
Belliveau, Amanda	Math Coach	<p>An instructional coach supports teachers and professors by providing ongoing professional development, building their teaching skills, and assisting them in applying new knowledge.</p> <p>Essential Duties and Responsibilities of an Instructional Coach</p> <ul style="list-style-type: none"> •Supports the philosophy and vision of the school system in which he or she is employed. •Facilitates the professional and intellectual development of teachers and aides. •Helps to build positive relationships between teachers and administrators. •Communicates, implements, and demonstrates practices in instruction that are known to improve teaching and education in general. •Communicates information between students, teachers, administrators and the community in general. •Reacts to changes within the school system or facility professionally. •Supports the value of education within society as a whole. •Works with teachers to find effective ways to deal with behavioral issues in the classroom. •Puts various tutoring programs into place and recruits teachers to host them.

Demographic Information

Principal start date

Monday 7/1/2019, Aida Marrero

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Total number of teacher positions allocated to the school

29

Total number of students enrolled at the school

489

Identify the number of instructional staff who left the school during the 2021-22 school year.

5

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

College and Career Acceleration continues to decline from 2019 with a loss of 27 points going from 54% to 27%. This is reflective across all student subgroups.

ELL and White student subgroups continue to decline in ELA Achievement and ELA LG with an average of a 15 point decrease and 22 point decrease respectively.

9th Gr ELA performance continues to increase since 2019 with an achievement of 43%. This is the same for Social Studies Achievement with a 64%; the highest achievement for the school.

High School graduation rate continues to surpass both the state and district by 3%.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

College and Career Acceleration as well as all school grade components of ELA demonstrate the greatest need for improvement. College and Career Acceleration continues to decline from 2019 with a loss of 27 points going from 54% to 27%. This is reflective across all student subgroups.

ELA trends indicate a struggle in all school grade components. ELA Achievement has declined by 2% since 2019, ELA LG decreased by 7 points, and ELA L25 decrease by 9 points. This is especially reflected in 10th gr ELA results with a decrease of 4% in overall performance since 2019.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Factors contributing to this need of improvement include the pandemic guidelines, transitioning students back to a traditional school setting, lack of student motivation, lack of consistent student attendance, lack of qualified teachers available for hire, and the loss of the ELA/Reading Instructional Coach. To address this need for improvement, an incentive program to increase student motivation is to be put into place, increase marketing to attract qualified teachers, detailed monitoring and increase parent communication concerning student attendance, and grow leadership within the school to place an ELA/Reading Instructional Coach.

To address the decline in College and Career Acceleration, the school is increasing the course availability for students to earn an AICE diploma, increasing student population in Dual Enrollment program, and provide more opportunities of professional development to support the instructional delivery of teachers in the AP and AICE program.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Math has shown significant increases in all school grade components with 36 points in 2022-an increase of 13% in achievement since 2019, 19 point increase in LG with 60 points, and a 66 in L25, which is an increase of 19 points since 2019.

Algebra I achievement surpassed the state by 6 points and the district by 9 points with a 33% proficiency. This is a 11% increase since 2019.

What were the contributing factors to this improvement? What new actions did your school take in this area?

The contributing factors to this improvement include, refinement of lesson plan development, deeper dive into student data, consistent implementation of ESOL strategies within all core content areas, development of instructional focus calendar specific to standards for RtI, push in intervention, incentive program for student performance on SuccessMaker, and afterschool tutoring.

What strategies will need to be implemented in order to accelerate learning?

Strategies that will need to be implemented in order to accelerate learning include increase rigor in the classroom through PBL and cross curricular instruction, increasing DOK of higher order thinking questions used to probe and check for student understanding, align lesson plan development to level 3-5 of ALD's as it pertains to the lesson standard, and implement strategies to fill in gaps from missing skills with the new BEST Standards.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

The professional development opportunities that will be provided at the school to support teachers and leaders include in depth training on the intensive reading curriculum iLit45/iLit45ELL and available reports with the implementation of the new BEST Standards, infuse STEAM into the classrooms to promote PBL and cross curricular instruction to increase depth of knowledge and critical thinking skills, and professional development to support teachers within the AICE and AP program.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

To ensure sustainability of improvement, additional services that will be implemented include continuous communication with all stakeholders of current data trends throughout progress monitoring, after school tutoring, and mental health support.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on school data, the area of focus will be ELA within the ELL and WHT subgroups as their continues to be deficient performance in all school grade components. A focus on these students will directly impact the total population. Additionally, this focus will positively affect all of our students as school-wide and classroom strategies are implemented.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

As a result of the 2022 ELA FSA results, it is our goal to increase our ELL ELA Achievement from 16% to 25% and the WHT from 38% to 45% as this focus will positively affect both WLL and WHT ELA LG and LG L25% school grade components.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

This area of focus will be monitored through student performance on standard aligned assessments and FAST PM1 and PM2 data reports.

Person responsible for monitoring outcome:

Theola Moore (961431@dadeschools.net)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Use close reading strategies, use content specific complex text to develop text dependent questions and embedding annotation skills
* Teach strategies for participating in rigorous discussion and responding to text dependent questions
* Build endurance in students' ability to read multiple complex test during intervention time.
* Principal, Assistant Principal and Reading Coach will monitor effectiveness of core instruction and interventions focusing on: Complex rigorous tasks, grade level appropriate complex tasks, and aligned and rigorous standards based reading centers.
* Provide teachers with necessary resources and materials to implement and execute interventions and differentiated instruction.
* Lesson plans will reflect rigor, focus of the standards, and implementation of provided accommodations as outlined in the student ELL plan

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Strategy rationale based off of research based best practices.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

* Principal, Assistant Principal and Reading Coach will monitor effectiveness of core instruction and interventions focusing on: Complex rigorous tasks, grade level appropriate complex tasks, and aligned and rigorous standards based reading centers.

- * Provide teachers with necessary resources and materials to implement and execute interventions and differentiated instruction.
- * Lesson plans will reflect rigor, focus of the standards, and implementation of provided accommodations as outlined in the student ELL plan

Person Responsible

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Everglades Preparatory Academy offers an assortment of programs to allow every student a chance to be involved. This includes a mixture of both athletic and non-athletic programs. By providing these opportunities, students develop leadership skills, a sense of school pride, citizenship, and understand the importance of academic achievement.

In collaboration with the values matter District curriculum and the PBS model, the school utilizes a progressive discipline approach with students. EPA employs 2 full time counselors and a licensed mental health counselor to assist with not only academic support but also to address crisis situations.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Everglades Preparatory Academy hosts a variety of events open to families and the community such as the Fall Festival, Hispanic Heritage Showcase, Black History Showcase, Winter Festival, Honor Roll/Award Ceremony, and our annual end-of-year theater performance. Further extracurricular clubs and sports are offered including football, soccer, National Honor Society, Mock Trial, and SECME.

To support student achievement, the school provides FREE after school tutoring based on standard aligned lessons as outlined on the mapping of the FAST.

The counseling team has partnered with community organizations to provide resources to families, such as counseling and information on outreach community services. The school has also teamed with local restaurants and businesses to raise funds for the school's various organizations.
