## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part III: Planning for Improvement

**Data Analysis**

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

**What trends emerge across grade levels, subgroups and core content areas?**

ELA data demonstrates our lowest percentage in proficiency (Specially Lowest 25% quartile)

**What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?**

Based on current published FLDOE Assessment Data ELA continues to be an area of concern. Math has improved significantly.

**What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?**

Professional Development to address B.E.S.T Standards implementation and overall improvement of teacher instruction in ELA.

**What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?**

math with an overall increase (12%) improvement in Math proficiency.

**What were the contributing factors to this improvement? What new actions did your school take in this area?**

The hiring of experienced certified Math teachers. Weekly support of a math instructional coach. Weekly tutoring with a special focus in deficient standards. Implementation of IXL (Math)

**What strategies will need to be implemented in order to accelerate learning?**

Academic support to teacher (NAEP) Educational Consultants and partners with Academir Charter School. 4-5 hours per week of small group tutoring. Added Saturday academy for additional tutoring and academic support for students.

**Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

PD's on Response to Intervention (RTI). Instructional coaching cycles for all classroom teachers and administration feedback on observations.

**Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

Teacher coaching and mentoring.

**Areas of Focus**

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

**#1. Instructional Practice specifically relating to B.E.S.T. Standards****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Weekly Reviews of students progress monitoring data

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

Person responsible for monitoring outcome:

[no one identified]

**Evidence-based Strategy:**

Describe the evidence-based strategy being implemented for this Area of Focus.

**Rationale for Evidence-based Strategy:**

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

**Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

*No action steps were entered for this area of focus*

**RAISE**

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

**Area of Focus Description and Rationale**

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

**Grades K-2: Instructional Practice specifically relating to Reading/ELA**

ELA proficiency goal will be 55% a 5% increase from 2021-2022. teachers, instructional coaches and administration will focus on Teachers must provide instruction in the 5 basic elements of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension.

### **Grades 3-5: Instructional Practice specifically relating to Reading/ELA**

ELA proficiency goal will be 55% a 5% increase from 2021-2022. teachers, instructional coaches and administration will focus on Teachers must provide instruction in the 5 basic elements of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension.

#### **Measurable Outcomes:**

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.
