School Board Approval

This plan was approved by the Indian River County School Board on 10/24/2022.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Liberty's achievement in ELA and Math are 70% or higher.

Learning gains below 70%.

Low 25% learning gains are an area for improvement.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Low 25% learning gains.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

New Actions: Data notebooks A2 tutoring

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Most improvement was our lowest 25% learning gains.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Students identifed as low 25% were assigned adult mentors for check ins. These students were also invited to after school (A2) tutoring.

What strategies will need to be implemented in order to accelerate learning?

- -Student engagement
- -Monitoring
- -Differentiation

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development will provided monthly on implementation of high yield strategies.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Follow up with classroom visits providing feedback and next steps

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

.

#1. Instructional Practice specifically relating to Student Engagement

Area of Focus Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.

Engaging instruction will yield more consistent and sucessful student participation and learning.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

80% of classrooms will implement strategies to monitor mastery of the learning target for all students as evidenced in our walkthrough feedback.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monthly classroom visited with feedback and next steps

Person responsible for monitoring outcome:

Takeisha Harris (takeisha.harris@indianriverschools.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Providing feedback will give teachers what they did while visiting and It will also provides teachers with a

tangible understanding of:

What they did well Where they are at What to do to improve

Rationale for Evidence-based Strategy: Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

Providing timely actionable feedback allows teachers to make changes quickly to increase effectiveness.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Provide feedback to teachers visited during impact walks (and school feedback to all)

Person Responsible

Takeisha Harris

(takeisha.harris@indianriverschools.org)

During weekly collaborative planning, create lessons that all teachers are accountable to uphold and follow, with questions for monitoring(to added to engagement) that is intentionally planned for and then executed, as seen in walkthroughs

Person Responsible

Takeisha Harris

(takeisha.harris@indianriverschools.org)

During weekly collaborative planning, teachers should plan for trun and talk opportunites with a structure to have students accountable for not only adding to the conversation but for actively listening.

Person Responsible

Takeisha Harris

(takeisha.harris@indianriverschools.org)

During small group instruction ELA, have structure to insure students know the purpose of the lesson and what they are looking for.

Person Responsible

Takeisha Harris

(takeisha.harris@indianriverschools.org)

During whold group and small group instruction, continue to use white boards, and teachers must consistently check for accuracy.

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Data and Findings:

- School Cleanliness Score-3.3/5
- Hallway/Lunchroom/Assembly behavior 3.82/5

Rationale for Selection of Data:

- These concerns were shared by our parents and staff.

High Yield Strategy: Monitoring and Feedback

Goal: By the end of the 2022-23 school year, positive student behaviors within the hallways, lunchroom, and assembly will demonstrate an increase on the Climate Survey scores by at least .5 points.

Identify the stakeholders and their role in promoting a positive school culture and environment.

(Reignite Team)

- Create SOAR (PBIS) Expectations shared with teachers and students.

(Principal)

- Custodial Monthly Checklist
- Classroom Cleanliness Survey for Teachers
