School Board Approval

This plan is pending approval by the Escambia County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Tate High School's mission is to create a safe and supportive environment where each student can achieve high levels of learning and become a productive citizen.

Provide the school's vision statement.

In order to create a safe and supportive environment where each student can achieve high levels of learning and become a productive citizen, we will:

- implement consistent rules, procedures, and consequences
- build rapport and lasting relationships with students
- implement a guaranteed and viable curriculum
- involve and communicate effectively with stakeholders
- provide an equitable learning experience for each student
- work in collaborative teams toward the same goal

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Overall, 9th and 10th grade ELA scores decreased. SWD federal index (ESSA) decreased 43% to 39%. Percentage rate of students passing AP exams increased; however, enrollment in AP courses decreased. College and Career (Acceleration) increased. LQ in Math made learning gains.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

9th and 10th grade ELA PM1 Assessment Data indicates that ESSA subgroups SWD and ELL show the greatest need for improvement.
SWD ESSA federal index

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

85 9th grade students and 94 10th grade students have a substantial reading deficiency.
172 9th graders and 133 10th grade students scored a level 1 on the 2022 statewide FSA ELA.
Student absences

Scheduled students into intensive reading classes on opposite day of ELA class.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Algebra 1 proficiency increased from 22% to 32%.
College and Career Readiness went up 61% to 75%

What were the contributing factors to this improvement? What new actions did your school take in this area?

PLTs working together to review essential standards, and developing common formative assessments.
Progress monitoring of students.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Data shows that the school is below the 41% threshold

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Increase SWD subgroup to 41% or higher

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

FAST Progress Monitoring data will be used to identify which SWB need additional interventions in both ELA courses and Reading courses. Interventions will be provided by classroom teachers and instructional coach; additionally, interventions will be monitored by administrative walk-throughs.

Person responsible for monitoring outcome:

Laura Touchstone (ltouchstone@ecsdfl.us)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Literacy and Fluency Strategies provided by instructional coach.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

The school-level literacy leadership team selected research-based strategies to support student growth specifically in ELA areas of need.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Identify the SWD in need of additional intervention.

Person Responsible

Kristin Maum (kmaum@ecsdfl.us)

Plan interventions with ELA 9th and 10th grade PLTs and ESE PLT.

Person Responsible

Laura Touchstone (ltouchstone@ecsdfl.us)

Facilitate interventions, give common formative assessments, analyze results from assessments, modify interventions as needed based on results.

Person Responsible

#2. Instructional Practice specifically relating to ELA**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

ELA proficiency decreased from 51% to 44% (a loss of 7 percentage points).

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

ELA proficiency will increase to 57% (9th and 10th grade)

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

FAST Progress Monitoring data will be used by grade-level PLTs to identify which students need additional interventions in ELA based on essential standards. Interventions will be provided by classroom teachers and instructional coach; additionally, interventions will be monitored by administrative walk-throughs.

Person responsible for monitoring outcome:

Laura Touchstone (ltouchstone@ecsdfi.us)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Professional Learning Team on-going professional development provided by instructional coach to identify essential standards, develop common formative assessments, and support data analysis and interventions.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Providing instructional support on teacher collaboration is proven to support student learning and teacher growth. It facilitates the sharing of best practices, identification of essential standards, and analysis of student strengths and weaknesses for the purpose of improving student achievement.

Action Steps to Implement

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.
