Demographics

Principal: Nelson Gonzalez L

Start Date for this Principal: 6/14/2022

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 9-12
Primary Service Type (per MSID File)	K-12 General Education
2021-22 Title I School	Yes
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Black/African American Students Hispanic Students White Students Economically Disadvantaged Students
School Grades History	2021-22: B (57%) 2018-19: B (55%) 2017-18: C (53%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Miami Springs Senior High School is to encourage students to become lifelong learners and to build successful lives in a rapidly changing global community by providing excellence in academics. It is the goal of Miami Springs Senior High School to promote high academic achievements and assist students in developing a post graduation plan. We afford students with the opportunity to take on new challenges, be risk-takers, explore career paths and promote autonomy.

Provide the school's vision statement.

The vision of Miami Springs Senior High School is to empower our students to lead lives of purpose and merit by encouraging social awareness and global responsibility.

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Gonzalez, Nelson	Principal	Provides guidance and support for the administrative team, instructional team and staff in all aspects of school curriculum, safety, security and maintenance.
Robinson, Felicia	Assistant Principal	Assists the Principal in providing guidance and support for the administrative team, instructional team and staff in all aspects of school curriculum. Oversees the implementation of academic programs and school-wide activities.
Ceballos, Isel	Administrative Support	English Language Arts Department Chairperson and English Language Arts Instructional Leader - provides guidance, support and training for English Language Arts Reading teachers and assists in the development of the School Improvement Plan Ms. Ceballos oversees the ELA/Reading Department. She also is a member of the PLST team.
Develasco, Carolina	Administrative Support	Provides ESE support/assist in planning, implementing program policies, researching and gathering resources, and communicating with various stakeholders. Ms. Develasco oversees the ESE Department and assists in the development of the School Improvement Plan.
Iribar, Lazaro	Administrative Support	Mr. Iribar serves as the Chairperson for English Language Learners Department - provides guidance, support and training for English Language Learner teachers and assists in the development of the School Improvement Plan.
Leal, Irma	Administrative Support	Ms. Leal oversees the Foreign Language Department
Mills, Corina	Administrative Support	Develops and carries out the Student Services Plan to address the academics/grad requirements, social-emotional needs of students, works with agencies to provide mental health services and assists/supports parents and students with mental health services needs. Ms. Mills oversees the Student Services Department and provides assistance in the development of the School Improvement Plan.
Perez, Wifredo	Administrative Support	Mr. Perez oversees the Physical Education Department. He also is the business manager and gradebook manager.
Perez, Silvia	Other	Provides Professional Development opportunities based on the needs assessment survey to enrich Professional/Personal career goals.
Villanueva, Miguelina	Administrative Support	Social Science Department Chairperson and Social Science teacher - provides guidance, support and training for Social Science teachers and

Name	Position Title	Job Duties and Responsibilities
		assists in the development of the School Improvement Plan. Ms. Villanueva oversees the Social Studies Department.
Garcia, Tamara	Administrative Support	Administrative Support - provides guidance and support to students, assists in the development of the school discipline plan with staff and students to ensure compliance with the Code of Student Conduct. Assists with the development of the School Improvement Plan and serves as the School Assessment Coordinator for FSA/EOC
Suarez, Liliana	Assistant Principal	Assists the Principal in providing guidance and support for the administrative team, instructional team and staff in all aspects of school curriculum and operational functions of the institution.

Demographic Information

Principal start date

Tuesday 6/14/2022, Nelson Gonzalez L

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

27

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

32

Total number of teacher positions allocated to the school

56

Total number of students enrolled at the school

1,008

Identify the number of instructional staff who left the school during the 2021-22 school year.

12

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

A review of the 2022 FSA data indicates the following findings:

1. There was a decrease in performance data in English Language Arts achievement of 2 percentage points from 39% in 2021 to 37% in 2022.
2. There was an increase in performance data in English Language Arts learning gains of 21 percentage points from 38% in 2021 to 59% in 2022.
3. There was an increase in performance data in English Language Arts lowest quartile of 36 percentage points from 17% in 2021 to 53% in 2022.
4. There was an increase in performance data in Mathematics achievement of 22 percentage points from 17% in 2021 to 39% in 2022.
5. There was an increase in performance data in Mathematics learning gains of 36 percentage points from 27% in 2021 to 63% in 2022.
6. There was an increase in performance data in Mathematics lowest quartile of 21 percentage points from 41% in 2021 to 70% in 2022.
7. There was an increase in performance data in Science achievement of 2 percentage points from 36% in 2021 to 38% in 2022.

Upon further analyzing the data, the greatest need for improvement is in ELA Achievement, although they made learning gains, the overall achievement still remains fragile. Additionally, the white subgroup decreased in ELA Achievement by 21 percentage points.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

The 2022 data results are consistent with the 2021 data results. Although there was an overall increase in learning gains and gains made by the lowest quartile in the 2022 FSA ELA assessment results, schoolwide ELA proficiency results indicate a difference of 24 percentage points below the district average. In addition, there was a 2 percentage point decrease for grades 9-12 in ELA achievement as compared to the 2021 data findings.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

2022 Data Findings:

For the past six years, we have been focused on an ever growing student population and the establishment of Cambridge programs. With this growth in our student population has come a shift in our student demographics to include more ELL students and recently exited level 5 ELL students. Initiatives to meet the needs of these students have been created and implemented over the last several years with varying levels of success. Strategies such as targeted instruction and language support have proven successful with this subgroup however we will continue to find new strategies that will benefit this growing population.

2022 Data Findings:

Due to the implementation of instructional action steps in 2021, we have noted significant growth/ learning gains across the board in English Language Arts and Math. This finding will result in the

continued implementation of differentiated instruction, language support, and standard aligned instructional practices.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

The data component that showed the most improvement between 2021 and 2022 was mathematics learning gains with an improvement of 36 percentage points. Although there were multiple areas of improvement, when comparing the 2021 Geometry EOC results to the 2022 Geometry EOC findings, the number of students demonstrating proficiency increased by 21.78 percentage points.

What were the contributing factors to this improvement? What new actions did your school take in this area?

With proficiency scores significantly higher than the District average, it is important to find innovative ways to increase student performance. During the 2022 school year, we focused on providing our students with additional targeted instruction utilizing our Math Coach to remediate and enrich through pull out groups. We increased hands-on lab activities to improve student retention of science facts and increase student engagement. During 2022-2023 school year, we will focus on differentiated instruction, language support and standards aligned instruction. We will continue to target instruction through pull out groups.

What strategies will need to be implemented in order to accelerate learning?

The following strategies will be implemented to accelerate learning: Data-Driven Instruction, Differentiated Instruction, Extended Learning Opportunities.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development opportunities focusing on the utilization of the Performance Matters platform will be offered. The format of the professional development will be small group by discipline and grade level to target specific teacher needs.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Based on the 2021-2022 Early Warning System, there are 139 students with substantial deficiencies in reading with the bulk of the students in grades 9 (56) and 11 (80). Understanding the impact of literacy across the curriculum, there will be a focus on analyzing ELA data to identify students who would benefit from more specific instruction. Teachers will be part of the process by assisting with the identification of students, helping establish protocols for providing differentiated instruction, and maintaining an active role in monitoring students.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Positive Culture and Environment specifically relating to building staff morale.**Area of Focus****Description and****Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

According to the 2021-2022 Staff Climate Survey, 50% of the staff disagreed with the statement "Staff morale is high at my school". Additionally, 73% of the staff agreed with the statement "I frequently feel overloaded and overwhelmed at my job". This data further supports the amount of staff absences in the school. According to the Three Year Staff Attendance Data Report, 13% of the staff missed 10.5+ days in the 2021 school year, as compared to 39% in the 2021-2022 school year. This is a 26 percentage point increase in staff absences. As a result, we will focus on building staff morale to ensure staff members to feel supported thus increasing staff attendance during the 2022 - 2023 school year.

Measurable**Outcome:****State the****specific****measurable****outcome the****school plans to achieve.****This should****be a data****based,****objective****outcome.**

With the implementation of team building initiatives, there will be an increase of 10 percentage points as it relates to the number of staff agreeing with the statement "Staff morale is high at my school" on the 2022-2023 Climate Survey Administration.

Monitoring:**Describe how****this Area of****Focus will be****monitored for****the desired****outcome.**

The leadership team will monitor the effectiveness of the implemented team building activities during faculty meetings and department meetings. As a result, we expect to see an increase in the participation of team building activities established by the end of every quarter.

Person**responsible****for****monitoring****outcome:**

Liliana Suarez (lilisuarz@dadeschools.net)

Evidence-**based****Strategy:****Describe the****evidence-****based****strategy****being****implemented****for this Area****of Focus.**

When staff is given the opportunity to participate in activities that promote a collaborative environment, then staff morale will be boosted, by taking ownership of their professional/ personal goals.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy.
Describe the resources/ criteria used for selecting this strategy.

We decided to focus on team building as a way to build staff morale and increase attendance. The data indicates that 50% of the staff does not believe that staff morale is high. Therefore, focusing on team building will ensure a collaborative environment is promoted schoolwide.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Step 1: August 22 - October 14 - Team Building activities such as the Crane Building project will be implemented at monthly Faculty Meetings. As a result, staff will work collaboratively and staff morale will increase by 5 percentage points in the 2022 - 2023 Climate Survey.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 2: August 22 - October 14 - Strategies such as invitation to participate on the Senior Staff Leadership Team as well as request to lead professional development in areas of expertise will be implemented. As a result, there will be an increase in the involvement and performance of team members in schoolwide activities.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 3: August 22 - October 14 -Implementation of incentives in the form of highlighting successes via announcements, faculty meetings, spot highlight picture on bulletin board, and gift card incentives will have a positive impact on staff morale and increase attendance.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 4: August 22 - October 14 - Successful implementation of an inclusive environment where all stakeholders formulate the school's vision, mission, goals, and improvement strategies will have a direct impact on improving school culture and environment.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 5: Beginning October 31st to December 16, 2022, Continued implementation of incentives in the form of highlighting successes via announcements, faculty meetings, spot highlight picture on bulletin board, and gift card incentives to build upon strategies that have a positive impact on staff morale and increase attendance.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 6: Beginning October 31st to December 16, 2022, The Leadership Team and our Community Involvement Specialist will work to connect with families and conduct parent conferences/home visits to target those students with excessive absences. As a result of attendance initiatives, student absences will be minimized and student achievement/learning gains will increase significantly.

Person Responsible	Liliana Suarez (lilisuarz@dadeschools.net)
---------------------------	--

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on the Early Warning System, there are 139 students in grades 9 and 11 with substantial deficiencies in English Language Arts. The 2021- 2022 data findings demonstrate a 2 percentage point decrease in ELA achievement as compared to the 2021 data findings. In addition, our ELA L25 achievement increased by 36 percentage points and our overall learning gains increased by 21 percentage points compared to the 2021 data results. Understanding the impact of literacy across the curriculum, and the the need for foundational college level skills necessary, mitigating these deficiencies is critical to the students' overall academic success.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we successfully meet our goals through the implementation of differentiated instruction, the school will reduce by 10 percentage points the number of students identified as being deficient in reading in grades 9-12 as measured by performance on the 2023 state assessment.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Student performance will be monitored at the beginning, middle, and end of the year using Progress Monitoring/F.A.S.T. Data chats between the leadership team and affected teachers will take place quarterly. Teachers will receive professional development on Florida Assessment Student Thinking (F.A.S.T.) and data will be broken down and discussed by subgroup and students. Classroom walkthroughs will be conducted to ensure implementation of literacy goals and to identify additional areas where changes would be beneficial

Person responsible for monitoring outcome:

Nelson Gonzalez (ngonzalez@dadeschools.net)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Within the target element of ELA our school will focus on the evidence based strategy of data driven instruction.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria

Data driven instruction will assist us in improving the performance of our identified students as it is a systemic approach to providing instruction. Data driven instruction will ensure that teachers are tailoring their lessons using relevant and recent student achievement data.

**used for selecting
this strategy.**

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Step 1: By August 31, 2022, Power Bi data will be used to provide each teacher with a disaggregated list of student's ELA data including additional relevant information about the students. This data will drive the proper grouping of students for targeted instruction.

Person Responsible Felicia Robinson (flee823@dadeschools.net)

Step 2: The week of August 22 - September 30, high schools will administer the Florida Assessment of Student Thinking in ELA (F.A.S.T.) Results from this assessment will provide additional information to assist in the grouping of students for targeted instruction.

Person Responsible Felicia Robinson (flee823@dadeschools.net)

Step 3: Beginning September 30, 2022, the leadership team will conduct data chats with affected teachers to discuss student performance on the Florida Assessment of Student Thinking in ELA (F.A.S.T.) exam and develop strategies for improving student literacy to ultimately increase student achievement.

Person Responsible Felicia Robinson (flee823@dadeschools.net)

Step 4: Beginning September 30 - October 14, 2022, walkthroughs will be conducted on an ongoing basis throughout the school year to ensure fidelity in the implementation of data driven instruction.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 5: Beginning October 31st to December 16, 2022, collaborative conversations will take place through Department meetings to drive the implementation of class groupings. Teachers will be provided support and encouraged to attend professional development focusing data driven instruction.

Person Responsible Liliana Suarez (lilisuares@dadeschools.net)

Step 6: Beginning October 31st to December 16, 2022, ELA teachers will administer the Mid-Year Assessments for ELA. Results from this assessment will drive the formation of new grouping of students based on targeted areas of deficiency.

Person Responsible Isel Ceballos (imceballos@dadeschools.net)

#3. Transformational Leadership specifically relating to Instructional Leadership Team**Area of Focus****Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.**

Based on the 2021 - 2022 qualitative data from the School Climate Survey and review of the Core Leadership Competencies indicating that 50% of the staff in the building felt that school personnel needed to work cohesively as a team, we will use the Targeted Element of Instructional Leadership Team. Our focus will be on developing teacher leaders by conducting regular scheduled Senior Staff meetings, provide more opportunities for teachers to be involved in schoolwide initiatives, engage team on how to provide leadership opportunities within their department. By providing these opportunities, empowering teachers, and affording opportunities to be active participants in school initiatives, faculty and staff will have a positive impact on school culture and climate thus positively impacting student success and achievement.

Measurable Outcome:**State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.**

If we successfully implement the Targeted Element of Instructional leadership Team, our teachers will be provided the opportunity to become teacher leaders and active participants of school initiatives. This will be realized by conducting regular scheduled Senior Staff meetings, providing more opportunities for teachers to be involved in schoolwide initiatives, engaging team on how to provide leadership opportunities within their department and participating in team building professional development. The percentage of teachers in leadership roles will increase by at least 5% during the 2022-2023 school year

Monitoring:**Describe how this Area of Focus will be monitored for the desired outcome.**

The Leadership Team will work together with team leaders to identify staff members that are experts in areas that will serve as leads with new initiative developments. By empowering teachers, we hope to create a better sense of belonging and an environment of shared leadership. The effectiveness of the initiative will be evident by teacher leaders providing support to their team members/colleagues in various areas. To ensure we are meeting the needs of our teachers, those that receive the support will share out their success during department meetings

Person responsible for monitoring outcome:

Nelson Gonzalez (ngonzalez@dadeschools.net)

Evidence-based Strategy: Describe the evidence-based strategy being

Within the Targeted Element of Instructional Leadership Team, we will focus on evidence based strategy of: Shared Leadership. By empowering teachers, we hope to create a better sense of belonging and an environment of shared leadership. The initiative will be evident by teacher leaders providing support to their team members/colleagues in various areas. To ensure we are meeting the needs of our teachers, those that receive the support will share out their success during department meetings.

**implemented
for this Area
of Focus.**

**Rationale for
Evidence-
based
Strategy:
Explain the
rationale for
selecting
this specific
strategy.
Describe the
resources/
criteria used
for selecting
this
strategy.**

By providing shared leadership opportunities, empowering teachers, and affording opportunities to be active participants in school initiatives, faculty and staff will have a positive impact on school culture and climate thus positively impacting student success and achievement.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Step 1: Beginning August 22 - October 14, 2022, Develop teacher leaders by conducting regular scheduled Senior Staff meetings, provide more opportunities for teachers to be involved in schoolwide initiatives and guide the team on how to provide leadership opportunities within their departments.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 2: Beginning August 22 - October 14, 2022 - Provide Professional Development led by Teacher Leaders on effective implementation of Differentiated Instruction that is aligned to B.E.S.T Standards and school goals based on data. As a result, teachers will develop classroom systems that promote small group instruction such as the infusion of technology for students to work on individualized assignments.

Person Responsible Silvia Perez (smperez@dadeschools.net)

Step 3: Beginning August 22 - October 14, 2022 - Administrators and Team leaders will work to identify staff members that are experts in areas that will serve as leads with new initiative developments. These teacher leaders will take the lead modeling lessons, demonstrating how to use data as a work in progress tool, and providing support to colleagues on effective implementation or delivery of standards.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 4: Beginning August 22 - October 14, 2022 - Leadership Team will recognize teacher accomplishments, during faculty meetings and award incentives for those recognized.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 5: Beginning October 31st to December 16, 2022, Administrators and Team leaders will continue to identify staff members that are experts in areas that will serve as leads with new initiative developments. These teacher leaders will take the lead modeling lessons, demonstrating how to use data as a work in progress tool, and providing support to colleagues on effective implementation or delivery of standards.

Person Responsible Liliana Suarez (lilisuares@dadeschools.net)

Step 6: Beginning October 31st to December 16, 2022, the School Leadership Team will conduct midyear data chats with core content area teachers. The collaborative conversations will focus on data analysis and instructional feedback.

Person Responsible Liliana Suarez (lilisuares@dadeschools.net)

#4. Instructional Practice specifically relating to Differentiation**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

When comparing the 2021 to 2022, data results that within the ELA overall achievement, 13% of the ELL subgroup did not meet proficiency. The 2021 data results are consistent with the 2022 data results, which indicated there was a 2 percentage point decrease for grades 9-12 in ELA achievement as compared to the 2022 data findings. Upon further analyzing the data, the greatest need for improvement is in English Language Arts Achievement. Our school will implement the targeted element of differentiation to identify and address specific learning gaps within this subgroup.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we are successful using the targeted strategy of differentiation, we will increase the percentage of ELL students showing proficiency in ELA by 2 percentage points as evidenced by the June 2023 state assessment.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Student performance will be monitored at the beginning, middle, and end of the year using The Florida Assessment of Student Thinking. (F.A.S.T.) and Performance Matters. Data chats between the leadership team and affected teachers will take place quarterly. Teachers will receive professional development on monitoring tools and data will be disaggregated and discussed by student. Data collected from these sources will be used to differentiate instruction in the classroom in order to meet the individual student needs

Person responsible for monitoring outcome:

Felicia Robinson (flee823@dadeschools.net)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Within the target element of differentiation, our school will focus on the evidence based strategy of grouping students for instruction based on academic needs.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Differentiation will allow teachers to target areas of weakness for specific students and groups of students, improving overall student performance. This will be particularly effective at improving the performance of marginal students.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Step 1: By September 30, 2022, Power Bi data will be used to provide each ELA teacher with ELL students a disaggregated list of student ELA data including additional relevant information about the students. Teachers will use this data to create class groupings based on instructional targets and needs.

Person Responsible

Felicia Robinson (flee823@dadeschools.net)

Step 2: The week of August 22 - September 30, 2022, ELA teachers will conduct the Florida Assessment of Student Thinking (F.A.S.T.). Results from this assessment will provide additional information as it relates to our ELL subgroup needs.

Person Responsible Felicia Robinson (flee823@dadeschools.net)

Step 3: Beginning September 30, 2022, the leadership team will conduct data chats with affected teachers to discuss performance by standard and to develop strategies for grouping students and providing remediation for student groups based on areas of weakness.

Person Responsible Felicia Robinson (flee823@dadeschools.net)

Step 4: Beginning September 30 -October 14, 2022, walkthroughs will be conducted on an ongoing basis throughout the school year to ensure fidelity in implementation of identified strategies in groupings and remediation strategies.

Person Responsible Nelson Gonzalez (ngonzalez@dadeschools.net)

Step 5: Beginning October 31st - December 16, 2022, collaborative conversations will take place through Department meetings focusing on knowledge of learner and the use of data to differentiate instruction. Opportunities for collaboration between the ELA teachers and the ESOL teacher will be established.

Person Responsible Isel Ceballos (imceballos@dadeschools.net)

Step 6: Beginning October 31st - December 16, 2022, ELA teachers will administer the Mid-Year Assessments for ELA. Results from this assessment will drive the implementation of differentiated instructional strategies to address student needs.

Person Responsible Isel Ceballos (imceballos@dadeschools.net)

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

Our strengths within a school culture are in Building community relationship based established traditions. Our school creates experiences throughout the year to maximize past alumni, parents and families contributions to student successes. This includes mentorship programs, internal and external resources, and family engagement activities. Faculty and staff are provided opportunities to take part in team building activities and professional development to create a cohesive environment. Platforms such as our school website, calendar, and social media

contribute to the communication processes between school leadership, staff and students. This ensures our ability to build relationships and ensure all stakeholders contribute to the decision making process of the school. We will continue to be innovative in our communication practices and will build strategies to ensure our classrooms are highly engaging and foster the highest level of instruction and learning.

Identify the stakeholders and their role in promoting a positive school culture and environment.

The stakeholders involved in creating a positive school environment are part of Miami Springs Senior Staff Team including the Principal, Assistant Principals, teacher leaders, and counselors. The Principal's role is to monitor and oversee all school initiatives and respond to concerns in a timely fashion. The Assistant Principals will

assist in ensuring all information is shared with stakeholders in a timely manner and that school programs and operations are carried out as intended. Teacher leaders assist in providing and responding to feedback from stakeholders and on collaborating with administration on the development of programs at the school. Guidance counselors are responsible for providing and responding to feedback from stakeholders and collaborating with administration on the development of programs for the academic, mental, and emotional well-being of students.
