### School Board Approval

This plan is pending approval by the Martin County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part III: Planning for Improvement

### Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

#### **What trends emerge across grade levels, subgroups and core content areas?**

The bottom quartile students learning gains are an area of low growth. ELA 48.8% and Math 47.6%. Subgroups for ESE is another area of concern with 39%. ELL learners barely met state expectation and needs to be targeted with 41%.

#### **What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?**

The need to raise reading proficiency is evident.  
The percentage of students reading at or above grade level is approximately 60%.

#### **What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?**

-Covid, lack of consistent schooling, Lack of small group instruction within the ELA planning framework. We need to schedule small group instruction for guided reading in grades K-2 especially. We need to include times for high interest book clubs to build a love of reading among upper grades students. We need professional development to improve engagement strategies for students to improve Math and ELA results.

#### **What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?**

ELA proficiency improved.

#### **What were the contributing factors to this improvement? What new actions did your school take in this area?**

Benchmark advanced was implemented.

#### **What strategies will need to be implemented in order to accelerate learning?**

-Engagement of students through high effect strategies, such as reciprocal teaching, clarity with learning intentions and success criteria, jigsaw methods, partner discussions, built in effective feedback to improve understanding and propel students to mastery.

#### **Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.**

-PD on engagement techniques-would love to send a group to the Ron Clark Academy  
-Training on methods that require students to do the work-jigsaw, reciprocal teaching, summarizing content, co-constructing success criteria.

#### **Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.**

-Improvements yield collective efficacy among PLC's, which enhances long term improvement and goal attainment. Continuing a school wide focus that is supported in PLC teams is critical.

## Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

### #1. Instructional Practice specifically relating to Small Group Instruction

#### Area of Focus Description and

##### Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Student improvement across sub groups has plateaued. It is obvious the need for small group instruction based on the needs of the learners.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We want to improve student proficiency across all sub groups by a minimum of 5%.

#### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Benchmark assessments for

#### Person responsible for monitoring outcome:

Sherry Richardson (richars2@martinschools.org)

#### Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

utilizing Lexia as an intervention/acceleration for student reading, intervention groups for the bottom quartile to utilize LLI with an intervention, teacher small group work using the skill builders from LEXIA.

#### Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

#### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

***No action steps were entered for this area of focus***

## #2. Positive Culture and Environment specifically relating to Teacher collective efficacy

**Area of Focus Description and Rationale:**  
Include a rationale that explains how it was identified as a critical need from the data reviewed.

If teachers believe in their collective student achievement improves. The sub groups not reaching proficiency and learning gaps are evidence of the need for improvement in the methods that can be use to increase student performance.

**Measurable Outcome:**  
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

**Monitoring:**  
Describe how this Area of Focus will be monitored for the desired outcome.

- Teacher morale
- effective PLC meetings
- Team work and effective planning
- PD to strengthen instruction based on walkthrough data improving efficacy

**Person responsible for monitoring outcome:**

Sherry Richardson (richars2@martinschools.org)

**Evidence-based Strategy:**  
Describe the evidence-based strategy being implemented for this Area of Focus.

**Rationale for Evidence-based Strategy:**  
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

*No action steps were entered for this area of focus*

## RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

**Area of Focus Description and Rationale**

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

**Grades K-2: Instructional Practice specifically relating to Reading/ELA**

N/A

**Grades 3-5: Instructional Practice specifically relating to Reading/ELA**

N/A

**Measurable Outcomes:**

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

**Grades K-2: Measureable Outcome(s)**

N/A

**Grades 3-5: Measureable Outcome(s)**

N/A

**Monitoring:**

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

N/A

**Person responsible for monitoring outcome:**

Select the person responsible for monitoring this outcome.

**Evidence-based Practices/Programs:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

N/A

**Rationale for Evidence-based Practices/Programs:**

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

## **Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.
