Support Tier	
ESSA Status	CSI
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To help students at-risk of not graduating earn a standard high school diploma and prepare for post-secondary success.

Provide the school's vision statement.

The vision of Kendall Greens High School is to provide quality education to all students regardless of their life circumstances, recognizing that at risk students have different needs, learn at different rates, and have diverse learning styles which cause many of these at risk students to drop out of school

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Fernandez, Lizette	Principal	<ol style="list-style-type: none"> 1. Providing instructional leadership, contractual accountability, and day-to-day leadership of educational and operational activities of the school. 2. Recruiting, hiring, and retaining highly qualified school staff. 3. Leading all initiatives to ensure school meets defined instructional goals. 4. Collecting and analyzing school data as the basis for monitoring and improving the school's measurable outcomes and contractual obligations with a focus on a cycle of continuous improvement. 5. Monitoring and evaluating staff performance systematically and regularly provide staff feedback and develop professional growth plans when necessary. Follow through with progressive discipline when expectations are not met. 6. Leading staff to accomplish the defined accountability measures to include contractual obligations and federal, state, and district requirements. 7. Fostering effective communication and relationships with all internal and external stakeholders which would include the company's mission and vision, performance results, school activities, and other information pertinent to the individual stakeholder groups: <ul style="list-style-type: none"> • Staff • Students • Parents • School district personnel • Charter School Board of Directors • Referring schools • District representatives • Community partners • Other stakeholders as identified
Ortiz, Sandra	Assistant Principal	<ol style="list-style-type: none"> 1. Managing the academic progress of students; maintaining a climate conducive to teaching and learning; ensuring effective delivery and improvement of instruction; supervising, mentoring, and developing instructional staff; and ensuring that the school meets its defined goals. 2. Implementing research-based instructional practices aligned with the state standards. 3. Overseeing all aspects of the core academic program to include, but not be limited to: <ul style="list-style-type: none"> • Ensure fidelity of implementation of all approved academic software, off-line curriculum and assessments • Development of Individual Success Plans (ISP) • Ensure student academic records are accurate and up to date • On-going individual student academic advising • Student preparation and staff administration of all standardized assessments • Compliance with Exceptional Student Education (ESE) and English for Speakers of Other Languages (ESOL) requirements <p>The Assistant Principal collaborates with the principal to supervise and retain highly qualified instructional staff, ensuring instructional staff meets expectations for performance accountability, professional development initiatives in order to ensure that student educational and behavioral goals and objectives are achieved.</p>

Name	Position Title	Job Duties and Responsibilities
Perez, Maria	Other	<ol style="list-style-type: none"> 1. Coaching, motivating and instructing special education high school students within the company model, with attention given to each student's Individual Success Plan (ISP) and Individual Educational Plan (IEP); collaborating with classroom teachers and support staff to insure that the instructional and social-emotional needs of the special education student are met. 2. The ESE teacher also works with the school's administrators to ensure that all ESE paperwork and reporting requirements are in compliance with national, state, and district regulations and serves to facilitate and insure compliance with state, district, and company Response to Intervention (RtI) policies. The ESE Teacher position is responsible for coaching, motivating and instructing special education high school students within the company model, with attention given to each student's Individual Success Plan (ISP) and Individual Educational Plan (IEP). 3. Provide a learning environment that is team-oriented, student-centered and aligned with the company's and special education student's academic goals and specific IEP objectives. 4. Provide direction and leadership within the school and classroom by displaying deep and effective working knowledge of the needs of the special education student and demonstrating best practices related to teaching, supporting, providing modifications, interventions, and instructional techniques in content area text. 5. Act as counselor, adviser, facilitator, advocate, and coach to support, mentor and guide the ESE students through their ISP and IEP. 6. Maintain, disaggregate, and provide progress monitoring reports, IEP compliance, attendance and behavioral records, academic grades, and other student records as required by national and state regulatory guidelines as well as company policy and procedures.
Seara, Amanda	Other	<ol style="list-style-type: none"> 1. Working with students in career exploration, research and planning, employment skills, interpretation of career and college assessments, job placement, securing and disseminating resources that assist students through the process of post secondary exploration, application, and selection; working closely with teachers, administrators, support staff, employers, and others to accomplish the goal of all students successfully transitioning to a post secondary pathway. 2. Assist with student orientation process. 3. Coordinate post secondary readiness, preparation and transition activities. 4. Monitor students' post-secondary transition progress and My Success©, document and record all post secondary activity. 5. Manage the College and Career Center and its activities. Network with community resources in order to provide experiential learning in careers through work experience, job shadowing, internships, and possible employment. 6. Assist students in the development of job readiness skills and personal qualities to prepare them to be competitive in the job market; i.e., personal appearance, punctuality, courtesies of expression, responsibility, confidentiality. 7. Organize employment and post secondary functions for students, parents

Name	Position Title	Job Duties and Responsibilities
		and family members (financial aid, career days, motivational speakers, college admission representatives, military recruiters, field trips, etc.) 8. Assist in all initiatives to ensure school meets defined FTE enrollment and attendance goals.
Oramas, Josefina	Reading Coach	<ul style="list-style-type: none"> • Provide a learning environment of high student accountability in reading that is student-centered and aligned with the school's academic goals and specified objectives. <p>Evaluation Criteria:</p> <ul style="list-style-type: none"> • Participate in bi-monthly reading conference calls. • Develop an intervention schedule that includes small group instruction at least four days a week • Deliver small group intervention instruction based on student data. • Track student students standards mastery both before and after intervention takes place • Deliver data-driven professional development to staff members. • Documentation of attendance in District, State, or National professional development in literacy • Contact By Staff Log indicates communication with students, parents, and school stakeholders per company expectations. • State data indicating increases in student state assessment reading scores – 80% of students who take state assessments will show an increase in reading scores. • Observation and review of reports indicate effective monitoring of the fidelity and usage of the reading software program. <p>Provide direction and leadership within the school and classroom by displaying deep and effective working knowledge of the reading process and demonstrating best practices relating to teaching, intervention, and instructional techniques in content area text..</p>

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Reading and Math has been the lowest performance data components. The student population at Kendall Greens HS is behind at least two grade levels and about 50% of our student population has not met the state assessment minimum passing score in Reading & Algebra 1.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Reading and Math demonstrates the greatest need for improvement at Kendall Greens HS. ELA learning gains for the 2021/2022 school year was 41%. Mathematics learnings gains for the 2021/2022 school year was 46%.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

The student population who enroll at Kendall Greens High School, transfer from various schools within the district, out of the district, and out of the country. Many students have instructional gaps and have been out of school for 1 or more years. Also, a majority of students who enroll are behind in academic credits.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Performance in mathematics showed the most improvement demonstrating learning gains at 46% compared to 41% learning gains in ELA.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Engagement and attendance for tutoring, small group instruction and DI was higher on average than the reading.

What strategies will need to be implemented in order to accelerate learning?

Weekly, daily and monthly interventions will need to be implemented to address the deficiencies noted on state assessments and progress monitoring.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Professional development days will focus on best practices and progress monitoring to address students' needs. Weekly data chats and departmental meetings with instructional staff.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Continuous monitoring of standards within state assessments and progress monitoring resources will be used to guide instruction.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to ELA**Area of Focus****Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on State Assessments from 2021/2022 demonstrated that students did not make adequate progress and did not meet minimum passing score on FSA/ ELA assessment. Using last years student achievement in ELA showed learning gains of 41%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Students at Kendall Greens HS will raise their overall ELA learning gains by 2 percentage points by June of 2023 as evident in their State Assessment administration scores and as reflected on the School Improvement Rating (SIR).

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration will conduct regular walkthroughs to ensure advisory teachers are providing at least one hour of full direct instruction in benchmarks related to reading and writing. Interventionists will conduct pull out and push ins to work with the lowest 25th percentile in areas of need as identified by their baseline and diagnostic assessments. .

Person responsible for monitoring outcome:

Lizette Fernandez (961279@dadeschools.net)

Evidence-based**Strategy:**

Describe the evidence-based strategy being implemented for this Area of Focus.

Level 1 and 2 students will receive targeted reading interventions on a daily basis to increase achievement levels.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Students who have been identified as having deficits in reading benefit from differentiated instruction to address and target their individual learning needs. Creating specially designed instruction in academic areas of need, as well as providing test taking strategies will increase students' learning gains and higher test results in standardized assessments.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Reading coach will begin reading interventions by the third week of school, after analyzing all data related to student diagnostic and baseline scores in reading.

Person Responsible

Josefina Oramas (josefina.oramas@aals-education.com)

Students Level 1 and Level 2 will spend one hour daily utilizing the adopted reading intervention program for reading comprehension and vocabulary skills.

Person Responsible

Lizette Fernandez (961279@dadeschools.net)

Saturday interventions will begin during 2nd nine weeks of school to address reading deficiencies for level 1 & 2 students

Person Responsible Josefina Oramas (josefina.oramas@aals-education.com)

#2. Instructional Practice specifically relating to Math**Area of Focus****Description and****Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Based on State Assessments from 2021/2022 demonstrated that students did not make adequate progress and did not meet minimum passing score on the Mathematics assessment. Using last years student achievement in mathematics showed learning gains of 46%.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Students at Kendall Greens HS will raise their overall Mathematics learning gains by 2 percentage points by June of 2023 as evident in their State Assessment administration scores and as reflected on the School Improvement Rating (SIR).

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Administration will conduct regular walkthroughs to ensure advisory teachers are providing at least one hour of full direct instruction in benchmarks related to math instructional needs. Interventionists will conduct pull out and push ins to work with the lowest 25th percentile.

Person responsible for monitoring outcome:

Lizette Fernandez (961279@dadeschools.net)

Evidence-based**Strategy:**

Describe the evidence-based strategy being implemented for this Area of Focus.

Level 1 and 2 students will receive targeted math interventions on instructional needs to increase achievement levels.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Students who have been identified as having deficits in algebraic math skills benefit from differentiated instruction to address and target their individual learning needs. Creating specially designed instruction in academic areas of need, as well as providing test taking strategies will increase students' learning gains and higher test results in standardized assessments.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Math Coach will begin math interventions by the third week of school, after analyzing and identifying level 1 and 2 students.

Person Responsible

Sandra Ortiz (sortiz85@dadeschools.net)

All level 1 and 2 students will receive an additional math course that focuses on foundational math skills and is part of the intervention curriculum in the area of mathematics.

Person Responsible

Sandra Ortiz (sortiz85@dadeschools.net)

Saturday interventions will begin during the 2nd nine weeks of school to address math deficits for level 1 & 2 students.

Person Responsible Lizette Fernandez (961279@dadeschools.net)

#3. -- Select below -- specifically relating to

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

To build a positive school culture our school engages in a various meaningful parent and student activities aim to increase student achievement, motivation and create an overall positive learning environment.

1. We celebrate personal student achievement and positive behavior. Advisory teacher rewards student's achievement in academic programs (Reading Plus) through certificates of achievement, pizza parties, and other tangible and non-tangible rewards.
2. Teachers maintain consistent parent communication. Teachers call parents daily to inquire about students' absence. Teachers call parents/guardians weekly to provide updates on student's overall behavior, and at least once per month, teachers make a positive phone call. All forms of communication are documented in our STARS communication log.
3. Parents and students are invited to our quarterly EESAC Meeting. A committee composed of parents,

teachers, students, and a business/community partner is selected to be part of the school improvement monitoring plan.

4. Via email, parents receive weekly automatic updates from the Apex gradebook regarding their child's performance in each academic course (completion rate, hours spent in each class, average grade in each class).
5. New students receive a two-day orientation to prepare them to use our curriculum successfully and adequately.
6. Upon registration, prospect students and their parents are provided a one-on-one tour of the school and provided access to visit classrooms and common areas.
7. Teachers and support staff schedule meetings with parents at the request of the family or teacher. We encourage face-to-face meetings when possible, and when allowable to provide meaningful meetings.
8. Teachers establish classroom rules and school norms that build valuable instruction.
9. Discipline is set consistently and addressed immediately by teacher and administration. On a daily basis, the principal meets individually with students at onset of inappropriate behavior and parents are called. Students are then reminded of expectations and rules.
10. The Family Support Specialist (FSS), Exceptional Student Education Specialist, and Career Coach provide students and families information and linkage to outside community programs and services as necessary to meet their individual needs.
11. The school partners with outside community agencies that can service students throughout the year by visiting campus and providing opportunities to succeed (colleges, nonprofit organizations, mentoring programs, etc.)
12. The school maintains a positive physical environment by displaying inspirational quotes and mottos from historical and/or culturally relevant role models throughout the hallways that student can read as they transition. Teachers also provide flexible seating space in their classroom to work in small groups when needed.
13. Teachers model the behaviors we want students to display in our school.

Identify the stakeholders and their role in promoting a positive school culture and environment.

All school staff takes part in creating and promoting a positive culture and environment at the school. From the enrollment specialist as she tours parents through the school and explains the instructional model of the program, to the secretary who greets parents at the door with a smile. Every member of our faculty and staff provides meaningful elements that create a positive atmosphere. Teachers greet students at the door at entry. Teachers update their bulletin boards with student achievement, and culturally relevant instructional tools. Teacher maintain daily communication with parents/guardians and students. Administration addressed undesired behaviors immediately, and provide resources (tools, tips, strategies) to help increase desired behaviors. As a team, the entire school-body values student's cultural backgrounds, diversity and learning styles.
