SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

1. Have a graduation of 67% or lower; or
2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

- Prevention and Intervention: 0%-50%
- Nonsecure Programs: 0%-59%
- Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To provide educational, life skills, and social-emotional services to meet the diverse needs of our students.

Provide the school's vision statement.

Through our educational, life skills, and social-emotional services, help students to successfully re-integrate into society.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

Students at Turner/Guilford/Knight (TGK) Correctional Center are referred through the circuit juvenile courts. typically, the students housed at TGK are in the process of being tried as an adult (direct file). Educational services meet the academic needs of these students.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Clark, Theron	Principal	Oversee administration of program
Alonso, Nadeshka	Other	Provide assessment materials and support
Charles, Kimberly	Teacher, K-12	Instruction in language arts
Lafaille, Eddy	Assistant Principal	Assist in the administration of program
Fair, Larry	Teacher, K-12	Teach mathematics
Tomasso, Margarita	Psychologist	Psychological services

Is education provided through contract for educational services?

No

If yes, name of the contracted education provider.

N/A

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place related to the Areas of Focus?

Data was not collected to provide progress monitoring. Plans for progress monitoring included addressing reading and math deficiencies. Program infrastructure prevented consistent administration of assessments.

Which data component showed the most improvement? What new actions did your school take in this area?

Math gains

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

Data collection. The administration of relevant assessments for progress monitoring data is needed. Tools for assessing students are needed.

What trends emerge across grade levels, subgroups and core content areas?

Unable to assess based on lack of relevant data.

What strategies need to be implemented in order to accelerate learning?

Assess, review, and planning in all subject areas.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided to support teachers and leaders.

Training in the following areas are needed:

1. Data collection for progress monitoring

- 2. Progress monitoring
- 3. Student assessment
- 4. MTSS and RTI training

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

<p>Area of Focus Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.</p>	<p>Inconsistent assessment data is available for progress monitoring.</p>
<p>Measurable Outcome: State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.</p>	<p>75% of students will be assessed with pre- and post-assessments during the 2022-23 school year.</p>
<p>Monitoring: Describe how this Area of Focus will be monitored for the desired outcome.</p>	<p>ELA teacher will monitor student entries and ensure pre-assessments are administered. Assessment results will be shared with instructional coach to ensure fidelity of progress monitoring plans.</p>
<p>Person responsible for monitoring outcome:</p>	<p>Kimberly Charles (kcharles1@dadeschools.net)</p>
<p>Evidence-based Strategy: Describe the evidence-based strategy being implemented for this Area of Focus.</p>	<p>Paper-based assessments, to be developed or adopted.</p>
<p>Rationale for Evidence-based Strategy: Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.</p>	<p>Students must be assessed in order to provide progress monitoring.</p>

Action Steps to Implement:
List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Identify paper-based ELA assessment for progress monitoring.

Person Responsible	Eddy Lafaille (238362@dadeschools.net)
---------------------------	--

<p>Monitoring ESSA Impact: If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.</p>	<p>The overall index and that of Black/African American students was implicated in the last testing period. Improving ELA performance will necessarily impact Black/African American students who are deficient in ELA.</p>

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Inconsistent assessment data is available for progress monitoring.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

75% of students will be assessed with pre- and post-assessments during the 2022-23 school year.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Math teacher will monitor student entries and ensure pre-assessments are administered. Assessment results will be shared with instructional coach to ensure fidelity of progress monitoring plans.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Paper-based assessments, to be developed or adopted.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Students must be assessed in order to provide progress monitoring.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Identify paper-based math assessment for progress monitoring.

Person Responsible

Eddy Lafaille (238362@dadeschools.net)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index.

The overall index and that of Black/African American students was implicated in the last testing period. Improving math performance will necessarily impact Black/African American students who are deficient in math.

Positive Culture & Environment

A positive school culture and environment is critical in supporting sustainable schoolwide improvement initiatives. When schools implement a shared focus on improving school culture and environment, students are more likely to engage academically. A positive school culture and environment can also increase staff satisfaction and retention.

Select a targeted element from the menu to develop a system or process to be implemented for schoolwide improvement related to positive culture and environment.

PBIS linked to classroom management strategies

Describe how data will be collected and analyzed to guide decision making related to the selected target.

Reviewing behavioral interventions in cl;ass

Describe how the target area, related data and resulting action steps will be communicated to stakeholders.

The number of behavioral interventions during class will be communicated via email to the principal, the program staff, and the instructional staff via email.

Describe how implementation will be progress monitored.

There will be reviews of individual student behaviors with program staff.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Action Step	Person Responsible for Monitoring
Review behaviors	Lafaille, Eddy, 238362@dadeschools.net
