SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The administration, faculty, and staff of Liberty Middle School are committed to a higher standard of excellence. We invite our students, parents, and community members to become a part of our greater learning community and share our PRIDE. We are committed to educating the whole student and fostering a safe school environment where our students can learn.

Provide the school's vision statement

- We are committed to inspiring our students to reach their highest academic potential.
- We are committed to encouraging character development.
- We are committed to forging the leaders of tomorrow from the students of today.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

There are a variety of ways in which the school learns about students' cultures and builds relationships. Feedback, student climate surveys, student information sheets, and having staff members volunteer as club and sport sponsors support this process. We use the Student Connection to help ensure each student has someone on campus who has made a connection with them throughout the school year.

Describe how the school creates an environment where students feel safe and respected before, during and after school

School-wide behavioral expectations are taught, modeled, and reinforced throughout the school year. Precise plans for responses to emergency situations that may occur including fire, weather, weapon on campus, dangerous person on campus, bomb threat, etc. Drills are conducted multiple times during the school year. Ensuring adequate supervision at all times also aides in providing students with a safe environment.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Our school wide expectations are based off of the Positive Behavior Support system that all students and staff are trained on throughout the year.

Be Respectful

Be Responsible

Be Productive

Students are encouraged to follow these school-wide expectations throughout the school day in any given situation.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The Synergy team at Liberty Middle School meets every Tuesday to discuss current data on at risk students as well as positives/challenges from the previous week. The synergy team consist of school psychologist, assistant principals, deans, guidance counselors, behavioral specialist, and social workers. The ultimate goal for each meeting is to walk away from the table with identifiable needs and an action plan for any struggling student.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- One or more suspensions, whether in school or out of school
- Course failure in English Language Arts or mathematics
- A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	13	19	18	50
One or more suspensions	12	15	18	45
Course failure in ELA or Math	11	12	9	32
Level 1 on statewide assessment	19	19	22	60

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	6	7	8	
Students exhibiting two or more indicators	16	13	16	45

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Interventions used in the classroom setting include:
 Reading: Read 180, Rewards, Corrective Reading, and 50minute Reading
 Math: Algebra Nation, Pearson Digits
 Writing: Document-Based Questioning and Reading Writing Assessments
 Behavior: Character Development Academy, Check in Check out, Student Connection

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

We are focusing on increasing parent involvement this year by empowering parents to become involved in their children's education. We have hosted or will be hosting multiple opportunities for parents to sign up for Parent Portal including: 6th grade Orientation, 7/8 grade Orientation, Open House, and receptionists being able to register parents on Parent Portal (rather than just the counselors and guidance clerk).

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

The School Advisory Council (SAC) will actively participate in the creation and revision of the School Improvement Plan. They will make suggestions and give feedback about the programs that are currently being utilized at LMS. Members will have the opportunity to participate in many of the programs involving technology for the instruction of students. SAC members will give input on events and activities that are positive as well as giving input on events and activities that may need to change.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Beasley, Jennifer	Principal
Lindeman, Melissa	Assistant Principal
McCarthy, Timothy	Assistant Principal
Clifford, Marty	Dean
Heruth, James	Dean
Goolsby, Kimberly	Guidance Counselor
Johnson, Alexan	Guidance Counselor
Dixon, Nakeia	Instructional Coach

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The members of the school based leadership team are all actively involved in the MTSS process. The principal actively discusses student data from Tier 1 progress monitoring tools with teachers in order to track effectiveness of Tier 1 instruction. Administrators meet monthly with school psychologist, social worker, behavior specialist, guidance counselors, and specific teachers at Problem Solving Meetings (PST) to re-visit data from students struggling at each Tier of instruction. Resources and interventions for struggling students (in both academic and behavior arenas) are assigned and monitored at these PST meetings. When appropriate, direct instruction and computer software are utilized for both remediation and enrichment. Parents are notified of struggling student's progress through weekly tracking sheets and frequent parent conferences.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The goal at Liberty Middle School is to make teaching and learning a priority in every classroom for every person every day. The school based leadership team should consistently monitor student achievement data and provide intervention opportunities to students as needed. Progress should be monitored and intervention adjusted based on student growth data. The school based team identifies areas in need of improvement and sets annual goals articulated in the SIP. An action plan is created to address goals and the team meets during planning periods to set individual student goals and to monitor student growth. Teachers are very much included in conversations regarding student growth and their professional growth needs are identified and prioritized through these concertinas and as a result of team meetings. Data is consistently leveraged to adjust the action plan and to address new areas of need.

Title I – Part C – Migrant Program:

District funds are used to purchase:

- School supplies,
- Fund a Migrant Liaison that works with schools and families to identify students and provide need referrals for families

Referrals to After School Tutorial Program to improve grades, increase promotion, improve attendance and reduce the dropout rate.

Families must meet the federal eligibility to participate in the program.

Title II – Part A: - District provides staff development activities to improve basic educational programs and to assist administrators and teachers in meeting highly qualified status.

Title X: District Homeless Social Worker provides resources (Clothing, school supplies, social services referrals....) for students identified homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Title III – Part A: Services are provided through the District, for education materials and ELL district support services on an as needed basis to improve the education of immigrant and English Language Learners.

Exceptional Student Education: The Florida Diagnostic Learning Resource System is funded through EHA-Part B as amended by PL94-142, to provide Support Services to Exceptional Student Education Programs.

Vocations Education: Proposals are submitted annually to enhance selected Vocational Programs for regular, disadvantaged and handicapped students in grades 7-12.

Health Department: District and schools coordinate with the Health Department for Absences Programs, Asthma Programs and Nurses that oversee school health clinics.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Petra Schmidt	Parent
Jennifer Sibbald	Principal
Melissa Lindeman	Principal
Tim McCarthy	Principal
April Reid	Parent
Christine Carreras	Education Support Employee
Patricia Mintel	Parent
Todd Duffy	Business/Community
Bebe Hussain	Parent
Kimberly Goolsby	Education Support Employee
Alexan Johnson	Education Support Employee

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The SAC members will participate in a workshop in which we will brainstorm the best strategies for the goals addressed in the School Improvement Plan.

Development of this school improvement plan

The School Advisory Council (SAC) will actively participate in the creation and revision of the School Improvement Plan. They will make suggestions and give feedback about the programs that are currently being utilized at Liberty Middle.

Preparation of the school's annual budget and plan

SAC members will give input on events and activities that are positive as well as giving input on events and activities that may need to change.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

No SIP funds have been allocated at this time.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Beasley, Jennifer	Principal
Lindeman, Melissa	Assistant Principal
McCarthy, Timothy	Assistant Principal
Adams, Teri	Instructional Media
Dixon, Nakeia	Instructional Coach
Cunningham, Chenita	Teacher, K-12
Glover, Colleen	Teacher, K-12
Johnson, Alexan	Guidance Counselor

Duties

Describe how the LLT promotes literacy within the school

Following the Florida State Standards of text complexity, Liberty Middle School will focus greatly on non-fiction, complex texts across the curriculum. In addition to Common Core, a school-wide initiative for Learn It, Own It, Rock It (both grade level specific and school wide) vocabulary emphasis.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Collaborative planning is scheduled so that there is a school-wide commitment to teacher planning. Planning time is set aside for teachers by team, grade, and department. In the event that there is a need for training or collaboration that involves an entire grade level or subject area this time will be used so that individual planning time will not be encroached.

- Team Collaboration (weekly during planning time) – Core content teams (math, science, social studies and language arts) will work together in identifying students to bring to Synergy, as well as interdisciplinary projects.

- Departmental Collaboration (3rd Tuesday of the month) – Subject areas will work together in order to share best practices, work on incorporating effective reading strategies in the subject areas, and ensure that there are common expectations from 6th-8th grades. Teachers will be grouped according to subjects and Lead Teachers will conduct district required training during this time.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Review resumes and certification-Administrators
Provide leadership opportunities-Administrators
Provide professional development opportunities-Administrators and Instructional Coaches
Provide mentoring program for new teachers-Administrators

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

1. Plan meetings with mentors and mentees.
2. Professional development opportunities monthly throughout the 2013-2014 school year.
3. Collaborate to discuss upcoming lessons and common assessments.

Focus areas include: Students with special needs and accommodations, student engagement, and collaborative planning.

When pairing new teachers with mentor teachers, we pair according to subject taught. Each new teacher will be assigned a mentor teacher to help transition during the first year of teaching.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Through committees, there is a district review of multiple research based instructional materials and programs which align with the Florida standards. In addition classroom instruction and lesson plans are monitored by school based administration and mentor/lead teachers.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

In a combined effort, Administration and LMS Staff use evidence from the analysis of FCA results, District Benchmark Assessment results, Learning Checks, End of Course Exams, and FCAT results to

determine professional development needs and areas of concern. In addition, administrators also use classroom walkthroughs/observations, teacher surveys, and team meeting notes to assist in the process of determining where instruction needs improvement.

Teachers utilize data from progress monitoring assessments designed to measure students' proficiency on each benchmark. Curriculum maps identify the specific times that these assessments are given throughout the year. This data is compared between and among teachers. Based on an analysis of the data, best practices are identified and shared. Teachers utilize resources from the state adopted textbooks that are specifically intended for intensive and/or remedial type instruction. Instructional software programs, along with internet based instructional web sites such as FCAT Explorer and Digits Online, are also utilized. In a PLC, teachers discuss best practices and research different methods of providing instruction to students on non-mastered skills.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 8,625

With a focus on students earning the required units for Middle School, we utilize the PLATO program. It is an on-line credit recovery program used to provide unit deficient students the opportunity to recover units. We send our students to West Port High School to accomplish this.

Strategy Rationale

This allows unit deficient students the opportunity to recover units from core academic classes they failed.

Strategy Purpose(s)

Algebra I Boot Camp is a program designed to give additional support to students who did not successfully pass the Algebra I End of Course Exam. We send our students to West Port High School to accomplish this.

Strategy Rationale

To give additional support to students to prepare them for the Algebra I End of Course Exam retakes.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

6th Grade Preview Day is a program that we have at Liberty Middle School as a comprehensive effort to work with incoming 6th grade students in a small group setting. It allows them to become familiar with the campus and meet key members of the administrative team. During the preview, students are assigned to teacher teams. Students are given pertinent information about the differences between elementary and middle school, guidance and curriculum, student services, utilizing the Student Portal, school-wide expectations, and school culture.

All students are carefully monitored throughout their 6th, 7th, and 8th grade years in an effort to ensure unit completion of the required 12.5 units. . Guidance Counselors and Deans are assigned by grade levels which assist in the monitoring of students academically and/or behaviorally.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Guidance Counselors visit classes in 8th grade to have in depth conversations with students about career planning and relationship to course selection in high school. Agriculture, Technology, and Health Occupations teachers also bring professionals from their fields into the classroom to speak to students about careers.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

LMS offers a variety of Agriculture, Technology, and Health Occupations classes for students. Each of these classes is designed to expose students to career opportunities in the specific field of the class. Each class also has an after-school club (FFA, FBLA, LEGO, HOSA) to help students delve more deeply into the course and real life experiences associated with the course.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement
