SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Duval County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Job Summary

Serves as Assistant Principal of the learning community. Develops, articulates, communicates, and implements a shared vision that is supported by the larger organization and the school community.

Essential Functions

Whigham, Derrick Assistant Principal

1. Monitors the success of all students in the learning environment; aligns the curriculum, instruction, and assessment processes to promote effective student performance; and uses a variety of benchmarks, learning, and expectations feedback measures to ensure accountability for all participants engaged in the educational process.
2. Promotes a positive learning culture; provides an effective instructional program; and applies best practices to student learning, especially in the area of reading and other foundational skills.
3. Leads, directs, and manages operations; recruits, selects, orients, trains, coaches, counsels, and disciplines staff. Plans, monitors, appraises, and reviews staff job contributions to planning, development, delivery, follow-up, and evaluation.
4. Manages the organization, operations, facilities, and resources. Maximizes use of resources in an instructional organization. Promotes a safe, efficient, legal, and effective learning environment.
5. Collaborates with families, businesses, volunteers, and community members; responds to diverse community interests and needs; works effectively within the larger organization; and mobilizes community resources.
6. Collects and analyzes data for continuous school improvement.
7. Plans and implements the integration of technological and electronic tools in teaching, learning, management, research, and communication responsibilities.
8. Requisitions supplies, textbooks, and equipment; conducts inventories, maintains records, and checks on receipts for such material.
9. Prepares and/or supervises the preparation of all required reporting documents, accounting procedures and budgetary expenditures relative to school operations.
10. Performs other duties as assigned.

Knowledge, Skills, and Abilities

Name	Position Title	Job Duties and Responsibilities
		<p> Knowledge of differentiated curriculum Knowledge of multiple learning styles / multisensory instruction Knowledge of best practices in current educational trends and research Knowledge of techniques and organizational skills useful in leading and managing a complex and diverse organization Knowledge of methods and principles of personnel evaluation Knowledge of budget process and procedures Strong supervisory management skills Strong oral, written, and interpersonal communication skills Strong word processing, spreadsheet, and presentation software skills Strong creative problem solving skills Strong time management skills Ability to perform the duties of school assistant principals as defined by state statutes and district operating procedures Ability to frequently work extended hours beyond the regular school day Ability to set annual learning gains, school improvement goals, and instructional improvement targets Ability to use a problem-solving model when confronted with unsettled questions or undesirable situations Ability to interact effectively with diverse individuals and groups Ability to defuse contentious situations Ability to use data to assess and monitor school and instructional improvement Ability to develop and maintain good communications and public relations between school and community Ability to manage the school's budget and allocated resources Ability to use diagnostic tools to assess, identify, and apply instructional improvement Ability to work with staff to identify strategies for improving student achievement appropriate to the school population Ability to interpret federal and state guidelines and how they pertain to the school Ability to use financial resources and capital goods and services to support school priorities Ability to analyze and use data Ability to use technology to support the educational efforts of staff and teachers Ability to read, interpret and enforce the State Board Rules, Code of Ethics, School Board policies and appropriate state evaluation procedures Ability to use coaching and evaluation procedures Ability to enforce collective bargaining agreements Ability to design, plan and organize activities to achieve goals Ability to persuade others Ability to initiate action and take responsibility for leading Ability to make or share decisions in a timely manner Ability to set high achievement expectations with benchmarks of progress towards goals Ability to communicate effectively both orally and in writing with school personnel, district staff, School Board members, state and federal departments of education, and the public Ability to effectively facilitate meetings </p>

Demographic Information

Principal start date

Sunday 7/1/2018, Shana Adams

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

10

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Total number of teacher positions allocated to the school

22

Total number of students enrolled at the school

312

Identify the number of instructional staff who left the school during the 2021-22 school year.

8

Identify the number of instructional staff who joined the school during the 2022-23 school year.

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

2022 FSA Reading: 3rd grade proficiency increased 5 points to 24%, 4th grade increased 12 points to 26%, and 5th grade decreased 3 points to 27%

2022 FSA Math: 3rd grade proficiency increased 1 point to 30%, 4th grade increased 6 points to 37%, and 5th grade decreased 1 point to 34%

Overall, all district assessments given throughout the year demonstrate upward data trends that pointed the school in the direction of a School Grade increase.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

Reading and Math: All grade level proficiency rates are lower than intended goals set at the beginning of the school year. Subgroups not making adequate progress towards proficiency but demonstrate gains in learning. 5th Grade Reading is in the most need for coaching support.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Due to COVID 19 there is a need for more reading and math strategies. Students are not proficient readers of grade-level text. Many students are also below grade level in math. If students are provided with additional opportunities to be exposed to grade level content their reading scores may increase. In addition, students need more exposure to new vocabulary and strategies on how to determine the meaning of unfamiliar terms.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

Students identified as the Lowest Performing Quartile in Reading showed the most significant gains on the 2022 FSA. Over 90% of these students increased their scale scores from the 2021 administration of the test.

What were the contributing factors to this improvement? What new actions did your school take in this area?

Direct instruction using LLI resources were provided to the LPQ students early in the school year. The Reading Interventionist worked daily with these students in small groups to increase their fundamental knowledge of reading skills. Consistent data monitoring of these students' progress provided check points to modify instruction throughout the lesson cycles.

What strategies will need to be implemented in order to accelerate learning?

1. Intentional professional development opportunities will be provided to teachers to increase their understanding of the new standards and benchmarks.
2. Biweekly PLCs will offer time to collaborate and practice instructional strategies identified as best practices for small group learning.
3. Continue standards based instruction
4. Frequent progress monitoring of multiple data points to inform instructional decisions.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

District specialists will be able to provide B.E.S.T Standards Implementation professional development trainings to coaches and teachers. Biweekly PLCs will reinforce professional development learning through action and implementation of instructional strategies.

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Intervention programs will continue to be implemented with targeted students. Instructional coaches will provide one on one coaching cycles with teachers in order to support their understanding of each content area and small group implementation. Weekly administrative walk throughs will provide teachers immediate feedback regarding instructional alignment to the standards and benchmarks.

Title I funds will be used to add supplemental personnel, supplemental materials, and professional development to provide classroom instruction, specialized instruction and additional support to increase student achievement.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to B.E.S.T. Standards**Area of Focus
Description and
Rationale:****Include a rationale that explains how it was identified as a critical need from the data reviewed.**

Explicit use of the Florida B.E.S.T standards and resources to better understand concepts and skills aligned to the benchmark's learning task. Create a clear instructional focus to transfer the understanding of current benchmarks.

**Measurable
Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.**

Instructional Delivery will average a 3.5 or higher using the district's Standards Walk Through Form.

**Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.**

Administrative team will participate in weekly Professional Learning Communities for Reading and Math in order to understand scope and sequence of lessons and instructional strategies. Admin team will use the district Standards Walk Through form to determine if instructional strategies used are aligned to benchmarks. Walk throughs will reveal instruction of content, concepts and tasks that are aligned to the benchmarks and intended learning.

Person responsible for monitoring outcome:

Shana Adams (adamss2@duvalschools.org)

**Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.**

As stated in Leadership Content Knowledge (2003), "We go on to suggest that all administrators have solid mastery of at least one subject (and the learning and teaching of it) and that they develop expertise in other subjects by "postholing," that is, conducting in-depth explorations of an important but bounded slice of the subject, how it is learned, and how it is taught. We conclude with an exploration of how content knowledge and leadership knowledge might be intertwined and suggestions for further research."
<https://www.jstor.org/stable/3699585?seq=1>

**Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.**

Content specialist are non-administrative, peer to peer support staff who can provided job-embedded professional learning and coaching support. Although effective in instilling credibility with peer's groups, peer coaches cannot provide any evaluative or summative direction or feedback, therefore any necessary teacher professional growth planning and/or progressive action that requires more intensive action must be observed, documented, and supported by administrative staff only.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers, coaches, and admin will participate in district provided professional development to understand the new B.E.S.T standards and benchmarks.

Person Responsible Shana Adams (adamss2@duvalschools.org)

Teachers will plan aligned lessons with strategically selected instructional strategies with the assistance of content area coach (weekly). Coaches will model how to deliver lessons with aligned instructional strategy and provide coaching as needed.

Person Responsible Amanda Cardoza (cardozaa@duvalschools.org)

Develop explicit Look-Fors and provide focused feedback to teachers to insure instructional practices are identified to support improvement

Monitor delivery of instructional strategies (with SWT) to determine alignment to benchmarks.

Person Responsible Shana Adams (adamss2@duvalschools.org)

Provide ongoing PD to Leadership team and teachers to reduce gaps in practice with a streamline approach to monitor look fors connected to implementation and planning.

Person Responsible Shana Adams (adamss2@duvalschools.org)

Provide tutoring to students before, after and during school to decrease learning gaps.

Person Responsible Derrick Whigham (whigham-gd@duvalschools.org)

Title I funds will be used to add supplemental personnel or supplemental materials to provide classroom instruction, specialized instruction and additional support to increase student achievement"

Person Responsible Amanda Cardoza (cardozaa@duvalschools.org)

#2. Instructional Practice specifically relating to Small Group Instruction

Area of Focus
Description and Rationale:
Include a rationale that explains how it was identified as a critical need from the data reviewed.

Susie Tolbert has a 100% rate of economically disadvantaged students and 94% rate of minority students. Based on the 2021-2022 Reading FSA results, 28% of students were proficient. Math results indicated a 36% proficiency. Science results demonstrated 23% proficient. These data points indicate a strong need for small group instruction to increase proficiency of all subgroups of students in all content areas.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Due to skilled and specialized small group instruction of all subgroups, the benchmark assessments given throughout the year will increasingly demonstrate an upward trend towards proficiency in all grade levels and content areas. By the third administration (end of year assessment) a minimum of 30% proficiency in Reading, 40% in Math, and 25% in Science.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Weekly data will be pulled from: Performance Matters, district assessments, ACALETICS, exit tickets, learning checks, and SAS to demonstrate how the subgroups are progressing. A member of the instructional leadership team will address trends with administration and will create alternate plans for deficits observed to be rolled out in small groups each week.

Person responsible for monitoring outcome:

Derrick Whigham (whigham-gd@duvalschools.org)

Evidence-based Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

To increase content area proficiency in all grade levels, a variety of instructional resources will be utilized. This will include, but not be limited to: Administrative professional development, Instructional Coach professional development, teacher professional development, district curriculum resources (Benchmark, ACALETICS, Reveal Math, HMH, etc), Pitsco lab experiments, blended learning platforms, off campus assemblies and fieldtrips such as MOSH, STAR BASE, Marine Science Center, the library, LEGO Land, EPCOT, Bowling Alley, and various other places.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/

The aforementioned strategies will increase proficiency by providing real world opportunities for exposure to content area topics. They will provide teachers a bank of strategies to incorporate into their small group instruction. Professional development opportunities will allow participants to understand the demands of the standards of all content areas when teaching in small group.

**criteria used for
selecting this
strategy.**

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Professional development for admin, coaches, and teachers. Faculty will participate in PD conferences that will enhance their understanding of the new state adopted standards.

Person Responsible Shana Adams (adamss2@duvalschools.org)

Biweekly professional learning communities to increase teacher understanding of standards and instructional strategies to use in small groups with subgroups.

Person Responsible Amanda Cardoza (cardozaa@duvalschools.org)

Fieldtrips- Students will attend various learning excursions to engage in standards-based activities and create real world connections to content learned in all curriculum subject areas.

Person Responsible Derrick Whigham (whigham-gd@duvalschools.org)

Tutors and Saturday School provide tiered instructional small group services and differentiate lessons based on targeted data sets and explicit focus of standards.

Person Responsible Shana Adams (adamss2@duvalschools.org)

Use Presentation equipment to support interactive learning of Science, Math and Reading curriculum and computer software resources.

Person Responsible Amanda Cardoza (cardozaa@duvalschools.org)

Implementation of a behavior support system with the addition of support specialist to help bridge our diverse committees together. This component would also train teachers in strategies to support effective management of our diverse communities and address the social and emotional struggles of our students.

Person Responsible Derrick Whigham (whigham-gd@duvalschools.org)

Monthly content area academic celebrations (GREEN PARTY) for students meeting targeted goals.

Person Responsible Derrick Whigham (whigham-gd@duvalschools.org)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

N/A

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

According to the 2022 Reading FSA data, 72% of students school wide scored less than a Level 3. 76% of 3rd grade students scored less than 50% on the assessment as well. Due to the COVID-19 pandemic, students entered each grade level with significant reading deficiencies. Because of this, Tolbert's Literacy Leadership Team will continue to work with targeted subgroups of students to fill in reading skills gaps. The LLT will also support teachers through weekly professional learning communities, biweekly common plannings, and one on one coaching cycles. All of which will help to increase teacher's understandings of the new B.E.S.T standards.

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

N/A

Grades 3-5: Measureable Outcome(s)

Students who scored lower than a Level 3 on the 2021-2022 Reading FSA will increase their proficiency level on the third administration of the benchmark assessment to 50% or higher. Progress monitoring will include analysis of benchmarks 1 and 2, teacher assessments, and blended learning performance. Through triangulating data, tutoring, pull out small groups with LLT members, and consistent monitoring of data, students will have ample opportunities to achieve their goal.

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

The LLT will monitor student progress on various assessments. Progress monitoring will be kept electronically to help determine which students and teachers need support. The administrative team will meet weekly with the LLT to determine the health of the Reading program. Instructional decisions will be made on a case by case basis after analyzing student progress on these various assessments.

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Adams, Shana, adamss2@duvalschools.org

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

Leveled Literacy Intervention (LLI) is a reading intervention program that provides daily, intensive small-group instruction to struggling readers. This program was used daily during the Reading Interventionist's small group pull outs with the lowest performing quartile students. 35 out of 36 LPQ students made gains in reading on the 2022 Spring FSA.

Benchmark Advanced resources will also be utilized as a district core curriculum for Reading students. This program is fully aligned to B.E.S.T standards and meets all ELA strands, standards and benchmarks. This will be the first year in implementing the program.

Corrective Reading will be used with students testing into the B1 program. This curriculum is designed to improve decoding, fluency, and comprehension skills for students reading significantly below grade level. Corrective Reading has been rated as Strong by Evidence for ESSA (<https://www.evidenceforessa.org/programs/reading/corrective-reading-elementary>) for students in grades three and five.

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

The aforementioned programs have been vetted thoroughly by district specialists and curriculum teams. Both LLI and Corrective Reading are specifically designed to address reading deficits in foundational skills

while Benchmark Advance aligns to the demands of the ELA Strands for the B.E.S.T standards. LLI and Corrective Reading have a proven record of effectiveness in Tolbert's struggling readers population.

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step	Person Responsible for Monitoring
Literacy Leadership- 1. Assemble LLT team 2. Define goals, roles, and responsibilities 3. Establish progress monitoring procedures 4. Tutoring before after and during school 5. Provide additional reading lesson opportunities for students.	Adams, Shana, adamss2@duvalschools.org
Literacy Coaching 1. Establish guidelines for planning and facilitating PLCs/Common Planning with Literacy team 2. Identify professional development opportunities and schedule dates 3. Establish guidelines for coaching cycles and tier teachers according to support needed.	Cardoza, Amanda, cardozaa@duvalschools.org
Assessment 1. Identify formative and summative assessments and schedule on school calendar. 2. Administer assessments in timely manner 3. Analyze assessment data with teachers and literacy coach 4. Plan next steps according to analysis.	Cardoza, Amanda, cardozaa@duvalschools.org
Professional Learning 1. Identify district professional development opportunities as well as conferences to help increase understanding of new standards and implementation practices. 2. Literacy leadership team meets with teachers after PD opportunities to determine next steps and implementation. 3. Admin team monitors fidelity of implementation through weekly walk throughs. 4. Admin team provides immediate feedback to teachers to determine future levels of support through literacy leadership team.	Cardoza, Amanda, cardozaa@duvalschools.org

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

This year, teachers, staff, and administrators will be using a PBIS rewards system and adopting elements of the Ron Clark Academy House System with students. The PBIS rewards allows faculty to award points to students who are going above and beyond behaviorally and academically. Points will be tracked through a digital system and students will be rewarded biweekly for their efforts. In addition, Tolbert will be adopting elements of the Ron Clark House System. This program is designed to promote climate and culture not only between grade levels, but whole school. The House System is a concept used to promote character, academic success, school spirit and a family atmosphere. Houses are ran by teachers and student leaders to plan activities throughout the year to encourage familial bonds between students and staff. The administrative team will allow houses to meet monthly to celebrate successes among students. In addition, we will continue to celebrate students quarterly for academics, behavior, and attendance.

Identify the stakeholders and their role in promoting a positive school culture and environment.

- Administrative team- Supervise and monitor implementation of school wide initiatives. Plan and implement monthly teacher and staff incentives.
- Instructional Leadership Team- Plan quarterly activities and celebrations for students
- Learning Excursions and community learning opportunities
- PBIS Choice Fieldtrips
- Teachers- Plan monthly House activities
- Implement and promote Ron Clark House System with incentive support from parent House leaders and Business partners
- Implement PBIS Rewards system
- City Year- Plan monthly celebratory activities
- Green Party academic celebrations in reading and math
- Collegiate partners- Plan quarterly volunteer opportunities to promote student engagement in academic success.
- Faith based partners- Plan quarterly opportunities to celebrate faculty and student successes.
