Demographics

Principal: Edward Robinson H

Start Date for this Principal: 8/18/2022

2021-22 Status (per MSID File)	Active
School Function (per accountability file)	
School Type and Grades Served (per MSID File)	High School 6-12
Primary Service Type (per MSID File)	Alternative Education
2021-22 Title I School	Yes
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	64%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	
School Improvement Rating History	
DJJ Accountability Rating	2023-24: No Rating

School Board Approval

This plan is pending approval by the Duval County School Board.

SIP Authority

A Schoolwide Improvement Plan (SIP) is a requirement for Comprehensive Support and Improvement (CSI) ungraded schools pursuant to 1001.42 F.S. and the Every Student Succeeds Act (ESSA) and for DJJ schools receiving a rating of Unsatisfactory pursuant to Sections 1003.51 and 1003.52, F.S. and Rule 6A-1.099813, F.A.C.

CSI schools can be designated as such in 2 ways:

1. Have a graduation of 67% or lower; or
2. Have an overall Federal Index below 41%.

DJJ Unsatisfactory Ratings are based on percentages by program type:

- Prevention and Intervention: 0%-50%
- Nonsecure Programs: 0%-59%
- Secure Programs: 0%-53%

SIP Plans for Ungraded CSI schools and DJJ schools receiving an Unsatisfactory rating must be approved by the district and reviewed by the state.

Purpose and Outline of the SIP

The School Improvement Plan (SIP) provides schools and Local Educational Agencies (LEAs) the opportunity to identify the academic and priority goals along with strategies for each school. School leadership teams may refine their SIP annually to define their school's academic and priority goals to increase student achievement.

Schools and LEAs are strongly encouraged to collaborate in the development and implementation of this plan.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

To establish a highly academic environment that will foster the academic success of all students while participating in a Department of Juvenile Justice Program or Neglected and at risk program. This will ensure that every student is provided educational excellence in every school, in every classroom, for every student, everyday.

Provide the school's vision statement.

Students will be provided a safe and nurturing community so that every student is inspired and prepared for success in college or career, and life.

Briefly discuss the population unique to your school and the specific supports provided to meet the mission and vision.

We foster learning that leads to independence by upholding individual and collective commitments to creating a community of learners in collaboration with the Department of Juvenile Justice to increase public safety by reducing juvenile delinquency through effective prevention, intervention and treatment services that strengthen families and turn around the lives of troubled youth.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Robinson, Edward	Principal	The role of the principal is to provide strategic direction and support to the program. The Principal implements and monitors standardized curricula, assess teaching methods, monitor student achievement, and encourage parent involvement to support the overall program.
Copeland, Kimberly	Assistant Principal	Create and support an environment within the school that is conducive to teaching and learning by implementing the school curriculum and monitor student achievement. Monitor and support the overall academic progression of the program.
Bell, Faye	School Counselor	Academic and student resource and academic support. This includes credit checks, transcript evaluations and regular academic monitoring for students in the program.

Is education provided through contract for educational services?

No

If yes, name of the contracted education provider.

N/A

Demographic Information**Principal start date**

Thursday 8/18/2022, Edward Robinson H

Total number of students enrolled at the school.**Total number of teacher positions allocated to the school.****Number of teachers with professional teaching certificates?****Number of teachers with temporary teaching certificates?****Number of teachers with ESE certification?****Identify the number of instructional staff who left the school during the 2021-22 school year.****Identify the number of instructional staff who joined the school during the 2022-23 school year.****Demographic Data****Early Warning Systems****2022-23****The number of students by grade level that exhibit each early warning indicator listed:**

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

Reflect on the Areas of Focus from the previous school year. What progress monitoring was in place related to the Areas of Focus?

The ELA data showed the lowest performance based on the data from the District PMA (Progressing Monitoring Assessments). The PMAs are administered quarterly for the purpose of monitoring individual students' performance to adapt instruction to improve their performance. The assessment included a range of strategies appropriate for inferences relevant to district curricula and state standards.

Which data component showed the most improvement? What new actions did your school take in this area?

The Math data showed improvement. Students received effective lessons and direct instructions in small group and one-on-one support that contributed to the improved achievement.

What area is in the greatest need of improvement? What specific component of this area is most problematic? What is your basis (data, progress monitoring) for this conclusion?

The ELA data showed the lowest performance based on the data from the District PMA (Progressing Monitoring Assessments). The contributing factors include but not limited to multiple grade levels behind; attendance, inappropriate behaviors, juvenile delinquency, and foster care.

What trends emerge across grade levels, subgroups and core content areas?

Decreased attention span in the classroom, low reading performance, and juvenile delinquency.

What strategies need to be implemented in order to accelerate learning?

Provide students with more engaging instruction and activities. Facilitate learning versus teaching.

Increase

reading time during the school day with books of interest. With the purchase of Title I Funds, provide books at the right level and books of interest to students to reread to build fluency. Title I Funds will also purchase technology to enhance teaching and increase student engagement to accelerate learning.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided to support teachers and leaders.

1. Professional development will be provided to support student engagement and differentiation.
2. Quarterly Professional Development will be provided to assist teachers in cross-curricular lesson plan development.
3. Teachers will incorporate the four (4) pillars of instruction, (Full engagement, rigorous content, student ownership, and demonstration of student learning) with an emphasis on student engagement.
4. Professional Development will be used to development multiple strategies for lesson plan development.
5. In-service days will be used for teacher collaboration and provide the opportunity for teachers to learn differentiation strategies used in various classrooms.
6. With the use of Title I funds, supplemental resources will be purchased such as projectors and document cameras for teachers to be able to utilize during instruction to enhance instructional delivery. Also, the purchase of classroom materials and supplies from Quill and classroom libraries from Perfection Learning.

Areas of Focus:

#1. Instructional Practice specifically relating to Differentiation**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a critical need from the data reviewed.

Differentiation of instruction in Math and Reading will be the areas of focus for the upcoming school year.

Differentiated classrooms respond to student variety in readiness levels, interests, and learning profiles. If this area improve, so will student achievement. It allows all students to be successful.

The Rationale: Teachers have multiple preparations of subject area content;

Example: M/J Math, Algebra 1, Algebra 2, and Geometry are taught simultaneously

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The measurable outcomes will be shown by improved Math and ELA gains on district PMA and state EOC assessments, and improved promotion rate.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

District Progress Monitoring Assessments

Person responsible for monitoring outcome:

Kimberly Copeland (copelandk@duvalschools.org)

Evidence-based Strategy:

Describe the evidence-based strategy being implemented for this Area of Focus.

Teachers will use the District provided curriculum including but not limited to the blended learning platforms to enhance the instructional outcomes of the students.

Curriculum mapping, inquiry-based learning, and rubrics will also be implemented.

Rationale for Evidence-based Strategy:

Explain the rationale for selecting this specific strategy. Describe the resources/criteria used for selecting this strategy.

Due to the high number of course preparations by each teacher, these researched based strategies will assist in the differentiation of instruction for all the teachers. These strategy will ensure that all students are provided with state aligned subject area content daily. Students vary in culture, socioeconomic status, language, gender, motivation, ability/disability, learning styles, personal interests and more, and teachers must be aware of these varieties as they plan in accordance with the curricula. By considering varied learning needs, teachers can develop lessons and provide instruction so that all students in the classroom can learn effectively.

Action Steps to Implement:

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Professional development to support student engagement and differentiation.
2. Quarterly Professional Development will be provided to assist teachers in cross-curricular lesson plan development.
3. Teachers will incorporate the four (4) pillars of instruction, (Full engagement, rigorous content, student ownership, and demonstration of student learning), with an emphasis on student engagement.
4. Early Dismissal Professional Development will be used to development multiple strategies for lesson plan development.
5. Early dismissal days will be used for teacher collaboration and provide the opportunity for teachers to learn differentiation strategies used in various classrooms.

Person Responsible

Kimberly Copeland (copelandk@duvalschools.org)

Monitoring ESSA Impact:

If this Area of Focus is not related to one or more ESSA subgroups, please describe the process for progress monitoring the impact of the Area of Focus as it relates to all ESSA subgroups not meeting the 41% threshold according to the Federal Index. N/A

Positive Culture & Environment

A positive school culture and environment is critical in supporting sustainable schoolwide improvement initiatives. When schools implement a shared focus on improving school culture and environment, students are more likely to engage academically. A positive school culture and environment can also increase staff satisfaction and retention.

Select a targeted element from the menu to develop a system or process to be implemented for schoolwide improvement related to positive culture and environment.

Parent Engagement

Describe how data will be collected and analyzed to guide decision making related to the selected target.

Duval Detention Center (DDC) and school personnel have developed a Parent and Family Engagement Plan to promote parent involvement. Although DDC has a unique situation where parents have limited access to the facility, parent meetings/events will be held on designated days and times where parents can access the building. Data will be collected from parent meetings/events sign-in sheets as well as feedback forms. The feedback forms will be analyzed to determine what parents need and how DDC and the school can support parents with supporting their student(s) once they have been released to go home and returning back to their school; and the sign-in sheets will be analyzed to guide decision making on when, where, and what times are more convenient for parents to attend meetings/events.

Describe how the target area, related data and resulting action steps will be communicated to stakeholders.

- (1) Information regarding parent involvement activities will be communicated through the facility via newsletter or flyer during visitation hours. We will also monitor contact information to call parents if needed.
- (2) Information will be provided in different languages with district interpreter services as needed along with the support of staff that speak multiple languages at the facility.
- (3) The following resources will be used to communicate: flyers provided during parent/family visitation, district website if applicable, and via phone or e-mail

Describe how implementation will be progress monitored.

DDC and the school will develop a Parent Engagement Events timeline to ensure implementation of annual parent meetings/events will take place along with collecting evidence of effectiveness to know what parents learned and what is desired for them to learn.

Action Steps to Implement:
List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Action Step	Person Responsible for Monitoring
Step 1: A meeting date/time will be determined by DDC and the School Representative	
Step 2: Information including date, time, and location of the meeting will be distributed to parents on a flyer during visitation hours as well as via phone	Copeland, Kimberly, copelandk@duvalschools.org
Step 3: Title I Coordinator will facilitate the meeting	
Step 4: Based on parent feedback, steps will be taken to ensure a successful school year
