School Board Approval

This plan was approved by the Alachua County School Board on 10/17/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Westwood Middle School creates an environment where all students are able to learn and achieve college and career readiness in a safe environment.

Provide the school's vision statement.

Westwood Middle School is a place where all students will learn to be college and career ready and achieve their potential.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Burney, Daniel	Principal	Oversee School Improvement Process and providing support where needed
McLeod, Lisa	Assistant Principal	Assistant Principal of Curriculum - oversee and support curriculum instruction
Williams, Ernest	Assistant Principal	Assistant Principal of Administration - oversee and support discipline and Student Services
MacEwan, Jennifer	School Counselor	School Counselor - support students' social and emotional development and growth, support student services - IEPs, Gifted, guiding students in their career and college readiness planning.
Lugo Hampton, Cynthia	Dean	Implement discipline plan, educate students on school expectations, work with teachers to keep classrooms safe while maximizing all students' instructional time.
Falvey, Davis	Teacher, K-12	Implement PBIS Plan

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Previous SAC meetings have provided input in the development of the SIP; as well as Parent Involvement Meetings, our PTSA, faculty meetings - input from team leaders and department chair meetings were also instrumental in helping to develop the School Improvement Plan.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The SIP will be monitored quarterly as we look at testing, discipline, and attendance data during Student Service meetings, SAC meetings and faculty meetings. We will discuss elements to continue that are helping us in our endeavor to improve students' academic strengths and revise what is not creating improvement.

Demographic Data

Only ESSA identification and school grade history updated 3/11/2024

2023-24 Status (per MSID File)	Active

Early Warning Systems

Using 2022-23 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	0	0	0	0	0	0	81	63	83	227	
One or more suspensions	0	0	0	0	0	0	21	63	62	146	
Course failure in English Language Arts (ELA)	0	0	0	0	0	0	58	49	40	147	
Course failure in Math	0	0	0	0	0	0	50	85	45	180	
Level 1 on statewide ELA assessment	0	0	0	0	0	0	82	82	89	253	
Level 1 on statewide Math assessment	0	0	0	0	0	0	107	95	90	292	
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	0	0	0	0	0	0	82	82	89	253	

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Students with two or more indicators	0	0	0	0	0	0	115	125	123	363

Using the table above, complete the table below with the number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	0	0	0	0	0	0	0	2	0	2
Students retained two or more times	0	0	0	0	0	0	3	3	10	16

Prior Year (2022-23) As Initially Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	0	0	0	0	0	0	81	63	83	227	
One or more suspensions	0	0	0	0	0	0	21	63	62	146	
Course failure in ELA	0	0	0	0	0	0	58	49	40	147	
Course failure in Math	0	0	0	0	0	0	50	85	45	180	
Level 1 on statewide ELA assessment	0	0	0	0	0	0	82	82	89	253	
Level 1 on statewide Math assessment	0	0	0	0	0	0	107	95	90	292	
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	0	0	0	0	0	0	82	82	89	253	

The number of students by current grade level that had two or more early warning indicators:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Students with two or more indicators	0	0	0	0	0	0	115	125	123	363	

The number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	0	0	0	0	0	0	0	2	0	2
Students retained two or more times	0	0	0	0	0	0	3	3	10	16

Prior Year (2022-23) Updated (pre-populated)

Section 3 includes data tables that are pre-populated based off information submitted in prior year's SIP.

The number of students by grade level that exhibited each early warning indicator:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	0	0	0	0	0	0	81	63	83	227	
One or more suspensions	0	0	0	0	0	0	21	63	62	146	
Course failure in ELA	0	0	0	0	0	0	58	49	40	147	
Course failure in Math	0	0	0	0	0	0	50	85	45	180	
Level 1 on statewide ELA assessment	0	0	0	0	0	0	82	82	89	253	
Level 1 on statewide Math assessment	0	0	0	0	0	0	107	95	90	292	
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	0	0	0	0	0	0	82	82	89	253	

The number of students by current grade level that had two or more early warning indicators:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Students with two or more indicators	0	0	0	0	0	0	115	125	123	363	

The number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	0	0	0	0	0	0	0	2	0	2
Students retained two or more times	0	0	0	0	0	0	3	3	10	16

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Accountability Component	2023			2022			2021		
	School	District	State	School	District	State	School	District	State
ELA Achievement*	45			48	51	50	54		
ELA Learning Gains				49	50	48	57		
ELA Lowest 25th Percentile				34	34	38	42		
Math Achievement*	43			44	51	54	49		
Math Learning Gains				46	55	58	45		
Math Lowest 25th Percentile				38	42	55	34		
Science Achievement*	43			43	45	49	47		
Social Studies Achievement*	50			59	62	71	58		
Middle School Acceleration	67			74			72		
Graduation Rate									
College and Career Acceleration									
ELP Progress	65			52			57		

** In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPI) than in school grades calculation.*

See [Florida School Grades, School Improvement Ratings and DJJ Accountability Ratings](#).

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Using 2022 data, it showed that ELA lowest quartile had the lowest performance. Their gains were 34%. This is down from the 41% gains our LQ students showed in 2019. The contributing factor was consistency in instruction from certified teachers. Moving forward, we are taking steps to ensure that we are fully staffed with highly qualified teachers. Also to provide on-going support for all new teachers and professional development in the areas of Webb's Depth of Knowledge and the gradual release model

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The 2022 data shows that the greatest decline was in Math. The change in proficiency fell from 57% in 2019 to 44% in 2022. This was reflected across all grades. The factors that may have contributed to this is not having consistency in all teachers knowing and using best practices that reach our Students with Disabilities, as well as recovery from COVID learning loss. As mentioned above, we are providing more professional development for all teachers, with a focus on new teachers and any with alternate certification.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Comparing the 2022 data between Westwood's average and the state average, Westwood's Math achievement had the greatest gap. The state's average was 54%; Westwood's average is 44%. Looking back over the data, we attribute this gap to learning loss during COVID and not having consistency in all teachers knowing and using best practices that reach our Students with Disabilities.

Which data component showed the most improvement? What new actions did your school take in this area?

According to the 2022 data, and after comparing there were no areas which showed the most improvement. All areas showed a decline from 2019. ELA: 55% (2019) to 48% (2022); Math: 57% (2019) to 44% (2022); Science: 56% (2019) to 43% (2022); Social Studies: 69% (2019) to 59% (2022); and Middle School Acceleration dropped from 84% (2019) to 74% (2022).

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

After reviewing the EWS data, two areas of concern are how many students who are at a Level 1 in Reading and Math- 253 and 292, respectively

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Highest priorities for school improvement in the upcoming school year are first, lowering the number of students who are absent 10% or more days during the year. Based on last year's data, we had 227 students who were in this category.

These missed days almost directly correlate to our 2nd and 3rd priorities, which are identifying and working with students who are at a Level 1 in Math(292) and Reading (253) to increase their proficiency levels.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to Intervention**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Westwood's area of focus in relation to instructional practices is setting clear academic goals on a daily basis.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

All academic classroom teachers will post standards based lesson objectives and essential questions for their students.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The principal, APA, and APC will monitor the lesson objective and essential questions for each grade level on a weekly basis via regular walk-throughs.

Person responsible for monitoring outcome:

Daniel Burney (burneyde@gm.sbac.edu)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

This evidence-based instructional practice of board configuration supports our district-wide goal of establishing clear academic goals each day for our students. Teachers at Westwood will also receive professional development support in the areas of Webb's Depth of Knowledge and Gradual Release to enhance the instructional setting and delivery of instruction.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

We want to ensure that students are able to immediately access what they should be able to know, understand, and do at the conclusion of each core academic class. When students are presented with clear academic goals, learning is accessible to all students.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#2. Positive Culture and Environment specifically relating to Other**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

In order to create a more positive, consistent, and constructive learning environment, all teachers will implement classroom procedures and expectations that are conducive to promoting learning and student engagement in the classroom.

This will foster an environment where students feel more supportive and drawn into the learning process. Due to this, we will see higher attendance, a decrease in behavior-related referrals and out-of-school suspensions.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Within the school year, these practices will reduce behavior referrals by 10% (especially Tier 1 behavior-related referrals) and improve attendance by 10%. When students feel more included in the classroom, both attendance and behavior will improve.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Referral data and attendance data through the Report Server. It will also be discussed during our weekly Student Services meetings, which include administration, deans, counselors, family liaison, attendance clerk, and McKenny Vento advocate.

Person responsible for monitoring outcome:

Ernest Williams (williamsec1@gm.sbac.edu)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

We will utilize our district and school-based PBIS structure to support implementation for this area of focus.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

The PBIS system is district supports and is aligned with our CORE principle of building rapport and relationships. The Westwood system of RRS (Raise Responsibility System) works with the principles of PBIS to have students self-reflect on behavior choices and behavior outcomes. This is support by PBIS data and research.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Review and reflect quarterly (more if needed) on the effectiveness of in-place PBIS strategies and revise as needed

Person Responsible: Ernest Williams (williamsec1@gm.sbac.edu)

By When: each quarter (with the option of every 4 weeks as needed) culminating with year-end data

#3. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Increase the average achievement for students in our ESSA subgroups in all State assessments (FAST ELA & Math, Civics, Science) by 5% for the 2023-2024 school year. This will put many of ESSA subgroups close to where they were pre-pandemic. Our highest level of success was in 2018-2019 when many of our subgroups were 40% or higher on the FSA. The 21-22 data shows a significant drop in achievement with our ESSA subgroups with many students scoring below 35% on state testing.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Monitor FAST and AIMS results. Work with teachers and literary specialist, Ms. Stephanie Garvin, using the data to identify students who are close to moving up a level and create specialized targeted Tier 3 groups to work with to increase the average achievement for students in our ESSA subgroups in all State assessments (FAST ELA & Math, Civics, Science) by 5% for the 2023-2024 school year.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monitor FAST and AIMS, iReady, and IXL results quarterly.

Person responsible for monitoring outcome:

Lisa McLeod (mcleodlm@gm.sbac.edu)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Work with teachers and district specialists, using the data to identify students who are close to moving up a level and create specialized targeted Tier 3 groups to work with.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Westwood's ESSA subgroups have traditionally scored below grade level in State assessments.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Monitor FAST and AIMS results for progress with ESSA subgroups. Keep this a focus with classroom Snapshots and Observations.

Person Responsible: Daniel Burney (burneyde@gm.sbac.edu)

By When: Each quarter, culminating with year-end progress as shown with FAST PM 3 testing data
