Hammond Elementary School

8008 N MOBLEY RD, Odessa, FL 33556

[no web address on file]

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Building bright futures, one student at a time!

Provide the school's vision statement.

We will provide a path for success to every Hammond student.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities

Assists with oversight of and responsibility for the school’s human resources selections, management, and development. Assists with oversight of and responsibility for the school’s business and research efforts. Assists with oversight of and responsibility for the accuracy and timeliness of the school’s records and reports. Assists with oversight of and responsibility for the school’s administration and operation. Assists with oversight of and responsibility for the school’s property and physical plant. Assists with the provision of leadership in the development or revision and implementation of the School Improvement Plan. Performs any other duties as assigned</p>

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Hammond involves all stakeholders through inviting them to SAC. Their input is used to create the School Improvement Plan as well as create action steps to ensure the SIP planned is followed and the goals are met. When completed the SIP is posted on the school's website for all stakeholders to view.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State’s academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

SAC will continuously monitor data for the SIP. School stakeholders will monitor tier 1 and tier 2 student's progress.

III. Planning for Improvement

Data Analysis/Reflection
 Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Hammond's Lowest performance was in the area of science with 70% of students scoring a level 3 or above in 5th grade. Students were assessed through a paper-based assessment. Due to students having difficulty reading the questions on the assessment, students were not able to comprehend the questions they needed to respond to.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

We dropped 3% in science, gained 1% in math, and dropped 3% in ELA. The contributing factors include students not being able to comprehend and read the questions they need to answer on the assessments. This is why we believe students dropped 3% in both reading and science.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Hammond is above the state average in the areas of ELA, Math, and Science for 3rd, 4th, and 5th grade. We believe common planning across grade levels helped us excel above the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

4th grade math scores showed the most improvement. Hammond started common planning across all grade levels where teachers aligned interventions and enrichment with best standards which we believe contributed to the improvements.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Reading and Excessive Absences are two areas of concern for Hammond.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Reading and attendance are our highest priorities. We are working towards increasing reading comprehension and strategies across all content areas and all grade levels at Hammond Elementary.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Learning will be maximized for all students through grade level common planning based on BEST standards and the Four Principles of Excellent Instruction.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May 2024, 100% of Hammond 3rd - 5th grade students will show learning as measured by the Florida Assessment of Student Thinking in the areas of Reading.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Observation data collected during walk throughs
Observations during formal and informal evaluations
Grade level data chats
Evaluate Student Learning Gains

Person responsible for monitoring outcome:

Katarina Arterburn (katarina.arterburn@hcps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Training teachers to implement more effective data chats and initiate student led conferences. Setting instructional goals with teachers based on grade level and individual data.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Student achievement will increase through student engagement in rigorous instruction aligned with Florida BEST Standards and the Four Principles of Excellent Instruction. Teachers will be able to more effectively plan through collaboration.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Ensuring Tier 1 students are enriched appropriately and Tier 2 & 3 students are provided evidenced based interventions during Rti block. Professional Development needs will be evaluated and provided to teachers during PLC.

Person Responsible: Katarina Arterburn (katarina.arterburn@hcps.net)

By When: May 2024

#2. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

We will support a positive student environment by cultivating relationships with students through activities that promote social emotional wellbeing, kindness initiatives, and community involvement. These are imperative for student achievement, engagement, and learning gains.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May 2024, 100% of Hammond 3rd - 5th grade students will show learning growth as measured by the Florida Assessment of Student Thinking in the areas of Reading.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

- Observation data collected during walk throughs
- Observations during formal and informal evaluations
- Grade level data chats
- Evaluate Student Learning Gains

Person responsible for monitoring outcome:

Katarina Arterburn (katarina.arterburn@hcps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Training teachers to implement more effective data chats and initiate student led conferences. Setting instructional goals with teachers based on grade level and individual data.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Student achievement will increase through student engagement in rigorous instruction aligned with Florida BEST Standards and the Four Principles of Excellent Instruction. Teachers will be able to more effectively plan through collaboration.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)
