SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)

II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
McMillan, Kelly	Principal	Oversee development and maintenance of the SIP plan, collaborate with stakeholders, attend meetings.
Kiser, Laura	Teacher, K-12	Oversee development and maintenance of the SIP plan, create agendas, communicate with members, collaborate with stakeholders, attend meetings.
Banks, Christine	Teacher, K-12	Oversee development and maintenance of the SIP plan, create agendas, communicate with members, collaborate with stakeholders, attend meetings.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The leadership team does a root cause analysis to determine needs. The data and needs are then reviewed by the faculty to seek input and feedback before determining goals. The tentative goals are then reviewed by SAC which includes parents and community members. Any input or feedback can be used to adjust goals before voting to finalize the plan.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State’s academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

- The SIP is monitored is monitored regularly for effective implementation in a variety of ways:
- Professional Learning Communities three times a month. Measuring progress toward our goals through frequent data analysis on common assessments. Teams monitor the progress of individual students who are receiving tier 2 and 3 support, as well as students who fall into the bottom quartile.
 - Quarterly data chats are held with teachers to monitor progress and discuss implementation of strategies and interventions.
 - Weekly walk throughs by administrators to monitor fidelity.
 - Leadership team and PSLT monitor progress and adjust as needed.

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

III. Planning for Improvement

Data Analysis/Reflection
 Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our ELA scores continue to lag behind math and science scores by almost 10 percentage points, even though we have shown growth, it has been minimal. Because of the changes with the state assessments, we were unable to see gains scores this year. We are continuing to address challenges with students who fall into our bottom quartile. Changes in curriculum resources and standards were a learning curve.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

We did not have a decline in any areas.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our greatest gap is in ELA for Hispanic students (including those identified as ELL) and students with disabilities (SWD). In the three years prior to 2022, gains scores were better than achievement scores by more than 30 percentage points. In the past year we have hired highly effective ESE teachers, which we hope will have a positive impact on overall achievement for our SWD subgroup. Additionally, we had a

vacancy last year for our ELL Resource Teacher, which we filled this year. The ERT is instrumental in assisting teachers in providing effective supports for ELL and Hispanic students and provides a higher level of progress monitoring.

Which data component showed the most improvement? What new actions did your school take in this area?

Grade 5 science went up 7 percentage points. Our fifth grade team had effective data discussions and planned for intentional interventions in areas that students were underperforming.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

-Absences for more than 10% of students.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

-Small group instruction to target subgroup deficiencies
-Attendance

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

ELA proficiency as measured by FSA continues to lag behind comparable schools by 5 or more percentage points. Additionally, scores are not comparable to math and science scores, which are 8-10 percentage points above ELA.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Students in grades K-5 will increase their performance in reading by 3 percentage points as measured by the spring FAST and STAR Progress Monitoring Assessment through regular and effective small group instruction with a clearly communicated focus that accelerates or deepens learning of core content.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

- Grade level PLCs will progress monitor and regularly monitor assessment data
- Three data check-ins with admin throughout the school year.
- Observations and walk throughs

Person responsible for monitoring outcome:

Kelly McMillan (kelly.mcmillan@hcps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Visible learning effect sizes for the following strategies:

- Small group +.47
- Acceleration +.68
- Clear goal intentions +.48

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Our teachers are effective at delivering core content, but struggle to provide scaffolding and acceleration for students who have not mastered standards. Based on reading and summer PD, acceleration through focused small group instruction is a way to impact student learning.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

PLCs three times a month to include long/short term planning and data analysis/reflection, PLC facilitators will ensure that teams are monitoring student progress through the analysis and reflection of data. Teams will specifically monitor progress of students in BQ and plan for intervention support group and effectiveness of interventions provided in small groups..

Person Responsible: Kelly McMillan (kelly.mcmillan@hcps.net)

By When: Spring 2023

Three check-in data chats with each teacher to monitor instructional interventions and student progress.

Person Responsible: Kelly McMillan (kelly.mcmillan@hcps.net)

#2. Positive Culture and Environment specifically relating to

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Title I Requirements

Schoolwide Program Plan (SWP) Requirements

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in the ESSA, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand. (ESSA 1114(b)(4))
List the school's webpage* where the SIP is made publicly available.

-

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage* where the school's Family Engagement Plan is made publicly available. (ESSA 1116(b-g))
