SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)

II-F: Progress Monitoring	ESSA 1114(b)(3)

III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Building Communication
 Enhancing Culture
 Active Engagement
 Revolutionary Instruction

Provide the school's vision statement.

Creating innovative minds for the future.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Wilkins, Pamela	Principal	Oversees the full function of the school from the building, safety, as well as systems and programs to ensure students learning.
Caro, Lori	Assistant Principal	Instructional Leader, Assessment Coordinator, Manager of Schedules, assists Principal in all other duties.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Data was shared and analyzed during pre-planning for trends. PTA monthly meetings provided an opportunity for parents to express concerns with schoolwide data.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Data from monthly and quarterly assessments will be analyzed closely to ensure an increase in students' achievement on the State's academic standards. Regular classroom walkthroughs and observations will hold teachers accountable to implement SIP. SAC will revisit/revise the plan if quarterly data shows a downward trend.

III. Planning for Improvement

Data Analysis/Reflection
 Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

ELA FAST PM3 proficiency was the lowest performance, at 70% proficiency. 2023 was the first-time the FAST assessment was administered. When comparing 2022 (FSA) to 2023 (FAST) data, ELA, math, and science all showed a decline in proficiency. ELA and math decreasing by 7% proficiency from 2022 to 2023. Science decreased by 3% proficiency.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA and Math FAST PM3 proficiency both declined by 7% proficiency from 2022 to 2023. 2023 was the first-time the FAST assessment was administered. Teachers and students were both seeing the assessment for the first-time.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Schwarzkopf's statewide science assessment proficiency of 75%, had a 24% gap over the state proficiency of 51%. Long term investigations and science instruction occurring on a regular basis across all grade levels contributed to our success in science proficiency.

Which data component showed the most improvement? What new actions did your school take in this area?

Although there was a decrease in proficiency levels, improvement was shown in small group instruction among all grade levels. As well as common planning times among grade levels.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

An area of concern is the number of students (80) being absent for 10% or more days.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. ELA proficiency
2. Math proficiency
3. Bottom quartile
4. Attendance

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to Benchmark-aligned Instruction

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Align standards-based lessons with appropriately rigorous tasks, common instructional language, and assessments.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

There will be a significant increase in assessments, both in district and state-wide assessments for ELA and Math.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Regular classroom walk-throughs and observations.

Person responsible for monitoring outcome:

Pamela Wilkins (pamela.wilkins@hcps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Informal walk-throughs by leadership team and observations.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Frequent observations and walk-throughs will help hold teachers accountable for:

- implementing standards-based lessons
- use of common language
- appropriately rigorous tasks
- standard aligned assessments.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Grade-level collaboration meetings weekly to plan for rigorous tasks and include common academic language.
2. Walk-throughs with feedback and fidelity.

Person Responsible: Pamela Wilkins (pamela.wilkins@hcps.net)

By When: End of May 2024.

#2. Instructional Practice specifically relating to Small Group Instruction

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Guided reading and small group ELA instruction. Guided reading was not consistent in all classrooms. Data shows a need for continued small group instruction in ELA.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

There will be a significant increase in both district and statewide assessments for ELA.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Regular classroom walkthroughs and observations to hold teachers accountable for small group instruction. Data from either district or statewide assessments will be monitored to ensure student growth.

Person responsible for monitoring outcome:

Pamela Wilkins (pamela.wilkins@hcps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Informal walk-throughs by leadership team and observations.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Frequent observations and walk-throughs will help hold teachers accountable for:

- implementing small group instruction
- appropriately rigorous tasks

Tier of Evidence-based Intervention
