## **SIP Authority**

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

## **Additional Target Support and Improvement (ATSI)**

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

## **Targeted Support and Improvement (TSI)**

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

## **Comprehensive Support and Improvement (CSI)**

A school can be identified as CSI in any of the following four ways:

- 1. Have an overall Federal Index below 41%;
- 2. Have a graduation rate at or below 67%;
- 3. Have a school grade of D or F; or
- 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <a href="https://www.floridacims.org">https://www.floridacims.org</a>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## I. School Information

#### School Mission and Vision

#### Provide the school's mission statement.

The Academy of Lake Hills South is committed to providing a positive learning environment that advocates considerate, responsible, and emotionally healthy behaviors. Each individual student and staff member will feel a part of the school community, which promotes positive behavioral development.

#### Provide the school's vision statement.

The vision of The Academy of Lake Hills South is to forge strong connections with students so they exhibit positive behaviors and can achieve independence, build confidence, and gain academic knowledge

## School Leadership Team, Stakeholder Involvement and SIP Monitoring

#### **School Leadership Team**

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Patterson, Cynthia	Principal	
Nash, Ashley	Assistant Principal	
Robertson, Zachery	Other	
Chambers, Mark	Other	To collect behavior data; analyze behavior plans
Cox, Sherry	Other	
Giardano, Therese	Instructional Coach	

#### Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The students and staff were given a survey to give input regarding school related issues. Because we are an alternative school and must control students' behaviors before they can progress in academics, open ended questions targeted dress code, discipline/consequences and procedures.

Individual meetings were held with each staff member to discuss what works and what needs work. The staff input was used to create this SIP.

#### **SIP Monitoring**

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The SIP will be monitored on a regular basis through weekly classroom walkthroughs and quarterly data chats. The teachers will meet weekly to review data and common planning for behavior and academics. The leadership team will meet weekly to review data and discuss progress of individual students.

## II. Needs Assessment/Data Review

## ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

## **Grade Level Data Review– State Assessments (pre-populated)**

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (\*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

# III. Planning for Improvement

#### **Data Analysis/Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

N/A

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

N/A

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

N/A

Which data component showed the most improvement? What new actions did your school take in this area?

N/A

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Attendance is a significant concern.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Attendance, behaviors, math, reading, social sciences

#### **Area of Focus**

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#### **#1. ESSA Subgroup specifically relating to Students with Disabilities**

#### **Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on a review of attendance for the 2022-2023 school revealed a significant need for improvement in this areas. Early warning system data indicates half of the students at the school had greater than 10 absences during the 2022-2023 school year. By creating an inviting and supportive environment, students will be more likely to attend. To do this, the school will follow standard operating procedures for teachers to follow such as response to negative behaviors, restorative practices and interventions to implement.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The school will decrease support calls by 10%.

The school will decrease the number of students with >10 absences during the school year by 10%.

#### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The leadership team will monitor the data through data chats with staff once a quarter. The leadership team will review the data each week during leadership meeting.

## Person responsible for monitoring outcome:

Cynthia Patterson (pattersonc@lake.k12.fl.us)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

The leadership team will review previous year attendance and EWS data to target students with chronic absenteeism. The team will then research absences to determine the root cause of the student missing school. The teachers and leadership team will work to cultivate relationships with students and families in an effort to encourage students to attend. The school will continue to implement the level system, behavior point sheets, positive reinforcement, special events for successful days/weeks/months.

## **Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

Drilling down to the root cause of absenteeism allows for the school team to work to intervene and target the appropriate issue.

Implementation of the positive behavior interventions will ensure consistency between classrooms and allow students to earn reinforcers. Being present is a part of being able to progress in the level system to achieve success and return to their zoned schools.

## Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Create a school store to spend Tiger dollars.

Person Responsible: Therese Giardano (giardinot@lake.k12.fl.us)

By When: Ongoing

Create point sheet. Train staff on rubric to score student behavior. **Person Responsible:** Mark Chambers (chambersm@lake.k12.fl.us)

By When: Completed 08.10.2023

Schedule quarterly meetings to review data.

Person Responsible: Cynthia Patterson (pattersonc@lake.k12.fl.us)

By When: End of each 9 weeks.

#### #2. ESSA Subgroup specifically relating to Students with Disabilities

#### **Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Although the school does not have enough students in each subgroup to report scores, as a whole the school is comprised of solely students with disabilities. Students with disabilities historically fall below the state average in math proficiency. The school will strive to increase in math proficiency levels.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The Academy of Lake Hills South will increase math proficiency scores from an average of level 1.5 to an average of level 2 and above.

## **Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

The school leadership team will conduct quarterly data chats with teachers to review assessment data.

## Person responsible for monitoring outcome:

Therese Giardano (giardinot@lake.k12.fl.us)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Students will attend an intervention period five times per week. During this intervention students will access the Aleks program and real world math materials to increase math comprehension levels.

#### Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

The Aleks program meets students on their level and increases in skill difficulty. The real world math materials will motivate the students to take an interest in math and want to learn the skills required to be successful in the real world.

#### Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Create intervention groups by skill/levels.

**Person Responsible:** Therese Giardano (giardinot@lake.k12.fl.us)

By When: Ongoing

#### #3. ESSA Subgroup specifically relating to Students with Disabilities

#### **Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Although the school does not have enough students in each subgroup to report scores, as a whole the school is comprised of solely students with disabilities. Students with disabilities historically fall below the state average in reading proficiency. The school will strive to increase in reading proficiency levels.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The Academy of Lake Hills South will increase reading proficiency scores from an average of level one to an average of level 2 and above.

## **Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

Students will participate in the quarterly FAST. Scores will be monitored by the school leadership team and reviewed with teachers quarterly.

## Person responsible for monitoring outcome:

Therese Giardano (giardinot@lake.k12.fl.us)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Students will attend an intervention period five times per week. During this intervention students will access the Achieve 3000 program and reading materials of interest (Scholastic magazines) to increase reading comprehension levels.

## **Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

Students will utilize the Achieve 3000 program as it provides practice on the students level while increasing in difficulty. The students will utilize the high interest materials to motivate students to want to read to gain information about selected topics.

#### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Create intervention groups based on skill/level.

Person Responsible: Therese Giardano (giardinot@lake.k12.fl.us)

By When: Ongoing

## **CSI, TSI and ATSI Resource Review**

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

# Reading Achievement Initiative for Scholastic Excellence (RAISE)

## **Area of Focus Description and Rationale**

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment.
   Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

## Grades K-2: Instructional Practice specifically relating to Reading/ELA

## Grades 3-5: Instructional Practice specifically related to Reading/ELA

## **Measurable Outcomes**

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data-based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K -3, using the coordinated screening and progress monitoring system, where 50
  percent or more of the students are not on track to pass the statewide ELA assessment;
- Each grade 3-5 where 50 percent or more of its students scored below a Level 3 on the most recent statewide, standardized ELA assessment; and
- Grade 6 measurable outcomes may be included, as applicable.

## **Grades K-2 Measurable Outcomes**

## **Grades 3-5 Measurable Outcomes**

## Monitoring

#### Monitoring

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will impact student achievement outcomes.

## **Person Responsible for Monitoring Outcome**

Select the person responsible for monitoring this outcome.

#### **Evidence-based Practices/Programs**

#### **Description:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. §7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

#### Rationale:

Explain the rationale for selecting practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified evidence-based practices/programs show proven record of effectiveness for the target population?

#### **Action Steps to Implement**

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning
