## School Board Approval

This plan was approved by the Lee County School Board on 10/17/2023.

## SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

### Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

### Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

### Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## I. School Information

### School Mission and Vision

**Provide the school's mission statement.**

The Detention Center is committed to providing education that allows each students to reach his/her highest potential.

**Provide the school's vision statement.**

The Detention Center vision is to provide a quality and comprehensive education that will assist them in their quest to become productive members of our society.

### School Leadership Team, Stakeholder Involvement and SIP Monitoring

**School Leadership Team**

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Buchanon, James	Principal	Monitors school's programs and progress.
Williams, Herman	Other	Supports administration and teachers to ensure students' academic success.
Henderson, Harriett	School Counselor	Supports teachers and students to ensure academic progress.
Portier, Zaida	Administrative Support	Supports administration

**Stakeholder Involvement and SIP Development**

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

SAC meetings are held every fourth monday of each month. At this time, parents, community members staff and business partners are invited to attend and provide input into the strategies and progress toward meeting the SIP goals.

**SIP Monitoring**

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The administration continuously review the data and discuss the progress within the SAC meeting. Teachers and staff are made aware of the data and have an opportunity to provide input.

**Grade Level Data Review– State Assessments (pre-populated)**

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (\*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

**III. Planning for Improvement**

**Data Analysis/Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources.

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

Data collected from the previous years was incomplete. The number of students making gains is not available and the credits earned is also not accessible to the teachers.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Data collected from the previous years was incomplete. The number of students making gains is not available and the credits earned is also not accessible to the teachers.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Data collected from the previous years was incomplete. The number of students making gains is not available and the credits earned is also not accessible to the teachers. Academic growth continues to be a concern for our student population and the greatest need for our students. Although data was incomplete, results monitored throughout the school year indicate that the transient nature of our students negatively affected students progress toward grade level standards.

**Which data component showed the most improvement? What new actions did your school take in this area?**

Data collected from the previous years was incomplete. The number of students making gains is not available and the credits earned is also not accessible to the teachers. Although data is not available from the previous year, the data collected within the district demonstrates that implementing formative assessments regularly, instruction that is aligned to our District academic plans along with scaffolding of instruction allows for students to transition back to the home schools with a reduced gap in educational time.

**Reflecting on the EWS data from Part I, identify one or two potential areas of concern.**

Data collected from the previous years was incomplete. The number of students making gains is not available and the credits earned is also not accessible to the teachers. Focus is student's daily attendance. Rationale is that in the past the students have been removed from education thus missing time in the classroom. The majority of students enrolled in the Detention Center are below grade level for Math. The majority of students enrolling in Detention Center are reading 2 or more grade levels below their cohort.

**Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.**

1. Daily instructional time
2. Attendance to academic opportunities
3. Reading
4. Math

**Area of Focus**

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

## #1. Instructional Practice specifically relating to Student Engagement

### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In the 2023-24 school year, 90% of students enrolled at the Detention Center will be provided with 300 minutes of daily instruction in alignment with the Lee County academic plans for 240 which aligns to the 2023-24 Juvenile Justice Education Centers of Lee County School Calendar.

### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring will be completed by individual teachers, lesson plans, attendance records, and grades.

### Person responsible for monitoring outcome:

James Buchanon (jameslb@leeschools.net)

### Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Start school as scheduled, limited class restroom breaks to individual breaks and hold the Detention Center teachers and staff accountable.

### Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Personnel at the Detention Center will increase instructional contact time with students to 300 minutes each school day during the 2023-24 school year.

### Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

### Will this evidence-based intervention be funded with UniSIG?

No

### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Meet and coordinate with Detention Center Superintendent and Instructors.
2. Monitor start times
3. Ensure personnel are physically on site with district attendance records (Timeclock.leeschools.net)
4. Instructional staff will only request removal of a student from the classroom if its concerning safety issues.

**Person Responsible:** James Buchanon (jameslb@leeschools.net)

**By When:** Continuously through the 2023-2024 school year.

## #2. Instructional Practice specifically relating to ELA

### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In each of the progress monitoring windows, 70% of the students enrolled in the Detention Center who previously earned a level 1 or 2 on the STAR or FAST Reading Assessments will make the same average amount of percentile points gains as their grade level cohorts

### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Quarterly using the STAR and FAST data

### Person responsible for monitoring outcome:

James Buchanon (jameslb@leeschools.net)

### Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Differentiated instruction, scaffolding of materials and instruction aligned to the district academic plans

### Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Best practices indicate that students receiving differentiated instruction increase their academic abilities.

### Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

### Will this evidence-based intervention be funded with UniSIG?

No

### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Professional development will be provided as a district, school, and individually as needed on the School district instructional guides and how to effectively implement the plans within the Detention Center.
2. Weekly review of lesson plans and provided feedback.
3. Administrative walkthroughs to ensure implementation of the lesson plans.

**Person Responsible:** James Buchanon (jameslb@leeschools.net)

**By When:** Continuously through the 2023-2024 school year.

### #3. Instructional Practice specifically relating to Math

#### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In each of the progress monitoring windows, 70% of the students enrolled in the Detention Center who previously earned a level 1 or 2 on the STAR or FAST Math Assessments will make the same average amount of percentile points gains as their grade level cohorts as measured by the subsequent administration of the STAR or FAST Math assessment.

#### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

STAR and FAST assessment data will be collected quarterly.

#### Person responsible for monitoring outcome:

James Buchanon (jameslb@leeschools.net)

### Reading Achievement Initiative for Scholastic Excellence (RAISE)

#### Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

#### Grades K-2: Instructional Practice specifically relating to Reading/ELA

#### Measurable Outcomes
