School Board Approval

This plan was approved by the Lee County School Board on 10/17/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

- 1. Have an overall Federal Index below 41%;
- 2. Have a graduation rate at or below 67%;
- 3. Have a school grade of D or F; or
- 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), https://www.floridacims.org, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

| SIP Sections | Title I Schoolwide Program | Charter Schools |
|--------------------------------------------------------------------|-----------------------------------------------------------------|------------------------|
| I-A: School Mission/Vision | | 6A-1.099827(4)(a)(1) |
| I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring | ESSA 1114(b)(2-3) | |
| I-E: Early Warning System | ESSA 1114(b)(7)(A)(iii)(III) | 6A-1.099827(4)(a)(2) |
| II-A-C: Data Review | | 6A-1.099827(4)(a)(2) |
| II-F: Progress Monitoring | ESSA 1114(b)(3) | |
| III-A: Data Analysis/Reflection | ESSA 1114(b)(6) | 6A-1.099827(4)(a)(4) |
| III-B: Area(s) of Focus | ESSA 1114(b)(7)(A)(i-iii) | |
| III-C: Other SI Priorities | | 6A-1.099827(4)(a)(5-9) |
| VI: Title I Requirements | ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g) | |

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

The Ida S. Baker High School community will provide students with a challenging comprehensive education using real life applications that will prepare them to be active participants in an ever increasing technological world.

Provide the school's vision statement.

Ida S. Baker envisions a dynamic collaborative multicultural school community where students come to learn and become active members in the community.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

| Name | Position Title | Job Duties and Responsibilities |
|--------------|----------------|--------------------------------------------|
| Covert, Jami | Principal | Oversee progress towards goal achievement. |

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Preschool week, data is reviewed that was used to the create the SIP goals by all teachers and staff members with direct involvement in achieving the goals.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Quarterly data chats with individual teachers in tested areas. Quarterly monitoring of student data for those with the greatest needs ie. lowest 25%, students with IEP's and LY students. Quarterly data chats in non-tested areas to support ELA SIP goal. Weekly meetings with school counseling team and MTSS lead to track grades attendance and behavior for 9th grade cohort as well as seniors not on track for graduation. Quarterly, SIP will be reviewed by administrative team, leadership team, and teachers in tested areas, school counselors and MTSS lead to adjust goals and strategies when necessary.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest overall performance was in math with a 45% achievement, which is 2% lower than last year. Geometry showed and increase from prior year - 49.9 to 52%. Algebra dropped significantly from a 39.4 last year to a 23.6. Contributing factors include a change in schedule (time) that impacted scores.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The greatest decline in achievement was in Algebra - 39.4 to a 23.6. Contributing factors include a change in schedule (time) that impacted scores.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap was in Algebra - 8% difference. Contributing factors include a change in schedule (time) that impacted scores and created the gap.

Which data component showed the most improvement? What new actions did your school take in this area?

Biology showed the most improvement, showing growth from 43% to 58% achievement. High Yield strategies to include high order thinking, text dependent questioning and writing to raise achievement. Students worked more utilizing paper/pencil vs. electronic resources.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Graduation specifically relating to Graduation

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on 2023 data of the class of 2026, 9th grade graduation status was a concern based on the number of students below a 2.0 GPA and or failure of a course required for graduation. This led to the need to track incoming 9th grade students very early in their high school career.

Areas of focus will be GPA, course semester grades and quarterly recognition of 9th grade students meeting graduation requirements.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In June of 2024, 85% of 9th grade students (class of 2027) will be on track to graduate with a GPA of 2.0 or higher.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Quarterly grades will be reviewed by administration, school counselors, MTSS Lead and social worker. Individual conversations with student and parents will be scheduled and held by Principal.

Identify students with disabilities that fall into the ESSA goal for school improvement.

At semester GPA and course failures of all 9th grade students will be reviewed. Students below a 2.0 will be referred to Back on Track to practice standards and information not achieved.

Students meeting all graduation standards each quarter/semester will have an incentive/reward.

Person responsible for monitoring outcome:

Kaitlyn Cotrell (kaitlynco@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Time for Practice will be implemented into the school day for relearning of subject matter not mastered each quarter/semester.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

This strategy was chosen to allow students time in the school day and or after school to relearn and master standards that students were not successful with.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#2. Graduation specifically relating to Graduation

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Graduation rate for 12th grade was a concern based on the number of students in 12th grade that have not met proficiency on state assessments to include ELA and Algebra.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In June 2024, graduation rate will be 94% or higher as measured by state assessments, GPA and credits earned.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Students are monitored by area of need. Students missing ELA graduation requirement are scheduled into Intensive Reading. Students missing Algebra 1 graduation requirement are scheduled into Intensive (Double Block) Math. These students will be provided with bootcamps and intensives leading up to various testing opportunities. Students who are LY less than 2 years are cohorted into a separate reading section to allow them multiple opportunities to meet testing requirements. Students missing credits or below GPA are scheduled into during the day E2020 to make-up missing course work. In addition, students may participate in in Back on Track or bootcamps after school for additional prep. The counselors, MTSS lead, and the Career Coach will meet regularly with these students who are at-risk to ensure they are making progress towards getting on track.

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Time for Practice will be implemented into the school day for relearning of subject matter not mastered each quarter/semester.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

This strategy was chosen to allow students time in the school day and or after school to relearn and master standards that students were not successful with.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

For 3 consectutive years SWD have performed below 41% proficiency.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

In June of 2024, SWD will be at 41% proficiency or higher as measured by state assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

CT teachers will monitor performance on exemplars in ELA 9th and 10th grade and support benchmarks that need reteaching in learning startegies classes. For those SWD that are not scheduled into learning startegies courses, small group instruction will take place in the regular classroom by CT teacher. Exemplar data review will take place biweekly in PLC's to further support benchmarks that will be focused on in small group instruction.

Person responsible for monitoring outcome:

Kristina Morgan (kristinamor@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Reteaching-practice will be used in small group instruction to target benchmarks that students are not proficient in.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Small group insturction for reteaching - pracitce will give a intense focused approach for students who are not proficient on a benchmark.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#4. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Pacing and use of instructional guides with an emphasis on rigor for 9th and 10th grade ELA teams will continue to be a focus.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 2024, ELA 10th grade proficiency as measured by state assessments will be 51% or higher.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Use of pacing and instructional guides will be monitored by Administration through PLC time on Wednesdays. In addition classroom walkthrough data.

Person responsible for monitoring outcome:

Kristina Morgan (kristinamor@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

High Yield strategies to include high order thinking, text dependent questioning and writing to raise achievement.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Strategies that yield a high rate of student achievement.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#5. Positive Culture and Environment specifically relating to Early Warning System

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Student attendance shows that excessive absences continues to be a concern for a small population of our students.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

90% of students will miss less than 10 days by June 2024.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring will take place by MTSS lead, Social Worker and Administration by using attendance reports from focus and parent communication regarding attendance.

Person responsible for monitoring outcome:

Tamika Massey (tamikarm@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

PBIS with attenadnce challenges ie. dog bone school wide challenge.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Positive culture and encouragement proves to have an impact on student performance,

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Leadership will review allocated funds with Administariton. Funds will be used to purchase The New Art and Sicence of Teaching and will be used for professional development to support teachers with new strategies to increase student achievement.
