Southside Elementary School

1112 JASMINE ST, Fernandina Beach, FL 32034

[no web address on file]

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Our mission at Southside Elementary is to: Positively empower each other to make good choices to become lifelong learners and responsible model citizens.

Provide the school's vision statement.

Through collaborative teamwork, Southside Elementary will stimulate and motivate students to reach their potential cognitively and behaviorally in order to be lifelong learners in an ever-changing society.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Weber, Monica	Principal	Oversees the general coordinate administrative oversight and plan all phases of instructional leadership for the school including educational programming, administration, budgetary planning, discipline, and counseling services.
Hays, Lindsay	Assistant Principal	
Bond, Allison	School Counselor	
Simmons, Brianna	Reading Coach	

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school improvement plan is developed with input from our School Advisory Council. School data is analyzed to determine school-wide academic and behavioral needs. Input from all stakeholders is given and the school improvement plan is revised accordingly.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The school leadership team will review data monthly and quarterly to determine the effectiveness of current academic and behavioral programs and strategies. If progress is not being made towards our goals, the leadership team will revisit the action plan to make adjustments as needed.

Demographic Data

Only ESSA identification and school grade history updated 3/11/2024

2023-24 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-2
Primary Service Type (per MSID File)	K-12 General Education
2022-23 Title I School Status	Yes
2022-23 Minority Rate	30%
2022-23 Economically Disadvantaged (FRL) Rate	51%
Charter School	No
RAISE School	No
ESSA Identification *updated as of 3/11/2024	N/A
Eligible for Unified School Improvement Grant (UniSIG)	No

DJJ Accountability Rating History	

Early Warning Systems

Using 2022-23 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	34	0	1	0	0	0	0	0	0	35	
One or more suspensions	1	1	0	0	0	0	0	0	0	2	
Course failure in English Language Arts (ELA)	0	0	0	0	0	0	0	0	0		
Course failure in Math	0	0	0	0	0	0	0	0	0		
Level 1 on statewide ELA assessment	0	0	0	0	0	0	0	0	0		
Level 1 on statewide Math assessment	0	0	0	0	0	0	0	0	0		
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	0	0	0	0	0	0	0	0	0		

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Students with two or more indicators	1	0	0	0	0	0	0	0	0	1

Using the table above, complete the table below with the number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	4	0	0	0	0	0	0	0	0	4
Students retained two or more times	0	0	0	0	0	0	0	0	0	

Prior Year (2022-23) As Initially Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	12	7	1	0	0	0	0	0	0	20	
One or more suspensions	0	2	1	0	0	0	0	0	0	3	
Course failure in ELA	5	2	1	0	0	0	0	0	0	8	
Course failure in Math	7	5	0	0	0	0	0	0	0	12	
Level 1 on statewide ELA assessment	0	0	0	0	0	0	0	0	0		
Level 1 on statewide Math assessment	0	0	0	0	0	0	0	0	0		
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	46	37	48	0	0	0	0	0	0	131	

The number of students by current grade level that had two or more early warning indicators:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Students with two or more indicators	4	2	0	0	0	0	0	0	0	6

The number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	5	9	7	0	0	0	0	0	0	21
Students retained two or more times	15	11	6	0	0	0	0	0	0	32

Prior Year (2022-23) Updated (pre-populated)

Section 3 includes data tables that are pre-populated based off information submitted in prior year's SIP.

The number of students by grade level that exhibited each early warning indicator:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Absent 10% or more days	34	51	49	0	0	0	0	0	0	134	
One or more suspensions	1	1	0	0	0	0	0	0	0	2	
Course failure in ELA	0	2	4	0	0	0	0	0	0	6	
Course failure in Math	0	0	0	0	0	0	0	0	0		
Level 1 on statewide ELA assessment	0	0	0	0	0	0	0	0	0		
Level 1 on statewide Math assessment	0	0	0	0	0	0	0	0	0		
Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C.	46	37	48	0	0	0	0	0	0	131	

The number of students by current grade level that had two or more early warning indicators:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Students with two or more indicators	1	0	0	0	0	0	0	0	0	1

The number of students identified retained:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Retained Students: Current Year	4	5	4	0	0	0	0	0	0	13
Students retained two or more times	0	0	6	0	0	0	0	0	0	6

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Accountability Component	2023			2022			2021		
	School	District	State	School	District	State	School	District	State
ELA Achievement*		69	53		69	56			
ELA Learning Gains									
ELA Lowest 25th Percentile									
Math Achievement*		77	59		53	50			
Math Learning Gains									
Math Lowest 25th Percentile									
Science Achievement*		69	54		81	59			
Social Studies Achievement*					70	64			
Middle School Acceleration					65	52			
Graduation Rate					70	50			
College and Career Acceleration						80			
ELP Progress	55	50	59	56			68		

* In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPI) than in school grades calculation.

See [Florida School Grades, School Improvement Ratings and DJJ Accountability Ratings](#).

ESSA School-Level Data Review (pre-populated)

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Southside Elementary 22-23 data outcomes:

ELA: KG- 91% 1st - 82% 2nd - 78%

Math: KG- 85% 1st- 93% 2nd - 89%

Renaissance STAR Reading indicated second grade as having the highest deficit school-wide. This was reflected during progress monitoring two and three. As a result of adopting a new curriculum, and implementing it with fidelity, our educators required additional professional development throughout the school year. The gap in rigor between two curriculums (Journeys to Benchmark Advanced) contributed to a lack of exposure for our second grade students.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Southside Elementary 22-23 data indicated 2nd grade had the largest decline at five percentage points from an 83% to 78% proficiency from the 2021-22 PM3 to 2022-23 PM3. As a result of adopting a new curriculum, and implementing it with fidelity, our educators required additional professional development throughout the school year. The gap in rigor between two curriculums (Journeys to Benchmark Advanced) contributed to lack of exposure for our second grade students.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

State averages are currently not populated.

Which data component showed the most improvement? What new actions did your school take in this area?

First grade students showed the largest improvement during the PM3 administration from 74% proficiency in 2021-2022 to 82% proficiency in 2022-2023. Actions taken during the 2022-2023 school year included peer observations within neighboring schools. Professional development on explicit instruction was delivered regularly. Consistency among teachers within the grade level provided trust and rapport to collaborate effectively and plan for student needs.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

1. Attendance/Resiliency
2. ELA

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Strengthening Tier 1 Instruction for behavior and academics for ELA (specifically in the area of ESE)
2. Increase in student and staff attendance
3. Increase student resiliency skills. Specifically students with disabilities.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to ELA**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

The focus area is ELA proficiency.

2022-2023 PM3 Proficiency rate

KG - 91%

1st Grade - 82%%

2nd Grade - 78%

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Beginning of the year STAR Reading data indicates the following:

Kindergarten- 57%

First- 78%

Second- 61%

Proficiency rate for students with disabilities:

Kindergarten- 44%

First- 50%

Second- 47%

Southside Elementary plans to achieve the following measurable outcomes for PM3 (STAR Reading)

Proficiency rate of 85% for Kindergarten, 90% for First grade, 85% for second grade.

Proficiency rate for students with disabilities:

50% Kindergarten, 60% First, and 60% Second

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Students will be progress monitored three times a year using FAST STAR reading.

Classroom teachers will progress monitor students using the following resources:

phonics screeners, Next Steps to Guided Reading, Level Literacy Instruction LLI, Lexia Core 5, phonemic awareness screeners.

Data is reviewed by teachers weekly in the grade level PLCs. The Literacy coaches provide teachers a monthly Data & Donuts data review and instructional planning session. Administration meet with the school Literacy Team and Leadership to discuss school wide data and review MTSS data.

Individual teachers meet with administration are conducted to review student data and drive school wide instructional decisions.

Person responsible for monitoring outcome:

Monica Weber (webermo@nassau.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

K-2 grade students received daily small group differentiated phonics instruction and standards-based remedial core curriculum instruction as part of their 90-minutes reading block. The Fountas & Pinnell Leveled Literacy Intervention (LLI) program, Lexia Core Program, and Sonday System are also used to provide Tier 3 interventions.

Lexia Core 5 (strong evidence-per Evidence for ESSA)

Fountas & Pinnell Leveled Literacy Intervention (LLI)-(strong evidence-per Evidence for ESSA)

Sonday System program aligns with the IES Practice Guided recommendations. (Foundational Skills to Support Reading for Understanding in Kindergarten Through 5th grade.)

Other:

After school tutoring is provided for students in the lowest quartile.

Preferential scheduling with our students with disabilities.

Decreased the percentage of students with disabilities in the least restrictive environment.

Provided professional development for teachers in the following area:

UDL strategies, Trauma Informed Care, Behavior Management, Tips for Creating an Inclusive Environments, Specially Designed Instruction.

Practice Profiles - Explicit and Scaffolded Instruction

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Teachers need professional learning to equip them with tools and resources to provide instruction in the least restrictive environment. Southside Elementary School has noticed an increase in students experiencing significant trauma which impacts their learning.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Targeted in-school support with small group instruction
2. Tiered support as indicated in MTSS and supported by the A-Team
3. After school tutoring of our lower quartile with specific instruction based on area of need.
4. Intervention Time - utilized with students needing support of specific skills and standards
5. Incorporating a more direct use of the Gradual Release Model in small group instruction, explicit instruction and scaffolded instruction.
6. Incorporating researched-based Vocabulary Strategies.

Person Responsible: Monica Weber (webermo@nassau.k12.fl.us)

By When: On going.

#2. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Increase Tier 1 resiliency skills for all students.

Strengthen teachers' ability to prevent and respond to behavioral challenges in the classroom. Students demonstrate a lack of resiliency and life skills needed to successfully regulate their emotions in the learning environment.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

22-23 Discipline Data was for fighting and aggressive acts was 24%

Our goal is to decrease student discipline data for fighting and aggressive by 10%

Below are the forms/systems and procedures to monitor student success in this area.

Schoolwide discipline data
Individual student behavioral tracking charts
PBIS Positive Behavior Referrals

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The following forms/systems and procedures will be used to monitor the success in the targeted focus area:

Schoolwide discipline data
Individual student behavioral tracking charts
PBIS Positive Behavior Referrals

Person responsible for monitoring outcome:

Monica Weber (webermo@nassau.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Incorporating UDL Strategies
Providing professional development in the areas of UDL, Trauma Informed Care, and Classroom Management
Students are being provided resiliency life skills focusing on resiliency and communication

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

To equip teacher with the knowledge and skills necessary to prevent and respond to behavioral challenges of students that do not have the ability to regulate their emotions.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. PBIS team will conduct a book study on school culture to help with the implementation of schoolwide Tier 1 strategies.
2. Create Life Skills Leadership team to implement and monitor Skill Streaming Lessons schoolwide with fidelity.
3. Participate in self-paced PD for Trauma Informed Classrooms.
4. Participate in school and district wide UDL PD

Person Responsible: Monica Weber (webermo@nassau.k12.fl.us)

By When: On going.

Title I Requirements**Schoolwide Program Plan (SWP) Requirements**

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in the ESSA, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand. (ESSA 1114(b)(4))

List the school's webpage* where the SIP is made publicly available.

Southside Elementary analyzes subgroup achievement data to develop our Title I Comprehensive Needs Assessment (CNA) and School Improvement Plan (SIP). Both plans are discussed, evaluated, and voted on at our School Advisory Council (SAC) meetings. Our Title I CNA outlines how we plan to fund 1.) student needs (e.g., supplies, paraprofessionals, technology programs), 2.) parent and family engagement needs (e.g., parent nights, parent communication), 3.) curriculum development needs (e.g., data chats, planning days), and 4.) professional development needs (e.g., teacher walkthroughs, B.E.S.T. standards and Benchmark training). The CNA must be developed with participation from individuals that carry out school-wide program plans including teachers, administrators, parents, and as appropriate, pupil services personnel, technical assistance providers, school staff, and district staff. Our CNA is available upon request. A paper copy of our SIP is available in our front office and a digital copy can be viewed on our school's website. Both the paper copy and digital copy are referenced on our monthly school calendars, so that all school stakeholders are aware of the various methods of dissemination. Translation services are available upon request for all documentation related to our School-Wide Program Plan.

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage* where the school's Family Engagement Plan is made publicly available. (ESSA 1116(b-g))

Southside Elementary continually strives to build positive relationships with parents, families, and community stakeholders. To achieve our goal in fulfilling our school's mission for parent and family engagement, we follow a process that starts at our spring School Advisory Council (SAC) meeting. At this meeting, we evaluate the results of our current year's Title I Parent Survey and school-level Parent and Family Engagement Plan (PFEP). Topics of discussion include flexible parent nights and meetings, progress monitoring of students, parent communication, barriers to parent involvement, and professional development to effectively train our staff on bridging the gap between school and home. Additionally, we reflect on parents' survey results indicating if they feel valued, respected, and welcomed at our school. The information gleaned at this meeting, along with insight gathered from weekly collaboration meetings, leadership team meetings, faculty meetings, and parent teacher meetings gives us a comprehensive look into our school's ability to build positive relationships with our school stakeholders. If an area of focus does not meet our level of expectations, we set goals and establish priorities for the upcoming school year and reassess them in the spring. Southside Elementary PFEP is available on our school website and in our front office. Our monthly calendars and newsletters state where this plan can be accessed. Our district PFEP is available on our Nassau County School District website. The Title I Handbook-Desk Reference is disseminated to all families at the start of each school year, and it outlines how to access the district PFEP. Translation services are available upon request for all documentation related to our School-Wide Program Plan.

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part III of the SIP. (ESSA 1114(b)(7)ii)

For the 2023-24 school year, Administration has created a bell schedule that starts with meeting the needs of the most vulnerable students first. Scheduling was created to allow paraprofessionals to push into the day not only during small groups for reading and math, but also throughout the day in classes with high needs academically and behaviorally. Additionally, the current schedule allows flexibility for support facilitators to push into classes of students they serve multiple times a day for extended periods of time. The schedule provides breaks for students when needed in order to maximize their attention during core instruction.

If appropriate and applicable, describe how this plan is developed in coordination and integration with other Federal, State, and local services, resources and programs, such as programs supported under ESSA, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d). (ESSA 1114(b)(5))

Southside Elementary School-Wide Program Plan is developed with participation from teachers, administrators, parents, and as appropriate, pupil services personnel, technical assistance providers, school staff, and district staff. We work with our Title I department and Food Service department to determine our school's free and reduced lunch count, which dictates our Title I allocation. Southside Elementary and the Title I department work closely with other federal programs, including Title II and Title III to pinpoint staff development opportunities and to improve the achievement of our ELL student population. We collaborate with Head Start programs to effectively transition our preschool children to kindergarten. We work with our Director of Intervention Prevention, and Safety Services to ensure interventions are in place for our homeless students, foster care students, and neglected and delinquent students. We collaborate with our ESE department to provide specially designed instruction to meet the unique needs of our students.

Optional Component(s) of the Schoolwide Program Plan

Include descriptions for any additional strategies that will be incorporated into the plan.

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas. (ESSA 1114(b)(7)(iii)(I))

The district utilizes the tiered process to provide support to students in need of school-based mental health services and specialized support services in order to help them to access the educational environment. In addition, if a student is experiencing an acute crisis, the mental health provider which is typically the school social worker can connect with the student through a system of care process to determine what supports, if any, may be needed either in or out of the school environment.

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school. (ESSA 1114(b)(7)(iii)(II))

n/a

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act. 20 U.S.C. 1400 et seq. and ESSA 1114(b)(7)(iii)(III).

The district utilizes the MTSS approach to prevent and address problem behavior. With PBIS, the school teams provide preventative support. If this is not sufficient, the school based problem solving team will convene to determine additional intervention supports. If these supports need to be ongoing and continuous or significantly differ in intensity and duration from what can be provided solely through general education resources to make or maintain sufficient progress, then the team will consider the need for services via IDEA (e.g., consider need for a psychoeducational evaluation, monitor the need for specialized instruction, etc.).

Describe the professional learning and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high need subjects. (ESSA 1114(b)(7)(iii)(IV))

This year, with the hire of many new paraprofessionals, our Reading Coach meets weekly with our non-instructional staff to teach strategies from the Science of Reading and how to assist children while providing instruction in small reading and math groups. This year, with our focus on enhancing Tier 1 instruction to meet the needs of all students academically and behaviorally, our UDL team and our Reading Coach will be alternating professional development sessions monthly in the areas of classroom instructional strategies using UDL guidelines and standards as well as scaffolding instruction. Furthermore, Administration will be providing self-paced professional development on Trauma Sensitive Teaching & Classrooms.

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs. (ESSA 1114(b)(7)(iii)(V))

Nassau County School District works in collaboration with other early childhood education agencies to ensure a smooth transition to our local school programs. (ie. Head Start, Child Find)
