SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The SIP was developed through the meeting of professional learning communities, School Advisory Council (SAC), and school stakeholders to decide school improvement goals. Through looking at the school's state assessment data, all stakeholders were able to identify the school's greatest areas of need and improvement.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Ongoing monitoring will occur to ensure all professional learning communities are planning for differentiation and high quality instruction. Administration and Instructional coaches will work collaboratively with teachers to ensure students are afforded differentiation, intervention and remediation opportunities needed to ensure overall improvement in academics. The principal and leadership team will monitor the closing of subgroup achievement gaps through regular classroom walkthroughs, analyzing test data, involvement in weekly common planning, review of lesson planning, professional development of faculty and staff and district assessment data. As an entire leadership team, Olympia will review the SIP at the end of semester 1 to see if we are on track and what modifications may need to occur to ensure we are keeping on target with our plan.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

According to the data, the lowest performance occurred in the math department. However, the department showed an increase of 13% from the previous year in proficiency. During the 2021-2022 school year math achievement was 26%, but increased to 39% during the 2022-2023 school year. The contributing factor to last year's performance was due to the low attendance rate and foundational skills. Attendance improved during the 2022-2023 school year and students were given more opportunities for remediation and tutoring.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

According to the data, the greatest decline in performance occurred in the social studies department in the subject area of U.S. History with a drop of 16 points in proficiency from 76% in 2021-2022 to 61% during the 2022-2023 school year. The contributing factor to last year's change in performance was due to a lack of differentiating instruction for our students that needed remediation.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

According to the data, the greatest gap in proficiency compared to the state was in US History. The state had a 61% average proficiency rate, while Olympia's US History proficiency was 61%. Olympia met or exceeded the state in all other proficiency metrics. The contributing factor to performance was due to a lack of differentiated instruction for our students that needed remediation.

Which data component showed the most improvement? What new actions did your school take in this area?

The math department showed the most improvement from 26% proficiency during the 2021-2022 school year to 39% proficiency during the 2022-2023 school year. The biggest contribution to the improvement in these areas were consistent common planning practices, differentiated instruction, and professional development for teaching pedagogy.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

One potential area of concern based on the EWS data is:

Attendance

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Attendance

U.S. History proficiency

Math proficiency

ELA/Reading proficiency

Biology proficiency

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Improve student achievement on high-stakes assessments through implementation of differentiated support based on data for students within core content classrooms. School leadership will guide the differentiation process by providing teachers with literacy strategies, data analysis and support through PLCs of ELA, Math, US History, and Biology. In addition, leadership will provide appropriate professional development to ensure students from all subgroups are identified and supported. Improving differentiated instruction will increase overall student improvement. This need was identified by reviewing overall data as well as looking at our lowest overall performing ESSA subgroups.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We plan to achieve an increase in pass rates on state EOC's and FAST by 5% across the board in all EOC's in the ESSA subgroups of Students with Disabilities, Black/African American, and Economically Disadvantaged, as well as our lowest 25% in math and reading.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Ongoing monitoring will occur to ensure all professional learning communities are planning for differentiation and high quality instruction. Administration and Instructional coaches will work collaboratively with teachers to ensure students are afforded differentiation, intervention and remediation opportunities needed to ensure overall improvement in academics. The principal and leadership team will monitor the closing of subgroup achievement gaps through regular classroom walkthroughs, providing feedback, analyzing test data, involvement in weekly common planning, review of lesson planning, professional development of faculty and staff and district assessment data.

Person responsible for monitoring outcome:

Christy Gorberg (christy.gorberg@ocps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Differentiation through providing Tier 1, 2 and 3 interventions based student assessment data. IXL will be utilized in our reading courses and Khan Academy will be used to provide students with skills needed to perform better on standardized tests.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Through the use of differentiated instruction and support we can help meet students where they are and close achievement gaps. IXL and Khan academy provide relevant and timely data that teachers, coaches, and administrators can then use to drive instruction and results.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Observe, analyze data and provide actionable feedback for tested subject areas. Provide professional developments for best instructional practices for student efficacy and classroom differentiation.

Person Responsible: Christy Gorberg (christy.gorberg@ocps.net)

By When: End of First 9 weeks of school

Observe, analyze data and provide actionable feedback for tested subject areas. Provide professional developments for best instructional practices for student processing and teacher monitoring.

Person Responsible: Christy Gorberg (christy.gorberg@ocps.net)

By When: End of Second 9 weeks of school

Review common assessment data and identify students who need to be targeted for triage review before state testing. Ensure students are in tutoring programs and receiving small group targeted instruction.

Person Responsible: Christy Gorberg (christy.gorberg@ocps.net)

By When: End of Third 9 Weeks of schools

#2. Positive Culture and Environment specifically relating to Teacher Retention and Recruitment**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

At Olympia High School, the administration will work hard to build a positive school culture and climate between the administration, faculty and staff. This area of focus was identified through the Panorama survey results.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Through school surveys and district surveys we will measure the outcome of school's culture and climate. Our goal is to improve school climate rating by 10% in this year's Panorama survey.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Through outreach using traditional meetings and gatherings as well as through Social Media, we will strive to build lasting relationships with faculty and staff as well as students, families and the community. PLC meetings, student meetings, and family meetings will all assist in the building of the school's culture and climate that is inclusive and inviting. We will provide a myriad of opportunities for our all stakeholders to communicate with each other and with school leaders. Communication is key to building community and success. We will monitor this by the results that we receive on the Panorama survey.

Person responsible for monitoring outcome:

Bradley Shreffler (bradley.shreffler@ocps.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

School surveys and district surveys as well as the number of teachers will provide a evidence of the work being tailored to this specific area of focus. Prioritizing school safety and having our leaders lead by example will be our intervention strategies.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Administrators leading by example inspires the leadership team which then will inspire all staff to prioritize school safety and a positive school climate and culture.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Continue to stress the importance of our drills and hold staff accountable when they are not following procedures or taking drills seriously

Person Responsible: Travis Gabriel (travis.gabriel@ocps.net)

By When: Continuously throughout the year

Stress the importance of school cleanliness and pride in our school grounds

Person Responsible: Steven Chiorazzi (steven.chiorazzi@ocps.net)

By When: Quarterly

Provide opportunities to socialize and celebrate success with each other

Person Responsible: Staci Eaddy (staci.eaddy@ocps.net)

By When: Quarterly

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

School improvement funding is allocated based on greatest need as agreed upon through periodic meetings with the administration team, PLCs, faculty, and SAC input. Priority for funding is determined on a needs based system based on what areas would make the greatest impact for student learning and achievement.
