### SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

#### Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

#### Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

#### Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## I. School Information

### School Mission and Vision

#### Provide the school's mission statement.

To provide world-class education with an unwavering dedication to student success.

#### Provide the school's vision statement.

To "Nurture and develop strong, powerful minds and good hearts for the 21st century".

### School Leadership Team, Stakeholder Involvement and SIP Monitoring

#### School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Taylor, Brett	Principal	To oversee the running of the K-8 school and to ensure that we are meeting the mission of CSUSA and the school's overall vision.

#### Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The Principal and leadership team will work together to review the data and determine the SIP initiatives for the 2023-24 school year. The leadership team will present our mission/vision and SIP initiatives with the faculty/staff during NTI and RTO.

The PTO will ensure that this information is provided to all families and other stakeholders throughout the course of the year.

At the end of the year, the impact of these initiatives will be gauged through the use of surveys (teachers, parents, and students).

#### SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The SIP will be regularly monitored by the leadership team, including CRT's to ensure effective implementation and to determine the impact on student learning. Each assessment period (FAST), the leadership team will review the FAST data to determine if the initiatives need to be further refined to ensure student learning gains.

### Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (\*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

### III. Planning for Improvement

#### Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The lowest performing subgroup for the 21-22 school year is the SWD. In 21-22, 6 students fell into the category of achieving in ELA.

There is a gap in data from the 21-22 school year to the 22-23 school year that is unaccounted for in this data set.

The SWD subgroup has consistently been below 32% in the past 3 years, however we have consistently made growth in the learning gains of this subgroup. In 2018-19 there was a 25% Learning Gains and a growth from 31% Learning Gains in 2020-21 to 37% Learning Gains in 2022-23.

The contributing factors to this increase was the use of push-in tutoring for our SWD.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

The data component showing the greatest decline in the number of students who are achieving in ELA for the SWD subgroup from 12 to 6. The students in this subgroup have not been consistent within our school, as some students have withdrawn and new students entered and new students being identified.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

There is no current data provided regarding state averages.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The data component that showed the most improvement was the LG for Math with our SWD subgroup. In the past 3 years, there has been an increase of 9% in learning gains for our SWD population (33% to 42%) and an increase by 7% from 2020-21 to 2021-22.

**Reflecting on the EWS data from Part I, identify one or two potential areas of concern.**

Based on the data discussed in the previous questions, the focus for this year will be on ELA. This year we will focus on increasing the number of SWD students that reach the level of achieving from 6 to 10 and increasing the number of students who make learning gains from 31 to 35.

**Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.**

1. Intentional Focus on Literacy
2. Establish a Data Driven Culture
3. Effective implementation of MTSS
4. Build a Culture of Wellness

**Area of Focus**

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

**#1. ESSA Subgroup specifically relating to Students with Disabilities****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Our SWD population have been overlooked when celebrating successes in the past as we have focused on proficiency rather than gains. This year, we will continue to focus on proficiency, but also begin to focus on Celebrating our SWD population by tracking their learning gains at the end of each FAST assessment to ensure that these students continue to feel seen and recognized for their accomplishments.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We will use data from the FAST assessment to determine learning gains and proficiency of our SWD students and those that have shown a 5 point growth will be celebrated. By recognizing and celebrating these successes, we will see an improved culture of learning amongst our SWD population.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

We will monitor this area of focus by utilizing a survey at the end of the year to determine if the celebrations of learning gains impacted the overall culture of learning at our school, as well as looking at learning gains and proficiency of our SWD population on the Spring FAST assessment to determine if our action steps led to an increase in proficiency and/or learning gains.

**Person responsible for monitoring outcome:**

Brett Taylor (brett.taylor@ocps.net)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

1. Track and monitor the growth of our SWD students in ELA utilizing FAST data both in the Fall and Winter
2. Identify learning needs/learning gaps after each assessment and determine a plan of action to differentiate learning for each student
3. Fill in learning gaps through targeted instruction with the ESE team.
4. Use small group targeted instruction in the core reading class, Parliament tutors for middle grade students (5-8) and Powerball for elementary students (K-4), after school tutoring,
5. Utilize critical reading strategies to assist students in improving comprehension of grade level texts within the core reading class.
6. Celebrate those students who demonstrate proficiency
7. Celebrate those students who demonstrate learning gains by at least 5 points

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

To increase proficiency and learning gains of our SWD population.

**Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

**Will this evidence-based intervention be funded with UniSIG?**

No

### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Meet with the testing coordinator following the PM2 assessment (Dec)
2. Analyze the scores of our SWD sub population to determine if there were any learning gains as a result of our actions (after school tutoring, Parliament in-school tutoring, MTSS tier 2/3, Powerball, and differentiated learning within the classroom setting) population made learning gains from PM1 to PM2.
3. Determine specific areas of growth and celebrate these successes with the teachers and students.
4. Determine the current needs for growth (by standard) and make a targeted plan to address these in the next semester.
5. Monitor student learning throughout each quarter through the use of IFA's on Progress Learning to ensure that the needs of the SWD are being targeted.
6. Meet as an ESE team to review student IEP plans, review and update accommodations; review with teachers to ensure student needs are being addressed.

**Person Responsible:** Stephanie Krutzler (skrutzler@crownpointcharter.org)

**By When:** PM2 Data reviewed in December; PM3 Data reviewed in May.

**#2. Positive Culture and Environment specifically relating to Teacher Retention and Recruitment****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

One of our school initiatives this year is to ensure an environment of wellness for staff and students. This need was determined by the use of school surveys at the end of the 22-23 school year in which both students and staff alike expressed this as being an area in need of improvement.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Our goal is to increase the percentage of students and staff who express a positive experience towards wellness. We will measure this outcome by the end of year surveys sent out to parents, staff, and students. We will increase the percentage by 5% over last year.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

We will be monitoring the impacts of our Wellness PD's and schoolwide events as well as retention of teachers throughout the school year.

**Person responsible for monitoring outcome:**

Stephanie Krutzler (skrutzler@crownpointcharter.org)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Chermica Barnes has been selected to run our wellness support alongside Ms. Amber Smith who will be responsible for utilizing LiveSchool to engage students and celebrate those who are making positive impacts on our school. In addition, Ms. Krutzler and the AVID Team will be recognizing teachers and students through the use of WICOR Wizards awards and induction into the AVID Ambassador program.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

By recognizing the efforts of our teachers and students and taking the time to support, encourage, and highlight their achievements, we will see an increase in overall wellness.

**Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

**Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Culture Surveys provided to Students, Parents, Teachers, and Admin at least 3 times per year
2. Health/Wellness opportunities provided on campus for teachers
3. Health/Wellness opportunities provided on campus for students
4. Monthly recognition of students
5. Monthly recognition of teachers

**Person Responsible:** Brett Taylor (brett.taylor@ocps.net)

**By When:** Culture Surveys given in August, again in January, and finally again in May. All other items are done on a monthly basis.

**CSI, TSI and ATSI Resource Review**

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

The Principal will meet with the SOA to allocate funding for Parliament tutors, after school tutors, and celebration of learning gains/proficiency itemized expenses.

The Principal will work with the Dean of Curriculum to ensure that Parliament tutors are in place to support our MS students with a focus on our SWD population in the area of ELA.
