School Board Approval

This plan was approved by the Osceola County School Board on 9/28/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)

VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

Provide the school's vision statement.

At Lincoln-Marti we believe that the quality of any nation, state, city, community and family must be judged by the preparation and advancement of the individuals who comprise them.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
ALBERT, SIRALIN	Principal	Serves as the educational leader who oversees day to day school operations. Establishes a shared perspective for utilizing data-driven choices; oversees the execution of the School Improvement Plan. Maintains open communication with stakeholders about school-oriented academic strategies and encourages collaboration in the school's decision-making process.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school holds at minimum four EESAC meetings within the school year. The school ensures that all stakeholders involved in the school - decision process which include school administration, teachers, students, parents and community members participate in the development, execution and monitoring of the school improvement plan.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

At the conclusion of every Progress Monitoring Assessment period, the school leadership team will thoroughly analyze the school-wide data. The SIP Mid-year reflection will be developed based on the assessment results and any trending data concerns. Strategies and supplemental programs will be discussed in order to assist students overcome any academic barriers.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Although the results of the 2022-2023 official assessment achievements have not yet been released, The school analyzed internal school-wide data obtained from the 2022-2023 assessments. It was concluded that the area with the lowest performance was Math with 62% efficiency while in Reading they obtained 65%. The contributing factors are:
COVID-19 academic barrier: These third graders were in kindergarten when schools closed due to COVID-19.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The largest decrease was in Math. The time factor that gives you to solve each exercise. If they do not do it within a certain time, the system removes them from the test.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component with the largest gap compared to the district and state average was ELA 3rd grade progress monitoring. Compared to him district we were below Proficiency and state level. The contributing factors are:
COVID-19 academic barrier: These third graders were in kindergarten when schools closed due to COVID-19. Additionally, this grade level had the highest percentage of students classified as ELL.

Which data component showed the most improvement? What new actions did your school take in this area?

Overall the 2022-2023 data reflects that our school decreased in all areas.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

According to data, the 2 areas of concern are the number of Level 1s in ELA and Math. obtaining a level 1 in the F.A.S.T English Language Arts Progress Monitoring 3 Evaluation.I F.A.S.T. Motorsports Math Progress 3 Assessment.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Increase proficiency in English language arts.
2. Increase mastery of Mathematics.
3. Expand School levels (5th grade)
- 4 Open a Reading area (Library)
5. Increase overall student attendance..

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Positive Culture and Environment specifically relating to Other**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Attendance and academics are two interconnected aspects of education that play a crucial role in a student's overall learning and development. Therefore, our area of focus is to increase our overall student attendance average.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The school will increase its percent of student attendance by 2%.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The Area of Focus (attendance) will be monitored through leadership team meetings on a bi-weekly basis. In addition, teachers will continue to review the attendance bulletin on a daily basis.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Early Intervention: The school will identify students who are struggling with attendance and address the issues early by providing counseling sessions, meetings with parents, or providing additional support. Recognize and Reward Attendance: The school will implement attendance rewards programs where students with good attendance are acknowledged and rewarded.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

The rationale for implementing evidence-based interventions to improve student attendance is grounded in the understanding that regular attendance is a fundamental pillar of academic success and overall student well-being. Evidence-based interventions are approaches that have been proven effective through research and data analysis.

Early Intervention: Implementing evidence-based interventions allows schools to identify attendance issues early and provide timely support to students at risk of chronic absenteeism. Addressing attendance challenges proactively prevents more severe academic issues throughout the school year.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Review and monitor attendance data during leadership meetings.

Conduct parent workshops on the importance of positive attendance trends and student academic achievement.

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Reread, retell a text, Make prediction, Identify: Events, Cause & Effect, Details: Time Order, Fact & Opinion, Problem & Solution, Summarize.

Evidence-based Practices/Programs

Description:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term “evidence-based” means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. §7801(21)(A)(i). Florida’s definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida’s definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district’s K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

We use Wonders guided Curriculum of the weekly plans and the Standards that they provide us for each exercise established per day according to the Literacy Genre.

Example: Wonder curriculum, Grade, Unit, Week, Weekly Planner you access weekly Standards.

Rationale:

Explain the rationale for selecting practices/programs. Describe the resources/criteria used for selecting the practices/programs.
