School Board Approval

This plan was approved by the Palm Beach County School Board on 10/18/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

- 1. Have an overall Federal Index below 41%;
- 2. Have a graduation rate at or below 67%;
- 3. Have a school grade of D or F; or
- 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <u>https://www.floridacims.org</u>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

| SIP Sections | Title I Schoolwide Program | Charter Schools |
|---|---|------------------------|
| I-A: School Mission/Vision | | 6A-1.099827(4)(a)(1) |
| I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring | ESSA 1114(b)(2-3) | |
| I-E: Early Warning System | ESSA 1114(b)(7)(A)(iii)(III) | 6A-1.099827(4)(a)(2) |
| II-A-C: Data Review | | 6A-1.099827(4)(a)(2) |
| II-F: Progress Monitoring | ESSA 1114(b)(3) | |
| III-A: Data Analysis/Reflection | ESSA 1114(b)(6) | 6A-1.099827(4)(a)(4) |
| III-B: Area(s) of Focus | ESSA 1114(b)(7)(A)(i-iii) | |
| III-C: Other SI Priorities | | 6A-1.099827(4)(a)(5-9) |
| VI: Title I Requirements | ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g) | |

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Highridge (3024) falls under Palm Beach County Schools Department of Support Services. The Support Services Department is committed to providing practical and relevant instruction to meet the needs of all students. Our school is committed to educate, affirm, and inspire each student in an equity-embedded school system.

Provide the school's vision statement.

ighridge (3024) is an educational and working environment where students and staff are unimpeded by bias or discrimination. Individuals of all backgrounds and experiences are embraced, affirmed, and inspired. Each and everyone will succeed and flourish.

A joy of learning is fostered in each student, and a positive vision for their future is nurtured. Each student's cultural heritage is valued, and their physical, emotional, academic, and social needs are met.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

School Advisory Council met in March/April to discuss SIP Goals. Stakeholders: Sequel (now Rights of Passage), Teachers, student representatives, business and community leaders will continue to meet monthly to discuss SIP goals and status.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

School Improvement Plan will be monitored monthly during the School Advisory Council Meeting. The Department of Juvenile Justice will also provide feedback on SIP performance and goals. Monitoring of District & State Assessment will be charted and shared at Biweekly PLC/Department Meeting to address School Improvement Areas of Focus. Data reviewed will determine need to revise schools plan to ensure continuous improvement.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

6th (3 students), 7th (3 students), and 9th grade (3 students) ELA showed the lowest performance. ELA overall has the lowest performance data. We had 2 students in 7th grade who achieved level 3-5. The contributing factor that led to the low performance, was student enrollment and withdrawal. Students that attend Highridge enroll as a result of some type of trauma and withdraw upon the completion of their services. Therefore, the students are not with the same school or teacher for the academic year.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA showed the greatest decline. THe were 16 students that participated during the PMP3 Testing window, and 10 of those students scored Level 1 in ELA. The factors that contribute to this decline are not easily pinpointed. Students attend Highridge from locations throughout the Palm Beach School District. The academic performance of the students are not a direct reflection from being consistantly enrolled in Highridge. Some students were enrolled weeks before testing began.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The factors that contribute to this decline are not easily pinpointed. Students attend Highridge from locations throughout the Palm Beach School District. The academic performance of the students are not a direct reflection from being consistantly enrolled in Highridge. Some students were enrolled weeks before testing began.

Which data component showed the most improvement? What new actions did your school take in this area?

Although Reading (ELA) showed the largest decline, we also experience 2 student earning Level 3 and 4 in ELA. Because students enter our program at any point during the year it is very important that our teachers follow the Districts Scope and Sequence. This allows our students that transition into our school from another Palm BEach School to seamlessly follow the same PACE.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

The potential area of concern is ELA for all students. Specifically 9th grade performance and it's potential impact on students being graduation ready in 10th grade.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 1. Students Reading on Grade Level and passing the B.E.S.T. State Assessment
- 2. Student becoming proficient in Alg. 1 and Geometry
- 3. Students graduating
- 4. Professional Development for Teachers
- 5. Positive Culture and Environment:

As stipulated within Florida Statute & Policy 2.09 and in alignment to the District's Strategic plan our school ensures all students receive equal access to the pillars of Effective Instruction: Students immersed in rigorous tasks encompassing the full intent of the Florida State Standards and content required by Florida State Statute 1003.42.

Continuing to develop a single school culture and appreciation of multicultural diversity in alignment to S.B. 2.09 Instruction applicable to appropriate grade levels including but not limited to:

- (q) History of Holocaust
- (h) History of Africans and African Americans
- (i) History of Asian Americans & Pacific Islanders
- (o) Health Education, Life Skills & Social Media

- (q) Hispanic Contributions
- (r) Women's Contributions
- (t) Civic & Character Education

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

A positive school culture and environment is critical in supporting sustainable schoolwide improvement initiatives. When schools implement a shared focus on improving school culture and environment, students are more likely to engage academically. A positive school culture and environment can also increase staff satisfaction and retention.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Data will be collected monthly through Site and Facility Meetings. Positive school culture and the environment will be addressed by utilizing the PBS model. Schoolwide rules have been developed and student participate in critical thinking exercises. Students are able to self-reflect and positively redirect their behavior. Our award system recognizes students who are going above and beyond to make our school a great place to learn. We have a hall of fame for graduates and celebrate the success of students with award program.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

On going data chats with students by administrator, school counselor and teachers. Collaboration occurs across subject and grade level. The School Base Team use a formal process that promotes positive and productive discuss about student learning, identifies intervention and strategies to improve individual student learning. Child Study team meetings are also held for ESE students to track students success, Teachers follow the scope and sequence as outline in Palm Beach School District curriculum resource Blender.

Person responsible for monitoring outcome:

Terence Hart (terence.hart@palmbeachschools.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

School Based Team Meetings Child Study Team Meetings

Rationale for Evidence-based Intervention: Explain the rationale for selecting this specific strategy.

We have found that School Based team Meetings and Child Study Team Meetings give all stakeholders the opportunity to develop a plan of action for individual students based on input from all parties. We also are able to share current data with each other to support the student in areas that are challenging.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#2. Instructional Practice specifically relating to Benchmark-aligned Instruction

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

After reviewing our Survey 5 performance data it was determined that students performaed poorly in ELA and Math. 14 of 16 students at Highridge scored Level 1 or 2 on the Progress Montiring Accessment in SY 23.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Our intended outcomes for FY24 are: Reduce number of Level 1 by 20% Improve Level 2 performance by 50% Increase or Maintain Level 3 and 4 students.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring is a crucial step toward student achievement and school improvement. It provides teachers and administration the data they need to make decisions about instruction and differentiated support for the students. We will implement the following monitoring techniques:

Review of Lesson Plans (utilize district pacing guides to ensure fidelity of Standard Based Instruction), Data Analysis

Classroom walks

Student work samples/portfolio/binder reviews

Student Attendance

Data Chats with teachers, students, and parents (Treatment Team monthly) Formative and summative assessments and technology

Person responsible for monitoring outcome:

Terence Hart (terence.hart@palmbeachschools.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

1a. In corporate IXL for Math

1b. Incorporate Reading Plus into Reading

2. Data Chats

- 3. Small group differentiated instruction
- 4. Individual Graduation plan/ Post-secondary/ Career portfolio

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

1. Technology supports all learners at their academic level. It allows for remediation and enrichment as necessary.

2. Conduct routine (bi weekly) student Data chats support the understanding of students' learning. All stakeholders are held responsible and accountable for the student's progress and growth where they analyze and disaggregate data to determine weaknesses and strengths.

3. Utilizing small groups promotes efficient use of teacher and student time, increased instructional time, increased peer interaction, and opportunities for students to improve the generalization of skills. With differentiation in the classroom, instructors can manage what students learn, how students learn, and how

students are assessed. With its flexibility, differentiated instruction allows teachers to maximize individual growth in the course content. Differentiated instruction is student-centered.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

In-school/after-school tutorials

- a. Hire ELA/ Reading and Math Tutor
- b. Identify students with needs and arrange tutorial schedules
- c. Arrange a time for collaborative lesson planning utilizing the resources.
- d. Support student learning through data analysis and data chats by teachers and leaders.
- e. Teachers will receive professional development on differentiation.
- f. Implement the use of Edgenuity

g. Monitoring for tutorials will occur through attendance, student participation, and analysis of data, along with classrooms observations and walks.

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

SDPBC requires every school regardless of school grade, to complete a Schoolwide Improvement Plan (SIP) aligned to the district's 5-Year Strategic Plan in the Continuous Improvement Management System (CIMS) portal. Schools identified for Comprehensive Support & Improvement (CS&I), Targeted Support & Improvement (TS&I), and Additional Targeted Support & Improvement (ATSI) are provided personalized, oneon-one or small group support to assist the principal and leadership teams in developing comprehensive plans of action steps in the SIP for improving student achievement. These sessions ensure SIP and Strategic Plan alignment, provide an overview of the requirements of the School Board, and school improvement updates. The training is mandatory for all principals. Principals select members of their SIP leadership teams to attend a session with them. Working in collaboration with the school leadership team, the Regional Superintendent's Office, Performance Accountability/School Improvement, School Transformation, and Federal/State Programs, the District ensures that the SIP, the Schoolwide Title I Plan, and other grant-funded plans or allocations are in alignment with the District's Five-Year Strategic Plan and complementary in the funded strategies and supports for each school's continuous improvement. All plans are carefully reviewed and approved by the School Advisory Council (SAC), the Reginal Office team, and the Office of School Improvement.

Resources and allocations are focused on:

- 1. Resource teachers (ESOL and ESE) support during small group instruction.
- 2. Teachers and support staff will attend ongoing professional development to engage in deep, focused,

collaborative planning to support and strengthen data analysis and small group planning and implementation. 3. Professional Learning Community (PLC)/Professional Development will ensure teachers collaboratively unite to focus on best practices and methodologies.

4. Instructional Coaches will provide teachers with a variety of levels of support to ensure teacher development and growth.

5. Multi-Tiered System of Support (MTSS) framework to ensure students are provided with the specific instruction, resources, time, and intensity needed for success.

6. The Regional and Instructional Superintendents monitor the implementation of strategies, and the District Reading Collaboration team provides professional development.

7. Regular (i.e., quarterly) data collection and review meetings will be scheduled between the District Reading Collaboration team and Regional/Instructional Superintendents to determine individual school needs and provide additional training and support.

The District Reading Collaboration team provides professional development to schools based on needs.
Curriculum Resources: Curriculum resources to enhance ELA, Science, Civics & Math skills and support student mastery of the Florida B.E.S.T. standards, will support literacy across the content areas, will support social emotion growth through the resources found in the Skills for Learning & Life (SLL) Resource Center to promote character education.

10. We have partnerships with multiple community and business partners. Together the schools, partner organizations, and businesses provide additional high-quality resources and services to students and families and comprehensively focus on health and wellness, as well as academic achievement.
