### **SIP Authority**

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

### Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

## Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

## **Comprehensive Support and Improvement (CSI)**

A school can be identified as CSI in any of the following four ways:

- 1. Have an overall Federal Index below 41%;
- 2. Have a graduation rate at or below 67%;
- 3. Have a school grade of D or F; or
- 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <u>https://www.floridacims.org</u>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

| SIP Sections                                                          | Title I Schoolwide Program                                      | Charter Schools        |
|-----------------------------------------------------------------------|-----------------------------------------------------------------|------------------------|
| I-A: School Mission/Vision                                            |                                                                 | 6A-1.099827(4)(a)(1)   |
| I-B-C: School Leadership, Stakeholder Involvement<br>& SIP Monitoring | ESSA 1114(b)(2-3)                                               |                        |
| I-E: Early Warning System                                             | ESSA 1114(b)(7)(A)(iii)(III)                                    | 6A-1.099827(4)(a)(2)   |
| II-A-C: Data Review                                                   |                                                                 | 6A-1.099827(4)(a)(2)   |
| II-F: Progress Monitoring                                             | ESSA 1114(b)(3)                                                 |                        |
| III-A: Data Analysis/Reflection                                       | ESSA 1114(b)(6)                                                 | 6A-1.099827(4)(a)(4)   |
| III-B: Area(s) of Focus                                               | ESSA 1114(b)(7)(A)(i-iii)                                       |                        |
| III-C: Other SI Priorities                                            |                                                                 | 6A-1.099827(4)(a)(5-9) |
| VI: Title I Requirements                                              | ESSA 1114(b)(2, 4-5),<br>(7)(A)(iii)(I-V)-(B)<br>ESSA 1116(b-g) |                        |

Note: Charter schools that are also Title I must comply with the requirements in both columns.

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

# **I. School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

At Innovation Preparatory Academy we believe that all students have the ability to learn to their fullest potential in a safe, student-centered, innovative environment. Students will be engaged through modernized spaces, project-based learning and encouraged collaboration that will empower students to become career-ready, lifelong learners.

#### Provide the school's vision statement.

The vision of Innovation Preparatory Academy is to develop the whole child through forward thinking, technology-based, innovative learning models focused on Science, Health, and Wellness.

#### School Leadership Team, Stakeholder Involvement and SIP Monitoring

#### School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

| Name                  | Position<br>Title      | Job Duties and Responsibilities                                                                                                                                                                                                     |
|-----------------------|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Glover,<br>Meagan     | Principal              | Lead the instructional improvement process in the school including analysis of data, research and instructional design, professional development, support with implementation, mentoring, and review of implementation performance. |
| Silvers,<br>Jennifer  | Other                  | Lead the instructional improvement process in the school including analysis of data, research and instructional design, professional development, support with implementation, mentoring, and review of implementation performance. |
| Reynolds,<br>Danielle | Assistant<br>Principal | Lead the instructional improvement process in the school including analysis of data, research and instructional design, professional development, support with implementation, mentoring, and review of implementation performance. |

#### Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Spring data was shared with teachers and staff at BOY faculty meeting. Staff members worked in collaborative groups to brainstorm school-wide initiatives and action steps to meet each goal. Similarly, survey data is shared with parents and students to collect feedback and use the data to create the plan.

#### **SIP Monitoring**

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Continuous weekly data chats to analyze standards, as well as deeper data dives at PM1 and PM2 to make revisions, as needed. Additionally, the MTSS team will meet monthly to review tiered students and make instructional plans to address necessary gaps and ensure resources are effective and implemented with fidelity.

#### Demographic Data

## II. Needs Assessment/Data Review

#### ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

#### On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

## Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (\*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

# III. Planning for Improvement

#### Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

# Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

8th Grade Science - students in this class are students that struggle with reading proficiency which impacts them negatively when taking the 8th grade Science FCAT.

# Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

6th and 7th Grade Math - students struggles with the transition of the new BEST math standards and were lacking foundational skills needed to be successful.

# Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

None.

# Which data component showed the most improvement? What new actions did your school take in this area?

5th Grade Science - teacher was provided more support and professional development around the standards. More hands-on experiments were implemented, which gave students the opportunity to apply their learning in a meaningful way.

#### Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Attendance for students in grades 7 and 8 the effect this is having on their school grades and test scores.

# Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 1. Wellness Schoolwide
- 2. Building Teacher Capacity
- 3. Student Growth in All Subjects
- 4. Parent and Student Engagement

#### Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#### #1. Positive Culture and Environment specifically relating to Other

#### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

We would like to build a positive school culture and have more parents and families engaged and invested in our school.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We will increase parent/family involvement in our school so 90% of all families complete volunteer hours by May 26, 2024.

#### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

We will make efforts to reach parents in a a variety of platforms (offer meeting via zoom and in person) as well as have different types of activities and events to ensure all families have the opportunity to be involved. We will monitor parent volunteer hours to determine if families are involved in our school.

#### Person responsible for monitoring outcome:

Jennifer Silvers (jsilvers@inprepcharter.org)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

#### **Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

#### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 2 - Moderate Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Implementation of a Parent Teacher Cooperative

**Person Responsible:** Danielle Reynolds (dreynolds@inprepcharter.org)

By When: September, 2023

By When: September, 2023

Implementation of Sponsorship program

Person Responsible: Danielle Reynolds (dreynolds@inprepcharter.org)

By When: September 2023

#### #2. Instructional Practice specifically relating to Instructional Coaching/Professional Learning

#### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

We will provide professional development and feedback to teachers to help build capacity.

#### Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Based on walkthrough evaluations, staff will increase their teaching capacity to be effective teachers by May 26, 2024.

#### Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

We will meet with staff weekly for PLCs and provide feedback based on walkthroughs to help improve teaching capacity.

#### Person responsible for monitoring outcome:

Meagan Glover (mglover@inprepcharter.org)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

We will use PLCs to provide professional development to teachers to help improve teaching capacity.

#### Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Many of our teachers are young educators. They have the heart and passion for teaching but need support in instructional strategies and classroom management.

#### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Weekly PLCs with each grade level

Person Responsible: Jennifer Silvers (jsilvers@inprepcharter.org)

By When: August 2023

TLC Program

**Person Responsible:** Danielle Reynolds (dreynolds@inprepcharter.org)

By When: September 2023

Teacher Dashboard Presentations to administration. Teachers will analyze their student data and present it to administration.

Person Responsible: Jennifer Silvers (jsilvers@inprepcharter.org)

By When: January 2023

#### #3. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

#### Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on our student data from FAST PM 3 we will increase student proficiency for all students.

#### **Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

We will increase math and reading proficiency to 58% based on FAST PM3.

#### **Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

We will use NWEA, FAST PM1 and FAST PM 2 to monitor student progress throughout the school year.

#### Person responsible for monitoring outcome:

Danielle Reynolds (dreynolds@inprepcharter.org)

#### **Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

We will use student data to group students and target instruction based on students individual needs. We will also incorporate Cambridge instruction to help ensure academic growth for all students.

#### **Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

Many of our high level students are proficient but don't get the academic growth they should achieve. Cambridge will help us to reach all levels of students and provide high level instruction to challenge our highest level of leaners.

#### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### Will this evidence-based intervention be funded with UniSIG?

No

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Initial Cambridge Training

By When: October 2023

# Reading Achievement Initiative for Scholastic Excellence (RAISE)

#### Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

#### Grades K-2: Instructional Practice specifically relating to Reading/ELA

All students in grades K-2 will take the NWEA for Reading. Based on this data we will group students according to their ability and skill level. Students that fall below 50th percentile will be placed on MTSS for interventions. Tier 2 interventions include Lexia Core 5 and Tier 3 interventions include small group instruction based on student need.

#### Grades 3-5: Instructional Practice specifically related to Reading/ELA

All students in grades 3-5 will take the NWEA for Reading. Based on this data we will group students according to their ability and skill leve. Students that fall below the 50th percentile will be placed on MTSS for interventions. Tier 2 interventions include Lexia Core 5 for grade 3 and I-Ready for grades 4-5. Tier 3 interventions include small group instruction based on student need. Students on Tier 2 and Tier 3 will also be invited to after school tutoring for additional support.

#### Measurable Outcomes

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data-based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K -3, using the coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment;
- Each grade 3-5 where 50 percent or more of its students scored below a Level 3 on the most recent statewide, standardized ELA assessment; and
- Grade 6 measurable outcomes may be included, as applicable.

#### **Grades K-2 Measurable Outcomes**

65% of students in grades 3-5 will score at or above grade level according to NWEA B3.

#### **Grades 3-5 Measurable Outcomes**

65% of students in grades 3-5 will score a level 3 or above on FAST PM 3.

#### Monitoring

#### Monitoring

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will impact student achievement outcomes.

We will be monitoring student progress through the use of NWEA benchmarks. They will be given in August, December and May. We will also monitor student progress through the use of FAST data.

#### Person Responsible for Monitoring Outcome

Select the person responsible for monitoring this outcome.

Glover, Meagan, mglover@inprepcharter.org

#### **Evidence-based Practices/Programs**

#### **Description:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. §7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

We use My View for ELA instruction. Teachers follow curriculum maps to ensure that all standards are taught throughout the year. Our teachers use a collaborative model to work together to provide students opportunities to learn from different teachers. Our teachers use small group instruction to meet the needs of students at all levels.

#### Rationale:

Explain the rationale for selecting practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified evidence-based practices/programs show proven record of effectiveness for the target population?

My View is written based on Florida standards. It incorporates all standards students need to master in each grade level as well as integrate other subjects into ELA.

#### Action Steps to Implement

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

| Action Step                                                                                                                                                                                                     | Person Responsible for<br>Monitoring               |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|
| Professional Learning- we will implement PLCs on a weekly basis for all teachers. This will help us to coach them and build their capacity as teachers.                                                         | Silvers, Jennifer,<br>jsilvers@inprepcharter.org   |
| Implementation of Cambridge - we are implementing Cambridge for all grades K-8.<br>This will help provide teachers with instructional strategies and provide a deeper level<br>of instruction for all students. | Reynolds, Danielle,<br>dreynolds@inprepcharter.org |
| PLP's - We will implement Personal Learning Plans for each student. This will help students set goals and work towards achieving individual goals throughout the school year.                                   | Reynolds, Danielle,<br>dreynolds@inprepcharter.org |
