School Board Approval

This plan was approved by the St. Lucie County School Board on 10/10/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Somerset Academy St. Lucie’s mission is to create an equitable environment that fosters the individual success and personal development of all learners.

Provide the school's vision statement.

The vision of Somerset Academy St. Lucie is to provide a high-quality educational choice for the community. Somerset Academy St. Lucie develops opportunities for partnership between the school and home that are designed to strengthen the academic achievement and growth of each individual student.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Roach, Joann	Principal	School Academic Performance & Accountability School Policies Employment Opportunities Community Involvement Parent Communication Teachers Support – Evaluations Teachers and Staff Development

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The SIP is developed with input from a school leadership team that includes grade level team leaders, instructional coaches, SPED leader and school administrators. Additional input from parents and other stakeholders are gathered through parent university, PTO meetings, family surveys and other community outreach and communication. School data and stakeholders' input are considered in determining multiple areas of growth within our program.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State’s academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The school leadership team will monitor the SIP and progress regularly. Administration will conduct regular classroom walkthroughs and monthly leadership meetings to review data and identify areas of focus to maximize student learning and academic gains. Instructional coaches and teachers will conduct additional data review and instructional planning that align with the SIP goals, during the biweekly grade level PLCs.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

SWD showed the lowest performance as compared to state and district average percentage. Effective support facilitation, as well as learning loss related to the pandemic, are all contributing factors.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Prior year's data shows a decline for ELA proficiency as compared to other areas. Learning loss related to the pandemic is one of the contributing factors.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

5th grade science proficiency is historically below state average. Science instructional materials and effective preparation for science state assessment are contribution factors.

Which data component showed the most improvement? What new actions did your school take in this area?

The number of 3rd grade retentions significantly declined as compared to previous years. Additional opportunities were provided to 3rd grade students to meet the criteria to be promoted to 4th grade.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

The number of students with a substantial reading deficiency is one concern that the school plans to address.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Increase the academic achievement of the SWD population to above 50%

Increase ELA proficiency to 64% or above

Increase 5th Grade Science Proficiency to 64% or above

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

ESE students are historically making lower academic gains than their peers in the same grade level.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Increase the academic achievement of SWD population to 50% or above.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

On-going progress monitoring will take place using school base assessments and other state assessment tools.

Person responsible for monitoring outcome:

Joann Roach (roach.joann@somersetstlucie.org)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Tier 2 Intervention

Tier 3 Intervention

iReady Standards Mastery

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus

#2. Positive Culture and Environment specifically relating to Teacher Retention and Recruitment

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

A systematic recruitment and retention plan is an essential goal to secure effective classroom teachers.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Support teacher development and professional growth towards achieving highly effectiveness rating, as determined by our teacher evaluation tool.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The leadership team will work collaboratively to develop a professional learning calendar that addresses all educators needs, and will provide ongoing support throughout the school year.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

N/A

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

N/A

Tier of Evidence-based Intervention

No action steps were entered for this area of focus

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Title I Requirements

Schoolwide Program Plan (SWP) Requirements

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in the ESSA, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand. (ESSA 1114(b)(4))

List the school's webpage* where the SIP is made publicly available.

The SIP will be made available to the school staff, students and families and other community stakeholders on the school website: www.somersetstlucie.org. Additionally, the school plans to hold quarterly SIP progress reviews. These reviews can be part of our parent university meetings which are advertised in the school's monthly newsletter, on the website, and our monthly calendar of events that are emailed to parents etc.

School website: <https://home.somersetstlucie.org/#>

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage* where the school's Family Engagement Plan is made publicly available. (ESSA 1116(b-g))

At Somerset Academy St. Lucie, all stakeholders, including parents, are heavily involved in the growth of our school. Parents are informed of activities, volunteer opportunities, special events, and so much more through our Remind101 Blasts, monthly Parent Newsletters (translated to Spanish and Haitian-Creole), social media, email blasts.

In order to maintain positive relationships with stakeholders, Somerset St. Lucie hosts monthly Parent University meetings. In these meetings, we discuss important information, such as assessments, 3rd grade retention, support outside of school hours, and other important information as it arises. At SASL, we encourage parental involvement. Parental involvement includes volunteering to decorate the school, making copies for the teacher, helping in car line, attending field trips, and so much more.

In order to keep stakeholders aware of their child(ren)'s progress, SASL disseminates assessment data, bi-weekly progress reports, and quarterly report cards. Teachers must email parents if a child's grade falls below a C, in order to create a plan for that child to achieve success.

In addition, SASL offers evening time activities for our parents, including Literacy and Math Night, typically held in October, as well as STEAM and Art Night, typically held in March. In addition, parents, students, and teachers are all asked to fill out an anonymous survey, asking for feedback on school operations. That information is utilized in the continuous improvement process to ensure that we are always meeting the needs of our stakeholders.

school website: <https://home.somersetstlucie.org/#>

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part III of the SIP. (ESSA 1114(b)(7)ii)

Our schoolwide remediation plan (WIN: What I Need) is a 40-minute remediation/enrichment program which aims at targeting student's specific area of deficiencies. WIN groups are created using FAST PM1 data, AP1 iReady data and other school progress monitoring data. WIN groups receive additional instruction from highly effective teachers in specifically identified areas of growth and/or enrichment. Progress monitoring occurs regularly to determine additional areas of support.

If appropriate and applicable, describe how this plan is developed in coordination and integration with other Federal, State, and local services, resources and programs, such as programs supported under ESSA, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d). (ESSA 1114(b)(5))

Optional Component(s) of the Schoolwide Program Plan

Include descriptions for any additional strategies that will be incorporated into the plan.

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas. (ESSA 1114(b)(7)(iii)(I))

In order to meet Somerset St Lucie's mental health school-based needs, SASL employs a full-time Counselor. Our school counselor meets with students as their needs arise. The counselor also plans and prepares our teachers materials for school-wide Social-Emotional Learning time. The counselor works with our students to develop important coping skills to allow for their success outside of the academic subject areas.

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school. (ESSA 1114(b)(7)(iii)(II))

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act. 20 U.S.C. 1400 et seq. and ESSA 1114(b)(7)(iii)(III).

A schoolwide PBIS program has been implemented to increase desired behaviors, and to support students who may be struggling in some areas. The PBIS reward system includes Spartan bucks than can be used for special activities, field trips and other events. Early intervening takes place in collaboration with home, using various forms of support such as a check in-check out system. Tracking forms are used to determine students in need of additional tiered support to address problem behavior.

Describe the professional learning and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high need subjects. (ESSA 1114(b)(7)(iii)(IV))

At Somerset Academy St Lucie, teachers are offered ongoing professional development opportunities in order to recruit and retain effective teachers. These opportunities include biweekly Professional Learning Community meetings with Instructional Coaches. In addition, the teachers receive opportunities for development in curriculum, online programs, classroom management, and data disaggregation and next steps.

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs. (ESSA 1114(b)(7)(iii)(V))

Effective teaching practices are utilized to promote literacy in the early childhood program. Preschool children are offered early literacy screening and other assessments to determine readiness for kindergarten.
