School Board Approval

This plan was approved by the Lee County School Board on 10/17/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)

II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

Provide the school's vision statement.

Vince Smith Center's vision is to provide students a quality and comprehensive education that will assist them in their quest to become productive members of our society.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Buchanon, James	Principal	Monitor school's programs and progress
Williams, Herman	Other	Supports administration and teachers to ensure student's academic success.
Henderson, Harriett	School Counselor	Supports teachers and students to ensure academic progress
Portier, Zaida	Administrative Support	Supports administration

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

SAC Committee meets on the fourth Monday of each month. At this time parents, community members, staff and business partners are invited to attend and provide input into the strategies and progress towards meeting the SIP goals.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Continuously reviewed progress and report out in each SAC meeting.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Data collected from the previous year on these goals is incomplete. The number of students making gains is only available when the student is enrolled within the site. Once the student transfers we are unable to see their data.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Data collected from the previous year on these goals is incomplete. The number of students making gains is only available when the student is enrolled within the site. Once the student transfers we are unable to see their data.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Data collected from the previous year on these goals is incomplete. The number of students making gains is only available when the student is enrolled within the site. Once the student transfers we are unable to see their data.

Which data component showed the most improvement? What new actions did your school take in this area?

Data collected from the previous year on these goals is incomplete. The number of students making gains is only available when the student is enrolled within the site. Once the student transfers we are unable to see their data.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Data collected from the previous year on these goals is incomplete. The number of students making gains is only available when the student is enrolled within the site. Once the student transfers we are unable to see their data.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Student Attendance.
2. Increasing Students ELA scores to proficiency.
3. Increase Students Math scores to proficiency.
4. Students obtain credits towards graduation requirements.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Graduation specifically relating to Graduation

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

During the 2023-24 school year, at least 90% of students who attend Vince Smith for more than 90 days, will receive 100% of their semester credits for classes which they are enrolled as measured by FOCUS Gradebook.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Every three weeks students progress toward their completion of course work will be reviewed.

Person responsible for monitoring outcome:

James Buchanon (jameslb@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Individualized and small group instruction; tutoring, real world application and technology.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Students enrolled at Vince Smith are in one classroom building with one identified teacher and instructional support (Para). Educational staff has access to the students throughout the day.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. School Counselor will identify course work students are needing to meet graduation requirements.
2. Interim grade reports will be printed and sent home to the parents to report out progress of students while they are in the facility.
3. Administration review of students progress toward receiving credit at end of quarter.
4. School counselor and Administration will have conversations 1:1 with students who are not meeting the required progression.

Person Responsible: James Buchanon (jameslb@leeschools.net)

By When: Continuously throughout the 2023-24 school year.

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

80% of students enrolled at Vince Smith Center for 90 consecutive days who earned a level 1 or 2 on the FAST or STAR reading administration will make gains comparable to the same grade level cohort as measured by the percentile points on the FAST or STAR reading assessment throughout the 2023-24 school year.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The area of focus will be monitored throughout the semester. Review of Teachers lesson plans in the area of ELA will be reviewed weekly to ensure instruction is in pace and alignment with the Lee County School Academic plans.

Person responsible for monitoring outcome:

James Buchanon (jameslb@leeschools.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Reading and writing strategies, continuous feedback to the student and coaching, scaffolding instruction, small and individualized instruction as needed and tutoring to provide additional opportunities to support students progress.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Providing targeted intervention and support to help students with learning through small group, tutoring, and differentiated instruction.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.
