School Board Approval

This plan was approved by the Broward County School Board on 12/9/2014.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

C. Robert Markham ensures maximum student progress by implementing a standards based curriculum within a safe and secure learning environment.

Provide the school's vision statement

C. Robert Markham ensures that each student receives the highest quality education.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Throughout the school year, we use a variety of communication methods to build and sustain solid relationships with parents such as Open House, Monthly School Newsletters, Parent Links, SAC Meetings, Title One Meetings, teacher/parent conferences.

Describe how the school creates an environment where students feel safe and respected before, during and after school

The school creates an environment where students feel safe and respected before, during and after school at all times. The students are aware of the district, school, and classroom rules that refrains from bullying. All students are aware of the person to contact if they feel unsafe before school, during, and after school. Our guidance counselor provides lessons to the students on appropriate and inappropriate behavior.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

The school-wide behavioral system has an emphasis on school-wide systems of support that include proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments.

The school wide behavior plan outlines the expectations that is posted in every classroom also in the common areas such as the restroom, hallway, cafeteria, neighborhood, and recess.

The school chosen target for misbehavior is disruptive (unruly) behavior.

The Leadership team and team leaders reviewed the Discipline Matrix and discussed the consequences.

Discipline referrals will be written after the school wide consequence progression protocol is followed.

The school wide progression protocol is as follows:

1. Verbal warning
2. Time out in the classroom
3. Time out in another teacher's classroom (maximum of 30 minutes)
4. Phone call home
5. Referral to administration

All referrals must be uploaded and submitted via virtual counselor. Referrals must be uploaded and submitted by the end of the school day.

Teachers must contact parents first before referral is processed and students/parents are spoken to by administration thereafter.
 Students will receive TNT Bucks as a reward for appropriate behavior. The students will be given the opportunity to shop at the TNT store on a bi-weekly basis.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services. The teacher will contact the guidance counselor if a student needs to be referred to receive services. The guidance counselor has small groups that she focus on

- Conflict Resolution
- Self Esteem
- Anger Management
- Student Success Skills (3rd grade retainees)
- Test Taking Skills
- Social Skills
- Self Management Skills
- Grief
- Divorce

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level	Total
Attendance below 90 percent		
One or more suspensions		
Course failure in ELA or Math		
Level 1 on statewide assessment		

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Target for parent involvement is to continue to increase in the level of parent involvement at this school. This upward trend is a reflection of the increased effort placed upon engaging parents through monthly, education-based trainings, and involving all stakeholders in the educational processes.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

The process in which C. Robert Markham Elementary will build and sustain partnership with the local community for the purpose of securing and utilizing resources to support the school and student achievement by having our monthly Parent Title One Meetings. At the meeting parents will receive regular communication and information important to student success. Schools should inform families about standards and how they relate to the curriculum, learning objectives, methods of assessment, school programs, discipline codes, and student progress. We will also use newsletters, parent-teacher conferences, open houses, as well as the School website, parent link, e-mail, and voice mail. Translations should be made available, if needed, to ensure non-English speaking parents are fully informed.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Cooper-Moye, Eyvonda	Instructional Coach
Martin, Taneka	Instructional Coach
Roberts, Cortney	Teacher, ESE
Smith, Thaddeus	Principal
Palacios, Lina	Assistant Principal

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The RTI Leadership Team meets weekly to discuss struggling students and the implementation of effective intervention strategies. The staff is trained in throle of Rtl in insuring that all students are rendered services that are prescriptive to their needs. This training is facilitated by Mrs. Lina Palacios,

the Assistant Principal during pre-planning. An in-depth knowledge of the role of Rtl and the flow of the Rtl process is provided during this training. Paperwork is explained and the need for follow through by staff is emphasized. The members of the Rtl team are introduced and their roles in the process are also explained. Time is allotted for questions and answers. The Guidance Counselor is the case manager for Rtl. As the case manager the Guidance Counselor follows up on services provided to teachers such as sharing strategies and techniques to get struggling students to reach the level of proficiency. She schedules meetings and follow-ups for the team on student referrals. And, if needed, she is the first line of contact for parents. The Rtl team reviews and analyzes the results of assessments, which will include FAIR, to ensure that instruction is data driven and prescriptive to the needs of the students served. By combining the curriculum and support teams, the plans and strategies implemented for struggling students address the whole child instead of focusing on just academics or just behavior and by looking at grade level results and talking with grade levels in the creation of collaborative plans for struggling students, trends in both behavior and academics can be spotted and dealt with proactively.

The Rtl Team also schedules weekly meetings with grade levels. If the need arises, individual members of the Rtl team will meet with and model lessons for individual teachers. They will focus their meetings around meeting the needs of struggling students. Data sources used for students on tier 2 and 3 are the intervention records and progress monitoring graphs generated for individual students.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The school based MTSS/Rtl Leadership Team consists of the administrators (Principal and Assistant Principal), Teacher of the student referred to the Collaborative Problem Solving (CPS) team, guidance counselor, school psychologist, school social worker, reading coach (for all cases involving reading problems, math coach (for all cases involving math problems). Supplemental Members: Speech/Language Pathologist, Social Worker, School Psychologist, ESOL contact (when necessary). Title I, Part A - Services are provided to ensure students requiring additional remediation are assisted through after-school programs or summer school. The District coordinates with Title II and Title III ensuring staff development needs are provided. Curriculum coaches develop, lead, and evaluate school core content standards and programs; identify and analyze existing literature on scientifically based curriculum and behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for "at-risk" learners; assist in the design and implementation of progress monitoring; data collection and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Other components that are integrated into the school-wide program include monthly Parent Trainings, Supplemental Educational Services (SES), and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students. Title 1 funding is also utilized to support teacher salaries, Parental Involvement initiatives through monthly parent trainings, and staff professional development activities.

Title I, Part C- Migrant

The Title 1 Migrant Education allocation supports salaries and provides services to students and parents. The Migrant liaison communicates with Pre-K migrant teachers to ensure that a comprehensive needs assessment of migrant students to ensure that the unique needs of migrant students are being met. Students are also provided extended learning opportunities after school by Title 1, Part C Migrant Education Program.

Title I, Part D - N/A

Title II - The district uses supplemental funds for improving basic education as follows: Training for add-on endorsement programs such as ESOL, Reading and Gifted Education; Training and substitute release time for staff professional development of instructional staff members.

Title III - Title III funds are used to supplement and enhance the programs for English Language Learners (ELL's). Funding also supplements curriculum and implement tutorial programs in reading, math, and science. This tutoring will include in-school small group pullouts, after school camps and Saturday Camp. In addition, parent outreach activities are funded and supplemental instructional materials for students are provided. The outreach activities will include inviting parents to morning and evening meetings to explain report cards, interim progress reports and how to become active participants in their children's education. Supplemental materials and training in their usage will take place. Materials will include vocabulary programs in all content areas.

Title X- Homeless - N/A

Supplemental Academic Instruction (SAI) - Funding for Supplemental Academic Instruction (SAI) is provided as a part of the Florida Education Finance Program (FEFP) allocation for students in Grades 3-5 to receive instruction in both reading and math by a National Board Certified Teacher who is also certified in Drop-Out Prevention.

Violence Prevention Programs - Markham Elementary implements the Kids of Character program school-wide through the Guidance Department. Small groups are recommended and serviced by the school counselor which supports school violence prevention initiatives.

Nutrition Programs- The school adheres to and implements the nutrition requirements as stated in the District Wellness Policy. The School Food Service Program, school breakfast and lunch, aftercare snacks and Saturday Camp Programs follow the Healthy Food and Beverage guidelines as adopted in the District's Wellness Policy. Nutrition education, as per state statute is taught through health education as an interdisciplinary subject.

Housing Programs - N/A

Head Start - Head Start programs are located in several Title 1 schools and communities. Joint activities including summer professional development and transition processes are shared. Through affiliating agreements, the Summer VPK program is provided at Head Start sites.

Adult Education - N/A

Career and Technical Education - N/A

Job Training - N/A

Other - C. Robert Markham Elementary is a magnet school of computers and high technology. The magnet program addresses the theme of Global Communication. It is school wide. All students are provided with opportunities for the enhancement of skills in science, technology, engineering and math (STEM) through the magnet. Students use technology for research and presentation. The school has a high tech school news studio which beams the morning news to all classrooms daily. There is project based learning which is accomplished through research using the resources provided through the school's media program. This program uses various texts such as divergent and twin to enhance students' critical thinking skills. Students are exposed to careers through research. Students are taken on virtual field trips via the technology. Students participate in interactive instruction via the technology used in C. Robert Markham's smart classrooms. Hands-on Science is taught in the Science classrooms and by the science teacher. Student projects such as building bridges and cars combine mathematics and technology.

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Smith, Thaddeus	Principal
Palacios, Lina	Assistant Principal
Cooper-Moye, Eyvonda	Instructional Coach
Martin, Taneka	Instructional Coach
Roberts, Cortney	Teacher, ESE

Duties

Describe how the LLT promotes literacy within the school

The LLT will establish a school-wide Instructional Focus Literary Calendar which will prescribe primary and secondary benchmarks. Each week the primary benchmark will highlight one of the fifteen reading benchmarks. The primary benchmark will revolve in a continuous cycle throughout the year across subject areas. The secondary benchmark will be grade level specific. Each grade level will focus on reading benchmarks which through student results have demonstrated the weakest performance on standardized or formative assessments. During weekly grade level meetings after careful data analysis, teachers will convene to discuss the duration in which the secondary benchmark.

LLT will support teachers in strengthening the implementation during the instructional block. Teachers will align various forms of data with skill based lessons and assessments. During small group instruction, teachers will tailor skill based lessons to be deployed through various activities (Phonemic Awareness/Orthographic Development, Fluency, Word Analysis, Vocabulary, and Comprehension). Students who are identified as English Language Learners (ELL) will be serviced through the Multi-Tiered System of Support (MTSS). These students will be specifically targeted during the literacy block, interventions, and extended learning opportunities. School wide reports will be generated to closely monitor the data to continuously adjust interventions to the specific need.

The LLT will seek to foster literary connections in content area specific and special area classes by

hosting read-in's with "celebrity" staff readers for students. Furthermore the LLT will coordinate on-going advertisement of surprise "celebrity" readers with take home book give-aways for students.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Each team plans and collaborate on a weekly basis, this ensure the continuity among the team as well as promote positive working relationships. The team shares best practices and conduct rubric grading with one another. The leadership conducts bi-weekly Professional Development Sessions in the Mathematics as well as Language Arts.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

The NESS Program is an on-going program throughout the school year. Each new teacher is given a Teacher Buddy to provide the new teacher assistance on-going throughout the school year. Early start for curriculum support staff and team leaders prior to the start of the regular school year. The staff attends weekly professional development meetings on-going throughout the school year.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Our school mentoring program will be lead by a veteran teacher will ensure that the mentee and thus the students are provided with maximum opportunities for growth and best practices are in place from the first day of school. Allocation of time for collaborative lesson planning for the familiarization of evidence-based best practices, and classroom management techniques for primary grade level.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 10,800

The school is utilizing a additional hour of reading to support students who struggle in Reading Comprehension due to weak phonemic awareness and decoding skills.

Strategy Rationale

To increase students reading comprehension the teachers provide additional hour of instruction in Reading that will build the student phonemic awareness, decoding skills, and fluency.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Martin, Taneka, taneka.martin@browardschools.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

K-2: Direct Instruction the teachers will assess on-going basis with the lessons. The teachers will meet with LLT to discuss and analyze the data to determine the future instruction and/or remediation.

Grades 3-5:Phonics for Reading/Rewards the student assessed after every six lessons. The teachers will meet with LLT to discuss and analyze the data to determine the future instruction and/or remediation.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

The teachers in the preschool program meet with the teachers on the kindergarten team to participate in vertical articulation. The kindergarten teachers provide the preschool teachers with information on the skills that are necessary for the academic and social readiness of students upon entering kindergarten. There is also communication with preschool centers in the surrounding area that provide services to the school community. Parents of the preschool students at Markham and at preschool centers in the surrounding community are invited via flyers, parent link, and school marquee to attend the annual Kindergarten Roundup in the spring. It provides parents with information on school readiness skills as well as an question/answer session. Parents also receive pertinent information on approved registration dates and times and personal documents required.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes
