SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

At Sunrise High we host a monthly board meeting in which all stakeholders are welcomed to provide input on the SIP development process. Our board meeting info (dates, times, and locations) is displayed

on our school's website. We post a notice of our upcoming board meetings on the front door of our school, days prior to the next upcoming meeting, to advertise to our stakeholders. Meetings have a virtual option for those unable to attend in person. All voices are welcomed and appreciated and stakeholder are given the floor to speak during the meeting.

Our CEEL also plays a significant role in the involvement of local business and community leaders. The CEEL is responsible for going to local events held by various business and governing bodies, such as the City of Ft. Lauderdale, the Chamber of Commerce, etc, and bridging the gap between us and them. They are given our school calendar of events so they know when stakeholder events occur and are encouraged to participate and provide input.

Another initiative that we have is our monthly Stakeholders Meetings. These meetings are virtual and are hosted by EdisonLearning. All stakeholders are invited and are updated on the most recent developments across our school, our sister schools, and the EdisonLearning company as a whole. Comments and feedback are welcomed and heard.

In addition to this, we also have a VIP Parents program. All parents are invited to join at the time of enrollment as well as various times throughout the year. We have flyers in the front office area where parents can see, and instructions on how to join the VIP parent program are included. The VIP Parents program gives parents a voice at our school. They are connected with our Community and External Engagement Liaison (CEEL) and are able to give input as well as be invited to special events. Our VIP Parents helps with the development of the SIP by providing unique solutions to various issues of concern in our school. They are invested in the development on the school as much as we are and they employ resources that we otherwise would not have access to within the community.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The SIP will be regularly monitored by the Assistant Principal, who will hold a SIP Monitoring monthly meeting on the 4th Friday of each month at 2:00pm. During this meeting the Leadership Team will meet to review progress made towards the accomplishment of SIP goals in academics as well as behavior.

During the monthly SIP meeting the following data for the month will be presented to aide in measuring the effectiveness of all efforts towards increasing the achievement of students in meeting the State's academic standards, particular for those with the greatest achievement gap:

State Standardized Assessments (FAST, FSA, and BEST EOCs)

Benchmark Assessments (HMH Read 180, Study Island)

Quizzes and Exams in Core Competency Courses (English, Algebra 1, Biology, etc.)

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

When reviewing Sunrise High's school, district, and state comparison, the following data components showed the lowest performance: ELA Achievement and Math Achievement. Contributing factors to the low performance in these areas is largely due to a lack of highly qualified teachers in these subject areas. The school has had to employ out-of-field teachers in these areas a long with substitute teachers. An additional contributing factor would be student attendance.

These numbers were also consistent with the following subgroups: BLK and FRL.

In terms of graduation rate, the SWD subgroup increased by 3% from 2018-2019 to 2020-2021 and made a significant increase of 25 % from 2021 to 2022.

Our ELL subgroup for the 2018-2019 SY showed less than 10 students but we increased by 10% from 2021 to 2022.

Our BLK subgroup graduation rate increased by 21% each school year under review.

We see a similar trend when we look at students who receive FRL.

Contrastingly, for HSP students, who we were not able to determine growth because we had less than 10 students tested.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

When reviewing Sunrise High's school, district, and state comparison, the data component that showed the greatest decline is the Math Learning Gains. In 2019 our Math Learning Gains was 43% in 2022 the school had less than 10 eligible students with data. Factors contributing to this decline would be a drop in student attendance as well as a lack of having additional highly qualified teachers.

These numbers were also consistent with the following subgroups: BLK and FRL.

In terms of the graduation rate, none of our major subgroups (BLK, FRL, ESE, ELL) showed a decline, except for the HSP students, who we were not able to determine growth because we had less than 10 students tested.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

When reviewing Sunrise High's school, district, and state comparison, the data component that showed the greatest gap when compared to the state average is ELA Achievement. The factors that contributed to this gap would be poor student attendance and a need for additional highly qualified teachers in the subject area.

These numbers were also consistent with the following subgroups: BLK and FRL.

Which data component showed the most improvement? What new actions did your school take in this area?

When reviewing Sunrise High's school, district, and state comparison, the data component that showed the most improvement was our graduation rate. In 2019 the rate was 30% and in 2022 the graduation rate increased to 70%. The actions that our school took in this area was we hosted on campus SAT twice a year, we offered boot camp academic programs to help students earn credits, we hosted senior activities such as prom and senior breakfast, and we also offered Saturday school tutoring.

These numbers were also consistent with the following subgroups: BLK and FRL.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

None applicable.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Our highest priorities for school improvement in the upcoming school year are ELA Achievement and Math Achievement for all of our subgroups.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. ESSA Subgroup specifically relating to Black/African-American**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

The Black student subgroup showed 0% in Math Achievement.

Increasing this subgroup's Math Achievement is an Area of Focus.

This element was identified as a crucial need from the data reviewed in the 2021-2022 accountability components by subgroups provided by the FDOE.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May 31, 2024, the Black Student subgroup at Sunrise High will show a 5% increase in Math Achievement as evidenced by the Spring 2024 Algebra 1 EOC assessments.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This area will be monitored by testing students in the Fall Algebra 1 EOC, the Winter Algebra 1 EOC, and the Spring Algebra 1 EOC. The Test Coordinator will monitor the test participation of the students to ensure that students who need to test, test. During test administration windows, admin will monitor score reports daily and provide scores to teachers so they may advise students.

Person responsible for monitoring outcome:

Shanteala Mash (smash@sunrisehigh.com)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

The evidence-based intervention being implemented for this area of focus will be including daily Direct Instruction (DI) for low performing students.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

The Effectiveness of Direct Instruction: A Meta-Analysis of a Half-Century of Research (2018) published by The Review of Education Research and authored by Jean Stockard, Tim Wood, Cristy Coughlin and Caitlin Rasplika Khoury. The meta-analysis examines the research published from 1961-2016 on the effectiveness of Direct Instruction. Analyses were based on 318 studies involving 431 study designs and almost 4000 effects. Among the findings, the abstract for the article reports, "All of the estimated effects were positive and all were statistically significant except results from metaregressions involving affective outcomes. Effects showed little decline during maintenance, and effects for academic subjects were greater when students had more exposure to the programs."

Comprehensive School Reform and Student Achievement (2003), a meta-analyses of 29 Comprehensive School Reform models conducted by Dr. Geoffrey Borman (U Wisconsin-Madison) and colleagues. Direct Instruction was one of only three models found to have the "strongest evidence of effectiveness."

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Review assessment data and determine tiered interventions needed.

Person Responsible: Shanteala Mash (smash@sunrisehigh.com)

By When: August 21, 2023.

Creation of DI classes and rostering of students in their respective DI class.

Person Responsible: Shanteala Mash (smash@sunrisehigh.com)

By When: August 21, 2023.

Ongoing progress monitoring of student learning outcomes and their response to intervention provided.

Person Responsible: Shanteala Mash (smash@sunrisehigh.com)

By When: Ongoing throughout the 2023-2024 school year.

#2. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

An Area of Focus for the FRL student subgroup will be positive culture and environment.

A school with a positive culture can be described as a culture of non-judgmental acceptance, help for all, compassion, caring, understanding and support. A school with a positive environment can be described as one with regular praise and recognition for positive behavior, an expectation of achievement given with grace, and a place where all voices are heard, considered, and employed towards the overall betterment of the school environment.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By June 5, 2024, the FRL Student subgroup at Sunrise High will show a 5% increase in views towards Sunrise High as having a positive culture and environment as evidenced by the pre and post Student Climate Survey.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

The Academic Advisor will be responsible for administering the pre and post Student Climate Survey to all students. The pre survey will be administered to all current and incoming students during the 1st, 2nd, and 3rd 9 weeks of school. The post survey will be administered during the 4th 9th weeks. Data will be disaggregated by the Academic Advisor and shared with all stakeholders.

Person responsible for monitoring outcome:

DeMarcus Williams (dwilliams@sunrisehigh.com)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

- Hiring Support Staff (i.e. Academic Advisors, Academic Coaches, Community Liaisons, etc.).
- Ongoing family and community engagement.
- Routinely examining our policies (i.e at board meetings, etc.)
- Regular staff trainings to ensure staff know how to build and maintain relationships with students, their families, and our community partners.
- Regularly review disaggregated school climate and discipline data (incl. discipline referrals or incident reports)

– National Center for Safe and Supportive Learning Environments, 2023

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

"Students who attend schools with a positive school climate have been found to have increased self-esteem and self-concept, decreased absenteeism, reduced behavioral issues and disciplinary actions, and increased school completion."

"Addressing school climate is key to eliminating the disproportionate use of exclusionary discipline.

Research

shows that suspensions and expulsions have negative impacts on student outcomes, and the victims of these practices are disproportionately students of color. Improving school climate is key to alleviating

these problems."

"A positive school climate is the product of a school's attention to fostering safety; promoting a supportive academic, disciplinary, and physical environment; and encouraging and maintaining respectful, trusting, and caring relationships throughout the school community no matter the setting—from pre-K/elementary school to higher education."

– National Center for Safe and Supportive Learning Environments, 2023

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Administer the pre-survey for Student Climate

Person Responsible: DeMarcus Williams (dwilliams@sunrisehigh.com)

By When: By the 3rd 9 weeks.

Creation and implementation of a Culture and Climate calendar.

Person Responsible: DeMarcus Williams (dwilliams@sunrisehigh.com)

By When: Throughout the school year.

Administer the post-survey for Student Climate.

Person Responsible: DeMarcus Williams (dwilliams@sunrisehigh.com)

By When: By the end of the school year.

#3. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Areas of focus to increase learning gains in are Reading and Math.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

To increase learning gains for SWD students in Reading by 5%, by the end of the current school year.

To increase learning gains in Math by 5%, by the end of the current school year.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This area of focus will be monitored using our MTSS Progress Monitoring Focus Calendars, Benchmark, and State Assessments.

Person responsible for monitoring outcome:

Shanteala Mash (smash@sunrisehigh.com)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Our evidenced based MTSS tiered intervention will be implemented using the following curriculum;

Reading - Read 180 and Systems 44.

Math - Study Island and online eSW curriculum.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Using the MTSS tiered intervention plan and by opting into the district's Reading plan, students will be able to benefit from research based instructional strategies and interventions.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

#4. ESSA Subgroup specifically relating to English Language Learners**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Areas of focus to increase learning gains in are Reading and Math.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

To increase learning gains for ELL students in Reading by 5%, by the end of the current school year.

To increase learning gains in Math by 5%, by the end of the current school year.

To increase their language proficiency level by a minimum of one level.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

This area of focus will be monitored using our MTSS Progress Monitoring Focus Calendars, Benchmark, and State Assessments.

Person responsible for monitoring outcome:

Amber Dewar (adewar@sunrisehigh.com)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Our evidenced based MTSS tiered intervention will be implemented using the following curriculum;

Reading - Read 180 and Systems 44.

Math - Study Island and online eSW curriculum.

Heritage language dictionaries and content-area glossaries.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Using the MTSS tiered intervention plan and by opting into the district's Reading plan, students will be able to benefit from research based instructional strategies and interventions.

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Funding allocations are used to fund the following:

Hire and retain additional highly qualified employees that will be utilized to facilitate our school's progress towards meeting our SIP's goals.

Curriculum - Read 180, Systems 44, eSchoolware, WriteScore, Newsela, Study Island

Programs - CTE (Nursing, Barbering, and Gaming)

Community Support - TRIO (College Assistance Program), Mentoring, Clinicals, Community Outreach

Additionally, funding will be allocated to the provisioning of student's need for student materials such as technology and other study materials.

Reading Achievement Initiative for Scholastic Excellence (RAISE)

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

None Applicable.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

None Applicable.

Measurable Outcomes

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data-based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K -3, using the coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment;
- Each grade 3-5 where 50 percent or more of its students scored below a Level 3 on the most recent statewide, standardized ELA assessment; and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2 Measurable Outcomes

None Applicable.

Grades 3-5 Measurable Outcomes

None Applicable.

Monitoring**Monitoring**

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will impact student achievement outcomes.

None Applicable.

Person Responsible for Monitoring Outcome

Select the person responsible for monitoring this outcome.

Evidence-based Practices/Programs**Description:**

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term “evidence-based” means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. §7801(21)(A)(i). Florida’s definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida’s definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district’s K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

None Applicable.

Rationale:

Explain the rationale for selecting practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified evidence-based practices/programs show proven record of effectiveness for the target population?

None Applicable.

Action Steps to Implement

List the action steps that will be taken to address the school’s Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step**Person Responsible for Monitoring**

Title I Requirements

Schoolwide Program Plan (SWP) Requirements

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in the ESSA, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand. (ESSA 1114(b)(4))

List the school's webpage* where the SIP is made publicly available.

None Applicable.

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage* where the school's Family Engagement Plan is made publicly available. (ESSA 1116(b-g))

None Applicable.

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part III of the SIP. (ESSA 1114(b)(7)ii)

None Applicable.

If appropriate and applicable, describe how this plan is developed in coordination and integration with other Federal, State, and local services, resources and programs, such as programs supported under ESSA, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d). (ESSA 1114(b)(5))

None Applicable.
