SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

We establish a safe secure environment to serve the unique needs of students with complex disabilities and their families. Those entrusted to us will be provided with a personalized life enriching curriculum that includes skills for functional living and an improved quality of life. Our graduates will confidently and actively participate as valued members of their community.

Provide the school's vision statement.

Our graduates will confidently and actively participate as valued members of their community

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
Reynolds, Maggie	Principal	The principal provides a common vision for the use of data-based decision-making and supervises the development of a strong infrastructure for the implementation of MTSS and ensures that the school-based team is implementing MTSS, conducts an assessment of MTSS skills of school staff, ensures implementation of intervention support and documentation, ensures and participates in adequate professional learning to support MTSS implementation, develops a culture of expectation with the school staff for the implementation and communicates with parents regarding school-based MTSS plans and activities.
Kauffman, Rubie	Assistant Principal	Assists the principal in providing a common vision for the use of data-based decision-making, assists in the development of a strong infrastructure of resources for the implementation of MTSS, further assists the principal in the assessment of MTSS skills, implementation of intervention support and documentation, professional learning, and communication with parents concerning MTSS plans and activities.
Brannon, Ashley	Curriculum Resource Teacher	Mrs. Brannon will assist with providing a common vision for the use of databased decision –making, modeling the Problem Solving Process, the modeling and development of a strong infrastructure for the implementation of MTSS and assist with the implementation of MTSS. She will work alongside the admin team to conduct periodical assessments of MTSS skills of school staff. She will also assist with the development and implementation of intervention support and documentation. She will participate in adequate professional learning to support MTSS implementation and provide training to staff.
Wilson, Ryan	Behavior Specialist	Mr. Wilson will assist with providing a common vision for the use of databased decision –making, modeling the Behavioral Problem Solving Process, the modeling and development of a strong infrastructure for the implementation of MTSS and assist with the implementation of MTSS. He will work alongside the admin team to conduct periodical assessments of MTSS skills of school staff. He will also assist with the development and implementation of intervention support and documentation. He will participate in adequate professional learning to support MTSS implementation and provide training to staff.
Naab, Collenna	Other	Provides quality service and expertise on issues ranging from program design to assessment and intervention with individual students. Facilitate regularly scheduled MTSS meetings with academic teachers for the purpose of ongoing progress monitoring, facilitate documentation and tracking of tier 2/ 3 academic and behavioral interventions, communicate with child-serving community agencies and district level support to support the students' academic, emotional, behavioral, and social success.

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school leadership team and our SAC team will meet to develop and review the SIP. It will be reviewed several times during the school year for revisions as needed.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Professional learning communities and planning sessions will use the SIP to guide the agendas and way of work for all stakeholders.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Math Performance task scores were at 50% proficiency based on this year's test scores. Student absences were a contributing factor.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data in Performance Matters revealed that there was a 16% increase in students with less than 90% in attendance (from 60 % to 76%). Illness and the after-effects of covid were possible factors that contributed to this decline.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Due to the fact that 100% of our school population is administered the FSAA, there is not a comparison.

Which data component showed the most improvement? What new actions did your school take in this area?

Due to the fact that 100% of our school population is administered the FSAA, there is not a comparison.

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Due to our fragile student population, attendance will probably continue to be an area of concern.

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Find a way to increase student attendance.

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Positive Culture and Environment specifically relating to Other**Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

School principal created and emailed out a school culture survey to teachers. After reviewing the survey data it was revealed that they wanted more feedback.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

100% of the staff will be included in school spirit and culture-building activities.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Staff will be recognized daily by administration on a regular basis. Spirit Ducks will be earned by staff as well to be turned in for other rewards.

Person responsible for monitoring outcome:

Maggie Reynolds (maggie.reynolds@polk-fl.net)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

N/A

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

N/A

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

No action steps were entered for this area of focus
