## Somerset Academy Middle, Eagle Campus

2100 DUNN AVE, Jacksonville, FL 32218

[www.somersetjax.com](http://www.somersetjax.com)

### SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

#### Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

#### Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

#### Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

1. Have an overall Federal Index below 41%;
2. Have a graduation rate at or below 67%;
3. Have a school grade of D or F; or
4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), <https://www.floridacims.org>, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

| SIP Sections   | Title I Schoolwide Program                                      | Charter Schools        |
|--|---|------------------------|
| I-A: School Mission/Vision   |   | 6A-1.099827(4)(a)(1)   |
| I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring | ESSA 1114(b)(2-3)   |                        |
| I-E: Early Warning System  | ESSA 1114(b)(7)(A)(iii)(III)                                    | 6A-1.099827(4)(a)(2)   |
| II-A-C: Data Review  |   | 6A-1.099827(4)(a)(2)   |
| II-F: Progress Monitoring  | ESSA 1114(b)(3)   |                        |
| III-A: Data Analysis/Reflection                                    | ESSA 1114(b)(6)   | 6A-1.099827(4)(a)(4)   |
| III-B: Area(s) of Focus  | ESSA 1114(b)(7)(A)(i-iii)                                       |                        |
| III-C: Other SI Priorities   |   | 6A-1.099827(4)(a)(5-9) |
| VI: Title I Requirements   | ESSA 1114(b)(2, 4-5),<br>(7)(A)(iii)(I-V)-(B)<br>ESSA 1116(b-g) |                        |

Note: Charter schools that are also Title I must comply with the requirements in both columns.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## I. School Information

### School Mission and Vision

#### Provide the school's mission statement.

Empowering students to explore global learning opportunities to promote and enrich their communities and the communities we serve.

#### Provide the school's vision statement.

Somerset Academy, Inc. promotes a transformational culture that maximizes student achievement and the development of accountable, global learners in a safe and enriching environment that fosters high-quality education.

### School Leadership Team, Stakeholder Involvement and SIP Monitoring

#### School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

| Name            | Position Title | Job Duties and Responsibilities  |
|-----------------|----------------|--|
| Williams, Tunji | Principal      | School-wide Policies and Procedures <ul style="list-style-type: none"> <li>• Personnel Concerns</li> <li>• Budget</li> <li>• Title I</li> <li>• Facilities</li> <li>• Athletics</li> <li>• Personnel Concerns</li> <li>• Staff Attendance</li> <li>• Accident/Incident Reporting</li> <li>• Faculty Observations</li> <li>• Articulation K-5/6-8</li> <li>• Curriculum/InterventionTeam</li> </ul> |

#### Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Our Parent Teacher Organization (PTO) is used to help bridge school and parents/community. By meeting once a month, faculty/staff, parents/guardians, students and other community stakeholders work closely with school leadership to help support one another through communication of available resources (academic, social/emotional).

During our parent and family engagement meetings, in which we meet approximately eight times per year, we review school data, discuss implications for instruction and next steps, as well as short and long-term goals for our students, and the school as a whole. During both platforms, stakeholders are

given an opportunity to voice concerns, make suggestions, and participate in the needs assessment process.

### SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

Our SIP will be monitored during leadership meetings on a monthly basis, and at least quarterly during our stakeholder meetings. As a leadership team, we will meet to discuss our goals, the current student achievement data, and whether the data indicates we are meeting, working towards, or not on track to meet our academic goals. We will ensure that for each meeting, part of the conversation will center around our lowest performing students. The school-based leadership team will also meet at least quarterly with district leadership for a deep data dive, having conversation around data from a broad perspective and drilling down to individual students, then about whether our current plans, curriculum, and strategies are effective enough to meet our SIP goals.

The leadership team will conduct weekly classroom walkthroughs and provide timely, actionable feedback to teachers. Monthly student progress monitoring will occur to ensure that students are on track to meet individual and school-wide goals. Professional Learning Communities (PLCs) will meet regularly to plan lessons/update focus calendars, discuss benchmarks and analyze real-time data. School data will be shared monthly at the minimum with teachers and other stakeholders. The Leadership Team will take into consideration monthly assessments and FAST progress monitoring data when determining needed adjustments.

### Demographic Data

## Early Warning Systems

Using 2022-23 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| Indicator   | Grade Level |   |   |   |   |   |    |    |    |     | Total |
|---|-------------|---|---|---|---|---|----|----|----|-----|-------|
|   | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8  |     |       |
| Absent 10% or more days   | 0           | 0 | 0 | 0 | 0 | 0 | 21 | 20 | 12 | 53  |       |
| One or more suspensions   | 0           | 0 | 0 | 0 | 0 | 0 | 5  | 8  | 3  | 16  |       |
| Course failure in English Language Arts (ELA)   | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 0  | 0  |     |       |
| Course failure in Math  | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 4  | 0  | 4   |       |
| Level 1 on statewide ELA assessment   | 0           | 0 | 0 | 0 | 0 | 0 | 21 | 14 | 20 | 55  |       |
| Level 1 on statewide Math assessment  | 0           | 0 | 0 | 0 | 0 | 0 | 28 | 4  | 5  | 37  |       |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0           | 0 | 0 | 0 | 0 | 0 | 49 | 42 | 27 | 118 |       |

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| Indicator                            | Grade Level |   |   |   |   |   |    |    |   | Total |
|--------------------------------------|-------------|---|---|---|---|---|----|----|---|-------|
|                                      | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8 |       |
| Students with two or more indicators | 0           | 0 | 0 | 0 | 0 | 0 | 23 | 11 | 9 | 43    |

Using the table above, complete the table below with the number of students identified retained:

| Indicator                           | Grade Level |   |   |   |   |   |   |   |   | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
|                                     | K           | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |       |
| Retained Students: Current Year     | 0           | 0 | 0 | 0 | 0 | 0 | 0 | 2 | 1 | 3     |
| Students retained two or more times | 0           | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |       |

### Prior Year (2022-23) As Initially Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| Indicator   | Grade Level |   |   |   |   |   |    |    |    |    | Total |
|---|-------------|---|---|---|---|---|----|----|----|----|-------|
|   | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8  |    |       |
| Absent 10% or more days   | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 0  | 0  |    |       |
| One or more suspensions   | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 0  | 0  |    |       |
| Course failure in ELA   | 0           | 0 | 0 | 0 | 0 | 0 | 1  | 1  | 0  | 2  |       |
| Course failure in Math  | 0           | 0 | 0 | 0 | 0 | 0 | 1  | 1  | 0  | 2  |       |
| Level 1 on statewide ELA assessment   | 0           | 0 | 0 | 0 | 0 | 0 | 33 | 40 | 20 | 93 |       |
| Level 1 on statewide Math assessment  | 0           | 0 | 0 | 0 | 0 | 0 | 36 | 27 | 23 | 86 |       |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0           | 0 | 0 | 0 | 0 | 0 | 33 | 40 | 20 | 93 |       |

**The number of students by current grade level that had two or more early warning indicators:**

| Indicator                            | Grade Level |   |   |   |   |   |    |    |    |    | Total |
|--------------------------------------|-------------|---|---|---|---|---|----|----|----|----|-------|
|                                      | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8  |    |       |
| Students with two or more indicators | 0           | 0 | 0 | 0 | 0 | 0 | 29 | 22 | 18 | 69 |       |

**The number of students identified retained:**

| Indicator                           | Grade Level |   |   |   |   |   |   |   |   | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
|                                     | K           | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |       |
| Retained Students: Current Year     | 0           | 0 | 0 | 0 | 0 | 0 | 1 | 1 | 0 | 2     |
| Students retained two or more times | 0           | 0 | 0 | 0 | 0 | 0 | 1 | 0 | 0 | 1     |

**Prior Year (2022-23) Updated (pre-populated)**

Section 3 includes data tables that are pre-populated based off information submitted in prior year's SIP.

**The number of students by grade level that exhibited each early warning indicator:**

| Indicator   | Grade Level |   |   |   |   |   |    |    |    |    | Total |
|---|-------------|---|---|---|---|---|----|----|----|----|-------|
|   | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8  |    |       |
| Absent 10% or more days   | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 0  | 0  |    |       |
| One or more suspensions   | 0           | 0 | 0 | 0 | 0 | 0 | 0  | 0  | 0  |    |       |
| Course failure in ELA   | 0           | 0 | 0 | 0 | 0 | 0 | 1  | 1  | 0  | 2  |       |
| Course failure in Math  | 0           | 0 | 0 | 0 | 0 | 0 | 1  | 1  | 0  | 2  |       |
| Level 1 on statewide ELA assessment   | 0           | 0 | 0 | 0 | 0 | 0 | 33 | 40 | 20 | 93 |       |
| Level 1 on statewide Math assessment  | 0           | 0 | 0 | 0 | 0 | 0 | 36 | 27 | 23 | 86 |       |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.0531, F.A.C. | 0           | 0 | 0 | 0 | 0 | 0 | 33 | 40 | 20 | 93 |       |

**The number of students by current grade level that had two or more early warning indicators:**

| Indicator                            | Grade Level |   |   |   |   |   |    |    |    |    | Total |
|--------------------------------------|-------------|---|---|---|---|---|----|----|----|----|-------|
|                                      | K           | 1 | 2 | 3 | 4 | 5 | 6  | 7  | 8  |    |       |
| Students with two or more indicators | 0           | 0 | 0 | 0 | 0 | 0 | 29 | 22 | 18 | 69 |       |

**The number of students identified retained:**

| Indicator                           | Grade Level |   |   |   |   |   |   |   |   | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
|                                     | K           | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |       |
| Retained Students: Current Year     | 0           | 0 | 0 | 0 | 0 | 0 | 1 | 1 | 0 | 2     |
| Students retained two or more times | 0           | 0 | 0 | 0 | 0 | 0 | 1 | 0 | 0 | 1     |

**II. Needs Assessment/Data Review****ESSA School, District and State Comparison (pre-populated)**

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

**On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.**

| Accountability Component        | 2023   |          |       | 2022   |          |       | 2021   |          |       |

### III. Planning for Improvement

**Data Analysis/Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources.

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The data component that showed the lowest performance was the overall Reading achievement on the 2022-2023 Florida Assessment of Student Thinking assessment. The contributing factors that led to this performance include the number of ESL and ESE students that make up a large portion of this cohort. Based on previous performance, the most recent score is not a trend, however the consistent under-performance of the lower quartile students is apparent in this annually assessed component.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Somerset Academy Middle - Eagle Campus increased academic achievement performance in all assessed components and did not experience a decline in 2022-2023 from the previous year.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Awaiting all of state data to compare.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The Math component had the most improvement, increasing 32 points from 18% in 2022 to 50% in 2023! The implementation of an intervention team with a deliberate focus on instructional content, assessment challenges, the use of pull-out groups, minilessons and consistent progress monitoring led to the vast improvement. Additionally, the use of Title I resources to employ highly effective paraprofessionals for this effort was a major factor in increasing student achievement in the component.

**Reflecting on the EWS data from Part I, identify one or two potential areas of concern.**

Students with two or more Early Warning Signs saw an increase from the previous year, nevertheless consistent monitoring of these factors and the providing of support to scholars in this category is greatly required. It is our belief that a consistent culture supported by a positive behavior system will continue to lower school suspensions, overall. Additionally, providing academic intervention to Level I scholars and to those who have shown the potential to fail ELA and/or Math will help to significantly reduce our school-wide concerns.

**Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.**

1. Continue the implementation of the intervention team efforts with a focus on the lower-quartile students, Tier 1 & 2 students through the use of pull-out/small group instruction, mini-lessons and consistent progress monitoring.
2. Maintain and/or increase student achievement in state assessed components through increased course rigor and consistent progress monitoring.

**Area of Focus**

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

**#1. Instructional Practice specifically relating to ELA****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Overall, in accordance with our 2023 FAST data, nearly 60% of Somerset Middle students are not performing on grade level in English/Language Arts. Furthermore, our 2023 FAST ELA data shows that nearly 70% of our rising 7th graders are non-proficient and struggle with reading.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

By May 2024, 60% of students in grades 6th-8th, who are performing 2 academic years behind, will move up at least one year and will achieve substantial growth on end of year assessments in Reading. By May 2024, the percentage of students that achieve proficiency in grades 6 through 8 in ELA/Reading will increase by 5 percentage points from 37% to 42%.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

The area of focus will be monitored using iReady growth monitoring assessments in between each progress monitoring assessment window in addition to the weekly assessments given by teachers using iReady's Standards Mastery. Weekly data will allow teachers to track progress, provide instant feedback to students, and remediate areas of weakness specific to each student. Growth monitoring assessments will provide data for the instructional coaches and administrators to plan ongoing interventions and provide classroom support for the teachers to execute intervention

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

In order to effectively address the area of focus, the leadership team decided that differentiated instruction will be the strategy used to address the deficiencies in the area of focus based on student need. Teachers will use the data collected through progress monitoring and in class assessments. To promote student growth, teachers will pinpoint areas of weakness for each student and design instruction tailored to address specific benchmarks.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

We selected differentiated instruction due to the significant amount of students performing below grade level. Differentiated instruction allows teachers the opportunity to create lessons that vary according to strength, weakness, and learning ability. The leadership team concluded that when used with fidelity, differentiated instruction is a powerful tool in addressing learning needs of individual or groups of students and closing the achievement gaps.

**Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 2 - Moderate Evidence

**Will this evidence-based intervention be funded with UniSIG?**

No

### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will participate in weekly collaborative planning meetings with the instructional coach and use that opportunity to break down their classroom reading data to be able to target specific student deficiencies individually or in small groups using differentiated instruction.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** This action will be ongoing through the 2023-2024 school year and will conclude in June. 2024.

**#2. Instructional Practice specifically relating to Math****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on 2023 FSA data review, our school will specifically target Mathematics with, with an emphasis on students slated to take Algebra. Out of the 36 students who scored in the range to take Algebra I, 21 were on the low end, or barely made the proficiency cut. These students will be scheduled into a foundation course as well, to provide students with support in filling various gaps.

In addition, the Spring 2023 administration of the FAST indicated nearly 70% percent of our rising 7th grade students were non-proficient in Mathematics.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we successfully implement the Math B.E.S.T. Standards and align instruction to the benchmarks it is highly likely that our students will increase in overall proficiency by a minimum of 5 percentage points on the May 2024

F.A.S.T. diagnostic assessment. Students will demonstrate mastery of lesson objectives through their work samples, end products, formative and summative assessments.

Teachers will deliver planned lessons to guide students through the demands of the identified standards and learning targets.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

The Leadership Team will conduct quarterly data chats, assist teachers with identifying relevant professional development, continue to follow-up with regular walk-throughs and instructional rounds to ensure quality instruction is taking place.

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Our school will focus on the implementation of Math B.E.S.T standards to align instruction accordingly. This will assist in accelerating learning for all of our subgroups. Successful implementation of the Math B.E.S.T. standards will be monitored through lesson plans, walk-throughs, and iReady Standards Mastery progress monitoring assessments embedded in the Math curriculum.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

Highly-monitored implementation of Math B.E.S.T. standards will ensure that teachers are using relevant instructional resources and curriculum to plan lessons that are aligned to state standards. Teachers will continually make adjustments to their instruction, plans, and instructional delivery as new data becomes available.

**Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 2 - Moderate Evidence

**Will this evidence-based intervention be funded with UniSIG?**

No

**Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Teachers will engage in ongoing professional development regarding the Math B.E.S.T. standards and curriculum resources. As a result teachers will plan lessons that align to the newly implemented state standards.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** This action will be ongoing through the 2023-2024 school year and will conclude in June. 2024.

Teachers will disaggregate assessment data and make instructional adjustments as needed. As a result, teachers will differentiate instruction as driven by the data.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** This action will be ongoing through the 2023-2024 school year and will conclude in June. 2024.

**#3. Instructional Practice specifically relating to Small Group Instruction****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Increase achievement scores in English/Language Arts & Mathematics, along with its respective Lowest 25% components.

Somerset-Eagle Middle School's achievement in English/Language Arts & rising 7th grade Math and its categorical Lowest 25% components are below district/state averages. A deeper intensified approach is required to improve this area, which will require laser-focused attention to the lowest quartile students and deploying a skilled intervention team to conduct daily small group instruction. Additional curriculum support is needed to provide deeper differentiated instruction and to assist teachers with struggling achievers; especially students with disabilities and those at-risk of failing in these core components.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The expectation is that students who consistently experience a high degree of supplemental intervention and receive additional instruction will have vastly improved outcomes when assessed, indicating an improved level of proficiency and an increase in academic achievement.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

The principal and Curriculum Lead/Dean of Academics will monitor collaborative planning with focus on the use of differentiated instruction. Monthly assessment data reports will be reviewed during data chat meetings and instruction will be modified as needed. The Dean of Academics, the ESE/RTI Specialist and curriculum/intervention support team will monitor the student progress of Tier 2 & 3 students intensely through monthly data debriefing sessions. Instructional adjustments will be made based on individual students, class and grade level data (i-Ready, ongoing progress monitoring data).

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Small-group instruction provides opportunities for flexible and differentiated learning. With the smaller number of individuals, students have more chances to participate. Also, teachers are able to monitor more closely and identify weaknesses, thus providing better and more individualized feedback and support to struggling students.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

In order to effectively address the area of focus, the leadership team decided that small group differentiated instruction will be the strategy used to address the deficiencies within our lowest quartile student population, in both ELA & Math. The Intervention Support Team (consisting of the Dean of Academics, an ESE Specialist, an RTI Teacher and 6 paraprofessionals) and classroom teachers will use the data collected through progress monitoring and in class assessments to assist the efficiency of this effort. To promote student growth, small-group intervention team members will pinpoint areas of weakness for each student and design instruction tailored to address specific benchmarks.

### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 3 - Promising Evidence

### **Will this evidence-based intervention be funded with UniSIG?**

No

### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. The Principal will ensure the hiring of a Dean of Academics, an ESE Specialist and experienced paraprofessionals to bolster the existing instructional intervention team.
- 2.. Teachers will group students based on data from state and schoolwide assessments, keeping groups fluid and changing based on student needs.
3. Teachers will conduct small group and differentiated instruction to target subgroups.
4. Based on Response-to-Intervention assessment components, the deployment of an intervention team to instruct small groups consisting of 5-8 students with Tier 2 students and groups of 2-5 with Tier 3 students.
5. Curriculum support from the intervention team will be used to assist teachers with planning, instructional delivery and strategy implementation.
6. The principal, assistant principal, the Dean of Academics and intervention team will analyze student performance data monthly. Adjustments and tweaks to instruction and support levels will be made based on achievement data.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** This action will be ongoing through the 2023-2024 school year and will conclude in June. 2024.

**#4. Positive Culture and Environment specifically relating to Early Warning System****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

A consistent discipline behavior program with established school-wide expectations for all students will ensure that students interact appropriately in everyday situations. Implementation of school norms that are consistent and clearly articulate appropriate student behavior is necessary to sustain a positive environment conducive for academic achievement. Although student discipline referrals have declined over three consecutive school years via Early Warning System data, stakeholders agree that the school experienced an increase in undocumented disruptive/distractive student behavior.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

School-wide implementation and reinforcement of a code of conduct, expectations, do's and don'ts and consequences with a reward system that supports positive behavior will result in minimized distractions due to student misbehavior.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

Discipline referrals will be tracked by the Dean of Discipline and administration team for behavior intervention and reduction of minor/major conduct infractions. Early Warning System data will be analyzed and reviewed by both the Dean & the administration team to ensure that a positive environment persists and that students adapt to a culture of academic achievement.

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Schools that implement a behavior management program administered by trained individuals with typical resources are more likely to experience students exhibiting on-task behaviors. Daily, a designated mentor or Dean of Students/Discipline encourages the student body to achieve academically without disciplinary infractions, reviews their previous day's performance and remind all students of their behavioral goals. An overall emphasis on positive behaviors will decrease off-task behavior. Behavior infractions are met with consequences and progressive measures that, in turn, reduce ongoing distraction in the school environment, thus allowing more opportunity for positive schoolwide learning experiences.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

A review of stakeholder comments and input during collaborative meetings on existing school-wide elements that are impactful indicated that the retention of a Dean of Students/Discipline was necessary to maintain a positive school culture, free of constant behavior distractions. Instructional staff concurred that the implementation of a behavior program administered by a school-wide designee demonstrated an improved learning environment for scholars and was valued by instructional staff.

**Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 2 - Moderate Evidence

**Will this evidence-based intervention be funded with UniSIG?**

No

**Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Professional development will be provided to teachers on standard operating procedures, classroom management best practices, maintaining a structured environment and addressing improper student behavior. Students will be trained on expected positive behavior, the Student Code of Conduct, the school-wide behavior plan, its rewards and consequences. Daily school-wide morning meetings and activities conducted by the Dean to reinforce positive behavior along with visits in the classrooms to maintain expectations of students and staff will support the efforts to maintain a conducive learning environment. All behavior, positive and negative will be tracked and reported to stakeholders monthly.

Ongoing data will be used to pinpoint specific areas, staff and students that require additional support.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** This action will be ongoing through the 2023-2024 school year and will conclude in June. 2024

The Dean of Students/Discipline will Implement and execute the school-wide behavior plan and ensure students are held accountable to the Discipline Code of Conduct. The individual will actively support staff and teachers in addressing student mistakes and challenges in conduct. They will Ensure the timely reporting of student infractions and consequences to families, reporting systems/agencies in accordance with all applicable regulations, use discipline data to inform school-wide social, emotional and academic practices and professional development. Their main goal is to work tirelessly to reduce the frequency and severity of student infractions through a positive behavior system equipped with rewards and consequences.

**Person Responsible:** Tunji Williams (twilliams@somersetprepjax.com)

**By When:** Ongoing

**#5. Positive Culture and Environment specifically relating to Early Warning System****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed.

One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on the data review, our school will implement an Attendance Action Plan for students with 3 or more absences. During our review of the attendance data from the previous school year, more than a quarter of are middle students were identified as having attendance below 90%. In addition, many of our students that

scored a level 1 or 2 on the FAST PM3 state assessment were identified as students with five or more excessive absences. As a leadership team, we recognize the need to create a positive school culture to improve and increase student attendance. An Attendance Review Committee (ARC) consisting of a site administrator, guidance counselor, dean of students and grade level team leaders will closely monitor students with excessive absences and execute a plan of action that will decrease the number of student absences within a school year.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we successfully implement an Attendance Action plan with fidelity, and target our most truant students by providing early intervention, we will decrease the number of excessive absences by at least 15 percent overall.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

Attendance will be tracked by reviewing the daily attendance bulletin. We will also analyze attendance data and weekly student attendance tracking reports embedded within the schools information portal. Early Warning System data will be analyzed by the Attendance Response Committee (ARC) to decide a course of action, conduct parent/student meetings and align interventions needed to support the student and family.

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Schools that implement an attendance initiative with individuals who are formally trained on how to conduct interventions and provide resources to support families with truant students will result in increased attendance, and positive learning outcomes.

**Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

With a targeted intention on improving schoolwide attendance and reducing our truancy rate, our school will focus on evidence-based strategies that focus on essential attendance initiatives. For example, creating a weekly student check-in system with the dean of students, creating opportunities for parent involvement and participation in ongoing extra-curricular/enrichment activities, Provide regularly scheduled social emotional learning support via the school guidance counselor.

Attendance initiatives and interventions will assist with narrowing the attendance and learning gap amongst our truant students. The Attendance Initiatives will be monitored on a bi-weekly basis to prevent a pattern of absences, and to discuss whether interventions resulted in a decreased number of absences, and improved student attendance rates.

### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

### **Will this evidence-based intervention be funded with UniSIG?**

No

### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

The leadership team will comprise of an Attendance Review Committee (ARC) to monitor and analyze attendance data, establish roles and responsibilities for attendance initiatives and acquire student rewards or incentives to improve overall school attendance. Members will be virtually trained by partaking in a School Attendance Guidance Webinar that focuses on required steps and strategies needed to successfully implement a schoolwide attendance initiative.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** October 10, 2023

Faculty training will be provided by the ARC members on how to monitor student attendance from the electronic daily attendance bulletin, and how to document students with excessive absences (3 or more) within a month on a prescribed referral form.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** October 16, 2023

The Attendance Review Committee (ARC) will review attendance data, teacher referrals and schedule meetings with parents of students with 5 or more absences, and develop a plan of action to provide support.

Interventions will be conducted by the ARC as needed to improve the attendance of each truant student.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** Ongoing through May 20, 2024

**#6. ESSA Subgroup specifically relating to Students with Disabilities****Area of Focus Description and Rationale:**

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Based on the data from the 2022-2023 F.A.S.T. PM3 assessment, our school will focus on the implementation of differentiated instruction specifically targeting the subgroup of students with disabilities (SWD). The PM3 assessment data determined that only 11% of the SWD subgroup were proficient in ELA/Reading and 25% in Mathematics, which is significantly below the 41% threshold determined by the state.

Additional curriculum support is needed to provide deeper differentiated instruction and to assist teachers with struggling achievers; especially students with disabilities and those at-risk of failing in these core components.

**Measurable Outcome:**

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

If we implement differentiated instruction through remedial intervention, small group pull-outs and additional tutoring with fidelity, SWD students will increase in proficiency by five percentage points as evidenced by the 2024 F.A.S.T. PM3 summative assessment.

The expectation is that students who consistently experience a high degree of supplemental intervention and receive additional instruction will have vastly improved outcomes when assessed, indicating an improved level of proficiency and an increase in academic achievement.

**Monitoring:**

Describe how this Area of Focus will be monitored for the desired outcome.

Administrators will conduct classroom walkthrough visits to ensure that differentiated instruction is being implemented with fidelity, provide support and immediate corrective feedback to teachers, while tracking bi-weekly progress monitoring data for improved proficiency.

The principal and Curriculum Lead/Dean of Academics will monitor collaborative planning with focus on the use of differentiated instruction. Monthly assessment data reports will be reviewed during data chat meetings and instruction will be modified as needed. The Dean of Academics, the ESE/RTI Specialist and curriculum/intervention support team will monitor the student progress of the SWD subgroup intensely through monthly data debriefing sessions. Instructional adjustments will be made based on individual students, class and grade level data (i-Ready, ongoing progress monitoring data).

**Person responsible for monitoring outcome:**

Tunji Williams (twilliams@somersetjax.com)

**Evidence-based Intervention:**

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Our school will focus on the evidence-based strategy of differentiated instruction. This evidence-based strategy will assist in narrowing the achievement gap for students learning, and will assist teachers while targeting specific learning needs through standard-driven differentiated lessons.

Additionally, small-group instruction provides opportunities for flexible and differentiated learning. With the smaller number of individuals, students have more chances to participate. Also, teachers are able to monitor more closely and identify weaknesses, thus providing better and more individualized feedback

and support to struggling students.

#### **Rationale for Evidence-based Intervention:**

Explain the rationale for selecting this specific strategy.

Differentiated instruction will ensure that all SWD students will be provided various opportunities to learn. Teachers will be provided immediate feedback after conducting administrative walkthroughs to make adjustments to their student groupings, content and/or instruction methods.

The Intervention Support Team (consisting of the Dean of Academics, an ESE Specialist, an RTI Teacher and 6 paraprofessionals) and classroom teachers will use the data collected through progress monitoring and in class assessments to assist the efficiency of this effort. To promote student growth, small-group intervention team members will pinpoint areas of weakness for each student and design instruction tailored to address specific benchmarks.

#### **Tier of Evidence-based Intervention**

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

#### **Will this evidence-based intervention be funded with UniSIG?**

No

#### **Action Steps to Implement**

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. The Principal will ensure the hiring of a Dean of Academics, an ESE Specialist and experienced paraprofessionals to bolster the existing instructional intervention team.
2. Teachers will group students based on data from state and schoolwide assessments, keeping groups fluid and changing based on student needs.
3. Teachers will conduct small group and differentiated instruction to SWD subgroups.
4. Curriculum support from the intervention team will be used to assist teachers with planning, instructional delivery and strategy implementation.
5. The principal, assistant principal, the Dean of Academics and intervention team will analyze SWD subgroup performance data monthly. Adjustments and tweaks to instruction and support levels will be made based on achievement data.

**Person Responsible:** Tunji Williams (twilliams@somersetjax.com)

**By When:** Beginning August 2023 & ongoing until May 2024.

#### **CSI, TSI and ATSI Resource Review**

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Our school-based leadership team collaborates with our district leadership to review all allocated funding sources, then discuss our teaching and learning needs as it relates to both students and teachers. Some of the

needs assessment items include early intervention through tiered support, in school and after school tutoring. In addition, we consider the number of instructors/paraprofessionals needed to sustain our intervention program. We also take into consideration resources for student incentives, as this is a real need for sustaining success with instructional challenges and goals throughout the school year. The school-based leadership team collaborates with the district and our stakeholders, using data to review resources and determine the needs of the school.

## Title I Requirements

### Schoolwide Program Plan (SWP) Requirements

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in the ESSA, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

**Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand. (ESSA 1114(b)(4))**

List the school's webpage\* where the SIP is made publicly available.

During our parent and family engagement meetings, Developmental meetings and School-wide data nights, we review school data, discuss implications for instruction and next steps, as well as short and long-term goals for our students, and the school as a whole. Our key goals within our SIP, school-wide plan, as well as budget are communicated. All stakeholders- leadership team, faculty/staff, students, community partners & stakeholders receive invites to attend. During the meetings, stakeholders are given an opportunity to voice concerns, make suggestions, and participate in the needs assessment process. Our school website: <https://www.somersetjax.com/>

**Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.**

List the school's webpage\* where the school's Family Engagement Plan is made publicly available. (ESSA 1116(b-g))

Somerset-Eagle Middle endeavors to empower all parents to become active participants in their child's academic, social and emotional development. This will be accomplished through the execution of the school's Parent & Family Engagement Plan which features the strategic planning and implementation of activities, workshops and programs which support the diverse needs of our parents and students.

The School provides many opportunities for parents and guardians to become involved in all aspects of Title I Programs through parent meetings and surveys. Parent surveys are used to review current programs and make revisions to programs/services offered, as necessary.

At the end of each school year, parents are surveyed to provide insight on their thoughts of the effectiveness of programs implemented throughout the year. During the summer, school leaders meet with parent participants of the school's Parent & Teacher Organization to develop a plan for improvement or implementation of activities and programs. This is in addition to activities developed due to responses from the parent surveys.

The PFEP can be found on the school's webpage: <https://www.somersetjax.com/pdf/Parent%20Family%20Engagement%20Plan%202022-middle.pdf>

**Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part III of the SIP. (ESSA 1114(b)(7)(ii))**

The school plans to strengthen our academic program and increase amount and quality of learning by the following methods:

- \* using portion of UniSig funds to hire a Dean of Academics, to guide and support teachers with effective implementation of curriculum; oversee scheduling and completion of assessments throughout year, as well as help facilitate data chats;
- \* begin tutoring earlier in the school year, to support students sooner, giving them the best chance for success;
- \* empowering team leads to support other teachers within their grade level band through weekly meetings/check-ins, whereby lesson planning, focus calendar updates and data analysis occur within a safe learning space;
- \* providing extensive professional development to teachers, beginning with preplanning, yet being very strategic throughout the year by aligning PD as closely to needs of teachers as possible.

**If appropriate and applicable, describe how this plan is developed in coordination and integration with other Federal, State, and local services, resources and programs, such as programs supported under ESSA, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d). (ESSA 1114(b)(5))**

Somerset is able to develop a sound school improvement plan with the integration of federal and state funding, which enables us to support high-quality teaching and learning. We are able to provide appropriate and timely professional development aligned to specific programs purchased for instructional use, including how to implement proven strategies from experts in the field. We coordinate federal and state resources to align with goals, which enables face to face and virtual professional development facilitated by curriculum specialists.

#### **Optional Component(s) of the Schoolwide Program Plan**

Include descriptions for any additional strategies that will be incorporated into the plan.

**Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas. (ESSA 1114(b)(7)(iii)(I))**

The school plans to hire a full-time school counselor to meet weekly with students who have been identified as needing support in the social/emotional arena. The counselor will also collaborate with classroom teacher to provide academic guidance. In addition, all staff received training in youth mental health supports. Lastly, so that our teachers are able to help support students in this area, we will assign mentors and buddies to our teachers, so that they, too, feel supported mentally/socially/emotionally.

**Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school. (ESSA 1114(b)(7)(iii)(II))**

Once our students enter middle school, we begin determining if a student's track needs to be adjusted academically, meaning which students would benefit from an accelerated track. Afterwards, data chats with students and parents are pertinent as we communicate students' progress and how an accelerated track may enable students to eventually take more rigorous courses in high school, and potential benefits, such as college credits upon graduation.

**Describe the implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act. 20 U.S.C. 1400 et seq. and ESSA 1114(b)(7)(iii)(III).**

To assist with problem behavior prevention and early intervention, our school implements the following:

- \* Professional development with staff during preplanning on how to engage students academically, as this is key to early prevention;
- \* Professional development on classroom management; which behaviors are typically addressed by teacher and effective strategies for specific types of behaviors, and which behaviors may warrant outside support (i.e. referral to school counselor).
- \* CHAMPs training/refreshers for teachers;
- \* Staff communication on who our lead support persons are (i.e. ESE lead, dean of discipline).

**Describe the professional learning and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high need subjects. (ESSA 1114(b)(7)(iii)(IV))**

Professional development for all school staff is provided at school level, as well as the district and sometimes state level. Throughout the school year, teachers/paraprofessionals engage in professional learning during monthly training sessions with school-based leadership and/or district support personnel. During these sessions, teachers engage in collaborative conversations around school-wide data, grade level data and their individual students' data. Teachers also engage in professional learning as determined by the teacher or by the data. Through identifying strong educators as team leaders, we are able to build capacity and distribute the duties surrounding professional learning, which helps to recruit and retain effective teachers.

**Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs. (ESSA 1114(b)(7)(iii)(V))**

NA

## Budget to Support Areas of Focus

### Part VII: Budget to Support Areas of Focus

**The approved budget does not reflect any amendments submitted for this project.**

|   |            |   |   |                |     |             |
|---|------------|---|---|----------------|-----|-------------|
| 1 | III.B.     | Area of Focus: Instructional Practice: ELA                            |   |                |     | \$0.00      |
| 2 | III.B.     | Area of Focus: Instructional Practice: Math                           |   |                |     | \$0.00      |
| 3 | III.B.     | Area of Focus: Instructional Practice: Small Group Instruction        |   |                |     | \$28,040.88 |
