SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Cypress Ridge is committed to providing challenging, educational experiences through a basic curriculum emphasizing mathematics, engineering, and science in a technologically enriched environment. Parents, staff, and community, working together equip our students with the knowledge and skills needed to become responsible, successful citizens of the future.

Provide the school's vision statement

The Cypress Ridge community is committed to an emphasis on the pursuit of academic excellence, educational innovation, and meeting the needs of all students in an ever changing world. We believe in:

- o the importance of teaching our students to become problem solvers and independent thinkers.
- o instilling a lifelong passion for learning in our students.
- o the importance of personal growth, manifested through teaching our students the importance of serving others, honor, and respect.
- o doing whatever we can to insure that instruction and support are provided for all students.
- o cross-curricular studies, with a focus on the integration of math, science and technology.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

The Social Studies committee plans activities and programs to support students' cultures. Classroom teachers integrate different cultures and build relationships with students and their families through units of study.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Adequate supervision before and after school; secure campus; Positive Behavior Support (PBS); Bully Blockers; student and teacher relationships are built so that students feel safe; a system is in place for all students to know a trusted adult with whom to connect when they are having a difficult time.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Common Rules and Expectations school wide; PBS framework for behavior including rewards and consequences; all staff members participate in training to ensure common expectations in and out of the classroom; mandatory uniforms

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Guidance Counselor creates needs based counseling groups; provide support through Bully Blockers; Reading Paws intervention for struggling readers for first and third grade

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Parent Involvement guidelines will be maintained to insure that all families fulfill 10 hour volunteer obligation. Parents can be involved by assisting in the classroom on tasks assigned by the teacher, participating in after school activities, including Family Walk, Reading, and Learning Nights, completing classroom support tasks at home such as colating and stapling papers, cutting, etc. and by attending week-end family events.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Cypress Ridge actively solicits community partnerships through both financial and human support. Financial supporters are recognized on the school website, on exterior banners, and in print on various school folders and signs. Volunteers are thanked during volunteer recognition week. We have a number of business partners who serve on the SAC and provide community input into decisions made regarding the school policies. We have also been very successful in securing community and corporate grants to support the school and student achievement.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Delpit, Dale	Principal
Meyers, David	Assistant Principal
Smith, Sherrie	Instructional Coach
Schoenthaler, Virginia	Teacher, K-12
Gordon, Beverly	Instructional Coach
Rayburn, Kelly	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal, Dale Delpit: Provides a common vision for the use of data-based decision-making, ensures that the school-based team is implementing MTSS, conducts assessment of MTSS skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support MTSS implementation, and communicates with parents regarding school-based MTSS plans and activities.

Assistant Principal, Dave Myers: Provides a common vision for the use of data-based decision making, ensures that the school-based team is implementing MTSS, conducts assessment of MTSS skills of staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support MTSS implementation, and communicates with parents regarding school-based MTSS plans and activities.

Selected General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction and interventions, collaborates with other staff to implement Tier 2 interventions, and integrates materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching.

Curriculum Resource Teacher, Beverly Gordon: Develops, leads, and evaluates school core content standards/programs; identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identifies systematic patterns of student need while working with district personnel to identify appropriate, evidenced-based intervention strategies; assists with whole school screening programs that provide early intervening services for children to be considered "at risk;" assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Literacy Coach, Sherrie Smith: Provides guidance on K-12 reading plan; facilitates and supports data collection activities; assists in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional planning; supports the implementation of Tier 1, Tier 2 and Tier 3 intervention plans.

School Psychologist, Rebecca Dargis and Guidance Counselor, Liz Mathis: Participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation; facilitates data-based decision making activities.

Speech Language Pathologist, Tonya Carson: Educates the team in the role language plays on curriculum, assessment and instruction as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language skills.

Student Services Personnel: Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, school social workers continue to link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral and social success.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The role of the MTSS Leadership Team will be to problem solve and find the most effective practices to assist our school, our teachers and our students so that they can achieve at the highest levels.

The team meets once a week to engage in the following common core activities:

1. Review universal screening data and link to instructional decisions; review progress monitoring

data at the grade level and classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks; and to conduct Tier 2, and 3 meetings with classroom teachers and the rest of the MTSS team.

2. Based on the above information, the team will identify professional development and resources. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, adjust current policies and practices to be in line with school outcomes expected.

3. The team interfaces with the school ESE Specialist and IEP team to facilitate staffing of eligible students at case review meetings.

SAI money will be used for extended day tutoring and to enhance school technology

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Dale Delpit	Principal
Virginia Schoenthaler, Secretary	Teacher
Dana Vaughan	Teacher
Debbie Thomas	Teacher
Beverly Gordon	Teacher
Charles White, chairman	Parent
Lisa Madrigal-Parker, vice chairman	Parent
Chaz Pike	Business/Community
Chantal Baptiste	Parent
Kelley Bates	Parent
Mike Delaney	Business/Community
Betsy Perez	Education Support Employee
Cindy Hall-Kirby	Parent
Marion Neijenhuis	Parent
Kathleen Levin	Parent
Oswaldo Soto	Parent

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Development of this school improvement plan

The SAC reviews the school improvement plan at the beginning of the year. In addition, they get a mid-year report and a year end report of progress made toward annual goals. The SAC secretary is a member of the School Improvement Plan writing team.

Preparation of the school's annual budget and plan

The SAC reviews the school budget as presented by the principal. The budget is available for review by all stakeholders.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

School Improvement Funds are allocated as needed to support classroom and grade level projects. They allocate funds for projects that support the SIP.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Smith, Sherrie	Instructional Coach
Thomas, Debbie	Teacher, K-12
Blackburn, Sandy	Teacher, K-12
Harris, Anne	Teacher, K-12
Comment, Sarah	Teacher, K-12
Vaughan, Dana	Teacher, K-12
Olson, Star	Teacher, K-12
Locuson, Gary	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The main initiatives of this year for the team will be to 1) continue to increase on-sight professional development opportunities; 2) develop a school-wide writing plan; 3) create standards based assessments for grades K-5 4) develop activities and tasks that align with Webb's Depth of Knowledge (DOK)

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Classroom teachers have 45 minutes common planning time daily. In addition, teachers have several 30 blocks of time weekly that can be used for collaborative planning and instruction. There are varied team teaching models in place to meets the needs of teachers and students including SAIL (cross grade level teaming), ability level grouping among classes for reading stations and within grade level team teaching.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Administration will provide continuous communication, formal and informal meetings with new teachers to cover any areas of concern or to offer assistance with instructional delivery.
2. NBCT's will provide mentoring on campus and at other school sites in our zone of influence.

3. Administrators will bring relevant staff development to the site based on teacher needs survey.
4. New teachers participate in New Beginnings and have instructional coaches to monitor and support success in the classroom.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Assistant Principal will insure that all new, first year and rookie teachers will be partnered with veteran staff members. Mentors and mentees will meet at least weekly. Additional support will be provide through grade level meetings and by the grade level chair.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All teachers attended inservice training in first week of school. Weekly professional development meeting are held to plan units and end of unit assessments. Classroom teachers also have a full day to plan together every six weeks. Accountability is ensured through lesson plan reviews, Classroom Walk Throughs (CWT) and formal and informal assessments (TEAM).

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Cypress Ridge uses a variety of resources such as FAIR, STAR reading, and Moby Max to establish a baseline of performance for students in academic areas. Skyward is used to monitor behavior and attendance data. As interventions are implemented in the MTSS process, students performance measures are gathered and compared to baseline and growth patterns.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 22,350

tutoring, after school clubs, professional development for teachers

Strategy Rationale

Students who are not showing adequate progress during the regular school day are offered the opportunity to extend their learning day both for enrichment and remediation. Professional development insures that teachers have the tools they need to teach their students.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Beginning, middle and end of the year testing, progress monitoring, student participation, teacher feedback and implementation in the classroom

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Kindergarten Round Up in the spring, "Getting Ready for Kindergarten" packet with suggestions, book lists, and information.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  **S123456** = Quick Key

Strategic Goals Summary

- G1.** We will continue to promote an anti bullying culture on campus. We will use a comprehensive approach which includes awareness of the definition and issues surrounding bullying, identify and intervene with victims and bullies, as well as, encourage kindness and inclusion for all students.
- G2.** Increase students' exposure to the Arts
- G3.** Increase the percentage of students scoring a level 2 and above in reading.
- G4.** Students in lowest 25% in reading will show an increase of 2% gains (from 78% - 80%). The number of students scoring satisfactory in reading in 2017 will increase by 9% in white, 7% in Hispanic, and 12% in black subgroups.
- G5.** We will increase our percentages of students scoring a level 2 and above in math.
- G6.** Percentage of students in the lowest 25% making learning gains in math will increase by 2%. Students in all subgroups will make gains in mathematics. Additional resources and time will be committed to reducing the achievement gap between subgroups by 2017
- G7.** We will increase the percentage of students achieving proficiency (FCAT Level 3) in science.
- G8.** In 2014, administration of the FCAT Writing Test, 80%, will achieve Level 3.5 or higher.
- G9.** Increase experiments and hands-on lessons that build student knowledge base of STEM concepts and skills.
- G10.** Implement the technology plan that will direct the school training of technology. The plan will include instruction on how to use current programs, how to engage students with using 21st century skills, and alignment with Florida Standards

- G11.** Students will participate in physical fitness testing and activities to prevent childhood obesity. Prepare students to make educated fitness and dietary choices to enhance their quality of life in the 21st century.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  **S123456** = Quick Key

G1. We will continue to promote an anti bullying culture on campus. We will use a comprehensive approach which includes awareness of the definition and issues surrounding bullying, identify and intervene with victims and bullies, as well as, encourage kindness and inclusion for all students. **1**

 **G049463**

G1.B1 Time during the day to educate students and staff **2**

 **B123706**

G1.B1.S4 Guidance and admin will provide inservice to teachers and staff on anti bullying initiatives and protocols **4**

 **S135631**

Strategy Rationale

Teachers and staff need to be informed on how legislation has changed and updates in district and subsequently school protocol.

Action Step 1 **5**

Inservice will be provided to teachers and staff on changes in State and District protocols as well as the definition of bullying and strategies to address if and when it happens.

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. We will continue to promote an anti bullying culture on campus. We will use a comprehensive approach which includes awareness of the definition and issues surrounding bullying, identify and intervene with victims and bullies, as well as, encourage kindness and inclusion for all students.

G1.B1 Time during the day to educate students and staff

G1.B1.S4 Guidance and admin will provide inservice to teachers and staff on anti bullying initiatives and protocols

PD Opportunity 1

Inservice will be provided to teachers and staff on changes in State and District protocols as well as the definition of bullying and strategies to address if and when it happens.

Facilitator

Liz Mathis - Guidance

Participants

CRES faculty and staff

Schedule

Semiannually, from 9/18/2014 to 2/20/2015

G3. Increase the percentage of students scoring a level 2 and above in reading.

G3.B1 3rd grade students continue to struggle with reading application and decoding multi-syllable words. 4th grade students need to focus on making inferences and understanding text structures. 5th grade students need to improve in reading informational text, research, and literary analysis.

G3.B1.S1 literacy groups, literacy coach model lessons, 45 minutes literacy centers daily, 45 minutes whole group reading instruction, extended day tutoring, inclusion

PD Opportunity 1

Literacy Centers training and data notebooks

Facilitator

Sherrie Smith, literacy coach

Participants

classroom ELA teachers, CRT, ESE teachers

Schedule

Weekly, from 8/18/2014 to 5/29/2015

G3.B2 Increase all student achievement in non-fiction/ informational text including text structure. Increase students' ability to use perseverance to reach mastery of skills. Increase availability of Literacy Coach for model lessons.

G3.B2.S1 Implement school-wide integration of science and social studies curriculum with reading/ language arts instruction. Consistent teacher think aloud and modeling to help students build strategies. Teachers will use think alouds to model how to identify key details in non-fiction text.
