SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The mission of Valleyview Elementary is to create a caring environment in which students, parents, faculty, staff, and administration eagerly combine their knowledge, abilities, and resources toward enhancing self-confidence, promoting critical and cognitive thinking, developing healthy minds and bodies, and creating independent, life-long learners who have respect for themselves, others, and the world around them.

Provide the school's vision statement

To provide a high quality education for all students.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Valleyview staff works closely with our social worker to obtain background information on families and work on strategies for helping families better support their students. Additionally we work with the staff at Parker Street Ministries and Lighthouse Ministries, located in our downtown zone, to provide afterschool support for academics and social needs. The principal along with instructional and support staff make home visits to our families in need of extra support in order to help their children be successful in school. Finally, we hold several parent nights throughout the year. These strategies empower us with the knowledge we need to best serve each child.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Valleyview uses Positive Behavior Support (PBS) as our behavior management program. Students are rewarded for good behavior and citizenship. Teachers spend the first 5 days of school directly teaching lessons on bullying. These lessons include how to identify bullying, how to deal with bullying, what you do if you witness bullying, along with other topics. Administration maintains a bullying box where students can place complaints/concerns regarding their safety. Administration also monitors the online reporting of bullying for our school. The school has a safety (PBS) committee in place that reviews discipline records/trends monthly and works to problem solve any issues occurring.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Positive Behavior Systems (PBS) is utilized as the behavior management system K-5th grade. Teachers spend the first week of school explicitly teaching routines, procedures, and rules. They are required to turn in lesson plans verifying that these items were taught. Each grade level team has a representative on the PBS team. Discipline and safety issues/trends are discussed with each team by their representative and strategies are taught. When necessary administration provides professional development for staff in dealing with reoccurring problem areas.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Valleyview utilizes the guidance counselor to counsel students and families in need of assistance. We also work with our social worker and school psychologist to obtain services and resources for families in need of assistance. We collaborate with Peace River Mental Health Services to provide individual and group counseling for our students in greatest need of support.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Valleyview uses the following indicators to identify students in need of extra support and services:

1. Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
2. One or more suspensions, whether in school or out of school
3. Course failure in English Language Arts or mathematics
4. A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	10	6	4	9	6	22	57
One or more suspensions	0	0	0	0	0	3	3
Course failure in ELA or Math	5	5	9	21	8	13	61
Level 1 on statewide assessment	0	0	0	1	11	18	30

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	K	3	5	
Students exhibiting two or more indicators	1	3	5	9

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

For students exhibiting 2 or more early warning indicators we utilize the following strategies:

1. 90 minute intensive reading class for 3rd grade EWS students in addition to their 120 min ELA block
2. Home visits with administration and support personnel such as social worker, guidance counselor, and ESE teachers to provide support and services to families
3. Terminal operator and social worker closely monitor attendance and work with families to get students to school everyday
4. Social worker runs a weekly "Why try?" group for EWS students

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Valleyview collaborates with the School Advisory Committee as well as PTA to communicate our mission and vision. We work with these groups to provide resources and services that support our teachers, students, and families in obtaining our mission and vision. We utilize Parent Portal, interim reports, report cards, student agendas, and parent teacher conferences (either face-to-face, via telephone, or via email) to keep parents informed of their child's progress. Additionally we utilize Connect-Ed, Valleyview website, Valleyview newsletter, and Valleyview PTA Facebook page to keep parents informed of school events, initiatives, and needs.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

We partner with our PTA and SAC committee to recruit business partners.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Wellman, Ann	Principal
Smith, Elizabeth	Assistant Principal
Baldwin, Kendessa	Teacher, K-12
Burnette, Jane	Teacher, K-12
Grady, Tammy	Teacher, K-12
Hadley, Jessica	Teacher, K-12
Ivancevich, Amanda	Teacher, K-12
Kevitch, Marsha	Guidance Counselor
Manno, Maria	Teacher, K-12
Sebastian, Sarah	Teacher, K-12
Stuart, Suzanne	Teacher, K-12
West, Melissa	Teacher, ESE

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The members of the leadership team are responsible for bringing issues and concerns from their grade level team to the leadership team for problem solving, reviewing and revising school-wide expectations for teachers and students, planning professional development, reviewing and revising the school's model for instruction, and sharing all information with their grade level team. The leadership team works collaboratively to review data and create the school improvement plan. The members are also responsible for representing their grade level team and students by voting on issues, ideas, revisions to school plans and procedures.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The leadership team uses academic and behavioral student data to drive all decision making. Resources are aligned with our greatest areas of need. The team meets bi-monthly to review the allocation of resources and assess needs. Adjustments are made as needed based to support our greatest areas of need for our students.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Audrey McDowell	Business/Community
Heather Mendez	Parent
Karyn Cabrera	Parent
Boris Rodriguez	Parent
Heather O'Cain	Teacher
Denise Shaw	Parent
Nikki Hayde	Parent
Ann Wellman	Principal
Dana Bright	Parent
Gina Viscito	Parent
Diamond Jones	Parent
Queena Powell	Parent
Arnaldo Cabral	Parent
Daiseyann Carrero	Parent
Amy Granger	Parent
Vivian Wallace	Education Support Employee

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

SAC reviewed the school improvement plan, made suggestions for areas they felt need revision, and voted on approving the school improvement plan.

Development of this school improvement plan

Achievement data was reviewed with SAC. The committee discussed the data and strategies for improving our areas of weakness.

Preparation of the school's annual budget and plan

The principal prepares the annual budget and presents the budget to SAC. SAC makes recommendations for revision and votes on the final budget. Additionally, SAC votes on the use of school recognition funds.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Purchased supplemental materials for english/language arts and math to provide ample practice in critical thinking and writing skills necessary to master state standards: \$10,589.51

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Wellman, Ann	Principal
Smith, Elizabeth	Assistant Principal
Baldwin, Kendessa	Teacher, K-12
Grady, Tammy	Teacher, K-12
Hadley, Jessica	Teacher, K-12
Ivancevich, Amanda	Teacher, K-12
Manno, Maria	Teacher, K-12
Sebastian, Sarah	Teacher, K-12
West, Melissa	Teacher, ESE

Duties

Describe how the LLT promotes literacy within the school

The LLT collaborates to unpack the new Florida Standards and research best practices for implementing these standards correctly. The LLT also participates in PLCs with grade level teams to unpack and understand the standards in order to assist grade levels in the weekly lesson planning process.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers are provided with a common planning time each day. Faculty meetings are only held once a month to provide ample opportunity after school for collaborative planning. We departmentalize in grades 3-5 allowing small groups of teachers to participate in focused planning sessions. Fourth and fifth grade teachers participate in the lesson study process.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

We provide a year long new teacher program that covers a variety of topics including but not limited to FEAPs, ethics, Florida Standards, parent involvement, PBS and discipline, and instruction strategies. We also assign each new teacher a mentor teacher to assist them in planning and provide coaching.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Each new teacher (new to profession or new to elementary) is provided a mentor teacher on their grade level. The mentor teacher is a teacher that is strong in academics and classroom management as evidenced by her/his annual review and shows an interest in working with a new teacher. The mentor teacher meets with the new teacher weekly to review plans, discuss concerns, and provide advice. The assistant principal also provides monthly materials and topics for mentor teachers to review with new teachers.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Valleyview uses district mandated curriculum maps and materials which are aligned to the Florida Standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Teachers collect data on proficiency through FAIR, IMPROVE progress monitoring assessments, weekly class assessments, Tier 2 and Tier 3 bi-weekly assessments, and FCAT. This data is used to drive instructional strategies, grouping, and planning. Students identified as performing below grade level proficiency begin the Tier 2 or Tier 3 MTSS process. These students receive 30 minutes of intensive remediation daily in addition to guided group sessions within the language arts and math blocks. The MTSS review team monitors students progress and develops plans to provide proper support for the students.

Additionally, when the data indicates that a student needs support in achieving an advanced level on state assessments we provide opportunities for them to participate in our gifted program as well as our accelerated academy.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 165

K-3rd grade students performing below grade-level in reading participated in a district organized summer learning program.

Strategy Rationale

Additional time working on reading skills will strengthen their ability to read and therefore help them to be more successful during the school year

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Smith, Elizabeth, elizabeth.smith01@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Student portfolios and SAT-10 testing (3rd only)

Student performance the following school year will be analyzed to measure effectiveness

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Valleyview provides a registration day/night for all Pre-K students transitioning to Kindergarten.

Valleyview provides an evening each spring for 5th grade parents and students to attend an informational program conducted by our feeder middle school.

Our ESE staff works with parents and teachers to create transitional IEPs for PreK-Kindergarten and 5th-6th transitions.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** Use high yield strategies in the content areas of English Language Arts and Mathematics to increase overall student proficiency in those areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Use high yield strategies in the content areas of English Language Arts and Mathematics to increase overall student proficiency in those areas. 1a

Targets Supported 1b

Indicator	Annual Target
AMO Reading - All Students	79.0
Math Lowest 25% Gains	47.0
Math Gains	63.0

Resources Available to Support the Goal 2

- Inclusion teachers: 2 highly qualified teachers acting as a resource to all teachers K-5 in supporting the needs of our ESE students.
- Alpha teachers: 2 highly qualified teachers acting as a resource to all gifted students K-5 in supporting their specific needs while providing standards aligned extended thinking, enrichment, and performance tasks.
- Departmentalization 3rd-5th: teachers in the tested grade levels are able to focus on 2 subjects instead of 4 subjects-this allows more time for unpacking standards, reviewing test specs, and researching best practices for their discipline of study.
- Weekly collaborative planning with administration: provides teachers with guidance in implementing the new Florida Standards through discussion of the standards and test item specs. Best practices for implementing the standards are presented and discussed.
- Guidance Counselor and Social Worker: 2 highly qualified professionals helping to build relationships between families of our fragile learners and teachers.

Targeted Barriers to Achieving the Goal 3

- Teacher capacity for effectively differentiating instruction to meet low performing and high performing students' needs.
- Teacher capacity for planning instruction that is relevant to the standards.

Plan to Monitor Progress Toward G1. 8

FAIR, IMPROVE, and Florida Standards Assessment data will be reviewed to monitor student growth and teacher observation/evaluation data to monitor teachers' growth

Person Responsible

Ann Wellman

Schedule

Quarterly, from 9/30/2014 to 6/4/2015

Evidence of Completion

Student progress monitoring data will be reviewed quarterly by the leadership team to ensure students are making gains in reading and math. If no evidence exists that gains are being made adjustments to instruction will be made. Teacher evaluation data will be monitored quarterly by administration to ensure teachers are implementing the high effect strategies taught, reviewed, and recommended during weekly planning sessions. Student writing samples as well as interactive student notebooks.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
