School Board Approval

This plan was approved by the Duval County School Board on 11/4/2014.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	19
Goals Summary	19
Goals Detail	19
Action Plan for Improvement	21
Appendix 1: Implementation Timeline	22
Appendix 2: Professional Development and Technical Assistance Outlines	23
Professional Development Opportunities	24
Technical Assistance Items	25
Appendix 3: Budget to Support Goals	26

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	2	Wayne Green
Former F	Turnaround Status	
No		

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

We at Terry Parker High School feel that our mission is to support students as lifelong learners. Our charge is to provide a safe and supportive educational environment through which students will excel as learners while providing the traditional high school experiences that make all Alumni proud to be a Brave!

Provide the school's vision statement

Creating a safe and supportive environment for the advancement of all students as lifelong learners to promote success in post-secondary opportunities and beyond.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

At Terry Parker we seek to learn all we can about our students to better serve them. We routinely review our students academic history, discipline history, special needs, and student interests to provide the vital support needed to achieve in and outside the classroom.

Describe how the school creates an environment where students feel safe and respected before, during and after school

After reviewing the Gallup survey it is our goal to ensure that every students feels safe and respected in school. We are addressing those needs by hosting Challenge Day, conducting random weapons searches, and requesting all faculty be posted during transitions to greet, assist, and monitor the hallways. The guidance, administrative, dean and SRO have an open door policy to address student safety concerns and those concerns take top priority in our building.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Terry Parker has developed a well implemented security plan that places the proper personal throughout the school before, during, and after school. This provides supports at all times throughout the day to keep the campus safe and quiet while minimizing distractions to instructional time. Teachers and Administrators discuss security, the code of conduct, and referral process during pre-planning along with opened communication to throughout the school year in regards to discipline and safety procedures. Faculty handbooks are distributed to staff along with code of conduct information for teachers to go over with students during the first week of school. Code of conduct assemblies are also in place during the first week of school informing students of the school rules and expectations. School improvement team meetings are once a month to open communication with teachers and administration to discuss areas of need and or improvement.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Our comprehensive school counseling program is designed to meet the needs of every student and include the following services:

Classroom guidance lessons help students understand themselves and others. Through classroom guidance, school counselors help students develop peer relationships; effective social, decision-making, and study skills; effective communications, conflict resolution, and coping strategies; and more.

Individual student planning helps students set goals, establish academic and career plans, understand their own strengths and weaknesses, and prepare for the transition to the next stage of their life.

Responsive services assist students with particular needs such as adjusting to a new school, coping with grief following a crisis, and dealing with substance abuse or other risky behaviors. These services are provided through individual and small group counseling, peer facilitation and consultation, and referrals to professionals trained in mental health, welfare, and other specialties. System support enhances school climate and relationships among members of the school community. School counselors coordinate parent outreach services, community support services, and consultations with other faculty and staff.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

- * Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- * One or more suspensions, whether in school or out of school
- * Course failure in English Language Arts or mathematics
- * A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level				Total
	9	10	11	12	
Attendance below 90 percent	36	36	41	45	158
One or more suspensions	168	122	120	74	484
Course failure in ELA or Math	28	46	47	11	132
Level 1 on statewide assessment	237	116	88	54	495
	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- * Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- * One or more suspensions, whether in school or out of school
- * Course failure in English Language Arts or mathematics
- * A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/202253>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Terry Parker is transparent and aggressive with sharing our current successes and new initiatives with community stakeholders. We actively pursue opportunities to share information about Terry Parker at local community gatherings including Lion's Club meetings, Optimist Club meetings, Alumni Group, Arlington Rotary Club, and Arlington Counsel. It is our goal to use these meetings to gain input and support from community stakeholders and to remain transparent in our way of work. In 2014 we received approx. 10,000 in financial assistance and much more through in-kind donations.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Hamilton, Sabrina	Assistant Principal
Wilson, Tina	Assistant Principal
Schneider, Scott	Principal
Green, Michele	Assistant Principal
Hudson, Robert	Dean
Blakely, Katrina	Administrative Support
Bloodworth, Thomas	Teacher, ESE
Harrington, Lydia	Instructional Coach
Echevarria, Michael	Teacher, K-12
Curran, Pat	Teacher, K-12
Day, Sherrill	Teacher, K-12
Melvin, Patricia	Instructional Coach
Wiggins, Sarah	Instructional Coach
Griffin, Karen	Teacher, ESE

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

* Administrators will monitor implementation and fidelity of school-wide strategies during classroom walkthroughs and track progress during CPC meetings. Administrators will hold data chats with teachers each 9 weeks to review grade analysis form. In addition to CAST evaluations administrators will provide explicit feedback on instruction observed during classroom visits.

* Coaches will provide support for teachers by co-planning lessons that provides differentiated instruction based on student data. They will train teachers on interventions through professional development. The coach will model effective instructional strategies in the classroom and/or co-teach target student's needs.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Data will be tracked from teacher based assessments throughout the year as well as Curriculum Guide Assessments that are given at the end of each quarter. Using the data teachers will make small groups in class and provide any interventions necessary to the small group or individuals. Professional Development sessions will be implemented if necessary for specific interventions based on data.

Our Annual Title I Parent Meeting was held on Tuesday, September 9, 2014. During this evening, our presentation included explaining the source for Title I funds, what makes Terry Parker High School a Title I School, and gathered input on what opportunities, workshops, or resources parents wanted to see this school year. At TPHS, our Parent Involvement Plan (PIP) includes a variety of ways that both parents and students can obtain resources to assist in academic achievement. The 2014-2015 budget accounts for educational materials for parents and students to borrow. This includes SAT/ACT Guides, Scientific Calculators, Books, along with educational incentives for parents to use with

students. Supplies for parent Make and Take workshops, copy paper for flyers, and handouts are also accounted for in the budget. Our goal is to extend an invitation and welcome parents to be involved in their child's education as often as possible and to be an active participant within our school. Some activities that are planned for this school year are Schneider Time (Dinner with the Principal where there is an open forum to discuss parent concerns and/or suggestions), and Financial Aid/Parent Night. Other workshops that parents have requested include Career Planning, Content Specific Workshops for Parents to assist students at home, and supporting our Homeless Population. We will offer workshops and parent nights to address these needs throughout the school year. Transportation will be provided to the Single Parents Night and to the Financial Aid/Parent Night. Also, we will have a guest speaker during the Single Parent Night. For these two particular parent nights, child care will be provided as well for those who have younger children. This school year, we have increased our course offering to include courses that students may test and achieve certification in Adobe Premier (Video Editing), Adobe Photoshop (Photographic Editing), Coastal and Environmental Science, and Culinary Arts. We offer students that can work a minimum of fifteen hours a week, a flexible schedule in which they are assigned a OJT supervisor who monitors their employment via documentation and by making site visits to their place of employment. Students who meet the criteria to enroll in OJT courses must be enrolled and in good standing for graduation. For additional information - SEE PIP

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Scott Schnieder	Principal
Katrina Blakely	Teacher
David Roberts	Teacher
Brain Lopez	Parent
Marian Brinson	Parent
LouAnn Hodges	Parent
Julie Tomasino	Parent
Stephanie Taylor	Parent
Marilyn Fenton-Harmer	Business/Community
George Bennett	Business/Community
Mina Figuerrez	Business/Community
Dane Gilbert	Business/Community

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The School Advisory Council reviewed the 2013-2014 School Improvement Plan and was given the opportunity to voice concerns and offer revisions to address the concerns. We believe that the School Improvement Plan is a living document that serves as the driving force behind all SAC meetings.

Development of this school improvement plan

The School Advisory Council continuously reviews and gives input to the School Improvement Plan while it is in a draft phase. The Council members will add additional information and corrections where necessary throughout the fiscal year.

All stakeholders will have input in the SIP through individual contributions or representative contributions.

Preparation of the school's annual budget and plan

While developing the School Improvement plan budget items are discussed. It is the council's goal to include all resources needed to fully implement the plan.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Each of the projects that SAC approves are far reaching and therefore good for the entire student population. Previous funds have been use for calculators for the entire math department, t-shirts for the program Challenge Day, purchasing books for the Media Center, and AVID weekly new letters.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Schneider, Scott	Principal
Harrington, Lydia	Instructional Coach
Melvin, Patricia	Instructional Coach
Griffin, Karen	Teacher, ESE
Hamilton, Sabrina	Assistant Principal

Duties

Describe how the LLT promotes literacy within the school

- Pullout of lowest 25% in reading for intervention work
- Media Center quarterly Lunch and Read with teachers and students
- Content area vocabulary initiative
- CAR-PD initiative for science and social studies teachers
- Parent Reading Toolbox of currently used strategies on website

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

* Pre-planning professional development included sessions that focused on moving from a caring community to a learning community and also vulnerability.

- * Professional development calendar includes several opportunities for teachers to strengthen skills modeled by their colleagues.
- * Master schedule has been constructed to include common planning opportunities.
- * All novice teachers are given a mentor and will complete several tasks to improve instruction.
- * Teachers are encouraged to collaborate and those efforts are supported by the administration.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

- * Novice teachers will be assigned mentors by PDF Pat Curran by September 12, 2014
 - * Provide on-going support through Professional Development via Wednesday Training and Monday whole group CPCs by Administration, Coaches, and District Support
 - * Meet with new teachers once a month to ensure that teacher needs are addressed and the necessary accommodations are made. Scott Schneider, Sabrina Hamilton, Lydia Harrington, Pat Melvin, Pat Curran
 - * Celebrate teacher success and accomplishments
- With these efforts in the last three years we have gone from 83% retention to 95% in 2 years.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Selection Criteria:

Many variables are considered when assigning mentors to new teachers. In addition to CET, mentors must have an Effective or Highly Effective rating on their prior year performance evaluation. Other considerations include:

- subject/ grade level
- certification
- disposition/interpersonal skills
- common planning
- level of expertise/ area of need
- additional training in Foundations of Mentoring is valued

Depending on certification requirements, new teachers participate in the MINT program for up to three years. The school-based support team consists of an administrator, PDF, mentor, and coach. The district MINT Specialist provides support and resources for this team.

Mentoring activities include MINT meetings, peer observations, mentor observation of MINT teachers, MINT teacher observations of mentor teachers, and conferences with mentor teacher and the Professional Development Facilitator will occur on a regular basis.

District support includes cadre support, workshops and professional development opportunities to increase both teaching and content level skills.

MINT Mentors 2014-2015 (MINT, Mentor as of 9/24/14)

Brittany Anderson, Cindy Grubbs

Tommy Balom, Tom Bloodworth

Amanda Edgerton, Pat Curran

Brandy Maddox, Sarah Wiggins

Dwayne Tinney, Randy Smith

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

- * Instructions is aligned to Florida State Assessment standards
- * All teachers will review test specifications and utilize them to drive instruction
- * Teachers will follow District Curriculum Guides to maintain appropriate pacing or instruction
- * Administrators, Coaches and Specialist will observe and assist as needed to ensure all instructional programs are aligned to Florida's standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Terry Parker uses data from performance matters, IEP/504 Plans, academic history, Achieve 3000, and additional resources to determine our student's needs. As this data is accessed adjustments are made to support students individual needs. A few examples of differentiated instruction are: adjusting student level of support by placing them into learning strategies, placing them in intensive subject areas, adjusting levels of articles assigned from Achieve 3000, and or meeting to make or update accommodations to promote student academic success.

Our professional development calendar includes a differentiated instruction book study.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 4,320

Teacher tutoring is available to all students. Coaches and teachers will refer students to attend based on student needs. Terry Parker will also use computers to support students to transitions to the computer Florida State Assessment.

Strategy Rationale

The strategy will increase our graduation rate and help students meet their academic needs.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Schneider, Scott, schneiders@duvalschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Teachers will maintain a sign in sheet that contains student names, subject studied and follow up assignments.

Strategy: Weekend Program

Minutes added to school year: 2,340

FCAT preparation for 9-10th grade students, Advanced Placement and Industry Certification preparation and Dual Enrollment course support.

Strategy Rationale

Strategy Purpose(s)

""

Person(s) responsible for monitoring implementation of the strategy

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Teachers will collect attendance, lesson artifacts, and assessments for all students to monitor progress and effectiveness of instruction.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Our transition supports includes but is not limited to Summer STEM, Communities in Schools Student Enrichment, and a 9th grade Transition Class.

* Summer STEM - Summer STEM is a two week summer program for rising 9th graders. The students attend a math class and science class each day, orienting them to the subject matter that they will be exposed to in the 9th grade. The material is taught in a fun, hands on way that is designed for the students to grasp important concepts. Another part of the Summer STEM program is the daily enrichment time. During this segment, students receive interactive presentations from NAVAIR (Naval engineers). St. Johns Riverkeeper, speaker on health issues, the Terry Parker/ Embry Riddle aeronautical program and most importantly a presentation from the Terry Parker guidance department and other school program heads. This was to orient the students to program offerings at Terry Parker and to review graduation requirements. Included in the orientation program was a tour of the campus and classrooms.

* Communities In Schools Student Enrichment - The Communities In Schools Site Coordinator carries a caseload of students, including many 9th graders. Students receive counseling, basic needs resources, academic assistance and for some an individual mentor. The Site Coordinator monitors the students' grades, attendance and behavior and when needed communicates with teachers to help work with issues that are obstacles to the students' success in the 9th grade and beyond.

* 9th grade Transition Class - Transitions is a Character Education course that assists freshman with identifying and addressing issues common to adolescence. The class discusses healthy choices and relationships with family, friends, and school staff. The Transitions class also incorporates the school wide best practices to ensure proper adaptation and understanding of each practice. At Terry Parker we use several AVID strategies which include Cornell notes, Socratic seminars, and individual organization skills. In class students are provided daily higher order questions in order to encourage critical thinking skills and high levels of performance in all classes.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

This year there is a ninth grade transition course offered to all 9th graders. Also to help students prepare for life beyond high school we are offering SAT/ACT prep classes during the school day. In the Senior Service Office, college admission speakers are coordinated for juniors and seniors to hear firsthand what it takes to get into the school of their choice. The Guidance Department, in conjunction with the administrative team, conducts a Curriculum Night in March for parents and students to communicate and develop goals for academic planning. The Guidance Department also meets with individual classes during the second half of the year conduct student course selections for the upcoming year and highlight yearly requirements for promotion and graduation. During meetings with Seniors, the Senior Counselor and Graduation Coach will discuss with students what they need to do in their senior year and what they will need to do to be successful at the next level. Family nights are also held once per quarter for AVID, Title One, and Financial Aid.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

We offer the following CTE courses at Terry Parker:

* ACES - No certification at this time

* Culinary Arts 1,2,3,4 & Culinary Specialties - Servsafe certification and National Certificate of Achievement (ProStart)

* Digital Design - Adobe Photoshop

*Television Production - Adobe Premiere Pro

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

ACES - During master scheduling Terry Parker has made every effort to align ACES to APES.

Culinary - Culinary Arts CTE classes support academic courses by implementing reading strategies,

writing strategies and related Culinary Math concepts to support student achievement. Also differentiated lessons are provided to meet the individual needs of students. Student strength and weaknesses are identified then supported through individualized curriculum.

Digital Video - Is used as an entry course for the IB 6th subject and supports academic courses by implementing reading strategies. writing strategies and critical thinking skills.

Digital Design - Students read articles from industrial journals (Videomaker, Student Filmmaker) and use school wide strategies like Cornell Notes and Marking the Text. The articles selected tie in with the topics we are covering in class. This class also supports academic courses by implementing reading strategies. writing strategies and critical thinking skills.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Things we do at Parker to promote readiness for public post-secondary level include but I'm sure aren't limited to:

- Scheduled College visits to Terry Parker
- Meetings with graduation coach and guidance for data chats
- ACT/SAT prep classes
- Transportation to ACT/SAT testing sites
- Bi-Wednesday College Awareness Lessons

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Goal is to reduce the achievement gap between the AMO targets and current scores through the use of the interactive notebooks, marking the text and WICOR strategy.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Goal is to reduce the achievement gap between the AMO targets and current scores through the use of the interactive notebooks, marking the text and WICOR strategy. 1a

G039460

Targets Supported 1b

Indicator	Annual Target
4-Year Grad Rate (At-Risk)	62.0
AMO Math - All Students	47.0
AMO Reading - All Students	57.0
Bio I EOC Pass	62.0

Resources Available to Support the Goal 2

- School wide training on Cornell Notes and other AVID strategies
- textbooks
- common planning embedded in the master Schedule
- Vocabulary Initiative
- supportive leadership
- model lesson plans
- School based coaches and district support
- Achieve 3000, archive of articles at differing lexile levels, newspapers, NTTimes database, History.com, media specialist
- after school tutoring
- Credit Recovery for Algebra I retakes
- SAC funding
- Enrichment Math
- Track Performance Matters data

Targeted Barriers to Achieving the Goal 3

- not much professional development targeted to specific subject areas
- New computer based assessment (FSA)

Plan to Monitor Progress Toward G1. 8

Data will be review to monitor progress

Person Responsible

Scott Schneider

Schedule

On 6/1/2016

Evidence of Completion

Data chat records will be kept in evidence folders.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. Goal is to reduce the achievement gap between the AMO targets and current scores through the use of the interactive notebooks, marking the text and WICOR strategy. **1**

 G039460

G1.B7 New computer based assessment (FSA) **2**
