SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

We, the Indian River faculty, staff, students and parents respectfully encourage each other to excel with enthusiasm, excitement and energy as we responsibly explore the world around us.

Provide the school's vision statement

The vision of Indian River Elementary School is to provide our children with educational programs of the highest value, along with related services of worth, in an environment that is safe, healthy, happy and orderly. The cooperative efforts of the family, the community and the school will guarantee to every student the opportunity to develop the knowledge and values necessary to be an informed citizen.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

All students participate in a process with their teacher in the beginning of the year basically called "All About Me" and modified versions of that. The teachers and students share about themselves and compare similarities and differences. Diversity is established and acceptance is encouraged.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Our school has all secured buildings before, during, and after school. All visitors and volunteers must sign in at the front office prior to entering any secured area. School counselors conduct student groups on topics determined by data analysis including incidences requiring immediate intervention. School leadership along with teachers provide effective campus monitoring throughout the school day. Through this visibility, the students have access to adults to express any concerns.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

School and classroom rules are clearly displayed in all classrooms and they are implicitly taught and reinforced throughout the year. The Volusia County School District code of conduct is reviewed and signed by parents and students. A parent-teacher-student compact was developed and reviewed by the teacher during open house to both the student and the parent. This compact outlines responsibilities of all stakeholders.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Our school offers the following non-violence and anti-drug programs:

- * Student Mentoring Program
- * Small group counseling.
- * Suicide prevention program.

- * Bullying program.
- * Abuse program.

All students are screened quarterly for behavioral and social-emotional issues through the electronic report card and teacher evaluation submissions to the counselor for review. Through the screening, the school is able to disaggregated data to determine if individual students, classrooms, teachers, grade levels or the school would benefit from targeted interventions to address specific behavioral and social-emotional areas. Student services personnel (i.e., school psychologists, school counselors, and school social workers) provide direct and indirect evidence-based supports to students identified through the screening measure.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Our school regularly (at least 2-3 times monthly) accesses the early warning system, which is a specialized report available to all schools. The indicators are as follows:

- * At risk if GPA is below a D.
- * Overage for grade.
- * Office Discipline Referrals +2.
- * Attendance below 90% regardless if excused.
- * Year to date suspensions 1 or more.
- * Number of prior retention's 1 or more.
- * Level 1 score on the statewide FCAT in ELA or Math.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	3	4	5	
Students exhibiting two or more indicators	1	13	11	25

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The Early Warning System report is used to determine school-wide trends which impact the academic performance of students. As a result, indicators above that are elevated become the focus of school-wide intervention efforts. These areas are addressed through school leadership meetings and during Professional Learning Communities (PLC's) in which group data are considered and evidence-based interventions are developed to address the areas of concern.

Regular review (2-3 times monthly) of the Early Warning System report enables the school team to determine if interventions are successful in addressing areas of concern(i.e.: if numbers are not increasing). For students exhibiting difficulties beyond larger systemic issues being addressed by the school through the EWS, the student is referred to the school's Problem Solving Team (PST) and the parent is invited so that individual interventions can be developed and monitored.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/190286>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Salzano, Sara	Instructional Coach
Stevenson, Delecia	Principal
Janosky, Elizabeth	Instructional Coach
McCoy, Willie	Assistant Principal

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The school-based MTSS leadership team identifies school based resources (both materials and personnel) to determine the continuum of academic and behavioral supports available to students at the individual school site. Academic and behavioral data are considered in order to determine priorities and functions of other existing teams (e.g., Problem Solving Teams, Behavior Leadership Teams, and Professional Learning Communities). The Problem Solving process (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) is used as the way of work of all teams and not just for individual student concerns. Adherence to the Problem Solving process ensures that individual, class-wide, and school-wide issues are addressed systematically with data; that interventions (supports) are tiered to the targeted problems; and that a plan is in place to monitor progress.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The school improvement plan is data driven and focuses on areas of school- based need for both specific content areas as well as specific student populations. Similarly, MTSS is a data-driven framework that seeks to find solutions/resources matched in intensity to student need in academic and behavioral areas. The MTSS framework follows the district's four-step problem solving process, with RtI as an integral component of the process. As a result, the school improvement plan is based on a strategic analysis of data, and identified resources (as identified by the MTSS school based leadership team) are matched to the needs of the students/schools. Building the SIP within the context of MTSS results in the school determining the areas of most significant need and, as importantly, enables the school to develop a plan that can be addressed based on existing resources. Under Title I Part A our school works with outside agencies that provide specific services to targeted children and their families. These organizations team with our school to provide specific services to students, parents, and staff, including all special needs groups. It is the expectation of those involved in these partnerships that the activities and services will benefit the students by providing the children served with the support, tools, and materials they need to be ready to learn as they move down the appropriate path to graduation.

Programs supported by Title I at INDIAN RIVER ELEMENTARY

- Academic Math Coach for the purpose of comprehensive staff development
- * Instructional Coach
- Sponsoring Homeless Families
- Supplemental Tutoring after school
- Supplemental materials and supplies needed to close the achievement gap
- Supplemental funds for ongoing staff development as determined by the results of FCAT data

- Family Involvement Activities such as: Sponsoring Manatee Math Matters Night and
- Sponsoring Science Night

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Sara Salzano	Teacher
Delecia Stevenson	Principal
Martha Carden	Teacher
Robert Schultz	Teacher
Theresa Lee	Education Support Employee
Patricia Crouse	Business/Community
Rachel King	Parent
Sharon Knowlton	Parent
Cyndi Bailey	Parent
Colleen Zelonka	Parent
Linda Negedly-Bubb	Parent
Casey Smith	Parent
Laura Henry	Parent
April Michalowski	Parent
Lorie Sablad	Parent

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

We began evaluating the effectiveness of last year's school improvement plan, our school leadership team met to engage in Step Zero. The school Leadership Team then shared the results with school faculty as well as the School Advisory Council to receive input.

Development of this school improvement plan

The SAC Board will:

*EXPECTATIONS and involvement for
 SCHOOL ADVISORY COUNCIL (SAC) MEMBERS

1. Actively participate in the school improvement process and attend all SAC meetings.
3. Assist in using Florida's education goals and the district's goals as guiding principles.
4. Assist in examining all aspects of the school when developing the School Improvement Plan (SIP).
5. Assist in prioritizing the needs of the school.
6. Assist in developing strategies for improving the areas of need.
7. Assist in developing a plan for measuring the results of the SIP.
8. Assist in the preparation and evaluation of the SIP.
10. Assist in deciding how to spend the SAC funds to meet the SIP goals.

We have established a 60% community/parent involvement.

Preparation of the school's annual budget and plan

The school's annual budget and plan are shared for input and discussion at our SAC meeting each year. Updates on the school's budget, spending, and progress indicators are shared at monthly SAC meetings. The monies spent must align with our SIP and it must be voted on by the SAC Committee.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

School Improvement funds are allocated based on requests submitted by the faculty and staff for projects related to support school improvement goals. Each request is reviewed by SAC and voted upon for approval. Last year the funds were dispersed very late into the year and no money was spent.

The remaining total is still \$6,696.00.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Stevenson, Delecia	Principal
Salzano, Sara	Instructional Coach
Janosky, Elizabeth	Instructional Coach
McCoy, Willie	Assistant Principal

Duties

Describe how the LLT promotes literacy within the school

The school based Literacy Leadership Team (LLT) identifies school based resources (both materials and personnel) to determine the continuum of literacy supports available to students at our school. Our LLT meets three times a month on a Monday during teacher planning time called PLC. The LLC provides an agenda and co-facilitates the meeting. LLT team members responsibilities include: attend meetings to review data, share literacy strategies presented at PLC, assist and support development of classroom implementation strategies, and supervise and support the school-wide implementation of differentiated instruction and implementation of Florida Standards.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Common planning, Professional Learning Communities(PLC's), Vertical Teams and academic coaching are critical practices to help build positive, collaborative relationships on our campus among teachers. Common planning allows teachers to participate in weekly PLC's to regularly review formative assessment data, plan for and adjust their instruction accordingly. When necessary, PLC's make recommendations for students to be reviewed and assisted by the school's Problem Solving Team(PST).

Through the PLC structure, teachers are encouraged and supported to work together on common goals with clear objectives. PLC's also allow teachers to regularly engage in a reflective dialogue to deepen shared language and understanding of instructional practices. Action plans created in PLC meetings are submitted to administration for monitoring purposes.

Vertical Teams are grade levels collaborating with each other to provide feedback on each grades expectations and lessons. The purpose is to provide information to the grade below to help them understand the expectations of the up coming year. It will identify gaps in the curriculum and help the teachers plan accordingly. Each Vertical team meets monthly for collaboration and instructional adjustment and planning.

Grade level meetings are also held monthly to allow interdisciplinary collaboration in addressing specific academic and behavioral concerns across the content area. In doing so, teachers are better able to meet the needs of all students in a process that promotes a sense of shared responsibility.

The use of academic coaches to assist with teacher collaboration and professional development plays a significant part in designing instruction to meet student needs and encouraging the collaborative process. Instructional Reviews, combined with administrative walk throughs, provide leadership with data to identify areas in which additional follow-up coaching is needed. The Leadership Team (which includes coaches) meets to talk about what trends are being seen in the classrooms. This process also provides opportunities to identify exemplary teachers for the purpose of videotaping or allowing class visits from peers. The coaches work side by side with teachers to enhance instruction.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. New Teacher Programs (Individualized PD, mentors, peer classroom visits, other site visits) (Administration)
2. Leadership Opportunities (partnerships with colleges for interns, opportunities for advanced degrees) (Administration)
3. Professional Development (Administration and Instructional Coaches)
4. PLC Activities (PLC grade levels)
5. Participation in District Job Fair and Recruitment Activities (Administration)
6. Celebrations/Teacher Recognition Programs (Pride Assemblies, newsletters, Teacher Appreciation Week, Teacher of the Year) (Delecia Stevenson)
7. Promotion of School (school website, ConnectEd) (Delecia Stevenson)
8. Manatee Honor Assemblies (Delecia Stevenson)

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

All first year teachers are being mentored by a district-assigned Peer Assistance and Review (PAR) Teacher.

Activities include: Coaching, observations, collaborative lesson planning, Empowering Educator Excellence Program. Each teacher will participate in grade level PLC meetings to collaborate with their grade level school-based veterans on data, activities, and expectations and provide mentoring. Martha Carden is our schools E3 mentor for new teachers.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All Volusia County public school programs meet or exceed state requirements. Teacher teams create formative and summative assessments to monitor student achievement in core courses. School leaders and teachers are given significant professional development on the implementation of the curriculum maps, resources, and assessments.

Professional Learning Communities (PLC's), Vertical Teams, and coaching help ensure that instruction is aligned to Florida Standards, well-paced, engaging, and rigorous.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Common planning has allowed teachers to participate in weekly PLC's to regularly review formative and summative assessment data and continuously adjust their instruction accordingly. Assessment data is used to identify groups of students to receive targeted instruction during an intervention period. Teachers, alongside academic coaches, create targeted instruction lessons during PLC's. Students requiring intensive remediation receive additional support from academic coaches, mentors, and student tutors. When necessary, PLC's make recommendations for students to be reviewed and assisted by the schools Early Warning System (EWS) team or Problem-Solving Team (PST). Additionally, grade level meetings are held to review student data and address specific academic and behavioral concerns across the content areas. And because of that, teachers are better able to meet the needs of all students in a process that promotes a sense of shared responsibility.

The Leadership Team meets weekly to talk about what trends are being seen in the classrooms. This process also provides opportunities to identify exemplary teachers for the purposes of video taping or allowing class visits. Instructional coaches work side by side with teachers to enhance instruction. Coaches diligently complete the coaching cycle to provide maximum support, including the use of specific feedback instruments. The modeling of lessons is common practice on campus.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 1,800

STAR Tutoring program offered to 3rd - 5th grade scoring a level one on 2013-2014 FCAT in either math or reading.

Strategy Rationale

Tutoring can help struggling students to make achievement gains when they are able to receive remediation on core concepts.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Stevenson, Delecia, drsteven@volusia.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

A computer based program called I-Ready that advances the students upon mastery of each individual skill specific to each student's needs.

Strategy: Extended School Day

Minutes added to school year: 180

Publix Math Night will Provide parents and students with real-life, fun math activities.

Strategy Rationale

Math night at Publix helps the students see a real-world connection to mathematics. It allows the parents to be involved in their learning as well.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Salzano, Sara, sasalzan@volusia.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Attendance turn out and the correct number of questions on handout given to each family in attendance.

Strategy: Extended School Day

Minutes added to school year: 540

Parent training for SAC to increase parent knowledge of school's expectations and academic focus.

Strategy Rationale

Parents on the SAC Committee will know their responsibilities as a member.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Salzano, Sara, sasalzan@volusia.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Attendance at monthly SAC meetings.

Strategy: Extended School Day

Minutes added to school year: 600

Parent To Kids Program is to assist parents how to help their child excel in school.

Strategy Rationale

PTK can help parents in assisting their child at home. It teaches learning strategies to both the parent and the student.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Classroom teachers of targeted students will track the effectiveness of parental involvement and homework, as well as increase the child's test scores.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

The District, in conjunction with the local Head Start agency, Early Learning Coalition, VPK Sites and other local pre-school facilities, coordinates efforts to promote continuity of services and effective transitions for children and their families. These include:

- Providing the opportunity for ongoing communication between agencies to facilitate coordination of programs and shared expectations for children's learning and development as the children transition to elementary school.
- Collaborating and participating in joint professional development, including transition-related training for school staff and pre-school staff when feasible.
- Utilizing pre-school assessments to monitor readiness skills for students transitioning from pre-school to kindergarten.
- Providing to the pre-school agencies local public school policies, kindergarten registration, kindergarten orientation and other relevant information to ease the transition of children and families.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Targeted Barriers to Achieving the Goal 3

- Engagement of teachers, students, and parents

Plan to Monitor Progress Toward G1. 8

Once student test data is collected, the SBLT along with teachers will determine if the parent involvement activities to increase engagement outside of the classroom and differentiated instruction during centers within the classroom are being utilized properly and if any adjustments or new implementations need to be addressed. If not, the SBLT will offer more PD support for teachers.

Person Responsible

Delecia Stevenson

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

Evidence of Completion

SBLT meetings and PLC sign in sheets.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

1 = Problem Solving Step  S123456 = Quick Key

G1. All teachers will implement differentiated instruction that is designed to be appropriate for the size and the diverse learning abilities to meet the needs of all students. **1**

 G039695

G1.B7 Engagement of teachers, students, and parents **2**

 B104094

G1.B7.S1 Parent Involvement activities. **4**

 S118896

Strategy Rationale

Teaching parents how to assist their child in various subject areas through the use of make and take activities to encourage their involvement and participation in their child's education.

Action Step 1 **5**

Implement Title 1 activities as specified in Parent Involvement Plan.

Person Responsible

Delecia Stevenson

Schedule

On 5/29/2015

Evidence of Completion

Administration, Title 1 liaison, and Teachers will collect parent surveys and sign in sheets at the end of each event to determine if there was a positive parent response to the activity/ event. Photographs may be taken.

Plan to Monitor Fidelity of Implementation of G1.B7.S1 6

Each activity will have a parent survey as an "exit ticket" to assess the level of engagement, excitement, and what they learned to assist their child at home.

Person Responsible

Delecia Stevenson

Schedule

On 5/29/2015

Evidence of Completion

Parent exit surveys

Plan to Monitor Effectiveness of Implementation of G1.B7.S1 7

Each activity will be fun, engaging, and something tangible will be taken away from the activity to ensure an extension and engagement of the activity at home.

Person Responsible

Delecia Stevenson

Schedule

On 5/29/2015

Evidence of Completion

Verbal parent and student feed back about the activity, thus creating an increase in attendance at each event.

G1.B7.S2 Implement differentiated instructional strategies during the school day such as students centers in math. **4**

 S118897

Strategy Rationale

Teachers can address individualized student learning and students will feel successful during differentiated instruction.

Action Step 1 **5**

Teachers will utilize centers with differentiated instruction.

Person Responsible

Delecia Stevenson

Schedule

Daily, from 9/1/2014 to 6/5/2015

Evidence of Completion

Classroom walk throughs as observed by administrators and assisted by instructional coaches. Documentation in teacher lesson plans.

Plan to Monitor Fidelity of Implementation of G1.B7.S2 **6**

Walk throughs, increase in student math scores, the utilization of math manipulatives and cooperative learning reinforces the students' awareness of the standard being taught through small group conversation.

Person Responsible

Delecia Stevenson

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

Evidence of Completion

Student math scores will increase and student engagement will be evident during walk throughs.

Plan to Monitor Effectiveness of Implementation of G1.B7.S2 7

Student data will be monitored through the use of Eduphoria, Pinnacle and Data ware house. Student engagement will be monitored through observation, discussion and lesson plans.

Person Responsible

Delecia Stevenson

Schedule

Weekly, from 9/1/2014 to 6/5/2015

Evidence of Completion

Student assessment scores from district, state, and classroom. The utilization of Gradual Release and the Proficiency Model will serve as documentation in progress and an increase in student scores.
