### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
  - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
  - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
  - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Learning is a lifelong journey, dream it, believe it, achieve it!

##### Provide the school's vision statement

#### School Environment

##### Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Meet the Teacher, School-wide theme: Superheroes, Teacher-Student conferences, & Community circle are all components in establishing and maintaining positive relationships between teachers and students.

##### Describe how the school creates an environment where students feel safe and respected before, during and after school

The school-based Leadership Team promotes the implementation of our Life Long Guidelines for Success, which include Trustworthiness, Active Listening, Personal Best, Truthfulness and No Put Downs in all settings to build positive behaviors within the school community.

Students are expected to exemplify the seventeen Life Skills and receive positive recognition on a weekly basis as a Sunrise Elementary Terrific Kid.

Through teacher discretion, students are selected to be recognized at a monthly Outstanding Student Sign assembly, where they receive a personalized letter to their families and a yard sign that will be displayed in their homes for one month.

Safety Patrol students promote a safe environment before, during and after school.

Heart Pals are teacher mentors that are partnered with identified at-risk students.

##### Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Life Long Guidelines for Success and the Sunrise Life Skills are explicitly taught and reinforced in all settings throughout the year.

Instructional time is a priority and protected by the principal, which is evidenced by the school infrastructure regarding student and parent accountability for absences and tardies, no non-essential announcements, and student misconduct being handled immediately and minimal interruption to instruction.

##### Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The school offers the following non-violence and anti-drug programs:

- 1) Student Mentoring Program (Heart Pals)
- 2) Crisis Training Program
- 3) Suicide Prevention Program
- 4) Bullying Program

All students are screened quarterly for behavioral and social-emotional issues through the electronic report card. Through the screening, the school is able to disaggregate the data to determine if individual students, classrooms, teachers, grade levels, or the school would benefit from targeted interventions. Student services, personnel, (i.e., school psychologist, school counselors, school social workers) provide direct and indirect evidenced based supports to students through the screening measure.

**Duties**

***Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making***

The school based MTSS leadership team identifies school based resources (both materials and personnel) to determine the continuum of academic and behavioral supports available to students at the individual school site. Academic and behavioral data are considered in order to determine priorities and functions of other existing teams (e.g., Problem Solving Teams, Behavior Leadership Teams, and Professional Learning Communities). The Problem Solving process (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) is used as the way of work of all teams and not just for individual student concerns. Adherence to the Problem Solving process ensures that individual, class-wide, and school-wide issues are addressed systematically with data; that interventions (supports) are tiered to the targeted problems; and that a plan is in place to monitor progress. The school-based MTSS leadership team meets regularly throughout the school year in order to address the academic and behavioral needs that develop throughout the year, as well as to monitor outcomes of supports and interventions. .

***Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact***

Principal: Provides a common vision for the use of data-based decision-making by promoting the Volusia Proficiency Model. Ensures that educators are implementing the district's Progress Monitoring Plan (PMP) accessible through the K-12 curriculum link of the webpage and the VCS Problem Solving/Rtl model (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) for those students who do not respond effectively to core instruction. For those students who do not respond positively to interventions beyond core, ensure that the school's Problem Solving Team (PST) is accessed as needed. Ensure adequate professional development is scheduled for faculty. School Psychologists will provide/facilitate training

on skill building and understanding of the components of PST/Rtl. Support the school's team in the completion of resource mapping (academic and behavioral) with focus on standard protocol interventions in order to enhance implementation of PST/Rtl. Communicates with parents through school newsletters, relevant meetings, and the sharing of the parent link of the VCS Problem Solving/Rtl website (under Psychological Services) in order to address the purpose of PST/Rtl in meeting student needs and to address frequently asked parental questions. In addition, parents are provided information about PST/Rtl at PST meetings.

School Psychologist: Assists schools in interpreting individual, class-wide, grade-level and school-wide data in order to develop appropriate targeted interventions linked to the academic or emotional/behavioral problem. Ensure that on-going progress monitoring is in place in the area of intervention to most appropriately determine the student's response to intervention. Provides professional development to staff on PS/Rtl.

Select General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching. Encompasses Problem Solving/Rtl practices when addressing the needs of ESE students with a focus on potential reintegration into General Education based on data.

Curriculum Leadership Team acquire knowledge through district trainings, process the knowledge to plan for dissemination.

### Instructional Programs and Strategies

#### Instructional Programs

***Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards***

The Volusia County Curriculum Team leads teacher teams to create curriculum maps and resources for all grade levels and content areas aligned to the Florida Standards. Common planning allows teachers to participate in weekly PLCs to regularly review formative & summative assessment data and continuously adjust our instruction accordingly. Assessment data is used to identify groups of students to receive targeted instruction during intervention. Teachers, alongside the academic coach create targeted instruction lessons during PLCs. When necessary, PLCs make recommendations for students to be reviewed and assisted by the school's early warning system (EWS) team and problem solving team (PST). Additionally, grade level meetings are held to review student data and address specific academic and behavioral concerns across the content areas.
