SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Hidden Oaks Middle School is committed to providing a safe and challenging learning environment which will empower all students to achieve their utmost potential. The Hidden Oaks Middle School team, along with the shared involvement of students, parents, and community, promotes the principles that assist in preparing our children to be life-long learners and contributing members of our global society.

The mission of the Martin County School District, in partnership with family and community, is to equip students with the skills and knowledge necessary to become responsible citizens through comprehensive learning experiences and innovative environments that extend beyond traditional walls.

Provide the school's vision statement

Hidden Oaks Middle School supports our district's vision of "Where Learning Has No Boundaries....." and "Everyone, Everyday, Everywhere!"

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

In collaboration with our district's Student Services Department, we provide professional development in the areas of bullying prevention, sensitivity to others, and cultural awareness to all staff members. Dealing with unique student needs, individual interventions are implemented and monitored for effectiveness through Guidance and the MTSS process.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Trust and relationships are two of the most powerful elements in a school culture. The modeling of support and relationship building is paramount in our school. Teachers, Guidance, Support Staff, and Administration have open door policies for students, parents, and each other to promote an environment of caring, trust, and support.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Clear behavioral expectations are posted in each classroom and common areas throughout the school. Expectations are taught and retaught on a daily basis. Disciplinary incidents are dealt with using a progressive approach customized to each student and the incident/infraction. Training is provided during preschool days and through the year as needed for staff members.

PBIS is a program at Hidden Oaks Middle School to assist students in increasing their academic performance, maintain safety, decrease problem behavior, and to establish a positive school cultural. The process encourages staff to focus on positive behaviors as well as interventions for inappropriate behaviors.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Hidden Oaks Middle School's program includes a comprehensive needs assessment through our school climate survey for students, parents, and staff as well as our comprehensive review through the SAC Accreditation Process. Our comprehensive master schedule this year includes social skills classes and critical thinking and learning strategies classes to help better meet the needs of our students. State academic content standards and State student academic achievement standards are implemented, monitored, and revised to provide opportunities for all students to meet the State's proficient and advanced levels of academic achievement through effective methods and instructional strategies based on scientific research and best practices. Through the requirements of 20 U.S.C. 6314 (b)(1)(B)(iii)(I)(aa) our core academic program is strengthened and the quality of learning in our classroom is maximized. Enrichment and accelerated curriculum is provided to all of our students through core classes as well as our technical and vocational programs. Our comprehensive plan also includes recruitment and retention of highly qualified teachers, parental involvement, and programs such as MTSS, PBIS, and our Professional Learning Communities, to enhance and support all aspects of a student's school experience. WE also provide all students with activities such as Fall Festival, athletic competitions, dances and after school clubs and activities to promote their social-emotional growth.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

As per State Board Policy 850, middle schools must include an Early Warning System for students needing additional academic supports. The early warning indicators include Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension, one or more suspensions, whether in school or out of school, course failure in English Language Arts or mathematics or a Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics. If or when a student exhibits 2 or more of the indicators, the student will be referred to the school based problem solving team or MTSS team, to determine appropriate intervention strategies. Parents will be invited to attend all meetings and are considered a vital part of the problem solving process for student success.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	0	11	29	40
One or more suspensions	1	18	27	46
Course failure in ELA or Math	0	0	1	1
Level 1 on statewide assessment	17	26	32	75

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	6	7	8	
Students exhibiting two or more indicators	7	5	15	27

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- Core Leadership Meetings
- Professional Learning Communities
- Multi-Tiered Student Support
- Intervention/Problem-Solving Coach
- Positive Behavior Intervention System
- Literacy Coach
- Check-in--Check-out
- Guidance
- Professional Development in Best Practices

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

We will continue to provide parents with effective ongoing communication via our regularly-published "Shark Snips" newsletter, our school website which is updated daily, teacher websites (which communicate to parents and students details about classroom policies, homework, assignments and assessments), Pinnacle (a web-based electronic grading system reflecting up-to-date grades and attendance) AlertNow (an automated calling system that informs parents about important information) and our Student Handbook. We also encourage involvement in a variety of events, programs and activities they can participate in throughout the school year such as parent-conferences, MTSS, School Advisory, and Parent/Teacher Association.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Through the Martin County Education Foundation we provide to teachers and students, the Adopt-A-Class Program, Community Resource Link, Grant Funding, and Project Support Funding. We also work collaboratively with our SAC and PTA Groups to support all aspects of our school. One of our community partners sponsors our HOMS Teacher of the Month program which celebrates our teachers' impact on students' growth. We also receive resources for staff breakfasts/luncheons, school events and Teacher Appreciation Week from our community partners and, in turn, ask our students and families to support their businesses.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Axton, David	Assistant Principal
Dailey, Michael	Assistant Principal
Ciufo, Patience	Instructional Coach
Eckler, Jeri	Principal
Aufort, Kirsten	Instructional Coach
Capley, Margaret	Instructional Media
Coleman, Kelly	Teacher, K-12
Davis, Kelsey	Teacher, K-12
Habicht, Justine	Teacher, K-12
McCreary, Stephanie	Teacher, K-12
Scott, Judy	Guidance Counselor
Smith, Teresita	Teacher, K-12
Starling, Landa	Guidance Counselor
Stipo, Dana	Guidance Counselor

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The team plays a role in developing the School Improvement Plan through collaboration and brainstorming ideas. Possible objectives/topics or areas of concern, along with ideas on how to provide support and develop strategies for accomplishment will be considered for inclusion in the SIP process. The team meets regularly with a shared vision of maintaining focus on the improvement of student learning and achievement in areas such as attendance, behavior, literacy, etc.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Our data-based problem solving team meets regularly to discuss students and their individual needs. Discussion and suggestions are made for new strategies to meet the needs of the identified students. The team solicits input from teachers, coaches, parents, guidance counselors, administration, as well as other professionals, as needed.

Hidden Oaks Middle school coordinates and integrates all federal, state, and local programs that impact the school:

- Implements research-based resources funded by federal and local funds.
- The Comprehensive Needs Assessment considers student academic needs as well as staff

- development data that addresses the priorities established for Title III, Migrant, and Title I programs. (This example is for Title I schools only)
- School Improvement Plan objectives reflect the research-based strategies with a focus on achieving state and district priorities.
 - Partnerships are established.
 - With coordination and scheduling of instructional programs.
 - With implementation of parent information programs.
 - Brochures and referrals for parent and student support from the guidance department, school nurse and other school and district personnel.

School Advisory Council (SAC)

Membership

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Based on the results of last school's assessment, Hidden Oaks Middle School maintained their "A" rating and grew 26 points in the overall points. Each academic area grew in points with writing being the only area that had a negative impact of -1.

Development of this school improvement plan

The group reviews the plan as presented by the principal and offers feedback as appropriate. They approve the budget aspects of the plan and offer feedback as needed. The academic PLC for each

area are planning, implementing and monitoring our progress towards this year's goal. The school improvement plan is a fluid working document for all of our stakeholders.

Preparation of the school's annual budget and plan

Budget and plan for this year will support teachers' professional development and student achievement

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Funds will be utilized to support the on-going professional development needs of school staff: \$3,000.
Purchase of instructional materials and equipment:\$3,000
Resources, including programs for students, such as Author Talks, workshops: \$3,000

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

No

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Parent and community member recruitment to meet ethnicity of our minority student population.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

All teachers are working collaboratively with their departments, grade level teams and their professional learning communities to plan and drive instruction around four essential questions. What do we want our students to know? How are we going to know if the students know the content? What are we going to do if students do not know the content? How are we going to enrich learning for those that do know the content?

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

The reputation of the school, staff and community goes along way with recruitment in that we generally have many applicants to choose from. As an administration we strive to hire not only an individual who is highly qualified, but an individual that exhibits the best qualities and attributes to fit our school community. We feel very strongly about our mission and vision and finding personnel who 'fit' into that big picture. Once hired, we provide a support network made up of mentors, teacher leaders, guidance counselors, coaches and administrators to provide the new teacher a strong network of experienced educators to collaborate with.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

New teachers are paired with mentors according to subject(s) taught and years of experience. Teachers host observations, model best practices, coach and sharing best practices/policies. New teachers receive training in Performance Matters, Data analysis, Pinnacle, web design, curriculum mapping, technology support, student services including, discipline and classroom management support and training. Teacher mentors work with new teachers in coordinating and creating curriculum, addressing any concerns and celebrating successes. New teachers are active participants in our school - wide PLC and collaborative teams, working on data analysis, implementing the CCSS's with lesson design and instructional support. New teachers are provided training in the teacher evaluation system, Marzano's Instructional Framework, High Effect Strategies and iObservation.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All textbook adoptions follow the state protocol which includes steps such as teacher evaluation of and public comment on all materials up for consideration. Procedures specific to Hidden Oaks Middle School include assessing all materials using the LAFS three-part definition of text complexity (qualitative, quantitative and reader & task) to ensure that all instructional materials are aligned to the rigor of the LAFS grade band complexity ranges, evaluating materials to ensure alignment to district Frameworks & Pacing Guides as well as all current standards, and appraising the materials' in relation to college and career readiness skills.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data is used in several ways to differentiate instruction, for example:

--The master schedule provides for every student to have an ELA block every day. Teachers follow a framework for this block that provides weekly small group instruction (for the purpose of remediation and enrichment) in either Reading or Writing for every student.

--Grade level teams meet regularly via PLCs to engage in data discussions using data from common formative assessments to identify areas of strengths and weaknesses. Once the areas are identified, the teams collaboratively design lessons to differentiate instruction (using varied strategies & materials) as needed.

--Teachers use flexible grouping as they differentiate instruction. Groups are fluid and dynamic, changing as the needs change (determined by data).

Professional Development has been delivered and continues to be follow-up in the areas of small group instruction, differentiated instruction, learning styles, and common formative assessments.

The Literacy Coach helps grade levels dissect data, design differentiated lessons, provide materials and strategies and model or co-teach lessons.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 17,000

We have morning tutoring provided by several teachers in Geometry, Spanish, ELA, and Algebra. The teachers volunteer their time to work with the students in their areas of concentration. This takes place 2-5 days per week for the entire year. In addition, we offer FCAT Reading and Math tutoring in an eight week window prior to the test.

Strategy Rationale

To help students in our advanced programs be successful and confident in their ability to perform above grade level expectations.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Hidden Oaks Middle School works collaboratively with all of our elementary feeder schools for incoming 6th graders and all three high schools for our out-going 8th graders. Guidance Counselors work closely between all levels to ensure a smooth transition between all levels K-12. Open Houses

and 6th Grade Orientations are held at Hidden Oaks during the Spring and Fall months. High schools hold Open Houses and 9th Orientations are also held during the Spring and Fall months.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Every student completes the Florida Choices program through their 8th grade World History class. The teacher and the 8th grade guidance counselor presents the on-line program in computer labs. Students complete the interest inventory and there is much discussion regarding career interest and courses that one would be able to take at the high school level. Students are given the opportunity to share and reflect on their interest, future goals and any related experiences that are relevant to the discussion.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Teachers integrate career planning through their courses by presenting topics of study related to careers in their area, utilizing community/business members as resources and guest speakers, as well as, developing lessons around various career opportunities which are content related.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

We have started 3 programs which support career and technical education which has an impact in most of our academic classes. Plans and instructions can become interdisciplinary units with academic core subjects. Our programs are Architecture and Construction, Computing for College and Career Readiness, and Agri-science Foundation.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Resources Available to Support the Goal 2

- Literacy Coach
- ELA PLC
- FSA Writing test specs specifically editing task and writing prompts and draft (currently) rubric
- Utilize research-based writing programs such as MyAccess!, Write Traits, Barry Lane, increase use of non-fiction text, and literature based and authentic writing situations. Explore other writing options besides 5 paragraph essay format, for example, argumentative writing.
- frequent timed writing opportunities, increase use of computer lab and use off student computers in classroom
- CPALMS

Targeted Barriers to Achieving the Goal 3

- Students need practice with argumentative writing and explanatory writing in response to texts, supporting arguments with strong textual evidence and comprehending a variety of texts (complexity levels and digital vs. print). This will require higher-order thinking skills so that their learning potential can be reached. Students will also have to maintain focus and engagement for this new assessment.
- Textbooks and materials that are not aligned to LAFS or FSA.
- Students lack experience with timed writing prompts and digital formats
- Students are limited in development of advanced levels of proficiency in the "Support" domain of FCAT Writes!

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G4.B1 Out-dated textbook/resources that do not align with Florida Standards 2

B098544

G4.B1.S1 Adoption of new ELA textbooks, starting with 6th grade 4

S115443

Strategy Rationale

According to state statute, textbooks are to be digital and accessed via devices for all students. Martin County School District will be going through the adoption process beginning with 6th grade. The district will be purchasing 800 electronic devices to provide all 6th grade ELA teachers with new textbooks for the 2016 School Year.

Action Step 1 5

Adoption of a new ELA textbook for the 2016 School Year

Person Responsible

Stephanie McCreary

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

Evidence of Completion

Adoption process meeting notes and adoption training

G4.B1.S2 6th grade teachers will participant in the textbook adoption process for choosing the most appropriate textbook to meet our needs. 4

 S121795

Strategy Rationale

Teachers who teach this grade level and are familiar with the 6th grade ELA standards will be the best resources when choosing a new textbook aligning with the new standards.

Action Step 1 5

Adoption of a new ELA textbook for the 2016 School Year

Person Responsible

Stephanie McCreary

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

G4.B2 Meeting individual needs of each student in our at-risk group. 2

B103191

G4.B2.S1 Providing diverse opportunities within the school day for differentiated instruction & small group instruction in determined areas of Reading needs. 4

S115445

Strategy Rationale

Direct, targeted instruction to remediate areas of weakness in Reading will individualize instruction and contribute to the growth of our at-risk students.

Action Step 1 5

Teachers will be provided with professional development in the areas of common formative assessments, small group instruction, Marzano's design questions 2 & 3, and differentiation during PLCs and early release days. Professional development will be facilitated by the administration team and Literacy Coach. Teachers will collaboratively design lessons and share resources as they implement small group instruction.

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G2. 90% of 7th Grade Students will score in the top two thirds of the Civics EOC

G2.B1 Meeting individual needs of each student: to enrich our high-performing students and to remediate our struggling students.

G2.B1.S1 Identifying individual needs of our students.

PD Opportunity 1

Standards-aligned: scope & sequence, pacing guides, units and common assessments

Facilitator

Dr. Mark Malham, Kelly Coleman and Patience Cuifo

Participants

All Civics Teachers

Schedule

Monthly, from 8/18/2014 to 6/1/2015

G3. 100% of our students enrolled in our accelerated classes will score proficient on the End of Course Exams.

G3.B2 Academic and Standards Gap between NGSS and FSA

G3.B2.S1 Provide release time and professional development for math teachers to plan for the instructional gaps between the NGSS and the FSA standards.

PD Opportunity 1

Teacher will be given PD or PLC days to identify and plan for academic gaps between the old and new standards.

Facilitator

Steve Layson, District Coordinator of Math, Mike Dailey, Asst. Principal and Kelsey Davis, Math Teacher Leader

Participants

All Hidden Oaks Math Teachers

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

G3.B2.S2 Provide additional resources as needed to close the academic gap between the NGSS and the FSA standards.

PD Opportunity 1

Provide additional resources for students and teachers as needed.

Facilitator

Steve Layson, District Coordinator of Math, Mike Dailey, Asst. Principal and Kelsey Davis, Math Teacher Leader

Participants

All Hidden Oaks Math Teachers

Schedule

On 6/5/2015

G4. 85% of all students will score proficient on the FSA in reading.

G4.B1 Out-dated textbook/resources that do not align with Florida Standards

G4.B1.S1 Adoption of new ELA textbooks, starting with 6th grade

PD Opportunity 1

Adoption of a new ELA textbook for the 2016 School Year

Facilitator

Katie Preston, Director of ET, Shannon Blount, Coordinator of Reading, Patience Ciufu, Literacy Coach, and Stephanie McCreary, ELA Teacher Leader

Participants

Hidden Oaks Middle School ELA Teachers

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

G4.B1.S2 6th grade teachers will participant in the textbook adoption process for choosing the most appropriate textbook to meet our needs.

PD Opportunity 1

Adoption of a new ELA textbook for the 2016 School Year

Facilitator

Katie Preston, Director of ET, Shannon Blount, Coordinator of Reading, Patience Ciufo, Literacy Coach, and Stephanie McCreary, ELA Teacher Leader

Participants

Hidden Oaks Middle School ELA Teachers

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

G4.B2 Meeting individual needs of each student in our at-risk group.

G4.B2.S1 Providing diverse opportunities within the school day for differentiated instruction & small group instruction in determined areas of Reading needs.

PD Opportunity 1

Teachers will be provided with professional development in the areas of common formative assessments, small group instruction, Marzano's design questions 2 & 3, and differentiation during PLCs and early release days. Professional development will be facilitated by the administration team and Literacy Coach. Teachers will collaboratively design lessons and share resources as they implement small group instruction.

Facilitator

Administration and Literacy Coach

Participants

whole staff

Schedule

Monthly, from 8/18/2014 to 6/1/2015

G4.B3 Challenging and maintaining the highest performing students.

G4.B3.S1 Providing diverse opportunities within the school day to motivate, challenge and enrich the highest performing students.

PD Opportunity 1

Professional development opportunities will be given in the areas of project-based learning, Marzano's design question 4, text complexity and cognitive complexity. Professional development will be offered via PLCs and early release days.

Facilitator

Administration and Literacy Coach

Participants

whole staff

Schedule

Monthly, from 8/18/2014 to 6/1/2015

G5. 86 % of all students will score proficient on the FSA in Math.

G5.B1 New question and answer format for the 2015 FSA.

G5.B1.S1 To provide professional development and training for all teachers in the new format of questions and answers on the FSA.

PD Opportunity 1

PD and Training for the FSA testing format and item specifications

Facilitator

District Coordinator of Math, Steve Layson, Math Teacher Leader, Kelsey Davis, Coordinator of Reading, Shannon Blount, ELA Teacher leader, Stephanie McCreary and Literacy Coach, Patience Ciufu

Participants

Hidden Oaks Middle School Teachers

Schedule

On 6/5/2015

G5.B2 Academic and Standards Gap between NGSS and FSA

G5.B2.S1 Provide additional resources as needed to close the academic gap between the NGSS and the FSA standards. [copy]

Participants

All Hidden Oaks Math Teachers

Schedule

Quarterly, from 9/1/2014 to 6/5/2015

G5.B3 Meeting individual needs of each student in our at-risk group.

G5.B3.S1 Common formative assessments and district progress monitoring tests for students through PLC's and MTSS meetings for students struggling academically.

PD Opportunity 1

Development of common formative assessments

Facilitator

Kelsey Davis--Math Teacher Leader and Mike Dailey--Assistant Principal

Participants

Hidden Oaks Middle School Math Teachers

Schedule

On 6/5/2015

PD Opportunity 2

Development of mid-point and final exams

Facilitator

Kelsey Davis--Math Teacher Leader and Mike Dailey--Assistant Principal

Participants

Hidden Oaks Middle School Math Teachers

Schedule

On 6/5/2015

G5.B4 Challenging and maintaining the highest performing students.

G5.B4.S1 Common formative assessments and district progress monitoring tests for students through PLC's.

G5.B5 Supporting and maintaining teacher growth in Florida Standards.

G5.B5.S1 Provide on-going professional development through PLC Meetings and release time for teachers to continue to grow in their understanding and role in the new Florida Standards.

PD Opportunity 1

Professional Development and training for teachers using the new Florida Standards.

Facilitator

Coordinator of Math, Steve Layson, Assistant Principal Mike Dailey and Math Teacher Leader, Kelsey Davis

Participants

Hidden Oaks Middle School Math Teachers

Schedule

On 6/5/2015

G6. 78 % of all 8th grade students will be proficient on the FCAT 2.0 Science Test.

G6.B1 The increased rigor and text complexity on the FCAT Science 2.0 assessment tasks--particularly the word problems and calculations, graph interpretation and data analysis, and technical/information passages

G6.B1.S1 Support the RHST & WHST Florida Standards & NGSSS Science standards with learning strategies and activities to help scaffold the complex information and presentation of content.

PD Opportunity 1

Science PLC

Facilitator

Coordinator of Science, Valerie Gaynor, Science Teacher Leader, Justine Habicht, Principal, Jeri Eckler

Participants

Hidden Oaks Middle School Science Teachers

Schedule

Biweekly, from 9/8/2014 to 6/1/2015

PD Opportunity 2

Common formative assessments & interactive Science notebooks

Facilitator

Coordinator of Science, Valerie Gaynor, Science Teacher Leader, Justine Habicht, Principal, Jeri Eckler

Participants

Hidden Oaks Middle School Science Teachers

Schedule

Biweekly, from 9/2/2014 to 6/5/2015

PD Opportunity 3

Mid-point and final exams for all levels of science

Facilitator

Coordinator of Science, Valerie Gaynor, Science Teacher Leader, Justine Habicht, Principal, Jeri Eckler

Participants

Hidden Oaks Middle School Science Teachers

Schedule

Semiannually, from 9/2/2014 to 6/5/2015

G7. 75% of all students will be proficient in the FSA Writing

G7.B1 Students need practice with argumentative writing and explanatory writing in response to texts, supporting arguments with strong textual evidence and comprehending a variety of texts (complexity levels and digital vs. print). This will require higher-order thinking skills so that their learning potential can be reached. Students will also have to maintain focus and engagement for this new assessment.

G7.B1.S1 Create resources that include but are not limited to frequent writing opportunities, increased use of computer lab and student computers in classroom, FSA Writing rubrics and editing tasks.
