Grade	C	C	C	B

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at https://www.floridaCIMS.org.

Table of Contents

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
    - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
    - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
    - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
    - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	3	Ella Thompson

Former F	Turnaround Status
No	

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Provide an enriched and rigorous learning environment within a diverse community where all children succeed.

Provide the school's vision statement

Kissimmee Elementary will outperform all other elementary schools in Osceola County.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

The school reviews the diversity of students at the beginning of the year to ensure that these students are made to feel welcome and that we have the needed resources to help students succeed.
Throughout the year there are activities and celebrations of cultures.
This year the dual language classes are holding Café Con Leche meetings with parents to discuss the program and share ideas of how the parents can help at home.
During the year classes will celebrate different cultures as part of the curriculum. Towards the end of the year we have a Celebrating Cultures event. Students perform dances and music from their countries. This is open to the whole school.

Describe how the school creates an environment where students feel safe and respected before, during and after school

We have a Positive Behavior Plan developed for the school. There is a discipline committee that has helped create behavior guidelines for the school. Teachers and staff are trained on the behavior plan, all members of the staff are a part of the plan. The expectations will be taught to all students during special area classes as well as in the classrooms. To reinforce the positive behavior, Cub Cash has been developed and a school store is available for student to purchase items with the earned cash. Students are met as they enter the campus and sent to designated areas to be picked up by their teachers. Systems have been put in place for students to move on campus safely. At the end of the day procedures are in place for students to be dismissed. The primary students are escorted to their departure location.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

There is a minor infraction discipline form that is in use for all classes. There are three opportunities for students to make changes to their behavior. After the first infraction, a note is sent home. After the second infraction, a phone call is made to the parent. When a third infraction happens, the teacher gives the form to the LRS who then will come to the class to meet with the student. If a behavior plan is needed, the LRS will work with the teacher to create one. If a serious incident occurs, the administration will immediately address the situation.
The school does have the Positive Behavior Plan in place and all staff have been trained.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The school provides a positive attitude towards behavior for all students. For the students who have additional needs there are several programs provided. The LRS consistently visits students who need additional support in the classroom. The Guidance Counselor offers several different group sessions based on student needs; such as students who's parents are divorced, the loss of a family member and bullying. The school psychologist also offers counseling for students in greater need.
The support staff also participates with mentoring students to provide a positive role mode. There is a Social Worker who is on campus once a week and is available by phone to help our students and families.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level	Total
Attendance below 90 percent		
One or more suspensions		
Course failure in ELA or Math		
Level 1 on statewide assessment		

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?
No

PIP Link
The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

The goal for parental involvement in Kissimmee Elementary is to increase the attendance in curriculum nights so parents have a clear understanding of the expectations at each grade level. Parents should also be involved in developing long term goals for the school based of off current and previous data.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

There is a designated staff member as the community/business liaison. This person meets with and solicits new business partners. We have several partners that have been with the school for extended time and we are continually adding new partners. This year we have a person from United Way, who is working with us full time and is bringing in many resources.

Our partners provide a variety of help and support. We have several partners that provide food for our food pantry and clothing closet. Additionally, we have a hotel that provides incentives, field trip for celebration and programs that come to the school. There are several retail stores that provide materials and incentives for students and teachers. We have several community members that come and help with the food and the school store.

We hold a Welcome Breakfast for partners and volunteers as well as a Thank you luncheon towards the end of the year.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership
Identify the name, email address and position title for each member of the school leadership team.**:**

Name	Title
Noyes, David	Principal
Langley, Barbara	Instructional Coach
DeLuca, Hilary	Assistant Principal
Moreta, Gladys	Instructional Coach
Sommers, Maryellen	Instructional Coach
Miller, Amy	Instructional Coach

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal- As principal of the school he oversees all areas of the school and lead the staff in the direction that best meets the needs of the students. He and monitors the MTSS program for the school

Assistant Principal- Supports the Principal in overseeing the school and leading the staff as an academic leader.

MTSS Coach- To facilitate the MTSS process and monitor the progress of students and programs
Reading Coach- Provides support and strategies for Language Arts and Reading
Math/Science Coach- Provides support and strategies for teachers in the areas of Math and Science
LRS- Works with MTSS Behavior as well any other needs that may arise

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS Leadership team meets monthly to review school wide data and students receiving MTSS interventions. The first meeting the team reviewed the SIP Goals and the FCAT and SAT 10 data to look for school trends. meetings to review and analyze current student data to monitor all students academic progress. The committee will then make recommendations based on the needs of individual or small instruction based on the level of intensity needs.

The MTSS Leadership committee will also look at school wide data to see if there are trends in student learning that need to be identified for Tier 1 instruction. As these trends are identified teachers will receive professional development and assistant from academic coaches.

Title I, Part A

To ensure students requiring additional remediation are assisted; extended learning opportunities, such as before and /or after school programs, and/or Saturday and/or summer school, are offered. The district coordinates with Title II to ensure staff development needs are provided. Reading and Math Coaches develop and lead programs based on Common Core Standardscurriculum/behavior assessment and intervention approaches

Title I, Part C-Migrant

When Migrant children are enrolled at our school,the Title I Migrant Center staff is available to ensure that all migrant students are given a fair and equitable opportunity to achieve a high quality education. They will be contacted to help meet the needs of Migrant students if enrolled at our school. These students will be afforded the same opportunities as all students.The liaison coordinates with Title I and other programs to ensure the student needs are met.

Title I Part D

When Neglected and/or Delinquent children are enrolled in our school, we will coordinate efforts with the Alternative Programs Department to ensure that all student needs are met.

Title II

Professional Development is provided for PDA+, Math Solutions, and Marzano Research Laboratory.It is also used to focus on Professional Learning Community (PLC) development and facilitation, as well as Lesson Study Group implementation

Title X

To help eliminate barriers for education the District Homeless Education Liaison works with the school Fit Liaisons to help define and protect the rights of homeless students to enroll in, attend, and succeed in our public schools. For students identified as homeless under the McKinney-Vento Act, the Liaison provides health and academic referrals as well as vouchers for resources such as, but not limited to shoes, transportation, and school physicals.

School Advisory Council (SAC)

Membership
Identify the name and stakeholder group for each member of the SAC.**:**

Name	Stakeholder Group
Michael Sanchez	Parent
Najal Mrini	Parent
Heather Gonzalez	Teacher
David Noyes	Principal
Susan Layton	Parent
Claire McBride	Parent
Jessica Hernandez	Parent
Olga Donato	Parent
Rosemary Lipman	Teacher
Susanne Northrop	Education Support Employee
Michelle Chabral	Teacher
Sylvia Morales	Parent
Jonal Coreus	Parent
Gabriela Parrales	Parent
	Student

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

We reviewed the goals throughout the year and monitored student progress. The SAC met at the end of last year and reviewed the goals that were set to see if there were any changes. At that time the committee felt the goals were meeting the needs of our students. During the first meeting in September the results from testing will be discussed and changes will be made as needed.

Development of this school improvement plan

At the conclusion of the 2013-2014 school year, the SAC committee met to review school climate survey data and determine the future needs of the school. The goals were not changed until the SAT 10 data and FCAT data was disaggregated for targeted improvement.
At the beginning of this school year the SAC plan was revisited and data was shared. The final approval of the plan will come at the September meeting.

Preparation of the school's annual budget and plan

The school principal prepared the school budget

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC
No

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership
Identify the name, email address and position title for each member of the school-based LLT.**:**

Name	Title
Rosado, Omayra	Teacher, K-12
Sommers, Maryellen	Instructional Coach
Miller, Amy	Instructional Coach
Parker, Kim	Teacher, K-12
Velazquez, Lauren	Teacher, K-12
Gonzalez, Heather	Teacher, K-12
Lippman, Rosemary	Instructional Media

Duties

Describe how the LLT promotes literacy within the school

In order to address the implementation of Florida Standards, the primary focus of the LLT will be on collaborative standards based planning and instruction. Based on the most current reading achievement data, the LLT will also be targeting strategies aimed at increasing the opportunity for students to read. Examples of this include, school wide AR goals, weekly recognition for star readers, assemblies and student incentives, and increased Media Center circulation.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

The school held PLC's two times a month. Each grade level met each semester for a day of planning. Throughout the year

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Mr. Noyes, the principal attends any teacher recruitment opportunity. There is an ongoing effort to locate new teachers through district and university resources. The teachers are contacted about future teaching opportunities. The new teacher mentoring program runs throughout the school year and is facilitated by Barbara Langley, the MTSS Coach. There is a monthly breakfast for all teachers that are new to the staff for information and support, Chasity Young is the facilitator.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

There is a year long mentoring program for new teachers. The teachers are assigned a mentor , who has been selected based on the needs and grade level of the new teacher. There will be a monthly new teacher meeting to cover important issues, such as report cards and behavior plans. New teacher will also receive help from the academic coaches throughout the year. The Harry Wong videos will be shown and discussed in the first part of the school year.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

The district has created a time line with standards. Our teachers follow the district calendar. All programs that are used in addition to the district mandated curriculum are research based and follow the state standards. All materials are reviewed and approved by the principal.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data is reviewed on a regular basis. When assessment results first come in the administration reviews all data. They then meet with the different grade levels and individual teachers concerning the results. If adjustments need to be made, there is a discussion about what changes should happen.
During PLC meetings each grade level will review data and make instructional adjustments as needed.
The academic coaches review school wide data and meet with teachers to support classroom instruction as needed.
The MTSS team meets and reviews the data for struggling students and make decisions about individual students needs and interventions.
As a staff the principal meets and shares the overall school progress and has a discussion about how each grade level affects the next. At this time if there is a school wide change that needs to be made is discussed to see what we can do to solve the issues.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 500

Select third, fourth and fifth grade students were invited to join the after school program based off of their previous FCAT scores and STAR data. The students are going to receive direct instruction from a qualified teacher in differentiated small groups based off of the identified needs of groups of students in the areas of Reading and Math.

Strategy Rationale

Identify the specific needs for attending students in reading and math and target the areas in need.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy
DeLuca, Hilary, delucah@osceola.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The students will be monitored using the STAR Enterprise program. The data will be analyzed by the classroom teacher providing instruction, as well as administration and the instructional coaches. If the students are not making progress, the data will be used in implementing alternative instructional strategies and curriculum.

Student Transition and Readiness

PreK-12 Transition
The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Students are given the FLKRS assessment to determine the readiness of each child. Cum folders are reviewed to check for additional information,

Parents are invited to Open House on the Friday before school starts and to the school wide Open House in September.

Parents and students are invitied to Kindergarten Round Up in May to register their student and meet the Kindergarten Team for the upcoming school year. During this time parents can become familiar with the school and the next years expectations..

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](), as required by section 1008.37(4), Florida Statutes

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal   **B =** Barrier   **S** = Strategy

`1` = Problem Solving Step   🔍 `S123456` = Quick Key

Strategic Goals Summary

G1.   Increase average daily attendance rate and reduce the number of tardies.

G2.   Every student will be engaged in high quality, differentiated standards based instruction.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Increase average daily attendance rate and reduce the number of tardies. `1a`

🔍 `G040759`

Targets Supported `1b`

Indicator	Annual Target

Resources Available to Support the Goal `2`
- District truancy officer, school based attendance team, administration

Targeted Barriers to Achieving the Goal `3`
- Lack of parent education regarding the importance of attendance.

Plan to Monitor Progress Toward G1. `8`

Educating parents on the importance of attendance.

Person Responsible

Schedule

Evidence of Completion
Attendance reports

G2. Every student will be engaged in high quality, differentiated standards based instruction. `1a`

G040760

Targets Supported `1b`

Indicator	Annual Target

Resources Available to Support the Goal `2`

- Florida State Standards Professional Development, Support from Instructional Coaches, highly qualified teachers, selected core instruction text books.

Targeted Barriers to Achieving the Goal `3`

- New adoption of Florida Standards requires increased support and professional development for instructional staff.

Plan to Monitor Progress Toward G2. `8`

Walkthroughs and FCIM assessments.

Person Responsible

Schedule

Evidence of Completion
Data Assessment Trackers and iObservation

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key
